

This branch is closing but your bank is always open

Our Glastonbury branch is closing
on Friday 4 March 2016

Find out how this may affect you.

This branch is closing, but your bank is always open

Now more than ever, the way people choose to bank is changing as the digital revolution continues. As a business, we need to adapt our services to keep up with the changing needs of our customers. In this booklet we've set out why we've made the decision to close this branch and how and where you can find the banking services and expertise you need. We'll go into this in more detail later on, but here are the main reasons why this branch is closing:

- The number of customers using the counter has gone down and is low in comparison to similar branches
- 69% of our branch customers also use other ways to do their banking, such as online and by telephone
- In the past 12 months, 59% of this branch's customers have been using neighbouring branches
- Only 47 customers regularly used this branch in the past 12 months, without interacting with us in any other way.

I realise that you may have questions and concerns about these changes, so please feel free to get in touch using the details below.

Yours,

Mark Hatcliffe
Bristol, Somerset & Wiltshire Community Banking Director

How this branch is used

Before we make the difficult decision to close any branch, we think carefully about how it has been used so far. We consider how many customers have been visiting, what kind of transactions they've been making, and all the other ways they've been choosing to bank with us.

Community feedback

We understand that the decision to close a branch affects different communities in different ways, so we spoke to people in your community to hear their opinion. We wanted to find out how your community, and particular groups within it, would be affected if this branch were to close, and what we could do to help people through the transition.

We contacted the following groups:

MP

James Heappey

Local Council

Councillor Gabriel Avalon plus other council representatives including the Mayor Denise Michell

Local groups

Last Bank Standing Campaign
Age UK

Customers

A number of customers who regularly use the branch

We asked all of the groups to answer three questions. You'll find their responses below.

In your opinion, what's the biggest effect that this branch closing will have on your local community?

You said to us:

There are concerns because the last two banks in Glastonbury - Lloyds and Barclays - are both due to close shortly and the town will be left without a bank on the High Street.

We'd like to say:

We understand the concern from the community. We have looked carefully at how this branch is used. Many customers already also use neighbouring branches and online or telephone banking and, except during the festival, we've seen a general fall in customers coming to the branch. Although there will no longer be any banks, people can still take out cash at the Co-Op, Morrisons and at Tesco who all have free to use cash machines.

To retain a community focus and ensure trade remains in the local area, we have explained that customers can do their everyday banking at the Post Office, which is open between 09:00 and 17:30 six days a week. We're helping customers understand the transactions they can do there, and will be supporting the Postmaster on an ongoing basis. We're also talking to customers about other ways they can do their banking.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

There are concerns about customers who may depend particularly on the branch – for example, elderly customers and people who may find it hard to travel. Business customers will also be affected.

We'd like to say:

We're speaking directly with customers most likely to be affected by the closure and we're helping them with alternative ways to do their banking, including our business customers. This includes Telephone Banking to speak to someone in person. We have made sure they're familiar with the Post Office arrangement too.

For customers who are able to travel, the nearest branch is two miles away at Street, and there is a regular half hourly bus service. However, we understand it's not always convenient to travel, so we've been offering support from our Digital Eagles to help customers adapt to new ways of banking that mean they don't have to come into a branch so often.

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

Customers will need help if they are to adopt new banking methods.

We'd like to say:

We've encouraged customers to use other ways to do their everyday banking, including Mobile and Online Banking – and Telephone Banking if they would prefer to speak to someone. We have run 'Tea and Teach' events at the branch to show customers other ways to bank, as well as how to set up a regular payment and order cards and PINs. We'll be having Barclays staff available every Tuesday in the Glastonbury Post Office, between 9:30-12:00, for six weeks after closure and thereafter we will continue to monitor the need for additional support within the community. We've given Age UK information about these services. Support is also available through our telephone and website services.

Other things to help with the change...

At the Post Office Personal customers can withdraw cash using a debit card and pin. Business and Personal customers can pay in cash using a pre-printed paying in slip, where this service is available.*

Both business and personal customers can pay in cheques. You'll need:

1. a pre-printed paying-in slip. You'll find these in your cheque book, or you can order them at a branch
2. a paying-in envelope. We have extra stock in the Glastonbury branch, so please call in before the closure to pick some up. Otherwise, just call **0800 169 3091** for these, and we'll pop some in the post.

* This service is not available at Post Office Locals.
