

This branch is closing but your bank is always open

Our Southampton Avenue branch is closing
on Friday 26 February 2016

Find out how this may affect you.

This branch is closing, but your bank is always open

Now more than ever, the way people choose to bank is changing as the digital revolution continues. As a business, we need to adapt our services to keep up with the changing needs of our customers. In this booklet we've set out why we've made the decision to close this branch and how and where you can find the banking services and expertise you need. We'll go into this in more detail later on, but here are the main reasons why this branch is closing:

- The number of customers using the counter has gone up, however 83% of our branch customers also use other ways to do their banking such as online and by telephone
- In the past 12 months, 66% of this branch's customers have been using neighbouring branches
- Only 22 customers regularly used this branch in the past 12 months, without interacting with us in any other way.

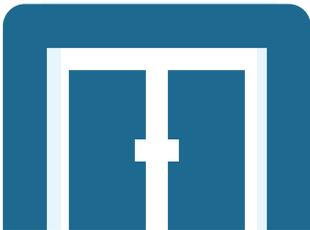

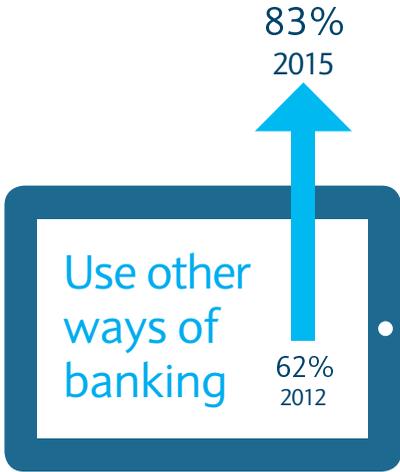

I realise that you may have questions and concerns about these changes, so please feel free to get in touch using the details below.

Yours,

Christopher Maynard
Solent and Dorset Community Banking Director

How this branch is used

Before we make the difficult decision to close any branch, we think carefully about how it has been used so far. We consider how many customers have been visiting, what kind of transactions they've been making, and all the other ways they've been choosing to bank with us.

Community feedback

We understand that the decision to close a branch affects different communities in different ways, so we spoke to people in your community to hear their opinion. We wanted to find out how your community, and particular groups within it, would be affected if this branch were to close, and what we could do to help people through the transition.

We contacted the following groups:

MP

Alan Whitehead

Local council

Councillor Stephen Barnes Andrews

Councillor Derek Burke

Councillor Jacqui Rayment

Customers

A number of customers who regularly use the branch

We asked all of the groups to answer three questions. You'll find their responses below.

In your opinion, what's the biggest effect that this branch closing will have on your local community?

You said to us:

No specific concerns about the community were raised.

We'd like to say:

Although there were few concerns about the closure, we'd like to reassure customers that we have looked carefully at how this branch is used. Many customers also use our other local branches and online, Barclays Mobile Banking or Telephone Banking, along with the main Southampton branch, which is a 10-minute walk away. There are several other free cash machines close to the Southampton Avenue branch.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

There are some concerns about elderly customers, and people who may find it hard to travel. Some businesses are worried they may find it hard to undertake high volume coin transactions.

We'd like to say:

We're encouraging our customers to travel the short distance to our main Southampton branch, and we already have some of our Southampton Avenue staff working there so that customers see a familiar face.

We've spoken directly with customers most likely to be affected by the closure to help them with alternative ways of banking, including Telephone Banking to speak to someone in person. We've also made sure they're familiar with the Post Office arrangement, and we've introduced the Post Office manager to many of them. The Post Office is open from 09:00 to 17:30 six days a week, which may be more convenient.

We've spoken to Business and Corporate customers individually. We have made sure they understand that their business relationship arrangements won't change and we're helping them with other ways to bank. There are also services available online. We're exploring the options available to support those customers with high volume coin transactions.

We've also been offering support from our Digital Eagles to help customers adapt to new ways of banking that mean they don't have to come into branch so often.

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

Some customers may need help if they are to adopt new banking methods.

We'd like to say:

We've encouraged customers to use other ways to do their everyday banking, including Mobile and Online Banking – and Telephone Banking if they would prefer to speak to someone. We've run 'Tea and Teach' events to show customers other ways to bank, as well as how to set up a regular payment and order cards and PINs. Support is always available through our telephony and website services. We are making sure all our customers are aware of the transactions they can do at the Post Office too.

Other things to help with the change...

At the Post Office Personal customers can withdraw cash using a debit card and pin. Business and Personal customers can pay in cash using a pre-printed paying in slip, where this service is available.*

Both business and personal customers can pay in cheques. You'll need:

1. a pre-printed paying-in slip. You'll find these in your cheque book, or you can order them at a branch
2. a paying-in envelope. We have extra stock in the branch, so please call in before the closure to pick some up. Otherwise, just call **0800 169 3091** for these, and we'll pop some in the post.

*This service is not available at Post Office Locals.
