This branch is closing – but we're still here to help

Our Longfield branch is closing on Friday 14 December 2018

Reasons for closure, and alternative ways to bank
This branch is closing  
– but your bank is always open

This first booklet will help you understand why we’ve made the decision to close this branch. It also sets out the banking services and support that will be available to you after this branch has closed.

In a second booklet, which will be available from the branch prior to it closing or online at home.barclays/ukbranchclosures, we'll share concerns and feedback from the local community. We'll also detail how we are helping people transition from using the branch with alternative ways to carry out their banking requirements.

Here are the main reasons why the Longfield branch is closing:

• The number of transactions has gone down in the previous 24 months, and additionally 78% of our branch customers also use other ways to do their banking such as online and by telephone.

• Customers using other ways to do their banking has increased by 19% since 2012.

• In the past 12 months, 62% of this branch's customers have been using neighbouring branches.

• We've identified that only 126 customers use this branch exclusively for their banking

Proposals to close any branch are made by the Barclays local leadership teams and verified at a national level ahead of any closure announcement. If you have any questions and concerns about these changes then please feel free to get in touch with Kate Millar, your Community Banking Director for Kent.

How this branch is used

Before we make the decision to close any branch, we think carefully about how it has been used so far. We consider how many customers have been visiting, what kind of transactions they’ve been making, and all the other ways they’ve been choosing to bank with us. We also take into consideration the availability of other branches in the wider community.

Ways to bank

We want to make staying in control of your everyday banking as easy and convenient as possible. Over the years, we’ve introduced many ways you can bank without having to come into a branch.

Barclays Mobile Banking
Transfer money between accounts and keep a check on your balances. If you need to, you can call us directly from the app too. The Barclays Mobile Banking app is free to download from your app store.

Online Banking
Do all your everyday banking tasks from your home computer. We use the most advanced security systems to keep your details safe and our Online and Mobile Banking Guarantee protects you from fraud. To register, just call 0345 734 5345*.

Telephone Banking
Available 24 hours a day, seven days a week. You can hear your balance, check transactions, pay bills and transfer money. You can speak to an adviser about your banking needs too. To register, just call 0345 734 5345*.

Barclays Pingit
Sending money is secure and instant with no need to share bank account details. You’re automatically protected in the event of fraud as long as you’ve used the services correctly. The Barclays Pingit app is free to download from your app store.

The Post Office
All customers can pay cash in, withdraw cash and check balances using their Barclays debit card and PIN at thousands of Post Office branches across the country.

All customers can also pay cash and cheques into a Barclays account using a personalised paying-in slip. For cheques, you’ll also need a cheque deposit envelope. You will need to allow two extra working days for cheques to reach your Barclays accounts.

Transaction charges for Business transactions will apply.

Link cash machines
Withdraw cash free of charge, check your balance and request a receipt at any cash machine displaying the Link sign. You can also print off a mini statement at Barclays cash machines.

If you would like more information or help with any of the different ways you can bank with us, please speak to someone in branch or visit barclays.co.uk/ways-to-bank
