

This branch is closing but your bank is always open

Our Walkden branch is closing
on 23 October 2015

Find out how this may affect you.

This branch is closing, but your bank is always open

Now more than ever, the way people choose to bank is changing as the digital revolution continues. As a business, we need to adapt our services to keep up with the changing needs of our customers. In this booklet we've set out why we've made the decision to close this branch and how and where you can find the banking services and expertise you need. We'll go into this in more detail later on, but here are the main reasons why this branch is closing:

- The number of customers using the counter has gone down and is low in comparison to similar branches
- 79% of our branch customers also use other ways to do their banking, such as online and by telephone
- In the past 12 months, 33% of this branch's customers have been using neighbouring branches
- Only 156 customers regularly used this branch in the past 12 months, without interacting with us in any other way.

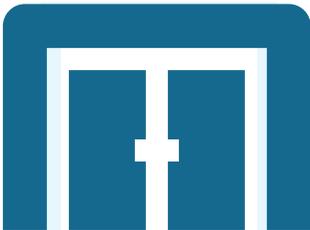

I realise that you may have questions and concerns about these changes, so please feel free to get in touch using the details below.

Yours,

Jason Clarke
Manchester Community Leader

How this branch is used

Before we make the difficult decision to close any branch, we think carefully about how it has been used so far. We consider how many customers have been visiting, what kind of transactions they've been making, and all the other ways they've been choosing to bank with us.

Community feedback

We understand that the decision to close a branch affects different communities in different ways, so we spoke to people in your community to hear their opinion. We wanted to find out how your community, and particular groups within it, would be affected if this branch were to close, and what we could do to help people through the transition.

We contacted the following groups:

MP

Barbara Keeley

Local Councillors

Councillor Critchley

Councillor Ryan

Local Business Groups

The Post Office

Customers

A number of customers who regularly use the branch

We asked all of the groups to answer three questions. You'll find their responses below.

In your opinion, what's the biggest effect that this branch closing will have on your local community?

You said to us:

There is concern that the closure will mean another retail premises will be unoccupied in the shopping centre and people will now have to travel out of the area to do their banking.

We'd like to say:

We understand worries about what will happen to high street trade when our branch closes. We are encouraging customers to do their everyday banking at the Post Office, to keep shoppers within the local area and give customers more choices about where to continue banking – we're also talking to them about how they can do their banking from home. Three free cash machines remain in the town, and the Post Office can support many everyday transactions and is open until 5.30pm weekdays and 12.30pm on Saturdays which may be more convenient for some customers.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

Some people expressed worries about customers who may depend particularly on the branch – elderly customers, for example.

We'd like to say:

We know it's not always convenient to travel to a branch that's further away, so we've been offering support from our Digital Eagles to help customers adapt to new ways of banking that mean they don't have to come into the branch so often. We've spoken directly with customers most likely to be affected by the closure to help them with alternative ways to do their banking, including telephone banking to speak to someone in person. We have made sure they're familiar with the Post Office arrangement too, which is open until 5.30pm weekdays and until 1pm on Saturdays which may be more convenient for everyday transactions..

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

Customers will need help if they are to adopt new banking methods. Business customers will need to understand other options for paying in money too.

We'd like to say:

We've encouraged customers to use other ways to do their everyday banking, including Mobile and Online Banking – and Telephone Banking if they would prefer to speak to someone. We have run 'Tea and Teach' events in the branch to show customers other ways to bank, as well as how to set up a regular payment and order cards and PINs. Other local branches will carry these on after the closure and support is always available through our telephony and website services. We are making sure all our customers are aware of what they can do at the Post Office too.

We've spoken to Business and Corporate customers individually. We have made sure they know where night safes are locally and that they understand their business relationship arrangements won't change and we're helping them with other ways to bank, including the services available online and through the Post Office.

Other things to help with the change..

At the Post Office, both business and personal customers can pay in cheques. You'll need:

1. a pre-printed paying-in slip. You'll find these in your cheque book, or you can order them at a branch
2. a paying-in envelope. We have extra stock in the Walkden branch, so please call in before the closure to pick some up. Otherwise, just call **0800 169 3091** for these, and we'll pop some in the post.

Personal customers can pay in cash using just a pre-printed paying-in slip, and withdraw cash using a debit card and PIN. If you're a business customer, please check with the Post Office whether you can deposit and withdraw cash.
