

This branch is closing but your bank is always open

Our Camelford branch is closing
on 13 November 2015

Find out how this may affect you.

This branch is closing, but your bank is always open

Now more than ever, the way people choose to bank is changing as the digital revolution continues. As a business, we need to adapt our services to keep up with the changing needs of our customers. In this booklet we've set out why we've made the decision to close this branch and how and where you can find the banking services and expertise you need. We'll go into this in more detail later on, but here are the main reasons why this branch is closing:

- The number of customers using the counter has gone down and is low in comparison to similar branches
- 71% of our branch customers also use other ways to do their banking, such as online and by telephone
- In the past 12 months, 57% of this branch's customers have been using neighbouring branches
- Only 88 customers regularly used this branch in the past 12 months, without interacting with us in any other way.

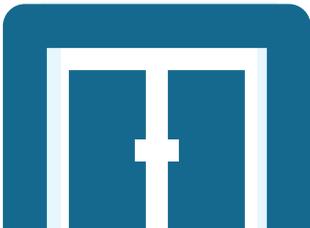

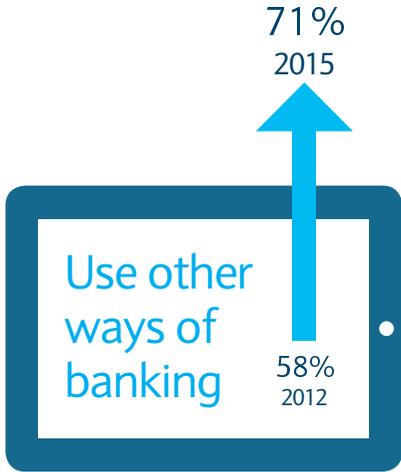

I realise that you may have questions and concerns about these changes, so please feel free to get in touch using the details below.

Yours,

Michael Watts
Cornwall & Devon Community Leader

How this branch is used

Before we make the difficult decision to close any branch, we think carefully about how it has been used so far. We consider how many customers have been visiting, what kind of transactions they've been making, and all the other ways they've been choosing to bank with us.

Community feedback

We understand that the decision to close a branch affects different communities in different ways, so we spoke to people in your community to hear their opinion. We wanted to find out how your community, and particular groups within it, would be affected if this branch were to close, and what we could do to help people through the transition.

We contacted the following groups:

MP

Scott Mann

Mayor of Camelford

Rob Rotchell

Customers

A number of customers who regularly use the branch

We asked all of the groups to answer three questions. You'll find their responses below.

In your opinion, what's the biggest effect that this branch closing will have on your local community?

You said to us:

People are worried that when we close the branch, there will be no other cash machines in the town. There are also concerns that there will be less footfall in Camelford because of the closure, making other businesses less viable.

We'd like to say:

We understand the concern from the community and we're sorry to take out the cash machine but it hasn't proved practicable to leave one behind. We are working with the mayor to look at ATM solutions for the community and will continue to do so after the branch closes.

We understand worries about what will happen to high street trade when our branch closes. We are encouraging customers to do their everyday banking at the Post Office, to keep trade within the local area and give customers more choices about where to continue banking. We're also talking to them about how they can do their banking from home.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

There are worries about customers who may depend particularly on the branch – for example, elderly customers, and people who may find it hard to travel. Business customers may also have to travel to Wadebridge to do their banking.

We'd like to say:

We know it's not always convenient to travel to a branch that's further away, so we've been offering support from our Digital Eagles to help customers adapt to new ways of banking that mean they don't have to come into the branch so often.

We're speaking directly with customers most likely to be affected by the closure and we're helping them with alternative ways to do their banking. This includes telephone banking to speak to someone in person. We have made sure they're familiar with the Post Office arrangement too. It may be more convenient for everyday transactions, as it's open until 5.30pm four days a week, until 1pm on a Wednesday and until 12.30pm on Saturdays.

We've spoken to Business and Corporate customers individually. We have made sure they understand that their business relationship arrangements won't change and we're helping them with other ways to bank, including the services available online and through the Post Office.

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

Customers will need help if they are to adopt new banking methods.

We'd like to say:

We've encouraged customers to use other ways to do their everyday banking, including Mobile and Online Banking – and Telephone Banking if they would prefer to speak to someone. We have run several 'Tea and Teach' events within the community to show customers other ways to bank, as well as how to set up a regular payments and order cards and PINs. Support is always available through our telephony and website services. We are making sure all our customers are aware of what they can do at the Post Office too.

Other things to help with the change...

At the Post Office, both business and personal customers can pay in cheques. You'll need:

1. a pre-printed paying-in slip. You'll find these in your cheque book, or you can order them at a branch
2. a paying-in envelope. We have extra stock in the Camelford branch, so please call in before the closure to pick some up. Otherwise, just call **0800 169 3091** for these, and we'll pop some in the post.

Personal customers can pay in cash using just a pre-printed paying-in slip, and withdraw cash using a debit card and PIN. If you're a business customer, please check with the Post Office whether you can deposit and withdraw cash.
