Branch closure feedback, and alternative ways to bank

Sharing branch closure feedback

We're now nearing the closure of the Street branch of Barclays. Our first booklet explained why the branch is closing, and gave information on other banking services that we hope will be convenient for you.

We do understand that the decision to close a branch affects different communities in different ways, so we've spoken to people in your community to listen to their concerns. We wanted to find out how your community, and particular groups within it, could be affected when the branch closes, and what we could do to help people through the transition from using the branch with alternative ways to carry out their banking requirements.

There are still many ways to do your banking, including in person at another nearby branch, at your local Post Office or over the phone on **0345 7 345 345**². You can also go online to [barclays.co.uk/waystobank](https://www.barclays.co.uk/waystobank) to learn about your other options. Read more about this on page 6.

If you still have any questions or concerns about these changes, now or in the future, then please feel free to get in touch with us by:

Speaking to us in any of our nearby branches, or over the phone on **0345 7 345 345**².

We contacted the following groups:

MP:

James Heappey

Local council:

Street Parish Council – Councillors Peter Coater, Heather Shearer, Liz Leyshon and Terry Napper

Customers:

A number of customers who regularly use the branch

We asked each of the groups 3 questions – here's what they said:

In your opinion, what's the biggest effect that this branch closing will have on your local community?

You said to us:

There were some concerns that the branch closure may have an impact on the way both businesses and personal customers can bank.

We'd like to say:

We understand the concerns about the closure – and we'd like to reassure everyone that, before deciding to close, we looked very carefully at how the branch is used. We've seen a general fall in customers coming to this branch, and many customers already use nearby branches and Online or Telephone Banking.

To keep a community focus and to ensure trade stays in the local area, everyday banking can be done at the Post Office in Street – it's open Monday to Saturday between 9am and 5:30pm, and on Sunday between 10am and 2pm. We're helping our customers understand which transactions they can do there, how to bank from home or their business premises and offering them support through this transition.

There are cash machines nearby at HSBC, NatWest and Lloyds – all are free to use.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

There were concerns about customers who depend on the branch – for example, those who find it difficult to travel, or prefer banking face to face. There are also concerns that the Post Office may find it difficult to cope with the extra demand.

We'd like to say:

We're speaking individually to those customers most likely to be affected by the closure, and we're helping them feel confident with alternative ways to bank. This includes speaking to someone in person through Telephone Banking.

We're making sure customers are familiar with the services available at their local Post Office, so they can bank in person, and we're working with the Post Office staff to ensure they're ready for the extra demand when our branch closes.

For anyone who's able to travel, the nearest branches are in Wells and Bridgwater. We understand it's not always convenient to travel, so we've been offering support from our branch's Digital Eagles, to help customers adapt to new ways of banking – so they don't need to use a branch as often.

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

The closure means customers will need help getting used to new banking methods, particularly those who are concerned about banking online and may prefer dealing with someone face to face.

We'd like to say:

We're encouraging customers to do their everyday banking in other ways, including Mobile and Online Banking – there's the Post Office and Telephone Banking for those who prefer to speak to someone.

We've run individual and small group 'Tea and Teach' sessions to show customers other ways to bank, including how they can set up regular payments and how to use the Barclays app on their mobile phones. We've also shown customers how to order cards and PINs and we're helping everyone remain vigilant against fraud. Support is also available through our telephone and online services.

We're exploring the possibility of our staff being present within the community for a period of time after the branch closes to provide further support. Once we've confirmed the arrangements we'll share the details locally
