The RCB Regulations

The Issuer applied to the FSA for admission to the register of issuers and for the Programme and for the Covered Bonds issued under the Programme prior to the date of admission to be admitted to the register of regulated covered bonds, under the RCB Regulations. Pursuant to the RCB Regulations, the FSA admitted the Issuer to the register of issuers on 11 November 2008 and the Programme and the Covered Bonds issued under the Programme (including those Covered Bonds issued prior to the date of admission) have been admitted by the FSA to the register of regulated covered bonds on 11 November 2008.

However, leaving aside devolution of certain powers to Welsh, Scottish and Northern Irish legislative bodies, the legislative body for each of these three jurisdictions is the UK Parliament. Accordingly, references to UK law are to laws promulgated by the UK Parliament and which are binding on the United Kingdom.

Important Notices

In connection with the issue of any Tranche of Covered Bonds, the Dealer or Dealers (if any) named as the stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in the applicable Final Terms may over allot Covered Bonds or effect transactions with a view to supporting the price of the Covered Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the stabilising manager(s) (or persons acting on behalf of a stabilising manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Covered Bonds is made and, if
begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of
the relevant Tranche of Covered Bonds and 60 days after the date of the allotment of the relevant Tranche
of Covered Bonds. Any stabilisation action or over-allotment must be conducted by the relevant
stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in accordance with
applicable laws and rules.

In making an investment decision, investors must rely on their own examination of the Issuer and the LLP
and the terms of the Covered Bonds being offered, including the merits and risks involved. The Covered
Bonds have not been approved or disapproved by the United States Securities and Exchange Commission
or any other securities commission or other regulatory authority in the United States, nor have the
foregoing authorities approved this Base Prospectus or confirmed the accuracy or determined the
adequacy of the information contained in this Base Prospectus. Any representation to the contrary is a
criminal offense in the United States.

None of the Arranger, the Dealers, the Issuer, the LLP, the Security Trustee or the Bond Trustee makes
any representation to any investor in the Covered Bonds regarding the legality of its investment under any
applicable laws. Any investor in the Covered Bonds should be able to bear the economic risk of an
investment in the Covered Bonds for an indefinite period of time.

Forward-Looking Statements

This Base Prospectus and certain documents incorporated by reference herein contain certain forward-looking statements within the meaning of Section 21E of the Exchange Act, as amended, and Section 27A of the Securities Act, as amended, with respect to certain of the Barclays Group’s plans and current goals and expectations relating to the Issuer’s and/or the LLP’s future financial condition and performance. The Issuer cautions readers that no forward-looking statement is a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking statements. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as "may", "will", "seek", "continue", "aim", "anticipate", "target", "expect", "estimate", "intend", "plan", "goal", "believe", or other words of similar meaning. Examples of forward-looking statements include, among others, statements regarding the Barclays Group’s future financial position, income growth, assets, impairment charges, capital ratios, leverage, payment of dividends, projected levels of growth in the banking and financial markets, projected costs, estimates of capital expenditures, and plans and objectives for future operations and other statements that are not historical fact.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances including, but not limited to, UK domestic and global economic and business conditions, the effect of continued volatility in credit markets, market related risks such as changes in interest rates and exchange rates, effects of changes in valuation of credit market exposures, changes in valuation of issued notes, the policies and actions of governmental and regulatory authorities (including capital requirements and changes in legislation), the further development of standards and interpretations under international Financial Reporting Standards ("IFRS") applicable to past, current and future period financial statements, evolving practices with regard to the interpretation and application of standards under IFRS, the outcome of pending and future litigation, the success of future acquisitions and other strategic transactions and the impact of competition – a number of which factors are beyond the Barclays Group’s control. As a result, the Barclays Group’s actual future results may differ materially from the plans, goals, and expectations set forth in the Barclays Group’s forward-looking statements.

Any forward-looking statements made by or on either Issuer’s behalf speak only as at the date they are made. Except as required by the FSA, the London Stock Exchange or applicable law, each of the Issuer, the LLP and the Barclays Group expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained in this Base Prospectus to reflect any change in the Issuer’s expectations with regard thereto or any change in events, conditions or circumstance on which any such statement is based. The reader should, however, consult any additional
disclosures that the Issuers have made or may make in documents the Issuers have filed or may file with the London Stock Exchange and/or the U.S. Securities and Exchange Commission (the “SEC”).

None of the Arranger, the Dealers, the Issuer, the LLP, the Security Trustee, the Bond Trustee or any other party to the Transaction Document has any obligation to update or otherwise revise any projections, including any revisions to reflect changes in economic conditions or other circumstances arising after the date hereof or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

Capitalised terms used in this document, unless otherwise indicated, have the meanings set out in this document. A glossary of defined terms appears at the back of this document (see “Glossary”).

MORTGAGE LOAN PORTFOLIO AND SERVICING

Please refer to the sections entitled "The Mortgage Accounts and the Portfolio", "Summary of the Principal Documents – Mortgage Sale Agreement" and "Summary of the Principal Documents – Administration Agreement" for further detail in respect of the characteristics of the Mortgage Loan Portfolio and the sale and servicing arrangements in respect of the Mortgage Loan Portfolio.

Sale of Mortgage Loan Portfolio

The Mortgage Loan Portfolio will consist of Mortgage Loans and their Related Security sold from time to time by the Seller to the LLP in accordance with the terms of the Mortgage Sale Agreement. The types of Mortgage Loans forming part of the Mortgage Loan Portfolio will vary over time provided that, at the time the relevant Mortgage Loans are sold to the LLP, the Eligibility Criteria (as described below) in respect of such Mortgage Loans are met on the relevant Transfer Date.

Each Mortgage Loan will be governed by English law, Scots law or Northern Irish law.

The Mortgage Loans comprising the Initial Mortgage Loan Portfolio and any New Mortgage Loan Portfolio may be Standard Variable Rate Mortgage Loans, Fixed Rate Mortgage Loans, Tracker Rate Mortgage Loans or Discounted Variable Rate Mortgage Loans and/or other types of Mortgage Loans that may be assigned to the LLP, from time to time, in accordance with the Mortgage Sale Agreement.

All of the Mortgage Loans and Reference Mortgage Reserves in the then Mortgage Loan Portfolio will be secured by first ranking legal charges over freehold or leasehold properties located in England or Wales or by first priority standard securities over heritable properties located in Scotland or by first ranking mortgage (in the case of unregistered land) or first ranking charge (in the case of registered land) over freehold or leasehold properties located in Northern Ireland.

See "Summary of the Principal Documents – Mortgage Sale Agreement" for further information on this.

Features of Mortgage Loans

The following is a summary of certain features of the Mortgage Loans as at the date of this Base Prospectus and investors should refer to, and carefully consider, further details in respect of the Mortgage Loans set out in the relevant Final Terms.

Consideration

The consideration payable by the LLP in respect of the sale of each Mortgage Loan Portfolio will be a combination of:

(a) (i) a cash payment paid by the LLP and/or (ii) the Seller being treated as having made a Capital Contribution to the LLP (in an amount up to the difference between the outstanding principal balance of the Mortgage Loans sold by the Seller to the LLP as at the relevant Transfer Date and the cash payment (if any) paid by
the LLP for such Mortgage Loans); and

(b) the payment to the Seller of the Deferred Consideration with respect to the Mortgage Loan Portfolio.

Eligibility Criteria

Any New Mortgage Loans and the Related Security must comply with, among other things, the following criteria on each relevant Transfer Date:

(a) no Issuer Event of Default or LLP Event of Default under the Transaction Documents shall have occurred which is continuing as at the relevant Transfer Date or Calculation Date (as applicable);

(b) the LLP, acting on the advice of the Cash Manager, is not aware, and could not reasonably be expected to be aware, that the purchase of the Mortgage Loans and their Related Security, would adversely affect the then current ratings by Moody's, S&P or Fitch of the Covered Bonds;

(c) the weighted average yield on the TRS is at least 0.15 per cent. greater than LIBOR for one month Sterling deposits;

(d) no Mortgage Account has an Aggregate Debt Limit of more than £1,500,000;

(e) no Mortgage Loan relates to a Property which is not a residential Property;

(f) no Mortgage Loan is in arrears for more than 90 days and no Reference Mortgage Reserve has a Mortgage Reserve Account Balance in excess of the Mortgage Reserve Credit Limit; and

(g) no Mortgage Loan constitutes a New Loan Type, in respect of which no written confirmation has been received by the Issuer from each of the Rating Agencies, that such New Loan Type may be sold to the LLP.

See "Summary of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loans and Related Security" for more information on this.

Representations and Warranties

The Seller is required to give certain representations and warranties to the LLP pursuant to the Mortgage Sale Agreement in respect of the Mortgage Loans and any associated Mortgage Reserve on each Transfer Date. The Seller will make the relevant Loan Warranties to the LLP on the Programme Date and each Transfer Date.

The Representations and Warranties will include (but will not be limited to) the following matters:

(a) legal nature of the Mortgage Loans and their Related Security (i.e. the valid, binding and enforceable nature of the relevant Mortgage Loan and the Related Security);

(b) (in England and Wales) a first ranking charge by way of legal mortgage or (in Scotland) a first ranking standard security over the relevant Mortgaged Property or (in Northern Ireland) a first ranking mortgage or charge in respect of the relevant Mortgaged Property;

(c) each relevant Mortgaged Property is located in England, Wales, Northern Ireland or Scotland
(d) the Borrower has a good and marketable title to the relevant Mortgaged Property;

(e) so far as the Seller is aware, no Borrower is in material breach of the Mortgage Conditions of its Mortgage Loan;

(f) the first payment due has been paid by the relevant Borrower in respect of each Mortgage Loan and each Mortgage Loan is fully performing;

(g) no Mortgage Loan in the Mortgage Loan Portfolio was lent as a buy-to-let Mortgage Loan;

(h) no Mortgage Account has an Aggregate Debt Limit of more than £1,500,000; and

(i) each Mortgage Loan has a remaining term of less than 50 years.

See "Summary of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loans and Related Security".

Seller's Lending Criteria

Each of the Mortgage Accounts was originated in accordance with the Seller's Lending Criteria applicable at the time of origination.

The Seller is entitled to change its Lending Criteria from time to time, so that New Mortgage Loans and associated Mortgage Reserves originated after the date of that change will be subject to such new Lending Criteria. Notwithstanding any such change to such Lending Criteria, such New Mortgage Loans may still be sold to the LLP and such Mortgage Reserves may become Reference Mortgage Reserves provided that the Mortgage Loans and Mortgage Reserves are able to continue to comply with the Seller's representations and warranties set out in the Mortgage Sale Agreement, including a representation that those New Mortgage Loans and Mortgage Reserves were originated in accordance with the Seller's Lending Criteria applicable at the time of such origination.

The MRCLN and the MRCLN Note Purchase Facility Agreement

On the First Transfer Date the LLP subscribed for and purchased the MRCLN issued by the Seller pursuant to the MRCLN Note Purchase Facility Agreement entered into on the Programme Date between, inter alios, the Seller and the LLP.

Subscription price for the MRCLN

Pursuant to the terms of the MRCLN Note Purchase Facility Agreement, the subscription price paid and to be paid by the LLP to the Seller for the MRCLN was and will be:

(a) the MRCLN Initial Subscription Price; and

(b) an amount determined in accordance with the then application of the MRCLN Deferred Subscription Price Calculation Formula.

MRCLN interest

On any MRCLN Payment Date, the amount of interest that is charged on the MRCLN Principal Amount Outstanding in respect of the immediately preceding Calculation Period and which becomes due and payable under the MRCLN Note Purchase Facility Agreement in relation to such Calculation Period on that MRCLN Payment Date and shall be equal to the sum of:

(a) the amount of MRCLN Immediately Due and Payable Interest that is due and payable on such MRCLN Payment Date; and

(b) the amount of MRCLN Subsequently Due and Payable Interest that is due and payable on such MRCLN Payment Date.
Additional MRCLN Advances
On the Programme Date, the principal amount outstanding on the MRCLN equalled the MRCLN Initial Subscription Price. However, the MRCLN is a variable funding note and as such the LLP, pursuant to the terms of the MRCLN Note Purchase Facility Agreement, is under an obligation, in the circumstances described herein, to lend further amounts to the Seller on (i) any LLP Payment Date, and (ii) any Transfer Date.

Upon the LLP making an Additional MRCLN Advance to the Seller, the principal amount outstanding on the MRCLN will increase by an amount equal to such Additional MRCLN Advance.

Funding an Additional MRCLN Advance
The LLP shall fund an Additional MRCLN Advance in the following ways and in the following order of priority:

(a) from any Available Principal Receipts which are available on an LLP Payment Date, but only up to an amount equal to the then MRCLN Aggregate Debt Principal Balancing Amount; and/or

(b) by way of an increase in the Seller's Capital Contribution; and/or

(c) from any sum received by the LLP pursuant to a Term Advance under the Intercompany Loan Agreement on any Transfer Date.

Repayment of the MRCLN
The Seller will be required on each MRCLN Payment Date to repay the MRCLN in an amount equal to the then Aggregate Mortgage Reserve Principal Repayment Amount (and for the purposes of calculating the Principal Receipts in respect of each Calculation Date, such MRCLN Principal Repayments will be deemed to have been made to the LLP during the immediately preceding Calculation Period).

MRCLN Collateral
Pursuant to the terms of the MRCLN and the MRCLN Note Purchase Facility Agreement, the Seller has been required to enter into, on the Programme Date, a MRCLN Collateral Agreement between, inter alios, the LLP and the Seller, which governs, inter alia, the requirements, timing, holding mechanics and amount of MRCLN Collateral that may be required to be posted to the LLP by the Seller from time to time.

Repurchase of the Mortgage Loans
The Seller will re-purchase the relevant Mortgage Loans and their Related Security in the following circumstances:

(a) upon breach of the Representations and Warranties (which is either not capable of remedy or if the Seller failed to remedy it within the agreed grace period);

(b) upon the making of a Further Advance;

(c) upon a Product Switch being granted; and

(d) upon a Mortgage Reserve Credit and Aggregate Debt Limit Increase being made in respect of a Mortgage Loan or its associated Mortgage Reserve.

The Seller may repurchase the relevant Mortgage Loans and their Related Security in the following circumstances:

(a) upon a Mortgage Account becoming a Defaulted Mortgage Account;

(b) pursuant to a general right to repurchase (subject to the agreement of the LLP); and

(c) if the Seller exercise its general right of pre-emption in respect of any sale, in whole or in part, of Selected Mortgage Loans and their
If any Mortgage Loan is repurchased by the Seller, the associated Reference Mortgage Reserve in relation to such Mortgage Loan will become a Non-Reference Mortgage Reserve and the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve.

**Consideration for Repurchase**

Consideration payable by the Seller in respect of the repurchase of the Mortgage Loans shall be equal to an amount (not less than zero) equal to the outstanding principal balance thereof together with any Accrued Interest and Arrears of Interest and expenses as at the Determination Date preceding such repurchase.

**Sale of Selected Mortgage Loans**

Breach of the Pre-Maturity Test and/or occurrence of an Issuer Event of Default and service of a Notice to Pay (prior to service of an LLP Acceleration Notice and/or commencement of winding-up proceedings against the LLP) will mean that the LLP will be obliged to sell Selected Mortgage Loans, subject to the rights of pre-emption enjoyed by the Seller. The proceeds from any such sale (and/or corresponding payment under the MRCLN) will be recorded to the Pre-Maturity Liquidity Ledger. Amounts standing to the credit of the Pre-Maturity Liquidity Ledger will be available to repay the relevant Series of Hard Bullet Covered Bonds. If the LLP is required to sell Selected Mortgage Loans and their Related Security, the LLP will ensure that (a) the Selected Mortgage Loans have been selected from the Mortgage Loan Portfolio on a random basis and (b) the amount that the LLP is required to receive for the sale of such Selected Mortgage Loans will vary depending on the occurrence of the event that requires such sale. See "Summary of the Principal Documents – LLP Deed – Method of Sale of Selected Mortgage Loans and their Related Security”.

**Perfection Events**

Transfer of the legal title to the relevant Mortgage Loans will be completed on the occurrence of certain events, which include:

(a) the occurrence of an Issuer Event of Default and service on the Issuer of an Issuer Acceleration Notice and the service on the LLP of a Notice to Pay;

(b) the order of a court, regulatory or other authority with whom it is customary for the Seller to comply;

(c) the security under the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy;

(d) it becoming necessary by law;

(e) (with certain caveats) the termination of the Seller’s role as Administrator under the Administration Agreement;

(f) the Seller requesting a transfer by giving notice in writing to the LLP and the Security Trustee;

(g) insolvency of the Seller; and

(h) downgrade of the Seller to below the agreed ratings (as to which see below “Rating Triggers Table”).

Prior to the completion of the transfer of legal title to the Mortgage Loans, the LLP will hold only the equitable title to those Mortgage Loans or, in the case of Scottish Mortgage Loans, will be the sole beneficiary under the grant of a declaration of trust and will therefore be subject to certain risks.
Servicing of the Mortgage Portfolio

The Administrator will be appointed by the Seller and the LLP to administer the Mortgage Accounts on a day-to-day basis. The Administrator performs the day-to-day servicing of the Mortgage Accounts from its mortgage service centres and telephone banking and operations centres. The appointment of the Administrator may be terminated by the LLP upon the occurrence of an Administrator Event of Default, which includes:

(a) downgrade of the Administrator to below the agreed ratings (as to which see below "Rating Triggers Table");

(b) failure to pay any amount due under the Administration Agreement to the LLP which is not remedied within five Business Days;

(c) insolvency of the Administrator;

(d) material non performance; or

(e) failure to maintain the necessary licences or regulatory approvals.

The Administrator may also resign upon giving 12 months’ notice provided (i) a replacement administrator with a management team with experience of administering Mortgage Loans secured on residential mortgaged properties in England, Wales, Northern Ireland and Scotland has been appointed by the LLP and enters into an administration agreement with the LLP substantially on the same terms as the Administration Agreement and (ii) the resignation has no adverse effect on the then current ratings of the Covered Bonds (unless the holders of the Covered Bonds agree otherwise by Extraordinary Resolution).

Delegation

The Administrator may delegate some of its servicing function to a third party provided that it meets conditions as set out in the Administration Agreement. See "Summary of the Principal Documents – Administration Agreement".

as set out in "The Seller will initially retain legal title to the Mortgage Loans" in the section entitled "Risk Factors".
OVERVIEW OF THE TERMS AND CONDITIONS OF THE COVERED BONDS

Please refer to section entitled "Terms and Conditions of the Covered Bonds" for further detail in respect of the terms of the Covered Bonds.

Programme Size
Up to €35 billion outstanding at any time (or its equivalent in other currencies as set out in the Programme Agreement). The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.

Distribution
Covered Bonds may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis, subject to the restrictions set forth in "Subscription and Sale and Transfer and Selling Restrictions".

Specified Currencies
As set out in the applicable Final Terms.

Issue Price
Covered Bonds may be issued at par or at a premium or discount to par on a fully-paid basis or partly-paid basis, in each case as specified in the applicable Final Terms.

Form of Covered Bonds
The Covered Bonds will be issued in bearer or registered form as described in "Form of the Covered Bonds". The Issuer will also be able to issue N Covered Bonds.

The types of Covered Bonds that can be issued under the Programme include the following:

(a) Fixed Rate Covered Bonds;
(b) Floating Rate Covered Bonds;
(c) Index Linked Covered Bonds;
(d) Dual Currency Covered Bonds;
(e) Zero Coupon Covered Bonds; or
(f) Partly-Paid Covered Bonds,

in each case as specified in the applicable Final Terms. The issuance of certain types of Covered Bonds (namely, Zero Coupon Covered Bonds, Index Linked Covered Bonds, Dual Currency Covered Bonds, or any combination of the foregoing, in each case as specified in the relevant Final Terms) shall be subject to confirmation by the Rating Agencies that the then current ratings for any outstanding Covered Bonds will not be adversely affected by the issuance of such types of Covered Bonds.

Final Redemption

If not previously redeemed in full in accordance with the relevant terms and conditions, those Covered Bonds will be finally redeemed at their respective Principal Amount Outstanding (plus any accrued interest thereon) on the Final Maturity Date as specified in the relevant Final Terms.

Optional Redemption

Each series will be subject to optional early redemption in part or in full in accordance with the terms and conditions of the relevant Covered Bonds.

Extendable obligations under the Covered Bond Guarantee

The applicable Final Terms may also provide that the LLP’s obligations under the Covered Bond Guarantee to pay the Guaranteed Amounts corresponding to the Final Redemption Amount of the applicable Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) may be deferred until the Extended Due for Payment Date. In such case, such deferral will occur automatically if the Issuer fails to pay the Final Redemption Amount of the relevant Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and if the Guaranteed Amounts equal to the Final Redemption Amount in respect of such Series of Covered Bonds are not paid in full by the LLP by the Extension Determination Date (for example, because the LLP has insufficient moneys to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of the relevant Series of Covered Bonds after payment of higher ranking amounts and taking into account amounts ranking pari passu in the Guarantee Priority of Payments). To the extent that the LLP has received a Notice to Pay in sufficient time and has sufficient moneys to pay in part the Final Redemption Amount, such partial payment shall be made by the LLP on any Interest Payment Date up to and including the relevant Extended Due for Payment Date as described in Condition 6(a) (Final Redemption). Interest will continue to accrue and be payable on the unpaid amount up to the Extended Due for Payment Date in accordance with Condition 4 (Interest) and the LLP will make payments of Guaranteed Amounts constituting Scheduled Interest on each relevant Due for Payment Date and Extended Due for Payment Date. See "Terms and Conditions of the Covered Bonds".

Denomination of Covered Bonds

Covered Bonds will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms save that, except in certain limited circumstances, the minimum denomination of each Covered Bond will be at least €100,000 (or, if the Covered Bonds are denominated in a currency other than euro, at least the equivalent amount in such currency) or as otherwise specified in the related Final Terms (as applicable to the currency of each Series of Covered Bonds).

Taxation

All payments in respect of the Covered Bonds will be made without deduction or withholding for or on account of United Kingdom tax, subject as provided in Condition 7 (Taxation). In the case of Covered Bonds other than N Covered Bonds, if any such deduction or withholding is made the Issuer will, save in the limited circumstances provided in Condition 7 (Taxation), be required to pay additional amounts in respect of the amounts so deducted or withheld. Under the Covered Bond Guarantee, the LLP is not required to pay any additional amounts in respect of any withholding or deduction from payments, and will not be liable to make guarantee payments in respect of any such additional amounts payable by the Issuer under Condition 7 (Taxation).

Neither the Issuer nor the LLP will be obliged to pay any additional amounts in respect of any withholding or deduction from payments in respect of the N Covered Bonds.

ERISA Considerations

Subject to the limitations described under "ERISA Considerations" or the applicable Final Terms, the Covered Bonds (or any interest therein) generally are eligible for purchase by or on behalf of "employee benefit plans" and other similar retirement plans and arrangements that are subject to Title I of the United States
Employee Retirement Income Security Act of 1974, as amended, Section 4975 of the United States Internal Revenue Code of 1986, as amended, or any similar laws or regulations, and by entities whose underlying assets are considered to include the assets of such plans and arrangements. See "ERISA Considerations" below.

**Cross Default**

If an Issuer Event of Default occurs and an Issuer Acceleration Notice is served in respect of a particular Series of Covered Bonds, then the Covered Bonds of all Series outstanding will accelerate at the same time against the Issuer, but will be subject to, and have the benefit of, payments made by the LLP under the Covered Bond Guarantee (following service of a Notice to Pay on the LLP).

If an LLP Acceleration Notice is served in respect of any one Series of Covered Bonds, then the obligation of the LLP to pay Guaranteed Amounts in respect of all Series of Covered Bonds outstanding will be accelerated.

**Set-Off**

In the case of N Covered Bonds, as long as, and to the extent that, the N Covered Bond forms part of the restricted assets (gebundenes Vermögen) within the meaning of § 54 of the German Act Concerning the Supervision of Insurance Companies (Gesetz über die Beaufsichtigung der Versicherungsunternehmen - Versicherungsaufsichtsgesetz) of 17 December 1992 (as amended) and the German Regulation Concerning the Investment of the Restricted Assets of Insurance Companies (Verordnung über die Anlage des gebundenen Vermögens von Versicherungsunternehmen) of 20 December 2001 (as amended), the Issuer waives (also in the event of insolvency of the N Covered Bondholder or in the event that insolvency proceedings or similar proceedings are instituted against the N Covered Bondholder) any right of set-off as well as any right to exercise any pledges, rights of retention and other rights which could affect the rights under the N Covered Bonds.

**Status of the Covered Bonds**

The Covered Bonds will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank pari passu without any preference among themselves and (save for any applicable statutory provisions) at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

**Covered Bond Guarantee**

The obligations of the Issuer under the Covered Bonds will be irrevocably guaranteed by the LLP. The obligations of the LLP to make payment in respect of the Guaranteed Amounts when Due for Payment are subject to the condition that an Issuer Event of Default occurs, an Issuer Acceleration Notice is served on the Issuer and a Notice to Pay is served on the LLP or, if earlier, an LLP Event of Default occurs and an LLP Acceleration Notice is served on the LLP. The obligations of the LLP under the Covered Bond Guarantee will accelerate against the LLP upon the service of an LLP Acceleration Notice. The obligations of the LLP under the Covered Bond Guarantee constitute direct obligations of the LLP secured against the assets from time to time of the LLP and recourse against the LLP is limited to such assets.

**Issuer Events of Default**

As fully set out in Condition 9 (Events of Default and Enforcement – Issuer Events of Default), which broadly includes (where relevant, subject to the applicable grace period):

(a) non-payment of interest or principal in respect of the Covered Bonds;

(b) breach of contractual obligations by the Issuer under the Covered Bonds and the Transaction Documents;

(c) insolvency of the Issuer;

(d) breach of the Asset Coverage Test on a Calculation Date which is not remedied by the immediately succeeding Calculation Date; and

(e) breach of Pre-Maturity Test less than six months before the Final Maturity
Date of the relevant Series of Hard Bullet Covered Bonds which is uncured within the applicable grace period.

**LLP Events of Default**

As fully set out in Condition 9 (*Events of Default and Enforcement – LLP Events of Default*), which broadly includes (where relevant, subject to the applicable grace period):

(a) non-payment of Guaranteed Amounts;

(b) breach of contractual obligations by the LLP under the Covered Bonds and the Transaction Documents;

(c) insolvency of the LLP; and

(d) breach of Amortisation Test.

**Governing Law**

The Covered Bonds (other than the N Covered Bonds) will be governed by, and construed in accordance with, English law.

The N Covered Bonds will be governed by, and construed in accordance with, the laws of the Federal Republic of Germany.
OVERVIEW OF RIGHTS OF COVERED BONDHOLDERS

Please refer to the section entitled "Terms and Conditions of the Covered Bonds" for further detail in respect of the rights of Covered Bondholders, conditions for exercising such rights and relationship with other Secured Creditors.

Payments

The Covered Bondholders will be entitled to payment of principal upon final redemption in respect of each Covered Bond upon presentation and surrender of the individual certificate representing such Covered Bond.

Prior to an Issuer Event of Default and LLP Event of Default

Covered Bondholders holding more than 5% of the Principal Amount Outstanding of the Covered Bonds then outstanding are entitled to convene a Covered Bondholders' meeting and all Covered Bondholders can participate in a Covered Bondholders' meeting convened by the Issuer, LLP or Bond Trustee to consider any matter affecting their interests.

However, so long as no Issuer Event of Default has occurred, the Covered Bondholders are not entitled to instruct or direct the Issuer to take any actions, either directly or through the Bond Trustee, without consent of the Issuer and, if applicable, certain other transaction parties, unless the Issuer has an obligation to take such actions under the relevant Transaction Documents.

Following an Issuer Event of Default or an LLP Event of Default

No Covered Bondholder will be entitled to proceed directly against the Issuer or the LLP, including against the Security, unless the Bond Trustee or the Security Trustee, as applicable, having become bound to proceed against the Issuer or the LLP, fail so to do within a reasonable time.

Following an Issuer Event of Default, Covered Bondholders may, by extraordinary resolution of all the holders of more than 25% of the outstanding Covered Bonds, direct the Bond Trustee to enforce the terms of the Trust Deed and the Covered Bonds against the Issuer and/or the LLP provided that the Bond Trustee has been indemnified and/or secured to its satisfaction. The Bond Trustee also has a general discretion to take such action following an Issuer Event of Default.

Following an LLP Event of Default, Covered Bondholders may, by extraordinary resolution of all the holders of more than 25% of the outstanding Covered Bonds, direct the Security Trustee to enforce the Security provided that the Security Trustee has been indemnified and/or secured to its satisfaction. The Bond Trustee also has a general discretion to take such action following an LLP Event of Default.

Any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9 (Events of Default and Enforcement) or to direct the Bond Trustee or the Security Trustee to take any enforcement action shall only be capable of being passed at a single meeting of the holders of the Covered Bonds of all Series then outstanding (and such resolution, a "Programme Resolution"). Any such meeting to consider a Programme Resolution may be convened by the Issuer, the LLP or the Bond Trustee or by holders of the Covered Bonds of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the nominal amount of the Covered Bonds of any Series so held or represented.

Covered Bondholders Meeting provisions

Notice Periods
Initial Meeting: 21 clear days for the initial meeting.

Adjourned Meeting: No less than 13 clear days and no more than 42 clear days for the adjourned meeting.

Quorum for Extraordinary Resolution

Initial Meeting: At least a clear majority of the Principal Amount Outstanding of the relevant Series of Covered Bonds for the initial meeting (other than a Series Reserved Matter, which requires not less than two thirds of the Principal Amount Outstanding of the relevant Series of Covered Bonds).

However, any Extraordinary Resolution to direct the Bond Trustee to serve an Issuer Acceleration Notice or a Notice to Pay following an Issuer Event of Default, to direct the Bond Trustee to serve an LLP Acceleration Notice following an LLP Event of Default and any direction to the Bond Trustee or Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds of all Series then outstanding and therefore the holders of a single Series of Covered Bonds may not be able to give any directions to the Bond Trustee or the Security Trustee without the agreement of the holders of other outstanding Series of Covered Bonds.

Adjourned Meeting: Any holding for the adjourned meeting (other than Series Reserved Matter, which requires one third of the Principal Amount Outstanding of the relevant Series of Covered Bonds).

Required Majorities

Ordinary Resolution: At least a clear majority of votes cast for matters requiring ordinary resolution.

Extraordinary Resolution: 75% of votes cast for matters requiring Extraordinary Resolution.

Written Resolution: 75% of the Principal Amount Outstanding of the relevant class of Covered Bonds. A Written Resolution has the same effect as an Extraordinary Resolution.

Matters requiring Extraordinary Resolution

Broadly, the following matters require an Extraordinary Resolution.

(a) any Series Reserved Matter;

(b) any direction to the Bond Trustee to serve an Issuer Acceleration Notice or a Notice to Pay following an Issuer Event of Default, to direct the Bond Trustee to serve an LLP Acceleration Notice following an LLP Event of Default and any direction to the Bond Trustee or Security Trustee to take any enforcement action (these actions require a Programme Resolution);

(c) approval of resignation of the Administrator where resignation has adverse effect on the current ratings of the Covered Bonds; and

(d) removal of the Bond Trustee and approval of the appointment or removal of the Security Trustee.
Relationship between Series of Covered Bondholders

In connection with the exercise by it of any of its trusts, powers and discretions, the Bond Trustee and the Security Trustee shall have regard to the general interests of the holders of the Covered Bonds of each Series as a class. An Extraordinary Resolution passed at any meeting of the holders of the Covered Bonds of a Series shall, subject as provided above, be binding on all the holders of the Covered Bonds of such Series, whether or not they are present at the meeting. The Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the holders of such Covered Bonds.

Relationship between Covered Bondholders and other Secured Creditors

In exercising any of its powers, trusts, authorities and discretions under the Trust Deed, the Covered Bonds, the Receipts or the Coupons or any other Transaction Document, the Bond Trustee shall only have regard to the interests of the holders of the Covered Bonds while any Covered Bonds are outstanding and shall not have regard to the interests of any other Secured Creditors.

In exercising any of its powers, trusts, authorities and discretions under the Deed of Charge, the Security Trustee shall only have regard to the interests of the holders of the Covered Bonds while any Covered Bonds are outstanding and shall not have regard to the interests of any other Secured Creditors.

Provision of Information to the Covered Bondholders

The Cash Manager will provide a monthly report containing, inter alia, selected statistical information in respect of the underlying Mortgage Loan Portfolio as well as information in relation to the Covered Bonds and the Asset Coverage Test. This report will be available to investors at http://group.barclays.com/Investor-Relations/Debt-Investors/Secured-Funding/Covered-bonds.

Communication with Covered Bondholders

Any notice to be given by the Issuer or the Bond Trustee to Covered Bondholders shall be given in the following manner:

(a) so long as the Covered Bonds are held in the Clearing Systems, by delivering to the relevant Clearing System for communication by it to Covered Bondholders; and

(b) so long as the Covered Bonds are listed on a stock exchange or admitted to listing by any other relevant authority, by publication of such notice in a daily newspaper in accordance with the requirements of the relevant stock exchange or relevant authority;

(c) for Bearer Covered Bonds, publication in the Financial Times or any other daily newspaper in London approved by the Bond Trustee or, if this is not possible, in one other English language daily newspaper approved by the Bond Trustee with general circulation in Europe; and

(d) for Registered Covered Bonds, class mail or airmail to the holders at the respective addresses recorded in the Register and, in addition, for so long as any Registered Covered Bonds are listed on a stock exchange or are admitted to listing by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.
Please refer to the sections entitled "Credit Structure" and "Cashflows" for further detail in respect of the credit structure and cash flow of the transaction.

Credit Support

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to holders of the Covered Bonds, as follows:

- the Covered Bond Guarantee provides credit support to the Issuer;
- the Pre-Maturity Test is intended to provide liquidity to the LLP in relation to amounts of principal due on the Final Maturity Date of the Hard Bullet Covered Bonds;
- the Asset Coverage Test is intended to test the asset coverage of the LLP’s assets in respect of the Covered Bonds at all times;
- the Amortisation Test is intended to test the asset coverage of the LLP’s assets in respect of the Covered Bonds following the occurrence of an Issuer Event of Default, service of an Issuer Acceleration Notice on the Issuer and service of a Notice to Pay on the LLP;
- the Yield Shortfall Test is intended to test the weighted average yield on the Mortgage Accounts and the MRCLN;
- the Interest Rate Shortfall Test is intended to test the income available to the LLP in respect of each LLP Payment Period;
- a Reserve Fund will be established to trap Available Revenue Receipts following certain rating downgrades of the Issuer; and
the GIC Provider has agreed to pay a variable rate of interest on all amounts held by the LLP in the GIC Account at a rate of 0.20% per annum.

Payments by the Issuer

Until a Notice to Pay or an LLP Acceleration Notice is served on the LLP, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the LLP.

Available Funds of the LLP

The LLP will have Available Revenue Receipts and Available Principal Receipts available to it. Prior to service of a Notice to Pay on the LLP, Available Revenue Receipts and Available Principal Receipts will be applied by the LLP to make payments of interest and principal payments to the Issuer under the Intercompany Loan Agreement. Following the service of a Notice to Pay on the LLP, Available Revenue Receipts and Available Principal Receipts will be applied by the LLP to meet its payment obligations under the Covered Bonds and the other Transaction Documents.

Available Revenue Receipts will, broadly, include the following:

- Revenue Receipts received during the immediately preceding Calculation Period;
- interest payable to the LLP on its bank accounts and income from any Authorised Investments and/or Substitution Assets during the relevant Calculation Period;
- amounts received by the LLP under the relevant Swap Agreements;
- amounts standing to the credit of the Reserve Fund during the relevant Calculation Period;
- any other net income of the Issuer received during the immediately preceding Calculation Period of a revenue nature; less:
- Third Party Amounts.

Available Principal Receipts will, broadly, include all Principal Receipts received by the LLP during the immediately preceding Calculation Period (including consideration paid by the Seller in respect of the repurchase of the Mortgage Loans and their Related Security, recoveries received by the LLP following the enforcement of the relevant Mortgage Loan, the proceeds of any sale of Selected Mortgage Loans, and receipt of realisation proceeds of the Related Security), the proceeds of any Term Advance, any Cash Capital Contributions received from a Member, amounts in respect of principal received by the LLP under the Swap Agreements and the principal amount of any Substitution Assets and/or Authorised Investments.

Breach of the Asset Coverage Test

A breach of the Asset Coverage Test on a Calculation Date which is not remedied by the immediately succeeding Calculation Date will constitute an Issuer Event of Default and the Bond Trustee shall be entitled (and, in certain circumstances, may be required) to serve an Issuer Acceleration Notice on the Issuer and the LLP.

Following service of an Issuer Acceleration Notice on the Issuer and the LLP, the Bond Trustee must serve a Notice to Pay on the LLP.

**Bank Accounts and Cash Management**

Collections of revenue and principal in respect of the Mortgage Loans in the Mortgage Loan Portfolio are received by the Seller in its collection account. The majority of the interest payments and principal repayments are collected on the 16th day of each month. The Seller (and, where relevant, the Administrator) is obliged to transfer collections in respect of the Mortgage Loans in the Mortgage Loan Portfolio to the GIC Account on a monthly basis or, following a downgrade of the Seller below the agreed rating, on a daily basis (see "Rating Triggers Table" below). On or prior to each LLP Payment Date, amounts will be applied by the Cash Manager from the GIC Account in accordance with the relevant Priorities of Payments.

**Summary of key Swap Terms**

The TRS has the following key commercial terms:

- The LLP will pay the TRS Provider, for each Calculation Period, an amount in sterling equal to the aggregate amount of interest paid to the LLP in respect of (i) the outstanding balance of the Mortgage Loans, (ii) the MRCLN, (iii) amounts standing to the credit of the GIC Account and (iv) any Substitution Assets or any other assets held by the LLP.

- The TRS Provider will pay to the LLP, for each LLP Payment Period, an amount in Sterling calculated by reference to the TRS Provider Notional Amount and one-month LIBOR plus 0.7 per cent.:

- The TRS Provider Notional Amount for any LLP Payment Period is the sum of the outstanding balances of (i) the Mortgage Loans in the Mortgage Loan Portfolio, (ii) the MRCLN, (iii) amounts standing to the credit of the GIC Account and (iv) any Substitution Assets or any other assets held by the LLP multiplied by the fraction that the interest received by the LLP in relation to such amounts bears to the interest due to the LLP in relation to such amounts for the relevant Calculation Period.

- The TRS Provider payments to the LLP and the LLP payments to the TRS Provider will each be made monthly on each LLP Payment Date.

*See "Summary of the Principal Documents – Swap Agreements – Total Return..."*
For any Series of Covered Bonds the LLP may enter into a Covered Bond Swap with the Covered Bond Swap Provider. Each such Covered Bond Swap will have the following key commercial terms:

- LLP is scheduled to pay a sterling amount calculated by reference to a swap notional amount corresponding to the Principal Amount Outstanding of the relevant Covered Bonds (or its Sterling Equivalent) and one-month Sterling LIBOR.

- In return, the Covered Bond Swap Provider is scheduled to pay an amount in the currency of the related Term Advance (if such Term Advance is not in Sterling) calculated by reference to a swap notional amount corresponding to the Principal Amount Outstanding of the relevant Covered Bonds and a rate corresponding to the interest payable on the related Term Advance.

- Payments by the LLP will be made monthly on each LLP Payment Date; payments by the Covered Bond Swap Provider will be made on the date that interest is payable on the related Term Advance.

- If a Series of Covered Bonds is not denominated in sterling but the related Term Advance is, the Covered Bond Swap Provider will: (a) make payments calculated by reference to amounts owned under the Covered Bond Guarantee; and (b) provide for the proceeds of the relevant Series of Covered Bonds to be swapped into Sterling on issue and for the exchange of Sterling on the maturity of such Series of Covered Bonds, such amount to be applied towards the redemption of the relevant Series of Covered Bonds.

See "Summary of the Principal Documents – Swap Agreements – Covered Bond Swap" for further information.

RISK FACTORS

This section describes the principal risk factors associated with an investment in the Covered Bonds. Prospective purchasers of Covered Bonds should consider carefully all the information contained in this Base Prospectus, including the risks disclosed in the documents incorporated by reference and the following factors, in evaluating an investment in the Covered Bonds or participating in the Programme. Any of the risks described below, or additional risks not currently known to the Issuer or that the Issuer currently deems immaterial, could have a significant or material adverse effect on the business, financial condition, operations or prospects of the Issuer and the Barclays Group and result in a corresponding decline in the value of the Covered Bonds. As a result, investors could lose all or a substantial part of their investment.

Risks relating to the Issuer and the Barclays Group

Business conditions and the general economy

The Issuer operates a universal banking business model and its services range from current accounts for personal customers to inflation-risk hedging for governments and institutions. The Barclays Group also has significant activities in a large number of countries. Consequently, there are many ways in which changes in business conditions and the general economy can adversely impact profitability, whether at the level of the Barclays Group, the individual business units or specific countries of operation. The Barclays Group's stress testing framework helps it to understand the impact of changes in business conditions and the general economy, as well as the sensitivity of its business goals to such changes and the scope of management actions to mitigate their impact.

The general recovery in the global economy resulted in an improvement in credit conditions in the Barclays Group's main markets during 2010. In the UK, the economy recovered slightly during 2010 reflecting the lower than expected growth in unemployment rates, the sustained low interest rate environment and moderate GDP growth. However, a slowdown in growth was evident in the fourth quarter of 2010 which is likely to lead to uncertainty in the near term. In addition, persistent unemployment and inflation, fiscal tightening, the possibility of weakening house prices, and possible rising oil prices may have an adverse impact on the strength of the recovery which could increase the risk that a higher proportion of the Barclays Group's customers and counterparties may be unable to meet their obligations. Economic credit conditions have also continued to show signs of improvement in many other key geographies, although in Spain the housing sector remains depressed which led to significantly increased impairment in the Barclays Group's Spanish wholesale portfolios in 2010. Unemployment rates remain high in the U.S.

The business conditions facing the Barclays Group in 2011 are subject to significant uncertainties, most notably:

(a) the extent and sustainability of economic recovery particularly in the UK, U.S., Spain and South Africa;
(b) the dynamics of unemployment particularly in the UK, U.S., Spain and South Africa and the impact on delinquency and charge-off rates;
(c) the speed and extent of possible rises in interest rates in the UK, U.S., South Africa and the Eurozone;
(d) the possibility of any further falls in residential property prices in the UK, South Africa and Western Europe;
(e) the impact of potentially deteriorating sovereign credit quality;
(f) the potential for single name losses in different sectors and geographies where credit positions are sensitive to economic downturn;
(g) the potential impact of increasing inflation on economic growth and corporate profitability;
possible deterioration in the Barclays Group's remaining credit market exposures, including commercial real estate, leveraged finance and collateral previously underlying the loan to Protium Finance LP ("Protium");

changes in the value of Sterling relative to other currencies, which could increase risk weighted assets and therefore raise the capital requirements of the Barclays Group;

continued turmoil in the Middle East and North Africa region could result in loss of business in the affected countries, increased oil prices, increased volatility and risk aversion to this region; and

the liquidity and volatility of capital markets and investors' appetite for risk, which could lead to a decline in the income that the Barclays Group receives from fees and commissions.

Regulatory changes

As noted in "The Issuer — Competition and Regulatory Matters", 2010 has seen significant regulatory change. Issues dealt with in 2010 included:

(a) The Independent Commission on Banking (the "ICB")

The ICB has been charged by the UK Government with reviewing the UK banking system. Its findings are expected in September 2011. Although the ICB has yet to make recommendations, and it is not possible to predict what the UK Government’s response to any recommendations that are made will be, there is a possibility that the ICB could recommend change to the structure of UK banks which may require the Issuer to make major changes to its structure and business.

(b) Recovery and Resolution Plans

There has been a strong regulatory focus on resolvability in 2010, both from UK and international regulators. The Barclays Group has been engaged, and continues to be engaged, with the authorities on taking forward recovery planning and identifying information that would be required in the event of a resolution.

(c) The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "DFA")

The DFA will have an impact on the Barclays Group and its business. The full scale of this impact remains unclear as many of the provisions of the DFA require rules to be made to give them effect and this process is still under way.

Retail and wholesale credit risk

Credit risk is the risk of the Barclays Group suffering financial loss if any of its customers, clients or market counterparties fail to fulfil their contractual obligations to the Barclays Group. The granting of credit is one of the Barclays Group's major sources of income and, as the most significant risk, the Barclays Group dedicates considerable resources to its control. The credit risk that the Barclays Group faces arises mainly from wholesale and retail loans and advances together with the counterparty credit risk arising from derivative contracts entered into with its clients. Other sources of credit risk arise from trading activities, including debt securities, settlement balances with market counterparties, available for sale assets and reverse repurchase loans. However, credit risk may also arise where the downgrading of an entity's credit rating causes a fall in the value of the Barclays Group's investment in that entity's financial instruments. Specific areas and scenarios where credit risk could lead to higher impairment charges in future years include:

- credit market exposures;
- sovereign risk; and
- economic uncertainty.
Barclays Capital holds certain exposures to credit markets that became illiquid during 2007. These exposures primarily relate to commercial real estate, leveraged finance and collateral previously underlying the loan to Protium.

Credit risk may also be manifested as sovereign risk where difficulties may arise in the country in which the exposure is domiciled, thus impeding or reducing the value of the assets, or where the counterparty may be the country itself. The EU deficits approached very high levels during 2010, leading to a loss of market confidence in certain countries to which the Barclays Group is exposed.

In a recessionary environment, such as that seen in past years in the UK, the U.S. and other economies, credit risk increases. However, more recently, conditions have continued to show signs of improvement in many key markets, although the UK has experienced a slowdown in growth in the fourth quarter of 2010, U.S. unemployment rates remain high and the Spanish housing sector continues to be depressed, impacting the Barclays Group's wholesale and retail credit risk exposures. In particular, in Spain, the Barclays Group has experienced elevated impairment across its operations, following a marked reduction in construction activity and shrinking consumer spending.

**Market risk**

Market risk is the risk that the Barclays Group's earnings or capital, or its ability to meet business objectives, will be adversely affected by changes in the level or volatility of market rates or prices such as interest rates, credit spreads, commodity prices, equity prices and foreign exchange rates. The main sources of risk are traded market risk, non-traded interest rate risk, translational foreign exchange risk and pension risk. Traded risk resides primarily in Barclays Capital while non-traded market risk resides mainly in Global Retail Banking, Barclays Corporate, Barclays Wealth and Group Treasury.

While the Barclays Group is exposed to continued market volatility, Barclays Capital's trading activities are principally a consequence of supporting customer activity.

The Barclays Group is exposed to three main types of non-traded interest rate risk:

- fixed rate loans and deposits that are not hedged or matched;
- structural risk due to variability of earnings on structural product and equity balances which have no contractual maturity and an interest rate which does not move in line with the base rate; and
- margin compression.

**Capital risk**

Capital risk is the risk that the Barclays Group has insufficient capital resources to:

(a) ensure the financial holding company is well capitalised relative to the minimum regulatory capital requirements set out by the FSA and U.S. Federal Reserve where regulated activities are undertaken. The Barclays Group's authority to operate as a bank is dependent upon the maintenance of adequate capital resources;

(b) ensure locally regulated subsidiaries can meet their minimum regulatory requirements;

(c) support the Barclays Group's risk appetite and economic capital requirements; and

(d) support the Barclays Group's credit rating. A weaker credit rating would increase the Barclays Group's cost of funds.

Regulators assess the Barclays Group's capital position and target levels of capital resources on an ongoing basis. There have been a number of recent developments in regulatory capital requirements which are likely to have a significant impact on the Barclays Group. Most significantly, during 2010, the Second and Third Capital Requirement Directives and the guidelines from the Basel Committee on Banking Supervision for strengthening capital requirements (so-called Basel III) were finalised. Aligned to this, markets and credit rating agencies now expect equity capital levels significantly in excess of the current regulatory minimum.
**Liquidity risk**

Liquidity risk is the risk that the Barclays Group is unable to meet its obligations as they fall due as a result of a sudden, and potentially protracted, increase in net cash outflows. Such outflows would deplete available cash resources for client lending, trading activities and investments. In certain adverse circumstances, lack of liquidity could result in reductions in balance sheet and sales of assets, or potentially an inability to fulfil lending commitments. These outflows could be principally through customer withdrawals, wholesale counterparties removing financing, ratings downgrades or loan drawdowns. These outflows could be the result of general market dislocations or specific concerns about the Barclays Group.

This could result in:

- limited ability to support client lending, trading activities and investments;
- forced reduction in balance sheet and sales of assets;
- inability to fulfil lending obligations; and
- regulatory breaches under the liquidity standards introduced by the FSA on 1 December 2009.

**People risk**

People risk arises from failures of the Barclays Group to manage its key risks as an employer, including lack of appropriate people resource, failure to manage performance and reward, unauthorised or inappropriate employee activity and failure to comply with employment-related requirements. Failure to manage performance and reward in an appropriate manner can ultimately lead to lack of suitable people resource which may ultimately have a negative impact on profits generated by the Barclays Group.

During 2010, external regulatory developments in relation to remuneration continued to impact the People Risk. On 17 December 2010, the FSA published its final Remuneration Code following its July 2010 Consultation Paper. The Remuneration Code was updated in order to implement the remuneration rules required by the Third Capital Requirements Directive and the Financial Services Act 2010. The Remuneration Code applies to remuneration paid from 1 January 2011, including remuneration in respect of 2010 performance.

**Legal risk**

The Barclays Group is subject to a comprehensive range of legal obligations in all countries in which it operates. As a result, the Barclays Group is exposed to many forms of legal risk, which may arise in a number of ways:

(a) business may not be conducted in accordance with applicable laws around the world;
(b) contractual obligations may either not be enforceable as intended or may be enforced in an adverse way;
(c) intellectual property (such as trade names of the Barclays Group) may not be adequately protected; and
(d) liability for damages may be incurred to third parties harmed by the conduct of the Barclays Group's business.

The Barclays Group faces risk where legal proceedings are brought against it. Regardless of whether such claims have merit, the outcome of legal proceedings is inherently uncertain and could result in financial loss. Defending legal proceedings can be expensive and time-consuming and there is no guarantee that all costs incurred will be recovered even if the Barclays Group is successful. Although the Barclays Group has processes and controls to manage legal risks, failure to manage these risks could impact the Barclays Group adversely, both financially and by reputation.
**Regulatory risk**

Regulatory risk arises from a failure or inability to comply fully with the laws, regulations or codes applicable specifically to the financial services industry. Non-compliance could lead to fines, public reprimands, damage to reputation, increased prudential requirements, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate.

The Barclays Group’s businesses and earnings can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the UK, EU, U.S. and elsewhere, which are all subject to change. The regulatory response to the financial crisis has led to very substantial regulatory changes in the UK, EU and U.S. and in the other countries in which the Barclays Group operates. It has also led to a change in the style of supervision in a number of territories, with a more assertive approach being demonstrated by the authorities.

Two specific matters that directly impact the Barclays Group are the Banking Act 2009 and the Financial Services Compensation Scheme:

(a) **Banking Act 2009**

The Banking Act 2009 (the "Banking Act") provides a permanent regime to allow the FSA, the UK Treasury and the Bank of England to resolve failing banks in the UK. Under the Banking Act, these authorities are given powers, including (a) the power to issue share transfer orders pursuant to which all or some of the securities issued by a bank may be transferred to a commercial purchaser or Bank of England entity and (b) the power to transfer all or some of the property, rights and liabilities of the UK bank to a purchaser or Bank of England entity. A share transfer order can extend to a wide range of securities including shares and bonds issued by a UK bank (including the Issuer) or its holding company (Barclays PLC) and warrants for such shares and bonds. The Banking Act powers apply regardless of any contractual restrictions and compensation may be payable in the context of both share transfer orders and property appropriation.

The Banking Act also gives the Bank of England the power to override, vary or impose contractual obligations between a UK bank or its holding company and its former group undertakings for reasonable consideration, in order to enable any transferee or successor bank of the UK bank to operate effectively. There is also power for the Treasury to amend the law (excluding provisions made by or under the Banking Act) for the purpose of enabling it to use the regime powers effectively, potentially with retrospective effect. In addition, the Banking Act gives the Bank of England statutory responsibility for financial stability in the UK and for the oversight of payment systems.

(b) **Financial Services Compensation Scheme**

Banks, insurance companies and other financial institutions in the UK are subject to the Financial Services Compensation Scheme (the "FSCS") where an authorised firm is unable or is likely to be unable to meet claims made against it because of its financial circumstances. Most deposits made with branches of the Issuer within the European Economic Area (the "EEA") which are denominated in Sterling or other EEA currencies (including the Euro) are covered by the FSCS. Most claims made in respect of investment business will also be protected claims if the business was carried on from the UK or from a branch of the bank or investment firm in another EEA member state. The FSCS is funded by levies on authorised UK firms such as the Issuer. As at 30 June 2011, the Barclays Group had accrued £63 million (31 December 2010: £63 million) for its share of the levies. The provision is based on estimates of the Barclays Group’s market participation in the relevant charging periods and the interest the FSCS will pay on the facilities provided by HM Treasury in support of its obligations to depositors of banks declared in default (such facilities were, as at 30 June 2011, estimated by the Barclays Group to amount to approximately £20 billion). While it is anticipated that the substantial majority of these facilities will be repaid wholly from recoveries from the institutions concerned, there is the risk of a shortfall, such that the FSCS may place additional levies on FSCS participants. As at the date of this Base Prospectus, it was not possible to estimate the amount of any potential additional levies or the Barclays Group’s share. Consequently, in the event that the FSCS raises funds, raises those funds more frequently or significantly increases the levies to be paid by firms, the associated costs to the Barclays Group may have a material impact on the Barclays Group’s results and financial condition.
In addition, among other things, the Bribery Act 2010, which applies to UK companies worldwide, has created an offence of failure by a commercial organisation to prevent a bribe being paid on its behalf. However, it will be a defence if the organisation has adequate procedures in place to prevent bribery. In addition, Payment Protection Insurance ("PPI") has been under scrutiny by the UK competition authorities and financial services regulators. The UK Competition Commission ("CC") has undertaken an in-depth enquiry into the PPI market which has resulted in the CC introducing a number of remedies including a prohibition on sale of PPI at the point of sale. Furthermore, a judicial review was launched regarding the treatment of PPI complaints by the FSA and Financial Ombudsman Service. The judgment on the judicial review proceedings was announced on 20 April 2011 in favour of the FSA and the Financial Ombudsman Service. On 9 May 2011, the Issuer announced that it will not participate in any application for permission to appeal against the judgment and it will begin to process all on-hold and any new complaints from customers about PPI policies that they hold. While important aspects of the handling of PPI complaints, and therefore the cost of doing so, were not as at the date of this Base Prospectus certain, the Issuer is taking a provision to cover the cost of future redress and administration of £1 billion in the second quarter of 2011.

As announced on 18 August 2010, the Issuer reached settlements with certain U.S. authorities in relation to the investigation by those agencies into compliance with U.S. sanctions and U.S. dollar payment practices. In addition, an Order to Cease and Desist has been issued upon consent by the Federal Reserve Bank of New York and the New York State Banking Department.

Other future regulatory changes may potentially restrict the Barclays Group’s operations, mandate certain lending activity and impose other compliance costs.

**Operations risk**

Operations risk is the risk of losses from inadequate or failed internal processes and systems, caused by human error or external events. These risks are transaction operations, new product development, premises and security, external suppliers, payments process, information, data quality and records management.

**Fraud risk**

Fraud risk is the risk that the Barclays Group suffers losses as a result of internal and external fraud.

**Technology risk**

Technology is a key business enabler and requires an appropriate level of control to ensure that the most significant technology risks are effectively managed. Technology risk includes the non-availability of IT systems, inadequate design and testing of new and changed IT solutions and inadequate IT system security. Similar to many large organisations, the Barclays Group is exposed to the risk that systems may not be continually available.

**Financial reporting risk**

Financial reporting risk arises from a failure or inability to comply fully with the laws, regulations or codes in relation to the disclosure of financial information. Non-compliance could lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate.

The International Accounting Standards Board is undertaking a significant programme of revision to IFRS. The final form of IFRS requirements, the time period over which new requirements will need to be applied and the impact on the results and financial position is not yet known.

Following the financial crisis, the financial reporting of banks has been subject to greater scrutiny. This has included consideration of accounting policies, accounting for particular transactions and financial statement disclosures.

**Taxation risk**

The Barclays Group is subject to the tax laws in all countries in which it operates, including tax laws adopted at an EU level. A number of double taxation agreements entered between two countries also
impact on the taxation of the Barclays Group. Tax risk is the risk that the Barclays Group suffers losses associated with changes in tax law or in the interpretation of tax law. It also includes the risk of failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to an additional tax charge. It could also lead to reputational damage or a financial penalty for failure to comply with required tax procedures or other aspects of tax law. If, as a result of a particular tax risk materialising, the tax costs associated with particular transactions are greater than anticipated, it could affect the profitability of those transactions.

Risks relating to the LLP

The LLP is only obliged to pay Guaranteed Amounts when such amounts are Due for Payment

Following service of an Issuer Acceleration Notice on the Issuer, a Notice to Pay will be served by the Bond Trustee on the LLP. Subsequent to a failure by the Issuer to make a payment in respect of one or more Series of Covered Bonds, the Bond Trustee may, but is not obliged to, serve an Issuer Acceleration Notice unless and until requested or directed by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding as if they were a single Series or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds in accordance with Condition 9(a) (Issuer Events of Default). Following service of a Notice to Pay on the LLP, under the terms of the Covered Bond Guarantee the LLP will be obliged to pay Guaranteed Amounts as and when such amounts are Due for Payment. In these circumstances, the LLP will not be obliged to pay any other amounts which become payable for any other reason.

A Notice to Pay will also be served by the Bond Trustee on the LLP following a breach of the Pre-Maturity Test, if certain actions are not taken within a specified period. However, service of a Notice to Pay under such circumstances will not oblige the LLP to make payment under the Covered Bond Guarantee until an Issuer Event of Default has occurred or an Issuer Acceleration Notice has been served.

Payments by the LLP will be made subject to any applicable withholding or deduction and the LLP will not be obliged to pay any additional amounts as a consequence. Prior to service on the LLP of an LLP Acceleration Notice, the LLP will not be obliged to make any payments in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds. In addition, the LLP will not be obliged at any time to make any payments in respect of additional amounts which may become payable by the Issuer under Condition 7 (Taxation).

Subject to any grace period, if the LLP fails to make a payment when Due for Payment under the Covered Bond Guarantee or any other LLP Event of Default occurs, then the Bond Trustee may accelerate the obligations of the LLP under the Covered Bond Guarantee by service of an LLP Acceleration Notice, whereupon the Bond Trustee will have a claim under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount of each Covered Bond, together with accrued interest and all other amounts then due under the Covered Bonds (other than additional amounts payable under Condition 7 (Taxation)), although in such circumstances the LLP will not be obliged to gross up in respect of any withholding which may be required in respect of any payment. Following service of an LLP Acceleration Notice and/or the commencement of winding-up proceedings against the LLP, the Security Trustee may enforce the Security over the Charged Property. The proceeds of enforcement and realisation of the Security shall be applied by the Security Trustee in accordance with the Post-Enforcement Priority of Payments in the Deed of Charge, and holders of the Covered Bonds will receive amounts from the LLP on an accelerated basis.

Any Excess Proceeds received by the Bond Trustee will not reduce or discharge any obligations of the LLP under the Covered Bond Guarantee

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may receive Excess Proceeds. The Excess Proceeds will be paid by the Bond Trustee on behalf of the holders of the Covered Bonds of the relevant Series to the LLP for its own account, as soon as practicable, and will be held by the LLP in the GIC Account and the Excess Proceeds will thereafter form part of the Security and will be used by the LLP in the same manner as all other moneys from time to time standing to the credit of the GIC Account. Any Excess Proceeds received by the Bond Trustee will discharge pro tanto the obligations of the Issuer in respect of the Covered Bonds, Receipts and Coupons (subject to restitution of the same if such Excess Proceeds shall be required to be repaid by the LLP) (please see further Condition 9(a) (Issuer Events of Default)). However, the obligations of the LLP
under the Covered Bond Guarantee are (following service of an LLP Acceleration Notice) unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the LLP in the manner as described above.

The LLP has finite resources available to it to make payments due under the Covered Bond Guarantee

Following service of a Notice to Pay on the LLP, the LLP's ability to meet its obligations under the Covered Bond Guarantee will depend on (i) the realisable value of Selected Mortgage Loans and their Related Security in the Mortgage Loan Portfolio, (ii) the ability to recover amounts owing from the Seller under the MRCLN and/or (as applicable) the extent to which the MRCLN has been cash-collateralised or otherwise supported at such time pursuant to the terms of the MRCLN Collateral Agreement, (iii) the amount of Revenue Receipts and Principal Receipts generated by the Mortgage Loan Portfolio and the MRCLN and the timing thereof, (iv) amounts received from the Swap Providers, (v) the realisable value of Substitution Assets held by it and (vi) the receipt by it of credit balances and interest on credit balances on the GIC Account. Recourse against the LLP under the Covered Bond Guarantee is limited to the aforementioned assets and the LLP will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If an LLP Event of Default occurs and the Security created by or pursuant to the Deed of Charge is enforced, the Charged Property may not be sufficient to meet the claims of all the Secured Creditors, including the holders of the Covered Bonds.

If, following enforcement of the Security constituted by or pursuant to the Deed of Charge, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, then they may still have an unsecured claim against the Issuer for the shortfall. There is no assurance that the Issuer will have sufficient funds to pay that shortfall.

To help mitigate the risk of a shortfall, the Asset Coverage Test requires that the Adjusted Aggregate Asset Amount is greater than the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding. However, there is no assurance that compliance with the Asset Coverage Test will be sufficient at all times to prevent a shortfall. In particular, the sale of further Mortgage Loans and Related Security by the Seller to the LLP may be required to avoid or remedy a breach of the Asset Coverage Test.

The LLP and the Seller (in its capacity as member) must ensure that, following the occurrence of an Issuer Event of Default, the Amortisation Test is met on each Calculation Date and a breach of the Amortisation Test will constitute an LLP Event of Default and will entitle the Bond Trustee to serve an LLP Acceleration Notice on the LLP. The Asset Coverage Test, the Amortisation Test and the Pre-Maturity Test have in the aggregate been structured with the intent to ensure that the Asset Pool is sufficient to pay amounts due on the Covered Bonds and senior expenses (which will include costs relating to the maintenance, administration and winding-up of the Asset Pool whilst the Covered Bonds are outstanding). However, no assurance can be given that the Asset Pool will in fact generate sufficient amounts for such purposes. (see "Summary of the Principal Documents – LLP Deed – Asset Coverage Test and Credit Structure – Asset Coverage Test", and "Summary of Principal Documents – LLP Deed – Asset Coverage Test and Credit Structure – Amortisation Test").

Reliance on methodology for test formulas

It should be noted that the Asset Coverage Test, the Amortisation Test, the Pre-Maturity Test, the Yield Shortfall Test and the Interest Rate Shortfall Test have been designed to mitigate certain economic and legal stresses in connection with the performance and valuation of the Portfolio, to ensure that the LLP is able to meet its ongoing requirements at all relevant times. In setting the values and criteria for such tests, modelling has been undertaken on the basis of certain assumptions in certain stress scenarios. However, no assurance can be given that the modelling and the assumptions utilised in such modelling have been able to incorporate or examine all possible scenarios that may occur in respect of the LLP and the Portfolio. As such, no assurance can be given that the methodology and modelling utilised
to set the relevant values and criteria within such tests will be sufficient in all scenarios to ensure that the LLP will be able to meet its obligations in full.

**The LLP is reliant on third parties for the performance of certain services to satisfy its obligations under the Covered Bond Guarantee**

The LLP has entered into agreements with a number of third parties that will agree to perform services for the LLP. In particular, but without limitation, the Administrator has been appointed to service Mortgage Accounts in the Portfolio sold to the LLP, the Cash Manager has been appointed to calculate and monitor compliance with the Asset Coverage Test and the Amortisation Test and to provide cash management services to the LLP, the Asset Monitor has been appointed to report on the accuracy of the Cash Manager's calculations and the GIC Account and the Transaction Accounts will be held with the Account Bank. In the event that any of those parties fails to perform its obligations under the relevant agreement to which it is a party, the realisable value of the Mortgage Accounts Portfolio or any part thereof or pending such realisation (if the Portfolio or any part thereof cannot be sold) the ability of the LLP to make payments under the Covered Bond Guarantee may be materially adversely affected. For instance, if the Administrator fails to adequately administer the Mortgage Account, this may lead to higher incidences of non-payment or default by Borrowers. The LLP will also be reliant on the Swap Providers to provide it with the funds matching its obligations under the Intercompany Loan Agreement and the Covered Bond Guarantee, as described below. In addition, it should be noted that any such event as described above may trigger, or increase the risk of, an LLP Event of Default.

If an Administrator Event of Default occurs pursuant to the terms of the Administration Agreement, then the LLP (with the consent of the Security Trustee) will be entitled to terminate the appointment of the Administrator and appoint a new Administrator in its place. There can be no assurance that a replacement administrator with sufficient experience of administering mortgages of residential properties would be found who would be willing and able to service:

(a) the Mortgage Loans in the Mortgage Loan Portfolio; or

(b) the Reference Mortgage Reserves (although it should also be noted that at all times any administrator will be able to delegate its role in servicing the Reference Mortgage Reserves to Barclays and if Barclays is at such time insolvent, such administrator will no longer have any duty to service the Reference Mortgage Reserves),

on the terms of the Administration Agreement or at all.

In addition, as described below, any replacement administrator will be required to be authorised under the FSMA. The ability of a replacement administrator to perform fully the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a replacement administrator may affect payments on the Mortgage Loans in the Mortgage Loan Portfolio or collections on the Reference Mortgage Reserves and/ or the ability of the LLP to make payments under the Covered Bond Guarantee (although it should be noted that the Seller's obligation to repay the MRCLN (as supported by the MRCLN Collateral) will not be affected or discharged by reason of a failure of the then administrator to service the Reference Mortgage Reserves in accordance with the required servicing standards). Please also see "Factors affecting the economic performance of the Portfolio and thus the LLP – Servicing of the Portfolio".

Pursuant to the Administration Agreement, if the Administrator ceases to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by Moody's of at least Baa3 or by S&P of at least BBB- or by Fitch of at least BBB- the LLP will use reasonable efforts to enter into an alternative administration agreement with a third party who has the required ratings within 60 days of such downgrade.

The Administrator has no obligation itself to advance payments that Borrowers fail to make in a timely fashion. Holders of the Covered Bonds will have no right to consent to or approve of any actions taken by the Administrator under the Administration Agreement.

Neither the Security Trustee nor the Bond Trustee is obliged in any circumstance to act as an Administrator or to monitor the performance by the Administrator of its obligations.
Counterparties to the Transaction Documents may be required to transfer their rights if they cease to satisfy applicable criteria

The parties to the Transaction Documents who receive and hold monies pursuant to the terms of such documents (such as the Account Bank) are required to satisfy certain criteria in order to continue to receive and hold such monies.

These criteria include requirements imposed by the FSA under the FSMA and requirements in relation to the short-term, unguaranteed and unsecured ratings ascribed to such party by S&P, Fitch and Moody's. If the party concerned ceases to satisfy the applicable criteria, including such ratings criteria, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the LLP) may be required to be transferred to another entity which does satisfy the applicable criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the Transaction Documents.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Covered Bondholders may not be required in relation to such amendments and/or waivers.

The LLP is reliant on swap providers in order to hedge certain interest rate, currency or other risks connected with the Covered Bond Guarantee

The Mortgage Loans pay a combination of rates of interest (which, for example are based on fixed rates, Barclays Base Rates, Barclays Standard Variable Rates, etc.) which means that the LLP will in turn receive a combination of different interest rates in relation to the Mortgage Loans.

In order to hedge certain interest rate, currency or other risks in respect of amounts received by the LLP under the Mortgage Loans, the MRCLN, the amounts standing to the credit of the GIC Account, any Substitution Assets and any other assets that the LLP may hold from time to time, and amounts payable by the LLP under the Intercompany Loan Agreement to the Issuer and/or amounts payable by the LLP under the Covered Bond Guarantee to Covered Bondholders in respect of the Covered Bonds in issue, the LLP has entered into certain swap transactions with a swap provider ("Swap Provider"), including a total return swap transaction and currency and/or interest rate swap transactions.

If the LLP fails to make timely payments of amounts due under any Swap Agreement, then it will have defaulted under that Swap Agreement and such Swap Agreement may be terminated. Further, a Swap Provider is only obliged to make payments to the LLP as long as and to the extent that the LLP complies with its payment obligations under the relevant Swap Agreement. If a Swap Agreement terminates or the relevant Swap Provider is not obliged to make payments or defaults in its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the LLP on the payment date under the Swap Agreements, the LLP will be exposed to changes in the relevant currency exchange rates to Sterling (where relevant) and to any changes in the relevant rates of interest. As a result, unless a replacement swap is entered into, the LLP may have insufficient funds to make payments under the Intercompany Loan Agreement or Covered Bond Guarantee.

If a Swap Agreement terminates, then the LLP may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the LLP will have sufficient funds available to make a termination payment under the relevant Swap Agreement, nor can there be any assurance that the LLP will be able to find a replacement swap counterparty which has both sufficiently high ratings as may be required by any of the Rating Agencies and which agrees to enter into a replacement swap agreement on similar commercial terms.

If the LLP is obliged to pay a termination payment under any Swap Agreement, any such termination payment will, prior to enforcement, rank senior to amounts due to the Issuer under the Intercompany Loan Agreement or amounts due to the Covered Bondholders on the Covered Bonds, or following enforcement will rank pari passu with (or, in relation to the TRS Provider, senior to) such amounts, except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate. The obligation to pay a termination payment may adversely affect the ability of the LLP to meet its obligations under the Covered Bond Guarantee.
Differences in timings of obligations of the LLP and the Covered Bond Swap Provider under the Covered Bond Swaps

With respect to the Covered Bond Swaps, the LLP will pay a monthly amount on each LLP Payment Date to the Covered Bond Swap Provider based on LIBOR for one month Sterling deposits. The Covered Bond Swap Provider will not be obliged to make corresponding swap payments to the LLP under a Covered Bond Swap until amounts are due and payable by the LLP under the Intercompany Loan Agreement (prior to the service of a Notice to Pay or LLP Acceleration Notice on the LLP) or are due for Payment under the Covered Bond Guarantee (after the service of a Notice to Pay or LLP Acceleration Notice on the LLP), which periods may be considerably longer than one month (e.g. annual). If the Covered Bond Swap Provider does not meet its payment obligations to the LLP under the relevant Covered Bond Swap and such Covered Bond Swap Provider does not make a termination payment that has become due from it to the LLP, the LLP may have a shortfall in funds with which to make payments under the Covered Bond Guarantee. Such shortfall may be significantly greater than the shortfall that would have arisen had the Covered Bond Swap Provider's payment obligations coincided with LLP's payment obligations under the Covered Bond Guarantee. Consequently, the difference in timing between the obligations of the LLP and the Covered Bond Swap Providers under the Covered Bond Swaps may affect the LLP's ability to make payments under the Covered Bond Guarantee with respect to the Covered Bonds.

Limited description of the Portfolio

Holders of the Covered Bonds will receive only limited statistics and other information in relation to the Mortgage Accounts in the Portfolio. This information will be set forth in the applicable Final Terms, and while it will be accurate as of the Cut Off Date (as defined in the relevant Final Terms), it will not reflect any subsequent changes to the Portfolio between the Cut Off Date and the Issue Date. It is expected that the constitution of the Portfolio will frequently change due to, for instance:

(a) the Seller selling additional Mortgage Loans and their Related Security (or New Loan Types and their Related Security) to the LLP with, as applicable, a corresponding Additional MRCLN Advance being made by the LLP to the Seller at such time in relation to any associated Reference Mortgage Reserve (and in any amount equal to the then Mortgage Reserve Account Balance on such Reference Mortgage Reserve);

(b) New Sellers acceding to the Transaction and selling Mortgage Loans and their Related Security to the LLP (or New Loan Types and their Related Security);

(c) payments by the Borrowers on those Mortgage Loans and/or associated Reference Mortgage Reserve; and

(d) the Seller repurchasing Mortgage Loans and their Related Security in accordance with the Mortgage Sale Agreement and applicable repayment of the MRCLN in an amount equal to the associated Reference Mortgage Reserves.

There is no assurance that the characteristics of the New Mortgage Accounts will be the same as, or similar to, those of the Mortgage Accounts in the Portfolio as at that Transfer Date or as further described in this Base Prospectus or the applicable Final Terms. Furthermore, although each Mortgage Loan will be required to meet, on the date of transfer to the LLP, the Eligibility Criteria and the Seller will be required to make the Representations and Warranties set out in the Mortgage Sale Agreement – see "Summary of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loans and Related Security" (although the Eligibility Criteria and Representations and Warranties may change in certain circumstances – see "The Bond Trustee and the Security Trustee may agree to modifications to the Transaction Documents without, respectively the holders of the Covered Bonds' or Secured Creditors' prior consent" below). In addition, the Asset Coverage Test is intended to ensure that the Adjusted Aggregate Asset Amount is an amount equal to or in excess of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding and the Cash Manager will provide monthly reports that will set out certain information in relation to the Asset Coverage Test and selected portfolio statistics.
Pursuant to the terms of the Mortgage Sale Agreement, the Seller agrees to use all reasonable efforts to transfer Mortgage Loans and their Related Security to the LLP in order to ensure that the Mortgage Loan Portfolio is in compliance with the Asset Coverage Test, after also taking into account any associated increase in the principal amount outstanding under the MRCLN due to further Reference Mortgage. Reserves also potentially becoming subject to the MRCLN, which will also have an associated impact on the compliance by the Issuer with the Asset Coverage Test. The consideration payable to the Seller for the sale of the Mortgage Loans and Related Security to the LLP will be a combination of (i) a cash payment paid by the LLP and/or (ii) the Seller being treated as having made a Capital Contribution to the LLP (in an amount up to the difference between the outstanding principal balance of the Mortgage Loans sold by the Seller to the LLP as at the relevant Transfer Date and the cash payment (if any) paid by the LLP for such Mortgage Loans) and (iii) Deferred Consideration. In addition, the LLP will grant Additional MRCLN Advances with such advances being made either by way of a cash advance by the LLP and/or the Seller being treated as having made a Capital Contribution to the LLP in an amount equal to the size of the increase in the MRCLN Principal Amount Outstanding as a result of such requirement to advance such further monies to the Seller pursuant to the terms of the MRCLN Note Purchase Facility Agreement and the actual cash payment, if any, made by the LLP to the Seller at such time in respect of such Additional MRCLN Advance.

Alternatively, Barclays (in its capacity as Member of the LLP) may make a Cash Capital Contribution to the LLP pursuant to the LLP Deed in order to ensure that the LLP is in compliance with the Asset Coverage Test. If a breach of the Asset Coverage Test occurs which is not cured by the next Calculation Date, an Issuer Event of Default will occur. There is no specific recourse by the LLP to the Seller in respect of the failure to sell Mortgage Loans and their Related Security to the LLP nor is there any specific recourse to Barclays if it does not make Cash Capital Contributions to the LLP.

Pursuant to the LLP Deed, the LLP and Barclays (in its capacity as a Member of the LLP) must ensure that on each Calculation Date following service of a Notice to Pay on the LLP but prior to the service of an LLP Acceleration Notice and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP, the Amortisation Test Aggregate Asset Amount is in an amount at least equal to the Sterling Equivalent of the aggregate of the Principal Amount Outstanding under the Covered Bonds. The Amortisation Test is intended to ensure that the assets of the LLP do not fall below a certain threshold to ensure that the assets of the LLP are sufficient to meet its obligations under the Covered Bond Guarantee and senior expenses that rank in priority to or pari passu with amounts due on the Covered Bonds.

If the aggregate collateral value of the Mortgage Loan Portfolio and the MRCLN (and any associated collateral required to be posted pursuant to the terms of the MRCLN Collateral Agreement) has not been maintained in accordance with the terms of the Asset Coverage Test or the Amortisation Test (or the MRCLN Collateral Agreement), then that may affect the realisable value of the Mortgage Loan Portfolio, the MRCLN or any part thereof (both before and after the occurrence of an LLP Event of Default) and/or the ability of the LLP to make payments under the Covered Bond Guarantee. However, failure to satisfy the Amortisation Test on any Calculation Date following an Issuer Event of Default will constitute an LLP Event of Default, thereby entitling the Bond Trustee to accelerate the Covered Bonds against the Issuer (to the extent not already accelerated against the Issuer) and also against the LLP and the LLP's obligations under the Covered Bond Guarantee against the LLP subject to and in accordance with the Conditions.

Prior to the occurrence of an Issuer Event of Default, the Asset Monitor will, subject to receipt of the relevant information from the Cash Manager, test the calculations performed by the Cash Manager in respect of the Asset Coverage Test once each year on the Calculation Date immediately prior to each anniversary of the First Issue Date and more frequently in certain circumstances. Following the occurrence of an Issuer Event of Default, the Asset Monitor will be required to test the calculations performed by the Cash Manager in respect of the Amortisation Test. See further "Summary of the Principal Documents – Asset Monitor Agreement".

The Security Trustee shall not be responsible for monitoring compliance with, nor the monitoring of, the Asset Coverage Test, the Pre-Maturity Test or the Amortisation Test or any other test, or supervising the performance by any other party of its obligations under any Transaction Document.
The LLP will be obliged to sell Selected Mortgage Loans and their Related Security following Service of a Notice to Pay

If a Notice to Pay is served on the LLP, then the LLP will be obliged to sell Selected Mortgage Loans (selected on a random basis) and their Related Security and the Reference Mortgage Reserves associated to the Selected Mortgage Loans will, on the next Determination Date, become Non-Reference Mortgage Reserves. Accordingly, the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, inter alia, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve. The proceeds of the sale of the Selected Mortgage Loans and their Related Security and the payments under the MRCLN will be used by the LLP in order to make payments to the LLP’s creditors, including payments under the Covered Bond Guarantee (see “Summary of the Principal Documents – LLP Deed – Sale of Selected Mortgage Loans and their Related Security following a Notice to Pay”).

There is no assurance that a buyer will be found to acquire Selected Mortgage Loans and their Related Security at the times required and there can be no assurance as to the price at which the Selected Mortgage Loans and their Related Security may be sold, which may have a material adverse affect on payments under the Covered Bond Guarantee. However, the Selected Mortgage Loans may not be sold by the LLP for less than an amount equal to the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds less the amount of collateral which has at such time been posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal Amount Outstanding that relates to the balance of the associated Reference Mortgage Reserves until six months prior to: (a) the Final Maturity Date in respect of such Covered Bonds or (b) (if the same is specified as applicable in the relevant Final Terms) the Extended Due for Payment Date under the Covered Bond Guarantee in respect of such Covered Bonds. In the six months prior to, as applicable, the Final Maturity Date or Extended Due for Payment Date, the LLP is obliged to sell the Selected Mortgage Loans for the best price reasonably available notwithstanding that such price may be less than the Adjusted Required Redemption Amount.

The LLP will be obliged to sell Selected Mortgage Loans and their Related Security if the Pre-Maturity Test is breached

If the Pre-Maturity Test is breached and certain actions are not taken within a specified time period, a Notice to Pay will be served on the LLP, and the LLP will be obliged to sell Selected Mortgage Loans and their Related Security in order to make funds available to make payments to its creditors including under the Covered Bond Guarantee in the event of the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice.

There is no assurance (i) that a suitable buyer will be found to acquire Selected Mortgage Loans and their Related Security, or (ii) that the Selected Mortgage Loans and their related Security may be refinanced, in each case, at the times required and there can be no assurance as to the price which may be received, which may have a material adverse effect on payments under the Covered Bond Guarantee.

A realisation of Charged Property will occur following an LLP Event of Default and/or following the commencement of winding-up proceedings against the LLP

If an LLP Event of Default occurs and an LLP Acceleration Notice is served on the LLP and/or winding-up proceedings are commenced against the LLP, then the Security Trustee will be entitled to enforce the Security created under and pursuant to the Deed of Charge and the proceeds from the realisation of the Charged Property will be applied by the Security Trustee towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments described in “Cashflows” below.

There is no assurance that the proceeds of realisation of the Charged Property will be in an amount sufficient to repay all amounts due to the Secured Creditors (including the holders of the Covered Bonds) under the Covered Bonds and the Transaction Documents.

If an LLP Acceleration Notice is served on the LLP then the Covered Bonds may be repaid sooner or later than expected or not at all.
The realisable value of the Portfolio or any part thereof or the ability of the LLP to make payments under the Covered Bond Guarantee may be reduced by a number of factors

The Asset Coverage Test and the Amortisation Test are intended to ensure that there will be an adequate amount of Mortgage Loans in the Portfolio and moneys standing to the credit of the GIC Account to enable the LLP to repay the Covered Bonds following an Issuer Event of Default, service of an Issuer Acceleration Notice on the Issuer and service of a Notice to Pay on the LLP. However, whilst it is expected that Selected Mortgage Loans and their Related Security could be realised for sufficient values to enable the LLP to meet its obligations under the Covered Bond Guarantee, there is no assurance that this will be the case and it should be noted that the realisable value of Selected Mortgage Loans and their Related Security comprised in the Mortgage Loan Portfolio may be reduced at any time by any of the following factors:

(a) representations or warranties not being given by the LLP or (unless otherwise agreed with the Seller) the Seller;
(b) default by Borrowers of amounts due on their Mortgage Accounts;
(c) the Mortgage Loans of New Sellers being included in the Mortgage Loan Portfolio;
(d) changes to the lending criteria of the Seller;
(e) the LLP not having legal title to the Mortgage Loans in the Mortgage Loan Portfolio;
(f) the inability to correctly ascertain the proper market value for a Mortgage Loan required to be sold by the LLP (or any receiver appointed to it) which is linked to an associated Mortgage Reserve, due to the aggregate predicted loan to value of the combined Mortgage Loan and Mortgage Reserve being, on an ongoing basis, uncertain due to the potential ability for the relevant Borrower to increase the aggregate level of debt secured against the relevant Mortgaged Property supporting such Mortgage Loan and Mortgage Reserve by way of such Borrower making withdrawals from the relevant Mortgage Reserve from time to time, including after the relevant Mortgage Loan has been sold to a third party, and the fact that any enforcement proceeds from the enforcement of the Related Security are intended to first be applied in discharging the relevant Borrower's obligations under its associated Reference Mortgage Reserve and thereafter in discharging the relevant Borrower's obligations under the associated Mortgage Loan;
(g) risks in relation to some types of Mortgage Loans which may adversely affect the value of Portfolio or any part thereof;
(h) limited recourse to the Seller;
(i) possible regulatory changes by the Office of Fair Trading, the Financial Services Authority and other regulatory authorities;
(j) regulations in the United Kingdom that could lead to some terms of the Mortgage Accounts being unenforceable; and
(k) other issues which impact on the enforceability of the Mortgage Accounts; and
(l) general macro-economic conditions and the state of the United Kingdom residential mortgage market.

If there is a deterioration in the realisable value of the Portfolio so that Selected Mortgage Loans and their Related Security cannot be realised for sufficient values to enable the LLP to meet its obligations under the Covered Bond Guarantee, the holders of the Covered Bonds may be adversely affected.

**Neither the LLP nor the Seller will give any representations or warranties if Selected Mortgage Loans and their Related Security are to be sold**

Following a breach of the Pre-Maturity Test and/or the occurrence of an Issuer Event of Default, service on the Issuer of an Issuer Acceleration Notice and service on the LLP of a Notice to Pay (but prior to the
service of an LLP Acceleration Notice and/or the commencement of winding-up proceedings against the LLP and/or realisation of the Security), the LLP will be obliged to sell Selected Mortgage Loans and their Related Security to third party purchasers, subject to a right of pre-emption enjoyed by the Seller pursuant to the terms of the Mortgage Sale Agreement (see “Summary of the Principal Documents – LLP Deed – Method of Sale of Selected Mortgage Loans and their Related Security”). In respect of any sale of Selected Mortgage Loans and their Related Security to third parties, however, the LLP will not be permitted to give representations, warranties or indemnities in respect of those Selected Mortgage Loans and their Related Security (unless expressly permitted to do so by the Security Trustee). There is no assurance that the Seller would give any warranties or representations in respect of the Selected Mortgage Loans and their Related Security. Any Representations or Warranties previously given by the Seller in respect of the Mortgage Loans in the Mortgage Loan Portfolio may not have value for a third party purchaser if the Seller is then insolvent. Accordingly, there is a risk that the realisable value of the Selected Mortgage Loans and their Related Security could be adversely affected by the lack of representations and warranties which in turn could materially adversely affect the ability of the LLP to meet its obligations under the Covered Bond Guarantee.

Factors affecting the economic performance of the Portfolio and thus the LLP

The guarantee granted by LLP in respect of the Covered Bonds, will, inter alia, consist of the LLP's interest in the Mortgage Loan Portfolio and its rights under the MRCLN. Since the economic value of the Mortgage Loan Portfolio and the MRCLN may increase or decrease, the value of the LLP's assets may decrease (for example if there is a general decline in property values). Neither the Issuer nor the Guarantor makes any representation, warrant or guarantee that the value of the Mortgage Loans, the associated Mortgaged Property and/or the associated Reference Mortgage Reserves and thus also the MRCLN, will remain at the same level as it was on the date of the origination of the related Mortgage Account or at any other time.

The following factors may, without limitation, affect the economic performance and value of the Portfolio and thus the ability of the LLP to perform its obligations:

(a) Borrowers may default on their obligations under their Mortgage Accounts

Borrowers may default on their obligations due under the Mortgage Accounts, whether through failure to pay amounts due under the Mortgage Loan and/or the associated Mortgage Reserve. Defaults by Borrowers may occur for a variety of financial and personal reasons, including loss or reduction of earnings, illness, divorce and other similar factors which may, individually or in combination, lead to an increase in delinquencies by and bankruptcies of Borrowers. In addition, any natural or other disasters including terrorist attacks and outbreaks of pandemic influenza may adversely affect the ability of a Borrower to make scheduled payments on the Borrower's Mortgage Account.

Certain national and international macro economic factors may also contribute to or hinder the economic health of a Borrower and thus the economic performance of the Portfolio, including changes in the national or international economic and financial climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, increasing utility costs and other day to day expenses, political developments and government policies. It should in particular be noted that:

(i) during the previous two years and despite periods of inflationary pressure, the United Kingdom has generally benefited from a historically low interest rate climate as the Bank of England attempted to limit the slowdown in economic activity in the UK. This interest rate climate has potentially allowed Borrowers to mitigate against reductions in salaries, loss of employment and other adverse economic conditions which may have been affecting them. No assurance can therefore be given that if interest rates were to rise, with the resulting effect that interest rates on the Mortgage Accounts were to rise, Borrowers would still be able to meet their payment obligations under their Mortgage Accounts and thus arrears and default levels on the Mortgage Accounts may increase. In this regard prospective Bondholders should note that it is widely expected that the Bank of England's base rate is likely to rise during the next few years to address macro inflation pressures currently present in the United Kingdom;
during the current adverse economic environment, personal income growth has stalled. In addition the amount which Borrowers have had to pay on account of income tax and other taxes has risen and is generally forecasted to continue to rise. Should these trends continue this may decrease the funds available to Borrowers to meet their ongoing payment obligations under their Mortgage Accounts and thus arrears and default levels on the Mortgage Accounts may increase significantly in comparison to those levels previously experienced by the Seller; and

from 1994 and until 2008 the UK economy enjoyed falling or stable levels of unemployment. However, since 2008, unemployment in the UK has risen as a result of the more adverse economic climate and unemployment levels in the UK are currently at a 15 year high. Should this trend continue or the level of unemployment be maintained at these higher levels this may also increase the difficulties that Borrowers have in meeting their ongoing payment obligations under their Mortgage Accounts and thus arrears and default levels on the Mortgage Accounts may increase further.

The outstanding principal balance of any Defaulted Mortgage Accounts in the Mortgage Loan Portfolio will be given a reduced weighting for the purposes of any calculation of the Asset Coverage Test and the Amortisation Test. Ultimately, if the timing and payment of the Mortgage Loans and the repayment of any associated Reference Mortgage Reserves (and thus also the MRCLN) is adversely affected by any of the risks described above, the ability of the LLP to meet its obligations and, inter alia, make payments under the Covered Bond Guarantee could be reduced or delayed.

Values of residential property may decline

If the residential property market in England, Wales, Northern Ireland and/or Scotland experiences a decline in property values, the value of the Mortgage Accounts could be significantly reduced thereby potentially resulting in: (a) the inability of Borrowers to sell the relevant property at an appropriate level, which could ultimately have an adverse impact on the ability of Borrowers to repay the Mortgage Accounts; (b) the inability to recover sufficient proceeds following the enforcement of the Mortgage for a Mortgage Account in default to repay in full the amounts outstanding under that Mortgage Account; (c) the Seller having to sell Mortgage Loans to the LLP in order to ensure compliance with the Asset Coverage Test; and/or (d) ultimately, losses to the Covered Bondholders if security is required to be enforced following an LLP Event of Default.

The value of residential property in the UK is dictated by a number of factors, which include the availability of mortgage financing and refinancing. It should be noted that from 1995 until the third quarter of 2007, the UK enjoyed stable or increasing residential property prices. However, since late 2007, UK residential property prices have been less stable with the annualised decline peaking at 17.7% in April 2009. House prices as of July 2011 are 4.8% above this April 2009 trough. In addition, as a result of the recent adverse economic conditions, many mortgage lenders have significantly tightened their lending criteria requirements and reduced the availability and/or relative affordability of mortgage products. This has resulted in borrowers finding it increasingly difficult to obtain mortgage financing and refinancing. In this respect, whilst total UK mortgage lending has remained at historically high levels (well above pre-2001 levels) as at the date of this Base Prospectus, new mortgage lending, new buyer enquiries and mortgage approvals are still near the lowest levels experienced in the last ten years.

Borrowers may not be able to repay amounts falling due at the end of the term of the Mortgage Account

Borrowers are only required to repay principal on an Interest Only Mortgage Loan at the end of the term of the Mortgage Account. There is also no obligation on a Borrower to repay any outstanding Mortgage Reserve Account Balance prior to the end of the term of the Mortgage Account. In addition, whilst interest is charged by the Seller on a Mortgage Reserve (thereby increasing the size of the outstanding Mortgage Reserve Account Balance) there is no obligation on a Borrower to pay any such interest on any scheduled date prior to the end of the term of the Mortgage Loan (provided that the Mortgage Reserve Account Balance remains below the then applicable Mortgage Reserve Credit Limit).
The ability of a Borrower to repay these amounts at the end of the term of the Mortgage Account depends on, *inter alia*: (i) such Borrower ensuring that sufficient funds will be available from an investment plan (for example, individual savings accounts, pension policies, personal equity plans or endowment policies); (ii) the financial standing of the Borrower; (iii) tax laws during the term of the Mortgage Loan and on its maturity; and (iv) general economic conditions at the time (as described above). There can be no assurance that there will be sufficient funds from any investment plan for a Borrower to repay the outstanding Mortgage Reserve Account Balance on the relevant Mortgage Reserve.

The LLP does not have the benefit of security over the investment plans of a Borrower. Consequently, in the case of a Borrower in poor financial condition any investment plan of the Borrower will be an asset available to meet the claims of other creditors too.

There can therefore be no assurance that Borrowers will have the funds required to repay the amounts described above at the end of the term of their Mortgage Account. If a Borrower cannot repay such amounts owed on the Mortgage Account at the end of its term, in the absence of the relevant Mortgage Account being liquidated for a sufficient amount, this may affect the ability of the LLP to make guarantee payments under the Covered Bond Guarantee.

### (d) Levels of arrears in the Portfolio

For each Series of Covered Bonds, selected information about the Mortgage Accounts in the Portfolio, the Issuer's experience in administering mortgage accounts in arrears for its overall portfolio of residential mortgage accounts, together with how this experience compares to the market in general by way of data available from the Council of Mortgage Lenders, as at on or about the time of the relevant issue of such Series of Covered Bonds, will be set out in the applicable Final Terms.

There can be no assurance that the arrears experience with respect to the Mortgage Accounts in the Portfolio will correspond to the experience of the Issuer's overall mortgage account portfolio or that of the residential mortgage market in general. Any stated statistics in the relevant Final Terms represent only the arrears experience for the years and interim period presented, whereas the arrears experience in relation to the Mortgage Accounts in the Portfolio will depend on results obtained over the life of the Mortgage Accounts in the Portfolio (which may vary from time to time as a result of sales, repurchases and redemptions) and in addition such statistics may include mortgage loans with a variety of payment type, product type and other characteristics that may not correspond to those of the Mortgage Accounts in the Portfolio.

Moreover, Covered Bondholders should further note that the UK has previously experienced a "boom and bust" economic effect in the residential property market. In the period from 1988 to 1990, housing prices rose substantially faster than inflation as housing turnover increased to record levels. At that time, the UK economy grew rapidly, which led to falling unemployment and relatively high rates of real income growth. These fed into higher demand for housing and house prices rose rapidly. Demand was further increased by changes in taxation legislation with regard to tax relief on mortgage payments in 1988. When monetary policy was tightened subsequently (in terms of both "locking in" Sterling to the European Exchange Rate Mechanism and higher interest rates), the pace of economic activity first slowed and then turned into recession. Rising unemployment combined with high interest rates led to a fall in housing demand and increased default rates and repossessions. The ability of borrowers to refinance was limited as house prices began to fall and many were in a position of negative equity (borrowings greater than the resale value of the property) in relation to their mortgage. This led to historically high levels of arrears and repossessions in the period from 1991 to 1995. There can be no assurance that the current economic environment will not lead to a similar boom and bust effect, with resulting high levels of arrears and repossessions at some point in the future. Any increase in the level of defaults and repossessions could have an adverse effect on the ability of the LLP to make payments under the Covered Bond Guarantee.

### (e) Change in characteristics of the Portfolio

The Lending Criteria and the representations and warranties set out in the Mortgage Sale Agreement may be revised and amended from time to time. If, as a result, any new Mortgage
Loans and any associated Reference Mortgage Reserves have been originated under revised Lending Criteria and the Mortgage Loans are then sold to the LLP in accordance with and pursuant to the terms of the Mortgage Sale Agreement and the associated Mortgage Reserves (if any) become Reference Mortgage Reserves and become linked to the MRCLN in accordance with and pursuant to the terms of the MRCLN Note Purchase Facility Agreement, the characteristics of the Portfolio could at such time change. If any such change in the characteristics of the Portfolio were to lead to a deterioration in the quality of the Portfolio, this could adversely affect the ability of the LLP to meet its obligations under the Covered Bond Guarantee.

(f) Servicing of the Mortgage Portfolio

Pursuant to the terms of the Administration Agreement, the Administrator is required to administer the Portfolio in accordance with its then Administration Procedures, which includes both the day to day servicing of performing Mortgage Accounts, the setting of interest rates on Mortgage Accounts and how the Administrator manages and handles Mortgage Accounts in arrears, default and repossession. In summary, the Administrator is required to administer the Portfolio in the same manner as the Administrator administers its own mortgage account portfolio and also as would a reasonable and prudent mortgage lender. Failure of the Administrator to perform its functions in accordance with the terms of the Administration Agreement may ultimately lead to the termination of the Administrator, but any such failure may also have had an impact on the ability of the LLP to collect in a full and/or timely manner revenue or principal receipts. In addition, any such failure of the Administrator to carry out its Administration Procedures in accordance with the standards and duty of care required under the Administration Agreement may have an adverse effect on the market value of the Mortgage Loans and the MRCLN and which may, ultimately, result in losses to the Covered Bondholders in the event of a sale of Selected Mortgage Loans or if the security granted by the LLP is required to be enforced under the Deed of Charge following an LLP Event of Default.

The Seller will initially retain legal title to the Mortgage Loans

The sale of the English Mortgage Loans and the Northern Irish Mortgage Loans and their Related Security to the LLP (until transfer of legal title) will take effect in equity only. The sale of the Scottish Mortgage Loans and their Related Security to the LLP will be given effect by Scottish Declarations of Trust by the Seller. In each case, this means that legal title to the Mortgage Loans and their Related Security will remain with the Seller until such time as certain additional steps have been taken including the giving of notices of the sale to the Borrowers. In addition, it may not be possible for there to be a legal assignment of the benefit of those Insurance Policies in relation to which the LLP has acquired only an equitable interest or interest as beneficiary under a Scottish Declaration of Trust.

In relation to Mortgages of registered land in England, Wales and Northern Ireland and any land in Scotland, until such time as transfers or, in respect of Scottish Mortgages, assignation of such mortgages in favour of the LLP have been completed and registered at HM Land Registry, the Land Registry of Northern Ireland and the Registers of Scotland (as applicable), the sale of the Mortgages to the LLP will take effect in equity or in relation to any Mortgages of land in Scotland the sale will be effected by means of grant of a declaration of trust, under which the LLP is the sole beneficiary. In the case of Mortgages of unregistered land in England, Wales and Northern Ireland, in order for legal title to pass to the LLP, conveyances of the relevant Mortgages would have to be completed in favour of the LLP.

In accordance with the terms of the Mortgage Sale Agreement, none of the Seller, the LLP or the Security Trustee will require notification of such sales to the Borrowers or the execution and completion of such transfers and conveyances in favour of the LLP or the registration of such transfers in order to effect the transfer of legal title to the Mortgage Loans and their Related Security (including, where appropriate, their registration), except in the limited circumstances described below.

The Seller will be required to perfect the transfer of legal title to the Mortgage Loans and their Related Security to the LLP and to notify the Borrowers of the sale of the Mortgage Loans within 20 Business Days of receipt of written notice from the LLP and/or the Security Trustee, requesting that the Seller take such actions. Each of the LLP and the Security Trustee has undertaken that it will not make such a request unless, inter alia, any of the following events occur:

- [ ]
(a) the occurrence of an Issuer Event of Default and service on the Issuer of an Issuer Acceleration Notice and the service on the LLP of a Notice to Pay;

(b) the Seller and/or the LLP being required to perfect the transfer of legal title to the Mortgage Loans by an order of a court of competent jurisdiction or by a regulatory authority or organisation whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the Seller to comply, to perfect legal title to the Mortgage Loans;

(c) the occurrence of an Insolvency Event in relation to the Seller; or

(d) the Seller requesting a transfer by way of assignment or assignation (as appropriate) by giving written notice to the LLP and the Security Trustee.

If the Seller ceases to have a long term unsecured, unsubordinated and unguaranteed credit rating by S&P of at least BBB-, by Fitch of at least BBB- and by Moody's of at least Baa3 (unless each of the Rating Agencies confirm in writing that the then current ratings of any existing series of Covered Bonds will not be adversely affected), the Seller will be obliged to take steps to perfect the transfer of legal title in and to the Mortgage Loans and their Related Security to the LLP.

Once notice has been given to the Borrowers of the assignment of the Mortgage Loans and their Related Security to the LLP, independent set-off rights which a Borrower has against the Seller (such as, for example, set-off rights associated with Borrowers holding deposits with the Seller) will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under transaction set-off (which are set-off claims arising out of a transaction connected with the Loan) will not be affected by that notice and will continue to exist. In relation to potential transaction set-off in respect of the Mortgage Loans, see below.

It should be noted however, that the Asset Coverage Test seeks to take account of the potential set-off risk associated with Borrowers holding deposits with the Seller (although there is no assurance that all such risks will be accounted for). Further, for so long as the LLP does not have legal title, the Seller will undertake for the benefit of the LLP and the Secured Creditors that it will lend its name to, and take such other steps as may be reasonably required by the LLP and/or the Security Trustee in relation to, any legal proceedings in respect of the Mortgage Loans and their Related Security.

### The Related Security is also security under the Reference Mortgage Reserves

The Related Security that is assigned to the LLP pursuant to the Mortgage Sale Agreement is also security over amounts owing to the Seller under the associated Reference Mortgage Reserves. The LLP shall hold the Related Security, to the extent the Related Security secures amounts owing to the Seller under the associated Reference Mortgage Reserves, on trust for the Seller. Given that the LLP shall not be able to directly apply such security enforcement proceeds to the amounts owing under the associated Mortgage Reserves (as such amounts are owed by the related Borrower directly to the Seller), in the event the LLP exercises its rights to enforce the Related Security, the Administrator on behalf of the LLP will distribute such enforcement proceeds when received to the Seller for the Seller to apply in reducing the Mortgage Reserve Account Balance of the associated Reference Mortgage Reserves. To the extent that the Seller fails to recover the full amount outstanding on a Mortgage Reserve Account, such shortfall will lead to a Mortgage Reserve Principal Loss Reduction.

Pursuant to the terms of the Mortgage Sale Agreement and the MRCLN Note Purchase Facility Agreement, any proceeds recovered from the enforcement of any Related Security of a Mortgage Account are intended to be applied first in discharging the relevant Borrower's obligations under its associated Reference Mortgage Reserve and thereafter in discharging the relevant Borrower's obligations under the associated Mortgage Loan.

It should be noted that the Seller's obligations to the LLP under the MRCLN and the MRCLN Note Purchase Facility Agreement are unsecured debt obligations of the Seller although, pursuant to the terms of the MRCLN Note Purchase Facility Agreement, if the long-term, unsecured, unsubordinated and unguaranteed debt obligations of the Seller cease to have a rating of at least BBB- by S&P, BBB- by Fitch and/or Baa3 by Moody's (or such other ratings as each of the Rating Agencies confirms in writing) the Seller will be required to provide collateral on an ongoing basis in accordance with the terms of the
MRCLN Collateral Agreement (see “Summary of the Principal Documents – the MRCLN Collateral Agreement” below).

Prospective Covered Bondholders should also note that the LLP will have no direct contractual right to require any repayment by the Borrower of any debt outstanding on any Reference Mortgage Reserve as the Seller's rights (and obligations) under a Reference Mortgage Reserve are not at any time transferred to the LLP and are therefore at all times owed to the Seller.

**The Lending Criteria applicable to any New Mortgage Loan at the time of its origination may not be the same as those set out in this Base Prospectus**

Pursuant to the terms of the Mortgage Sale Agreement, the Seller has represented that each of the Mortgage Accounts was originated in accordance with the Seller's Lending Criteria applicable at the time of origination. The Seller's Lending Criteria consider a variety of factors such as a potential borrower's credit history, employment status and repayment ability, as well as the value of the Property to be mortgaged. In the event of the sale of any New Mortgage Loans and their Related Security to the LLP, representations and warranties will at such time be given to the LLP and the Security Trustee that those New Mortgage Loans (and any associated Reference Mortgage Reserves) and their Related Security were originated in accordance with the Seller's Lending Criteria then applicable at the time of the origination of such new Mortgage Loans. Whilst any New Mortgage Loans and their Related Security will have to comply with the representations and warranties set out in the Mortgage Sale Agreement, the Seller retains the right to revise its Lending Criteria as determined from time to time in its absolute discretion and the Lending Criteria applicable to any new Mortgage Loan at the time of its origination may not be the same as those in force as at the date of this Base Prospectus and such differences may be material.

**Investors will have limited recourse to the Seller and the Issuer in respect of a breach of a Representation or Warranty**

The LLP, the Bond Trustee and the Security Trustee will not undertake any investigations, searches or other actions on any Mortgage Loan or its Related Security and will rely instead on the Representations and Warranties given in the Mortgage Sale Agreement by the Seller in respect of the Mortgage Loans sold by them to the LLP.

In the event of a material breach of any of the Representations and Warranties made by the Seller as at the Transfer Date of any Mortgage Loan which could have a material adverse effect on that Mortgage Loan or its Related Security, then the Seller will be required to remedy the breach within 28 Business Days of the Seller becoming aware of the breach or of receipt by it of a notice from the LLP requiring the Seller to remedy the breach.

If the Seller fails to remedy the breach of a Representation and Warranty within 28 Business Days, then the Seller will be required (but only prior to the occurrence of an Issuer Event of Default) to repurchase on or before the next following LLP Payment Date (or such other date that may be agreed between the LLP and the Seller) the relevant Mortgage Loan and its Related Security and any other Mortgage Loans of the relevant Borrower that are included in the Mortgage Loan Portfolio, at their outstanding principal balance as of the date of repurchase or, if applicable, the previous Determination Date, and the Seller will be required to repay the MRCLN in an amount equal to the Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay any interest on the MRCLN equal to, inter alia, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve as of such previous Determination Date in accordance with the terms of the Mortgage Sale Agreement.

There can be no assurance that the Seller, in the future, will have the financial resources to repurchase a Mortgage Loan or Mortgage Loans and its or their Related Security. However, if the Seller does not repurchase those Mortgage Loans and their Related Security following breach of the Representations and Warranties as described above then the outstanding principal balance of those Mortgage Loans will be excluded from the calculation of the Asset Coverage Test and the MRCLN Principal Amount Outstanding will be adjusted accordingly. There is no further recourse to the Seller or the Issuer in respect of a breach of a Representation or Warranty.
**Fixed charges may take effect under English law as floating charges**

Pursuant to the terms of the Deed of Charge, the LLP has purported to grant fixed charges over, amongst other things, its interests in the English Mortgage Loans and their Related Security, the Substitution Assets, the MRCLN and its rights and benefits in the LLP Accounts and all Authorised Investments purchased from time to time.

The law in England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the LLP may take effect under English law as floating charges only, if, for example, it is determined that the Security Trustee does not exert sufficient control over the Charged Property for the security to be said to constitute fixed charges. If the charges take effect as floating charges instead of fixed charges, then, ordinarily as a matter of law, certain claims would have priority over the claims of the Security Trustee in respect of the floating charge assets.

This distinction is of less importance if the RCB Regulations apply because their effect is to prioritise the claims of regulated covered bondholders, other specified parties and certain expenses of the relevant insolvency officeholder regardless of whether the security is fixed or floating in nature. Such prioritised claims and expenses will not however include preferential debts or a “prescribed part” of realisations for unsecured creditors because the duty of the relevant insolvency officeholder to make such payments is disapplyed by the RCB Regulations (as described in more detail below under "Insolvency Act 2000").

**Liquidation expenses will be payable out of floating charge assets in priority to the claims of a floating charge holder**

Costs and expenses of any liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of a floating charge holder. This change has been brought about by Section 1282 of the Companies Act 2006 which reverses the decision of the House of Lords in the case of Leyland Daf [2004] UKHL 9. For those liquidation expenses that are categorised as litigation expenses, approval from those creditors who have a claim in the property comprised in or subject to a floating charge will be required or alternatively, in some cases, approval will be required from the court. Floating charge realisations upon the enforcement of the floating charge security granted by the LLP would be reduced by the amount of any liquidation expenses.

**Risks Relating to the Covered Bonds**

**Issuer liable to make payments when due on the Covered Bonds**

The Issuer is liable to make payments when due on the Covered Bonds. The obligations of the Issuer under the Covered Bonds are direct, unsecured, unconditional and unsubordinated obligations, ranking pari passu without any preference amongst themselves and (subject to applicable law and any applicable statutory provisions) equally with all other present and future direct, unsecured, unconditional and unsubordinated obligations (save for any obligations to be preferred by law).

The LLP has no obligation to pay the Guaranteed Amounts payable under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default, service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and on the LLP of a Notice to Pay or, if earlier, following the occurrence of an LLP Event of Default, service by the Bond Trustee of an LLP Acceleration Notice. The occurrence of an Issuer Event of Default does not constitute an LLP Event of Default. However, failure by the LLP to pay amounts when Due for Payment under the Covered Bond Guarantee would constitute an LLP Event of Default which would entitle the Bond Trustee to accelerate the obligations of the Issuer under the Covered Bonds (if they have not already become due and payable) and the obligations of the LLP under the Covered Bond Guarantee and the Security Trustee to enforce the Security. There can be no assurance that the proceeds of the enforcement of the Security will be sufficient to pay in full the Guaranteed Amounts payable under the Covered Bond Guarantee.

**Issuer's ability to make payments due on the Covered Bonds may be affected by soundness of other Financial Institutions**

The Issuer is exposed to many different industries and counterparties in the normal course of its business, but its exposure to counterparties in the financial services industry is particularly significant. This exposure can arise through trading, lending, deposit-taking, clearance and settlement and many other activities and relationships. These counterparties include brokers and dealers, commercial banks,
investment banks, mutual and hedge funds, and other institutional clients. Many of these relationships expose the Issuer to credit risk in the event of default of a counterparty or client. In addition, the Issuer’s credit risk may be exacerbated when the collateral it holds cannot be realised or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure it is due. Many of the hedging and other risk management strategies utilised by the Issuer also involve transactions with financial services counterparties. The weakness of these counterparties may impair the effectiveness of the Issuer’s hedging and other risk management strategies and may ultimately affect the Issuer’s ability to make payments on the Covered Bonds.

The global financial crisis and economic downturn could continue to adversely affect the global market for the Covered Bonds

The global financial system has been experiencing difficulties since approximately mid-2007 and financial markets deteriorated dramatically since the bankruptcy filing of Lehman Brothers Holdings Inc. and certain of its affiliates in September 2008. Despite measures taken by the United Kingdom and United States governments and the European Central Bank and other central banks to stabilise the financial markets, volatility and disruption in the capital and credit markets has continued. Together with the significant declines in the property markets in the United Kingdom, the United States, Spain and other countries, these events over the past three years have contributed to significant write-downs of asset values by financial institutions, including government-sponsored entities and major retail, commercial and investment banks. These write-downs have caused many financial institutions to seek additional capital, to merge with larger and stronger institutions, to be nationalised and, in some cases, to fail. Reflecting concern about the stability of the financial markets generally and the strength of counterparties, many lenders and institutional investors have substantially reduced and, in some cases, stopped their funding to borrowers, including other financial institutions.

While the capital and credit markets have been experiencing difficulties for some time, the volatility and disruption reached unprecedented levels in the final months of 2008 and economic activity started to contract in many of the economies in which the Issuer operates. These conditions produced downward pressure on stock prices and credit capacity for certain issuers and there can be no assurance that the lack of credit and lack of confidence in the financial sector, increased volatility in the financial markets and reduced business activity will not continue to materially and adversely affect the Issuer’s business, financial condition and results of operations.

Potential investors in Covered Bonds should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby the secondary market for instruments similar to the Covered Bonds has been experiencing disruptions resulting from reduced investor demand for such instruments and as a result of which there exist significant additional risks to the Issuer and the investors which may have a material effect on the returns on the Covered Bonds to potential investors.

In addition, the primary market for a number of financial products including instruments similar to the Covered Bonds has also been experiencing disruptions as a result of the liquidity crisis. While it is possible that the current liquidity crisis may soon alleviate for certain sectors of the global credit markets, there can be no assurance that the market for securities similar to the Covered Bonds will recover at the same time or to the same degree as such other recovering global credit market sectors.

A secondary market or the Covered Bonds may not continue or develop further

No assurance is provided that there is an active and liquid secondary market for the Covered Bonds, and there can be no assurance that a secondary market for the Covered Bonds will continue or develop further. The Covered Bonds have not been, and will not be, registered under the Securities Act or any other applicable securities laws and are subject to certain restrictions on the resale and other transfer thereof as set forth under “Subscription and Sale and Transfer and Selling Restrictions”. To the extent that a secondary market exists or develops further, it may not continue for the life of the Covered Bonds or it may not provide holders of the Covered Bonds with liquidity of investment with the result that a holder of the Covered Bonds may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the holder of the Covered Bonds to realise a desired yield.
The Covered Bonds are obligations of the Issuer and the LLP only

The Covered Bonds will not represent an obligation or be the responsibility of any of the Dealers, the Arranger, the Bond Trustee, the Security Trustee or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators. The Issuer and the LLP will be liable solely in their corporate capacity for their obligations in respect of the Covered Bonds and such obligations will not be the obligations of their respective officers, members, directors, employees, security holders or incorporators.

Limitations on further issuances of Covered Bonds issued under the Programme

Save in respect of the first issue of Covered Bonds, Covered Bonds issued under the Programme will either be fungible with an existing Series of Covered Bonds (in which case they will form part of such Series) or have different terms to an existing Series of Covered Bonds (in which case they will constitute a new Series).

All Covered Bonds issued from time to time will rank pari passu with each other in all respects and will share in the security granted by the LLP under the Deed of Charge. If an Issuer Event of Default occurs in respect of a particular Series of Covered Bonds, then, following the service of an Issuer Acceleration Notice the Covered Bonds of all Series outstanding will accelerate at the same time against the Issuer but will be subject to, and have the benefit of, payments made by the LLP under the Covered Bond Guarantee (following service of a Notice to Pay). Payments by the LLP under the Covered Bond Guarantee in relation to such Covered Bonds will continue to be required to be made on their Original Due for Payment Date. If an LLP Event of Default occurs, following service of an LLP Acceleration Notice, the Covered Bonds of all Series outstanding will accelerate against the Issuer (if not already accelerated following an Issuer Event of Default) and the obligations of the LLP under the Covered Bond Guarantee will also accelerate against the LLP.

In order to ensure that any further issue of Covered Bonds under the Programme does not adversely affect existing holders of the Covered Bonds:

(a) the Issuer will be obliged to apply the proceeds of any issue of Covered Bonds to make a Term Advance to the LLP. The LLP will use the proceeds of such Term Advance (after swapping such proceeds into Sterling pursuant to the Swap Agreements if necessary) (i) to purchase the Initial Portfolio and each New Mortgage Loan Portfolio, consisting of Mortgage Loans and their Related Security, from the Seller in accordance with the terms of the Mortgage Sale Agreement; and/or (ii) to subscribe for and purchase the MRCLN from the Seller in accordance with the MRCLN Note Purchase Facility Agreement; and/or (iii) to invest in Substitution Assets in an amount not exceeding the prescribed limit to the extent required to meet the requirements of Regulations 17(2)(b) and 24(1)(a)(ii) of the RCB Regulations and the Asset Coverage Test; and/or (iv) to grant an Additional MRCLN Advance in accordance with the terms of the MRCLN Note Purchase Facility Agreement; and thereafter the LLP may use such proceeds (a) (subject to complying with the Asset Coverage Test (as described below)) to make a Capital Distribution to a Member; and/or (b) if an existing Series or Tranche, or part of an existing Series or Tranche, of Covered Bonds is being refinanced (by the issue of a further Series or Tranche of Covered Bonds), to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced; and/or (c) to make a deposit of all or part of the proceeds in the GIC Account (including, without limitation, to fund the Reserve Fund to an amount not exceeding the prescribed limit) and the Seller will, subject to the satisfaction of certain conditions (including the Eligibility Criteria) be permitted to (a) assign and substitute further Mortgage Loans and (b) assign non-mortgage assets to the LLP from time to time; and

(b) the Asset Coverage Test will be required to be met both before and immediately after any further issue of Covered Bonds; and

(c) on or prior to the date of issue of any further Covered Bonds, the Issuer will be obliged to obtain written confirmation from the Rating Agencies that such further issue would not adversely affect the then current ratings of the existing Covered Bonds.

Notwithstanding (a) to (c) above, there can be no assurance that any further issuances will not adversely affect existing holders of the Covered Bonds.
Security Trustee's powers may affect the interests of the holders of the Covered Bonds

In the exercise of its powers, trusts, authorities and discretions the Security Trustee shall only have regard to the interests of the holders of the Covered Bonds. In the exercise of its powers, trusts, authorities and discretions, the Security Trustee may not act on behalf of the Seller.

If, in connection with the exercise of its powers, trusts, authorities or discretions, the Security Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Security Trustee shall not exercise such power, trust, authority or discretion without the approval of such holders of the Covered Bonds by Extraordinary Resolution or by a direction in writing of such holders of the Covered Bonds of at least 25 per cent. of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The Covered Bonds may not be a suitable investment for all investors

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Covered Bonds

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

(i) The Covered Bonds are subject to optional redemption by the Issuer

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to
reinvest the redemption proceeds at an effective interest rate which is as high as the interest rate
on the Covered Bonds being redeemed and may only be able to do so at a significantly lower
rate. Potential investors should consider reinvestment risk in light of other investments available
at that time.

(ii) There are additional risks relating to Index linked Covered Bonds and Dual Currency Covered
Bonds

The Issuer may issue Covered Bonds with principal or interest determined by reference to an
index or formula, to changes in the prices of securities or commodities, to movements in
currency exchange rates or other factors (each, a "Relevant Factor"). In addition, the Issuer may
issue Covered Bonds with principal or interest payable in one or more currencies which may be
different from the currency in which the Covered Bonds are denominated. Potential investors
should be aware that:

(a) the market price of such Covered Bonds may be volatile;
(b) they may receive no interest;
(c) payment of principal or interest may occur at a different time or in a different currency
from that expected;
(d) they may lose all or a substantial portion of their principal;
(e) a Relevant Factor may be subject to significant fluctuations that may not correlate with
changes in interest rates, currencies or other indices;
(f) if a Relevant Factor is applied to Covered Bonds in conjunction with a multiplier greater
than one or contains some other leverage factor, the effect of changes in the Relevant
Factor on payments of principal or interest may, or is likely to be magnified; and
(g) the timing of changes in a Relevant Factor may affect the actual yield to investors, even
if the average level is consistent with their expectations. In general, the earlier the
change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future
performance of such index during the term of any index linked Covered Bonds. Accordingly, an
investor should consult its own financial, tax and legal advisers about the risk entailed by an
investment in any index linked Covered Bonds and the suitability of such Covered Bonds in light
of their particular circumstances.

(iii) Investors may lose their investment in Partly-paid Covered Bonds

The Issuer may issue Covered Bonds where the issue price is payable in more than one
instalment. Failure to pay any subsequent instalment could result in an investor losing all of his
investment.

(iv) Variable rate Covered Bonds with a multiplier or other leverage factor can be volatile
investments

Covered Bonds with variable interest rates can be volatile investments. If they are structured to
include multipliers or other leverage factors, or caps or floors, or any combination of those
features or other similar related features, their market values may be even more volatile than
those for securities that do not include those features.

(v) The market value of Inverse floating rate Covered Bonds may be more volatile than other
conventional floating rate debt securities

Inverse floating rate Covered Bonds have an interest rate equal to a fixed rate minus a rate based
upon a reference rate such as LIBOR. The market values of those Covered Bonds typically are
more volatile than market values of other conventional floating rate debt securities based on the
same reference rate (and with otherwise comparable terms). Inverse floating rate Covered Bonds
are more volatile because an increase in the reference rate not only decreases the interest rate of the Covered Bonds, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Covered Bonds.

(vi) **If the Issuer converts the Covered Bond between a fixed and floating rate, such conversion could affect the market value and secondary market of the Covered Bond**

Fixed/floating rate Covered Bonds may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the fixed/floating rate Covered Bonds may be less favourable than then prevailing spreads on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Covered Bonds.

(vii) **Covered Bonds issued at a substantial discount or premium are subject to greater price volatility**

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

(viii) **Obligations under the Covered Bond Guarantee may be extended beyond the Final Maturity Date of the Covered Bonds**

Following the failure by the Issuer to pay the Final Redemption Amount of a Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and if, following the service of a Notice to Pay on the LLP (by no later than the date which falls one Business Day prior to the Extension Determination Date), payment of the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series of the Covered Bonds are not paid in full, then the payment of such Guaranteed Amounts may be automatically deferred. This will occur (subject to no LLP Event of Default having occurred) if the Final Terms for a relevant Series of Covered Bonds (the “relevant Series of Covered Bonds”) provides that such Covered Bonds are subject to an Extended Due for Payment Date.

To the extent that the LLP has received a Notice to Pay in sufficient time and has sufficient moneys available to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of the relevant Series of Covered Bonds, the LLP shall make such partial payment in accordance with the Guarantee Priority of Payments and as described in Condition 6(a) (Final Redemption) on any Interest Payment Date up to and including the relevant Extended Due for Payment Date subject to moneys being available after having taken into account prior ranking items in the Guarantee Priority of Payments. Payment of the unpaid amount shall be deferred automatically until the applicable Extended Due for Payment Date (where the relevant Series of Covered Bonds are subject to an Extended Due for Payment Date). The Extended Due for Payment Date will fall one year after the Final Maturity Date, interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 4 (Interest) and the LLP will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date. In these circumstances, except where the LLP has failed to apply money in accordance with the Guarantee Priority of Payments, failure by the LLP to make payment in respect of the Final Redemption Amount on the Final Maturity Date (or such later date within any applicable grace period) shall not constitute an LLP Event of Default. However, failure by the LLP to pay Guaranteed Amounts corresponding to the Final Redemption Amount or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay Guaranteed Amounts constituting Scheduled Interest on any Original Due for Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be an LLP Event of Default. This may result in a delay of payments of principal on the relevant Covered Bonds.
Risks relating to the ratings of the Covered Bonds

The ratings assigned to the Covered Bonds to be issued under the Programme by Fitch address the probability of default and the loss given default of the Covered Bonds, the ratings assigned to the Covered Bonds by Moody's address the expected loss posed to potential investors and the ratings assigned to the Covered Bonds by S&P express a relative ranking of creditworthiness.

The expected ratings of the Covered Bonds will be set out in the relevant Final Terms for each Series of Covered Bonds. In addition, the Final Terms will specify which Rating Agencies are giving a credit rating to the relevant Series of Covered Bonds. A relevant Series of Covered Bonds may be rated by one or more Rating Agencies as set out therein. However Covered Bondholders should be aware that any issuance of Covered Bonds will, subject to the comments made below be subject to written confirmation from the Rating Agencies that such issuance will not adversely affect the then current ratings of the existing Covered Bonds. Any Rating Agency may lower its rating or withdraw its rating if, in the sole judgment of the Rating Agency, the credit quality of the Covered Bonds has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn, the market value of the Covered Bonds may be reduced.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. A rating may not reflect the potential impact of all of the risks related to the structure, market, additional factors discussed above and other factors that may affect the value of the Covered Bonds.

In general European regulated investors are restricted under Regulation (EC) No. 1060/2009 (the "CRA Regulation") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Changes to rating methodology and rating criteria may adversely affect the then current ratings of the Covered Bonds

At any time any Rating Agency may revise its relevant rating methodology or revise its current ratings criteria with the result that, among other things, any rating assigned to the Covered Bonds may be lowered and/or in order to comply with any such revised criteria or rating methodology, amendments may need to be made to the Transaction Documents. Any amendments to the Transaction Documents to comply with a Rating Agency's revised rating methodology or ratings criteria would either have to be agreed by: (a) the Bond Trustee exercising its discretion in accordance with the terms of the Trust Deed and the Security Trustee exercising its discretion in accordance with the terms of the Deed of Charge (see "The Bond Trustee and the Security Trustee may agree to modifications to the Transaction Documents without, respectively the holders of the Covered Bonds' or Secured Creditors' prior consent" below); or (b) an Extraordinary Resolution of the Covered Bondholders of all Series of outstanding Covered Bonds. In this regard, Covered Bondholders should note the provisions of Condition 14 (Meetings of holders of the Covered Bonds, Modification, Waiver and Substitution).

Covered Bondholders should also note that S&P proposed changes to its methodology and assumptions for counterparty and supporting obligations risk (collectively, counterparty risk) on 2 December 2010. Subsequently, in a statement published on 13 January 2011 entitled "Counterparty and Supporting Obligations Methodology and Assumptions", S&P postponed the effective date for the application of the criteria for covered bonds, and announced that it is undertaking a review of the application of its updated criteria for counterparties to covered bonds. On 23 March 2011 S&P published revised proposals for comments by market participants entitled "Request For Comment: Covered Bonds Counterparty And Supporting Obligations Methodology And Assumptions", with a deadline for comments by market participants which expired on 4 May 2011. Following the expiry of this deadline, S&P are considering various options for final implementation and are expecting to publish revised criteria and announce the date on which such revised criteria comes into effect. No assurance can be given at this stage that the
finalised revised counterparty criteria for covered bonds will not require amendments to the Transaction Documents and/or adversely affect the then current ratings of the Covered Bonds.

For the avoidance of doubt, neither the Issuer nor the LLP (nor the Cash Manager) will be obliged, following a change in rating methodology by any Rating Agency, to, inter alia, select a reduced Asset Percentage or to amend any of the Transaction Documents to maintain the then ratings of the Covered Bonds.

The Bond Trustee and the Security Trustee may agree to modifications to the Transaction Documents without, respectively, the holders of the Covered Bonds or other Secured Creditors' prior consent

Pursuant to the terms of the Trust Deed and the Deed of Charge, the Bond Trustee and the Security Trustee may, without the consent or sanction of any of the holders of the Covered Bonds or any of the other Secured Creditors, concur with any person in making or sanctioning any modifications to the Transaction Documents:

(a) if (i) the Bond Trustee is of the opinion that such modification, waiver or authorisation will not be materially prejudicial to the interests of the Covered Bondholders, and (ii) the Security Trustee is of the opinion that such modification, waiver or authorisation will not be materially prejudicial to the interests of the Covered Bondholders; or

(b) which in the opinion of the Bond Trustee and the Security Trustee (i) is made to correct a manifest error (or an error established as such to the satisfaction of the Bond Trustee and the Security Trustee) or (ii) is of a formal, minor or technical nature or is made to comply with mandatory provisions of law.

The Bond Trustee may only agree to any such modification, waiver or authorisation, if the Issuer sends written confirmation to the Bond Trustee:

(i) that such modification, waiver or authorisation, as applicable, would not result in a breach of the RCB Regulations and/or the Issuer, the Programme ceasing to be registered under the RCB Regulations; and

(ii) that either: (a) such modification, waiver or authorisation would not require the FSA to be notified in accordance with Regulation 20 of the RCB Regulations; or (b) if such modification, waiver or authorisation would require the FSA to be notified in accordance with Regulation 20 of the RCB Regulations, the Issuer has provided all information required to be provided to the FSA and the FSA has given its consent to such proposed modification, waiver, authorisation or determination.

Certain decisions of holders of the Covered Bonds must be taken at Programme level

Any Extraordinary Resolution (meaning (a) a resolution passed at a meeting of the Covered Bondholders by a majority consisting of not less than seventy five per cent. of the persons voting thereat or (b) a resolution in writing of Covered Bondholders holding not less than seventy five per cent. of the Principal Amount Outstanding of the Covered Bonds) to direct the Bond Trustee to serve an Issuer Acceleration Notice or a Notice to Pay following an Issuer Event of Default, to direct the Bond Trustee to serve an LLP Acceleration Notice following an LLP Event of Default and any direction to the Bond Trustee or Security Trustee to take any enforcement action must be passed at a single meeting of the holders of all Covered Bonds of all Series then outstanding and therefore the holders of a single Series of Covered Bonds may not be able to give any directions to the Bond Trustee or the Security Trustee without the agreement of the holders of other outstanding Series of Covered Bonds.

The Issuer can be a holder of Covered Bonds

It should be noted that the Issuer is not prohibited from, and may in accordance with, applicable laws and regulations, purchase Covered Bonds from time to time and such Covered Bonds will not be automatically cancelled. For so long as the Issuer holds any of the Covered Bonds, it will be entitled to all of the rights to which the holders of such Covered Bonds are entitled (including, without limitation, voting rights). The Issuer's interests with respect to the holding of such Covered Bonds may be different to that of other Covered Bondholders.
Withholding taxes; no gross-up

In the event that withholding taxes are imposed by or in any jurisdiction in respect of payments due from the LLP in relation to the Covered Bonds, the LLP is not obliged to gross-up or otherwise compensate Covered Bondholders for the fact that the Covered Bondholders will receive, as a result of the imposition of such withholding taxes, amounts which are less than those which they would have received in the absence of those withholding taxes. In addition it should be noted that the LLP will not be obliged at any time to make any payment of or in respect of additional amounts which may be payable by the Issuer under Condition 7 (Taxation) of the Covered Bonds.

The potential entry by the United Kingdom into the European Monetary Union may adversely affect the realisable value of the Mortgage Loan Portfolio

If the United Kingdom joins the European Monetary Union prior to the maturity of the Covered Bonds, there is no assurance that this would not adversely affect the realisable value of the Mortgage Loan Portfolio or any part thereof or pending such realisation (or if the Mortgage Loan Portfolio or any part thereof cannot be sold), the ability of the LLP to make payments of interest and principal on the Covered Bonds.

It is possible that prior to the maturity of the Covered Bonds the United Kingdom may become a participating member state in the European Monetary Union and that the euro may become the lawful currency of the United Kingdom. In that event, (a) all amounts payable in respect of any Covered Bonds denominated in pounds Sterling may become payable in euro; (b) applicable provisions of law may allow or require the Covered Bonds to be re-denominated into euro and additional measures to be taken in respect of such Covered Bonds; and (c) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in pounds Sterling used to determine the rates of interest on such Covered Bonds or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment which could adversely affect a Borrower's ability to repay its Loan as well as adversely affect investors. It cannot be said with certainty what effect, if any, adoption of the euro by the United Kingdom will have on investors in the Covered Bonds.

Changes to current law and/or regulation, or to current accounting and/or administrative practices could adversely impact the Programme and the Issuer's ability to make payments under the Covered Bonds

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on English law, regulatory, accounting and administrative practice in effect as at the date of this Base Prospectus, and having due regard to the expected tax treatment of all relevant entities under United Kingdom tax law and the published practice of the United Kingdom HM Revenue & Customs in force or applied in the United Kingdom as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law, regulatory, accounting or administrative practice in the United Kingdom or to United Kingdom tax law, or the interpretation or administration thereof, or to the published practice of the United Kingdom HM Revenue & Customs as applied in the United Kingdom after the date of this Base Prospectus nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Covered Bonds when due or the ability of the LLP to make payments under the Covered Bonds Guarantee when due.

Risks relating to the Regulated Covered Bonds Regulations 2008

The Issuer has been admitted to the register of issuers and the Programme and the Covered Bonds issued under the Programme (including those Covered Bonds issued prior to the date of admission) have been admitted to the register of regulated covered bonds under the Regulated Covered Bonds Regulations 2008.

Covered Bondholders should note that the Regulated Covered Bonds Regulations 2008 and the RCB Sourcebook impose ongoing obligations and liabilities on both the Issuer and the LLP. In this regard, the LLP is required to, amongst other things, following the insolvency of the Issuer, make arrangements for the maintenance and administration of the asset pool, to ensure compliance with certain asset capability and quality related requirements. Following an Issuer Event of Default, Mortgage Loans and their Related
Security will not be transferred to the LLP. This may affect the ability of the LLP to comply with such asset quality related requirements.

The FSA has the authority to take certain actions in respect of the Issuer and/or the LLP under the RCB Regulations. Such actions include directing the winding-up of the LLP, removing the Issuer from the register of issuers and/or imposing a financial penalty of such amount as it considers appropriate in respect of the Issuer or the LLP. Additionally, the FSA may take certain actions in respect of issuers using its general powers under the UK regulatory regime (including restricting an issuer's ability to transfer further assets to the asset pool). To date there is no example and/or clarity as to how the FSA will apply the discretionary powers that it has been given under the RCB Regulations. There is a risk that any such enforcement actions by the FSA may reduce the amounts available to pay Covered Bondholders. A winding-up of the LLP, in particular prior to the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, may have an adverse effect on the ability of the Issuer to make payments under the Covered Bonds.

On 6 April 2011, HM Treasury and the FSA published a joint consultation paper (Review of the UK's Regulatory Framework for Covered Bonds) outlining the outcome of their review of the UK regulated covered bond framework, including various proposed changes intended to enhance the attractiveness of UK regulated covered bonds to investors. The consultation paper includes an anticipated timeline for implementation of the changes by the end of 2012. Any changes are expected to be finalised by the end of 2011. The proposed measures, when implemented, may impact the existing regulated covered bond framework.

With respect to the risks referred to above, see also the sections "Cashflows" and "Description of the Regulated Covered Bonds Regulations 2008" below for further details.

**Certain expenses of insolvency officeholders will rank ahead of the Covered Bonds**

Under the Regulated Covered Bonds Regulations 2008, certain costs and expenses of an insolvency officeholder in respect of the LLP (including a liquidator, administrator or an administrative receiver) rank ahead of the claims of the Covered Bondholders with respect to both fixed and floating charge realisations. While the Regulated Covered Bonds Regulations 2008 are not clear as to the scope of these permitted costs and expenses, it appears that these costs and expenses would include costs incurred by the officeholder in relation to certain senior service providers and also general expenses incurred in a winding up, administration, administrative receivership or receivership of the LLP (which could include any corporation tax charges). This is a departure from the general position under English or Scots law which provides that the expenses of any administration (and, following the implementation of new section 176ZA of the Insolvency Act 1986 on 6 April 2008, the expenses of any liquidation) only rank ahead of unsecured debts and a floating chargee's claims.

While it is intended that the LLP should be a bankruptcy-remote entity and a provision has been included in the Deed of Charge such that each Secured Creditor agrees that if it receives any amounts in respect of any secured liabilities owed to it other than in accordance with the provisions of the Deed of Charge (including the Post-Enforcement Priority of Payments set out therein) then such amounts will be held on trust for the Security Trustee and paid over to the Security Trustee immediately upon receipt so that such amounts may be applied in accordance with the Post-Enforcement Priority of Payments set out in the Deed of Charge and referred to under the section "Cashflows" below, there is a risk that in certain circumstances the relevant provisions of the Regulated Covered Bonds Regulations 2008 may result in a reduction in the amounts available to pay Covered Bondholders.

**In certain instances, a Covered Bondholder who holds a principal amount of less than the Minimum Specified Denomination may not receive Definitive Covered Bonds equivalent to the value of their investment**

Although Covered Bonds which are admitted to trading on a regulated market in the European Economic Area or offered to the public in a member state of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive are required to have a minimum denomination of €100,000 (or, where the Specified Currency is not Euro, its equivalent in the Specified Currency) that are not integral multiples of €100,000 (or its equivalent in alternate currencies), in relation to any issue of Covered Bonds which have a denomination consisting of the Minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Covered Bonds...
Bonds may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Covered Bondholder who, as a result of trading such amounts, holds a principal amount of less than the Minimum Specified Denomination may not receive Definitive Covered Bonds (should Definitive Covered Bonds be printed) and may need to purchase a principal amount of Covered Bonds such that its holding is an integral multiple of the Minimum Specified Denomination.

If Definitive Covered Bonds are issued, Covered Bondholders should be aware that Definitive Covered Bonds which have a denomination that is not an integral multiple of the Minimum Specified Denomination may be illiquid and difficult to trade.

Risks Relating to the Legal and Regulatory Regimes in which the Issuer, the Barclays Group and the LLP Operate

The Issuer and the Barclays Group are subject to the EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts to the Covered Bondholders or to otherwise compensate the Covered Bondholders for the reduction in the amounts that they will receive as a result of the imposition of such withholding tax. However, the Issuer is required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive (if such a state exists).

Recent English insolvency and U.S. bankruptcy court rulings may restrain parties from making or receiving payments in accordance with the order of priority agreed between them

The validity of contractual priorities of payments such as those contemplated in this transaction has been challenged in the English and U.S. courts. The hearings have arisen due to the insolvency of a secured creditor (in that case a swap counterparty) and have considered whether such payment priorities breach the "anti-deprivation" principle under English and U.S. insolvency law. This principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency. It was argued that where a secured creditor subordinates itself to noteholders in the event of its insolvency, that secured creditor effectively deprives its own creditors. The Supreme Court of the United Kingdom in Belmont Park Investments PTY Limited (Respondent) v BNY Corporate Trustee Services Limited and Lehman Brothers Special Financing Inc [2011] UKSC 38 unanimously upheld the decision of the Court of Appeal in dismissing this argument and upholding the validity of similar priorities of payment, stating that, provided that such provisions form part of a commercial transaction entered into in good faith which does not have, as its predominant purpose or one of its main purposes, the deprivation of the property of one of the parties on bankruptcy, the anti-deprivation principle was not breached by such provisions.

In parallel proceedings in New York, Judge Peck of the U.S. Bankruptcy Court for the Southern District of New York granted Lehman Brothers Special Finance Inc.’s ("LBSF") motion for summary judgement on the basis that the effect was that the provisions do infringe the anti-deprivation principle in a U.S. insolvency. Judge Peck acknowledged that this resulted in the U.S. courts coming to a decision "directly at odds with the judgement of the English Courts". In New York, whilst leave to appeal was granted, the case was settled before an appeal was heard. Therefore concerns still remain that the U.S. courts will diverge in their approach which, in the case of an unfavourable decision in New York, may adversely
affect the issuer's ability to make payments on the notes. There remains the issue whether in respect of foreign insolvency proceedings relating to a creditor located in a foreign jurisdiction, an English court will exercise its discretion to recognise the effects of the foreign insolvency proceedings, whether under the Cross Border Insolvency Regulations 2006 or any similar common law principles. Given the current state of U.S. law, this is likely to be an area of continued judicial focus in respect of multi-jurisdictional insolvencies.

The Issuer and the Barclays Group may be impacted by The Financial Services Act 2010

The Financial Services Act 2010 received Royal Assent on 8 April 2010. The Financial Services Act 2010 consolidates some of the proposals presented in a White Paper issued by the UK Government in July 2009 and the second Turner Review published in October 2009. The Financial Services Act 2010 enhances the FSA's disciplinary and enforcement powers in relation to authorised firms. Specifically, the Financial Services Act 2010 provides the FSA with, inter alia, powers to require authorised firms to prepare recovery and resolution plans, to act in accordance with its remuneration policy (including the power to nullify remuneration agreements) and to suspend and/or fine firms and individuals. Currently, significant uncertainty surrounds the measures, and the FSA has announced that it will publish a consultation paper in due course. However, the Financial Services Act 2010 (along with any future legislation or change in regulation) could have a significant impact on the Barclays Group's operations, structure, costs, financial condition, prospects and/or capital requirements.

The effect of the Insolvency Act on the LLP

The Insolvency Act (as amended by, inter alia, the Enterprise Act 2002) restricts the right of the holder of a floating charge to appoint an administrative receiver and instead give primacy to collective insolvency procedures (in particular, administration).

The Limited Liability Partnership (Amendment) Regulations 2005 apply the administration provisions of the Insolvency Act to limited liability partnerships (such as to the LLP) with certain modifications.

The Insolvency Act contains provisions which continue to allow for the appointment of an administrative receiver in relation to certain transactions in the capital markets. These provisions apply to the LLP as if it were a company. The relevant exception provides that the right to appoint an administrative receiver is retained for certain types of security (such as the Security) which form part of a capital market arrangement (as defined in the Insolvency Act), which would include the issue of covered bonds, and which involves indebtedness of at least £50 million (or, when the relevant security document (being in respect of the transactions described in this Base Prospectus, the Deed of Charge) was entered into, a party to the relevant transaction (such as the Issuer) was expected to incur a debt of at least £50 million) and the arrangement involves the issue of a capital market investment (also defined but generally a rated, listed or traded bond). The Secretary of State may, by secondary legislation, modify the capital market exception and/or provide that the exception shall cease to have effect. No assurance can be given that any such modification or provision in respect of the capital market exception, or its ceasing to be applicable to the transactions described in this Base Prospectus, will not have a material adverse effect on the interests of the holders of the Covered Bonds.

The Insolvency Act also contains an out-of-court route into administration for a qualifying floating charge-holder, the relevant company itself or its directors. These provisions also apply to limited liability partnerships (such as the LLP) with certain modifications. The relevant provisions provide for a notice period during which the holder of the floating charge can either agree to the appointment of the administrator proposed by the directors or the company or appoint an alternative administrator, although a moratorium on enforcement of the relevant security will take effect immediately after notice is given. If the qualifying floating charge-holder does not respond to the directors' or company's notice of intention to appoint, the directors' or, as the case may be, the company's appointee will automatically take office after the notice period has elapsed. Where the holder of a qualifying floating charge which was created within the context of a capital market transaction retains the power to appoint an administrative receiver, such holder may prevent the appointment of an administrator (either by the new out-of-court route or by the court based procedure) by appointing an administrative receiver prior to the appointment of the administrator being completed.

The administration provisions of the Insolvency Act give primary emphasis to the rescue of a company as a going concern and achieving a better result for the creditors as a whole. The purpose of realising
property to make a distribution to secured creditors is secondary. As noted above, these administration provisions apply to limited liability partnerships (such as the LLP). No assurance can be given that the primary purpose of these provisions will not conflict with the interests of the holders of the Covered Bonds were the LLP ever to be subject to administration.

The LLP may be found to be subject to the Insolvency Act 2000

The Insolvency Act 2000 amended the Insolvency Act 1986 (the "Insolvency Act") and allows certain "small" companies to seek protection from their creditors for a period of 28 days for the purposes of putting together a company voluntary arrangement with the option for creditors to extend the moratorium for a further two months. The Limited Liability Partnership (Amendment) Regulations 2005 confirm that the moratorium provisions apply to limited liability partnerships subject to certain modifications.

A "small" company is defined as one which satisfies two or more of the following criteria: (i) its turnover is not more than £6.5 million, (ii) its balances sheet total is not more than £3.26 million and (iii) the number of employees is not more than 50. The position as to whether or not a company is a "small" company may change from time to time and consequently no assurance can be given that the LLP will not, at any given time, be determined to be a "small" company. The United Kingdom Secretary of State for Trade and Industry may by regulation modify the eligibility requirements for "small" companies and can make different provision for different cases. No assurance can be given that any such modification or different provision will not be detrimental to the interest of the holders of the Covered Bonds.

Certain special purpose companies in relation to capital markets transactions are excluded from the optional moratorium provisions. Such exclusions include (a) a company which, at the time of filing for a moratorium, is a party to an agreement which is or forms of part of a "capital market arrangement" (as defined in paragraph 4D of Schedule A1 of the Insolvency Act) under which a party has incurred, or when the agreement was entered into was expected to incur, debt of at least £10 million and which involves the issue of a "capital market investment" (also defined but generally a rated, listed or traded bond) and (b) a company which, at the time of filing for a moratorium, has incurred a liability (including a present, future or contingent liability and a liability payable wholly or partly in a foreign currency) of at least £10 million. While the LLP is expected to fall within one of the exceptions and, correspondingly, certain actions in respect of the LLP may, for a period, be prohibited by the imposition of a moratorium, there is no guidance as to how the legislation will be interpreted and the Secretary of State for Business, Enterprise and Regulatory Reform may by regulation modify the exceptions. No assurance can be given that any modifications of the exceptions will not be detrimental to the interest of the holders of the Covered Bonds.

Pensions Act 2004

Under the Pensions Act 2004 a person that is connected with or an "associate" of an employer under an occupational pension scheme, can be subject to either a contribution notice or a financial support direction. As the LLP is a member of the Barclays Group, it may be treated as connected to an employer under an occupational pension scheme which is within the Barclays Group.

A contribution notice could be served on the LLP if it was party to an act, or a deliberate failure to act, which either (a) has caused a material detriment to the pension scheme (whether or not intentionally) or (b) the main purpose or one of the main purposes of which it was either (i) to prevent the recovery of the whole or any part of a debt which was, or might become, due from the employer under Section 75 of the Pensions Act 1995 or (ii) otherwise than in good faith, to prevent such a debt becoming due, to compromise or otherwise settle such a debt, or to reduce the amount of such a debt which would otherwise become due.

A financial support direction could be served on the LLP where the employer is either a service company or insufficiently resourced. An employer is insufficiently resourced if the value of its resources is less than 50 per cent. of the pension scheme's deficit calculated on an annuity buy-out basis and there is a connected or associated person whose resources at least cover that difference. A financial support direction can only be served where the Pensions Regulator considers it is reasonable to do so, having regard to a number of factors.

It should be noted that, following the decision of the High Court in Bloom & Ors v The Pensions Regulator (Nortel, Re) [2010] EWHC 3010 (Ch), Briggs J held that contribution notices and financial
support directions issued after the commencement of a liquidation or an administration (by the Pensions Regulator pursuant to its "moral hazard" powers) should be treated by the companies in liquidation/administration as a liquidation/administration expense, not an ordinary unsecured debt. This means that any such payments will be required to be made before any distributions to unsecured creditors. The matter is, however, not yet settled as the appeal was heard in the Court of Appeal in late July and judgment is awaited.

If a contribution notice or financial support direction were to be served on the LLP this could adversely affect the interests of the Covered Bondholders.

**Limited Liability Partnerships**

The LLP is a limited liability partnership. Limited liability partnerships, created by statute pursuant to the LLPA 2000, are bodies corporate for general English law purposes and have unlimited capacity. A general description of limited liability partnerships is set out below under "Description of Limited Liability Partnerships". This area of the law is relatively undeveloped. Accordingly, there is a risk that as the law develops, new case law or new regulations made under or affecting the LLPA 2000 or relating to limited liability partnerships could adversely affect the ability of the LLP to perform its obligations under the Transaction Documents which could, in turn, adversely affect the interests of holders of the Covered Bonds.
USE OF PROCEEDS

The gross proceeds from each issue of Covered Bonds will be used by the Issuer to make available Term Advances to the LLP pursuant to the terms of the Intercompany Loan Agreement, which in turn shall be used by the LLP (after swapping the proceeds of the Term Advances into Sterling, to the extent necessary) either:

(i) to purchase the Initial Mortgage Loan Portfolio and each New Mortgage Loan Portfolio consisting of Mortgage Loans and their Related Security, or to invest in Substitution Assets up to the prescribed limit to the extent required to meet the requirements of Regulations 17(2)(b) and 24(1)(a)(ii) of the RCB Regulations and the Asset Coverage Test; and/or

(ii) to subscribe for and purchase the MRCLN from the Seller and/or to grant Additional MRCLN Advances to the Seller;

and thereafter the LLP may use such proceeds:

(i) if an existing Series, or part of an existing Series, of Covered Bonds is being refinanced by such issue of Covered Bonds, to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced; and/or

(ii) subject to complying with the Asset Coverage Test, to make a Capital Distribution to a Member; and/or

(iii) to deposit all or part of the proceeds into the GIC Account (including, without limitation, to fund the Reserve Amount to an amount not exceeding the prescribed limit).

Acquisitions, Disposals and Recent Developments

Disposal of private equity fund interests to AXA Private Equity

On 30 June 2011, the Issuer announced that it had signed a definitive agreement to dispose of a €520 million portfolio of U.S. and European private equity interests held and managed by Barclays Capital to AXA Private Equity. The portfolio includes investments in private equity funds as well as several direct private equity interests held by Barclays Capital but does not include any investments managed by Barclays Private Equity. Completion is subject to obtaining certain consents and waivers and is expected to occur in phases, with the initial completion expected to take place later in 2011.

Acquisition of Egg’s UK credit card assets

On 1 March 2011, the Issuer announced that it agreed to acquire Egg’s UK credit card assets. (each estimated as at 31 January 2011 with gross receivables estimated under IFRS). The acquisition was completed on 28 April 2011.

**Acquisition of Tricorona AB (publ)**

On 2 June 2010, Barclays PLC announced that its wholly owned subsidiary TAV AB had made a recommended cash offer to acquire all the shares in Tricorona AB (publ), a Stockholm-listed carbon developer, for a total consideration of approximately £98 million (SEK 1,130 million) (the "Offer"). The Offer was declared unconditional in all respects on 20 July 2010.

**Sale of HomEq Servicing**

On 28 May 2010, the Issuer announced that it agreed to sell HomEq Servicing, its U.S. mortgage servicing business to Ocwen Loan Servicing, LLC ("Ocwen"), a subsidiary of Ocwen Financial Corporation, for a consideration of approximately U.S.$1.3 billion, payable in cash on completion. The consideration was subject to an adjustment mechanism based on the unpaid principal balance of the servicing portfolio and the value of certain other assets at completion of the transaction. The sale was completed on 1 September 2010.

**Acquisition of Citi’s Italian credit card business**

On 11 February 2010, Barclays PLC announced that the Issuer agreed to acquire the Italian credit card business of Citibank International Bank plc. The Issuer acquired the business as a going concern which involved the acquisition of approximately 197,000 credit card accounts and gross assets of approximately €234 million (as at 31 December 2009). The acquisition was completed on 31 March 2010.

**Competition and Regulatory Matters**

**Regulatory change**

The scale of regulatory change remains challenging with a significant tightening of regulation and changes to regulatory structures globally, especially for banks that are deemed to be of systemic importance. Concurrently, there is continuing political and regulatory scrutiny of the operation of the banking and consumer credit industries which, in some cases, is leading to increased or changing regulation which is likely to have a significant effect on the industry. Examples include Basel III and the emerging proposals on systemically important financial institutions.

In the UK, the FSA's current responsibilities are to be reallocated between the Prudential Regulatory Authority (a subsidiary of the Bank of England) and a new Financial Conduct Authority. In addition the ICB has been charged by the UK Government with reviewing the UK banking system. The ICB has been asked to consider structural and related non-structural reforms to the UK banking sector to promote financial stability and competition. An interim report was published on 11 April 2011 and the ICB has confirmed that its final report will be released on 12 September 2011.

In the United States, the Dodd-Frank Wall Street Reform and Consumer Protection Act contains far reaching regulatory reform although the full impact will not be known until implementing rules are made by governmental authorities, a process which is currently ongoing.

**Payment Protection Insurance ("PPI")**

On 20 April 2011, the judicial review proceedings brought by the British Bankers’ Association in October 2010 against the FSA and the Financial Ombudsman Service regarding the assessment and redress of PPI complaints were dismissed. On 9 May 2011, the Issuer announced that it would not be participating in any application for permission to appeal against the High Court judgment and that the Issuer had agreed with the FSA that it will process all on-hold and any new complaints from customers about PPI policies that they hold. The Issuer also announced that, as a goodwill gesture, it would pay out compensation to customers who had PPI complaints put on hold during the judicial review. While important aspects of the handling of PPI complaints, and therefore the cost of doing so, were not as at the date of this Base Prospectus certain, the Issuer has taken a provision to cover the cost of future redress and administration of £1 billion in the second quarter of 2011.
The Office of Fair Trading, as well as other competition authorities elsewhere in Europe, continues to carry out investigations into Visa and MasterCard credit and debit interchange rates. These investigations may have an impact on the consumer credit industry as well as having the potential for the imposition of fines. The timing of these cases is uncertain but outcomes may be known within the next 2-4 years.

**London Interbank Offered Rate ("LIBOR")**

The FSA, the U.S. Commodity Futures Trading Commission, the SEC, the U.S. Department of Justice Fraud Section of the Criminal Division and Antitrust Division and the European Commission are among various authorities conducting investigations into submissions made by the Issuer and other panel members to the bodies that set various interbank offered rates. The Issuer is co-operating in the relevant investigations and is keeping regulators informed. In addition, the Issuer has been named as a defendant in a number of class action lawsuits filed in U.S. federal courts involving claims by purported classes of purchasers and sellers of LIBOR-based derivative products or Eurodollar futures or options contracts between 2006 and 2009. The complaints are substantially similar and allege, among other things, that the Issuer and other banks individually and collectively violated U.S. antitrust and commodities laws and state common law by suppressing LIBOR rates during the relevant period. As at the date of this Base Prospectus, it was not possible to predict the ultimate resolution of the issues covered by the various investigations and lawsuits, including the timing and the scale of the potential impact on the Barclays Group of any resolution.

SUMMARY OF THE PRINCIPAL DOCUMENTS

Trust Deed

The Trust Deed, entered into between the Issuer, the LLP, the Bond Trustee and the Security Trustee on the Programme Date, is the principal agreement governing the Covered Bonds. The Trust Deed contains provisions relating to, *inter alia*:

(a) the constitution of the Covered Bonds and the terms and conditions of the Covered Bonds (as more fully set out under “Terms and Conditions of the Covered Bonds” below);

(b) the covenants of the Issuer and the LLP;

(c) the terms of the Covered Bond Guarantee (as described below);

(d) the enforcement procedures relating to the Covered Bonds and the Covered Bond Guarantee; and

(e) the appointment, powers and responsibilities of the Bond Trustee and the circumstances in which the Bond Trustee may resign or retire or be removed.

The Covered Bond Guarantee

Pursuant to the terms of the Covered Bond Guarantee, if the Issuer defaults in the payment on the due date of any moneys due and payable under or pursuant to the Trust Deed or the Covered Bonds or any Receipts or Coupons, or if any other Issuer Event of Default occurs (other than by reason of non-payment) or if an LLP Event of Default occurs, the LLP has agreed (subject as described below) to pay or procure to be paid (following service of an Issuer Acceleration Notice and Notice to Pay or, if applicable, an LLP Acceleration Notice) unconditionally and irrevocably to or to the order of the Bond Trustee (for the benefit of the holders of the Covered Bonds), an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date or if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any earlier date on which an LLP Acceleration Notice is served.

Service of a Notice to Pay on the LLP will follow (i) the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and Notice to Pay or, if applicable, an LLP Acceleration Notice) unconditionally and irrevocably to or to the order of the Bond Trustee (for the benefit of the holders of the Guaranteed Amounts, an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date or if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any earlier date on which an LLP Acceleration Notice is served.

All payments of Guaranteed Amounts by or on behalf of the LLP will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or other governmental charges of whatever nature, unless the withholding or deduction of such taxes, assessments or other governmental charges are required by law or regulation or administrative practice of the United Kingdom (or any other jurisdiction) or any political subdivision thereof or any authority therein or thereof having the power to tax. If any such withholding or deduction is required, the LLP will pay the Guaranteed Amounts net of such withholding or deduction and shall account to the appropriate tax authority for the amount required to be withheld or deducted. The LLP will not be obliged to pay any additional amount to the Bond Trustee or any holder of Covered Bonds in respect of the amount of such withholding or deduction.

Under the terms of the Covered Bond Guarantee, the LLP agrees that its obligations under the Covered Bond Guarantee shall be as principal debtor and not merely as surety and shall be absolute and unconditional, irrespective of, and unaffected by, any invalidity, irregularity or unenforceability of, or defect in, any provisions of the Trust Deed or the Covered Bonds or Receipts or Coupons or the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee or any of the holders of the Covered Bonds, Receiptholders or Couponholders in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any
other circumstances which might otherwise constitute a legal or equitable discharge or defence of a guarantor.

Subject to the grace periods specified in Condition 9(b) (LLP Events of Default), failure by the LLP to pay the Guaranteed Amounts when Due for Payment will result in an LLP Event of Default.

The Trust Deed provides that the Excess Proceeds shall be paid by the Bond Trustee on behalf of the holders of the Covered Bonds of the relevant Series to the LLP for its own account, as soon as practicable, and shall be held by the LLP in the GIC Account and the Excess Proceeds shall thereafter form part of the Security and shall be used by the LLP in the same manner as all other moneys from time to time standing to the credit of the GIC Account. Any Excess Proceeds received by the Bond Trustee shall discharge pro tanto the obligations of the Issuer in respect of the Covered Bonds, Receipts and Coupons. However, the obligations of the LLP under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and Notice to Pay or, if earlier, service of an LLP Acceleration Notice) unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds shall be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the LLP in the manner as described above.

Please also see "The Bond Trustee and the Security Trustee: powers, responsibilities and liabilities" for further information in relation to the role of the Bond Trustee.

The Trust Deed is governed by English law.

**Intercompany Loan Agreement**

On each Issue Date, the Issuer will use the proceeds of the Covered Bonds issued under the Programme to lend on that date an amount equal to the Principal Amount Outstanding (or its Sterling Equivalent) on the Issue Date of the issue of the related Covered Bonds to the LLP by way of a Term Advance pursuant to the Intercompany Loan Agreement. Each Term Advance will either be made in the relevant currency of the Covered Bonds and (to the extent necessary) will be swapped into Sterling pursuant to the relevant Swap Agreement or its Sterling Equivalent. The Sterling Equivalent of each Term Advance will be used by the LLP (i) as consideration in part for the acquisition of the Initial Mortgage Loan Portfolio and each New Mortgage Loan Portfolio consisting of Mortgage Loans and their Related Security from the Seller in accordance with the terms of the Mortgage Sale Agreement; and/or (ii) to invest in Substitution Assets in an amount not exceeding the prescribed limit to the extent required to meet the requirements of Regulations 17(2)(b) and 24(1)(a)(ii) of the RCB Regulations and the Asset Coverage Test; and/or (iv) to grant an Additional MRCLN Advance in accordance with the terms of the MRCLN Note Purchase Facility Agreement; and thereafter the LLP may use such proceeds (a) (subject to complying with the Asset Coverage Test) to make a Capital Distribution to a Member; and/or (b) if an existing Series or Tranche, or part of an existing Series or Tranche, of Covered Bonds is being refinanced (by the issue of a further Series or Tranche of Covered Bonds), to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced; and/or (c) to make a deposit of all or part of the proceeds in the GIC Account (including, without limitation, to fund the Reserve Fund to an amount not exceeding the prescribed limit).

The Issuer will not be relying on repayment of any Term Advance in order to meet its repayment obligations under the Covered Bonds. The LLP will pay amounts due in respect of Term Advances(s) in accordance with the relevant Priorities of Payments. Prior to the service of a Notice to Pay on the LLP, amounts due in respect of each Term Advance will be paid by the LLP to, or as directed by, the Issuer on each Interest Payment Date, subject to paying all higher ranking amounts in the Pre-Acceleration Revenue Priority of Payments or, as applicable, the Pre-Acceleration Principal Priority of Payments. The Issuer may use the proceeds of the Term Advances to pay amounts due on the Covered Bonds. However, any failure by the LLP to pay any amounts due on the Term Advances will not affect the liability of the Issuer to pay the relevant amount due on the Covered Bonds.

The amounts owed by the LLP to the Issuer under the Term Advances will be reduced by (i) any amounts paid by the LLP under the terms of the Covered Bond Guarantee to repay the Covered Bonds (the
proceeds of which were originally applied to make such Term Advances) and (ii) the Principal Amount Outstanding of any Covered Bonds (the proceeds of which were originally applied to make such Term Advances) purchased by the LLP and cancelled in accordance with Condition 6(j) (Cancellation).

The Intercompany Loan Agreement is governed by English law.

Mortgage Sale Agreement

The Seller

Mortgage Loans and their Related Security will be sold to the LLP from time to time pursuant to the terms of the Mortgage Sale Agreement entered into on the Programme Date between Barclays (in its capacity as Seller), the LLP and the Security Trustee. As at the date of this Base Prospectus, the collateral to be sold by the Seller to the LLP to support the LLP's obligations under the Covered Bond Guarantee will only comprise of residential mortgage loans originated by the Seller in England, Wales, Scotland or Northern Ireland. However, subject to prior written confirmation from the Rating Agencies that the then current ratings of all Series of Covered Bonds that are then outstanding shall not be adversely affected and subject to compliance with all applicable laws and regulations in force at such time, the Seller may sell to the LLP other forms of collateral as specified by way of supplement to this base prospectus.

Sale by the Seller of Mortgage Loans and Related Security

The Mortgage Loan Portfolio will consist of Mortgage Loans and their Related Security sold from time to time by the Seller to the LLP in accordance with the terms of the Mortgage Sale Agreement. The types of Mortgage Loans forming part of the Mortgage Loan Portfolio will vary over time provided that, at the time the relevant Mortgage Loans are sold to the LLP, the Eligibility Criteria (as described below) in respect of such Mortgage Loans are met on the relevant Transfer Date. Accordingly, the Mortgage Loan Portfolio may, at any time, include Mortgage Loans with characteristics that were not being offered to Borrowers on previous Transfer Dates.

Prior to the occurrence of an Issuer Event of Default or an LLP Event of Default, the LLP will acquire Mortgage Loans and their Related Security from the Seller in the three circumstances described below:

(a) first, in relation to the issue of Covered Bonds from time to time in accordance with the Programme, the Issuer will make Term Advances to the LLP, the proceeds of which may be applied in whole or in part by the LLP to acquire Mortgage Loans and their Related Security from the Seller and subscribe for and purchase the MRCLN from the Seller or grant Additional MRCLN Advances to the Seller. In exchange for the sale of the Mortgage Loans and their Related Security to the LLP, the Seller will receive an amount equal to the outstanding principal balance of those Mortgage Loans sold by it as at the Transfer Date and the LLP will grant an Additional MRCLN Advance which will result in an increase in the MRCLN Principal Amount Outstanding, which will be satisfied by a combination of:

(i) a cash payment (if any) to be made by the LLP from the proceeds of the relevant Term Advance and/or from Available Principal Receipts; and/or

(ii) the Seller being treated as having made a Capital Contribution in Kind in an amount equal to the difference between the outstanding principal balance of the Mortgage Loans sold by the Seller and the MRCLN Advance as at the relevant Transfer Date and the cash payment (if any) made by the LLP,

((i) and (ii) above being the "Initial Consideration"); and

(iii) Deferred Consideration; and

(b) second, prior to service of a Notice to Pay on the LLP, the LLP will use the Available Principal Receipts to acquire New Mortgage Loans and their Related Security from the Seller and/or Substitution Assets (in respect of any Substitution Assets, up to the prescribed limit) and grant Additional MRCLN Advances to the Seller; and

(c) third, the LLP and the Seller are required to ensure that the Mortgage Loan Portfolio is maintained at all times in compliance with the Asset Coverage Test (as determined by the Cash
Manager on each Calculation Date and after having had due regard to the then principal amount outstanding under the MRCLN). If on any Calculation Date there is a breach of the Asset Coverage Test the Seller will use all reasonable efforts to offer to sell sufficient New Mortgage Loans and their Related Security to the LLP and the LLP will grant Additional MRCLN Advances to the Seller in consideration of the Seller being treated as having made a Capital Contribution (in an amount equal to the outstanding principal balance of the New Mortgage Accounts) sold by the Seller as at the relevant Transfer Date and in consideration of the right to receive the Deferred Consideration.

The Initial Consideration for the Mortgage Loans and their Related Security shall be equal to the principal par value of such Mortgage Loans. However in return, on any Transfer Date, and as an incentive to the LLP: (i) purchasing such Mortgage Loans at their then principal par value (and in particular in respect of certain fixed rate loans whose market value may at such time be less than their then principal par value) and: (ii) entering into (or, as the case may be, increasing the hedging coverage under) the TRS with the TRS Provider at the relevant TRS Rate (which the Seller will have the indirect economic benefit of by way of potentially increased levels of Deferred Consideration), the Seller will pay an inducement fee to the LLP (a “Mortgage Purchase Inducement Fee”). Such Mortgage Purchase Inducement Fee payable by the Seller on each such Transfer Date will be in an aggregate amount equal to the then swap premium amount payable by the LLP to the TRS Provider pursuant to the terms of the TRS on such Transfer Date.

If Selected Mortgage Loans and their Related Security are sold by or on behalf of the LLP as described below under “LLP Deed – Sale of Selected Mortgage Loans and their Related Security following service of a Notice to Pay”, the obligations of the Seller insofar as they relate to those Selected Mortgage Loans and their Related Security will cease to apply and the Seller will be required to repay the MRCLN in an amount equal to the corresponding amount of Reference Mortgage Reserves becoming Non-Reference Mortgage Reserves as a result of the sale of such Selected Mortgage Loans and their Related Security.

The Seller will also be required to repurchase Mortgage Loans and their Related Security sold to the LLP in the circumstances described below under “Repurchase of Mortgage Loans”.

Any ”sale” or ”assignment” of loans referred to in this Base Prospectus will, in relation to the Scottish Mortgage Loans, be given effect by a Scottish Declaration of Trust.

Eligibility Criteria

The sale of Mortgage Loans and their Related Security to the LLP will be subject to various conditions (the “Eligibility Criteria”) being satisfied on each relevant Transfer Date, including:

(a) no Issuer Event of Default or LLP Event of Default under the Transaction Documents shall have occurred which is continuing as at the relevant Transfer Date or Calculation Date (as applicable);
(b) the LLP, acting on the advice of the Cash Manager, is not aware, and could not reasonably be expected to be aware, that the purchase of the Mortgage Loans and their Related Security, would adversely affect the then current ratings by Moody’s, S&P or Fitch of the Covered Bonds;
(c) the weighted average yield on the TRS is at least 0.15 per cent. greater than LIBOR for one month Sterling deposits;
(d) no Mortgage Account has an Aggregate Debt Limit of more than £1,500,000;
(e) no Mortgage Loan relates to a Property which is not a residential Property;
(f) no Mortgage Loan is in arrears for more than 90 days and no Reference Mortgage Reserve has a Mortgage Reserve Account Balance in excess of the Mortgage Reserve Credit Limit; and
(g) no Mortgage Loan constitutes a New Loan Type, in respect of which no written confirmation has been received by the Issuer from each of the Rating Agencies, that such New Loan Type may be sold to the LLP.

On the relevant Transfer Date and/or Calculation Date, the Representations and Warranties (described below in “Representations and Warranties”) will be given by the Seller in respect of the Mortgage Loans and their Related Security sold by the Seller to the LLP.
Transfer of Title to the Mortgage Loans

The Mortgage Loans will be sold by the Seller to the LLP by way of equitable assignment. Scottish Mortgage Loans will be sold by the Seller to the LLP by Scottish Declarations of Trust under which the beneficiary's interest in such trust will be vested in the LLP. In relation to Scottish Mortgage Loans, references in this document to a “sale” or “assignment” of Mortgage Loans or to Mortgage Loans having been “sold” are to be read as references to the making of such Scottish Declarations of Trust. Such beneficiary's interest (as opposed to the legal title) cannot be registered or recorded in H.M. Land Registry, Land Registry of Northern Ireland, the Registry of Deeds of Northern Ireland or the Registers of Scotland. As a result, legal title to Mortgage Loans and their Related Security will remain with the Seller until legal assignments (in relation to English Mortgage Loans and Northern Irish Mortgage Loans) or assignations (in relation to Scottish Mortgage Loans) are delivered by the Seller to the LLP and notice of the sale is given by the Seller to the Borrowers. Legal assignment or assignation (as appropriate) of the Mortgage Loans and their Related Security (including, where appropriate, their registration or recording in the relevant property register) to the LLP will be deferred and will only take place in the limited circumstances described below.

Legal assignment or assignation (as appropriate) of the Mortgage Loans and their Related Security (or, where specified, the Selected Mortgage Loans and their Related Security) to the LLP will be completed on or before the 20th Business Day after the earliest of the following:

(a) the occurrence of an Issuer Event of Default and service on the Issuer of an Issuer Acceleration Notice and the service on the LLP of a Notice to Pay;

(b) in respect of Selected Mortgage Loans only, at the request of the LLP following the acceptance of any offer to sell the Selected Mortgage Loans and their Related Security to any person who is not the Seller;

(c) the Seller and/or the LLP being required to perfect legal title to the Mortgage Loans by an order of a court of competent jurisdiction, or by a regulatory authority of which the Seller is a member or any organisation whose members comprise (but are not necessarily limited to) mortgage lenders with whose instructions it is customary for the Seller to comply, to perfect legal title to the Mortgage Loans;

(d) it becoming necessary by law to take any or all such actions;

(e) the security under the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee, in jeopardy;

(f) unless otherwise agreed by the Security Trustee (such consent to be given if the Rating Agencies have confirmed to the Issuer that it would not adversely affect the then current ratings of the Covered Bonds), the termination of the Seller's role as Administrator under the Administration Agreement, unless as at the relevant date of termination any substitute servicer is a member of the Barclays Group;

(g) the Seller calling for perfection by serving notice in writing to that effect on the LLP and the Security Trustee;

(h) the Seller requesting a transfer by way of assignment or assignation (as appropriate) by giving notice in writing to the LLP and the Security Trustee;

(i) the occurrence of an Insolvency Event in relation to the Seller; and

(j) the Seller has been downgraded below BBB- by S&P, Baa3 by Moody's and BBB- by Fitch.

Pending completion of the legal assignment or assignation (as appropriate), the right of the LLP to exercise the powers of the legal owner of, or (in Scotland) the heritable creditor under, the Mortgages will be secured by, or (in Scotland) supported by, an irrevocable power of attorney granted by the Seller in favour of the LLP and the Security Trustee.

The Title Deeds and Loan Files relating to the Mortgage Loans in the Mortgage Loan Portfolio will be held by or to the order of the Seller or the Administrator, as the case may be, or by solicitors, licensed conveyancers or (in Scotland) qualified conveyancers acting for the Seller in connection with the creation of the Mortgage Loans and their Related Security. The Seller or the Administrator, as the case may be,
will undertake that all the Title Deeds and Loan Files relating to the Mortgage Loans in the Mortgage Loan Portfolio which are at any time in their possession or under their control or held to their order will be held to the order of the Security Trustee or as the Security Trustee may direct.

**Representations and warranties**

None of the LLP, the Security Trustee or the Bond Trustee has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Mortgage Loans and their Related Security to be sold to the LLP. Instead, each is relying entirely on the Representations and Warranties made by the Seller contained in the Mortgage Sale Agreement. The parties to the Mortgage Sale Agreement may, with the prior written consent of the Security Trustee (which shall be given if the Rating Agencies have confirmed it would not adversely affect the then current ratings of the Covered Bonds), amend the Representations and Warranties in the Mortgage Sale Agreement. The Seller's material Representations and Warranties under the Mortgage Sale Agreement include, *inter alia*, substantially the following:

(a) subject to completion of any registration which may be pending at H.M. Land Registry or the Registers of Scotland, or the Land Registry of Northern Ireland, or the Registry of Deeds of Northern Ireland, the Seller is the absolute legal and beneficial owner of the Mortgage Loans, the Related Security and all property to be sold and assigned by the Seller to the LLP pursuant to the Mortgage Sale Agreement;

(d) each relevant Mortgaged Property is located in England, Wales, Northern Ireland or Scotland;

(e) prior to making a Mortgage Loan, the Seller instructed or required to be instructed on its behalf solicitors or licensed conveyancers to carry out all investigations, searches and other actions in relation to the relevant Mortgaged Property that would have been undertaken by the Seller acting in accordance with standards consistent with those of a reasonable and prudent prime residential mortgage lender lending to borrowers in England, Wales, Northern Ireland and Scotland who generally satisfy the lending criteria of traditional sources of residential mortgage capital, when advancing money in an amount equal to such advance to an individual to be secured on a Mortgaged Property of the kind permitted under the Lending Criteria and a report or certificate on title was received by or on behalf of the Seller from such solicitors which, either internally or after further investigation revealed no material matter which would cause the Seller, acting reasonably, to decline the Mortgage Loan having regard to the Lending Criteria;

(f) the Seller's Lending Criteria are consistent with the lending criteria that would be used by a Prudent Mortgage Lender;

(g) in relation to each Mortgage Loan, the Borrower has a good and marketable title to the relevant Mortgaged Property;

(h) prior to making a Mortgage Loan, an independent valuation may be carried out or instructed by one of the then Seller's current panel managers (which is currently only Esurv Limited (or, as applicable, an automated valuation was carried out as permitted under the lending criteria) on the relevant Mortgaged Property, and the results of any such obtained valuation would be acceptable to a Prudent Mortgage Lender;
(i) prior to making a Mortgage Loan, the nature and amount of such Mortgage Loan, the circumstances of the relevant Borrower and nature of the relevant Mortgaged Property satisfied the Seller's Lending Criteria in force at that time in all material respects;

(j) the Mortgage Reserve Account Balance of each Mortgage Reserve associated to the applicable Mortgage Loan is less than or equal to the Mortgage Reserve Credit Limit for the respective Mortgage Reserve;

(k) so far as the Seller is aware, no Borrower is in material breach of the Mortgage Conditions of its Mortgage Loan;

(l) the first payment due has been paid by the relevant Borrower in respect of each Mortgage Loan and each Mortgage Loan is fully performing;

(m) so far as the Seller is aware, each insurance contract arranged by the Seller in respect of any Mortgaged Property is in full force and effect and all premiums which have become due and payable have been paid in full and the Seller is not aware of any circumstances giving the insurer under any such insurance contract the right to avoid or terminate such policy in so far as it relates to the Mortgaged Properties or the Mortgage Loans;

(n) the Seller has procured that full and proper accounts, books and records have been kept showing clearly all material transactions, payments, receipts and any enforcement proceedings or any other correspondence relating to each Mortgage Loan and its Mortgage;

(o) each Borrower is a natural legal person;

(p) all formal approvals, consents and other steps necessary to permit an equitable or beneficial transfer of, and a transfer of servicing away from the Seller of, the Mortgage Loans and their related Mortgages to be sold under the Mortgage Sale Agreement whenever required under the transaction documents have been obtained or taken and there is no requirement in order for such transfer to be effective to notify the Borrower before, on, or after any such equitable or beneficial transfer;

(q) no Mortgage Account has an Aggregate Debt Limit of more than £1,500,000;

(y) subject to the Euro being adopted as the lawful currency of the United Kingdom of Great Britain and Northern Ireland, each Mortgage Loan was originated by the Seller in Sterling and is denominated in Sterling (or was originated and is denominated in Euro at any time when the Euro has been adopted as the lawful currency of the UK) and is currently repayable in Sterling (or Euro at any time when the Euro has been adopted as the lawful currency of the UK).

If New Loan Types are to be sold to the LLP, then the Representations and Warranties in the Mortgage Sale Agreement will be modified as required to accommodate these New Loan Types, subject to the
Rating Agencies confirming that such New Loan Type may be sold to the LLP. The prior written consent of the Covered Bondholders to the amendments will not be required.

**Product Switches, Further Advances and Mortgage Reserve Credit and Aggregate Debt Limit Increases**

The Seller has the right to agree or refuse a Borrower's request for a Product Switch or Further Advance. If the Seller agrees to such request and if the Mortgage Loan which is the subject of the Product Switch or Further Advance (as applicable) is in the Mortgage Loan Portfolio at such time, the Seller will agree, pursuant to the terms of the Mortgage Sale Agreement, to repurchase such Mortgage Loan together with its Related Security from the LLP as of the Determination Date immediately following such Product Switch or Further Advance (as applicable) at a price (not less than zero) equal to the current balance on such Mortgage Loan as at such Determination Date, plus all Accrued Interest and Arrears of Interest and expenses payable on such Mortgage Loan as of such Determination Date and further, to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

Upon application by a Borrower, subject to certain conditions, the Seller may, from time to time, allow the Mortgage Reserve Credit and the Aggregate Debt Limit to increase. If the Seller in its sole discretion agrees to a Mortgage Reserve Credit and Aggregate Debt Limit Increase, the associated Reference Mortgage Reserve will, as of the next Determination Date, become a Non-Reference Mortgage Reserve. Accordingly, the Seller will be required to repurchase the associated Mortgage Loan (together with its Related Security) as of such Determination Date for an amount not less than the then current balance of such Mortgage Loan (together with all unpaid interest (including all Accrued Interest and Arrears of Interest) and other expenses payable on such Mortgage Loan) and, in addition, the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

*Provided that* the short-term unsecured, unguaranteed and unsubordinated debt obligations of the Seller have not been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase pursuant to a Product Switch, Further Advance or Mortgage Reserve Credit and Aggregate Debt Limit Increase (as applicable) shall be payable by the Seller to the LLP on the LLP Payment Date immediately following the Determination Date on which the relevant Mortgage Loan is to be repurchased as a result of a Product Switch, Further Advance or Mortgage Reserve Credit or Aggregate Debt Limit Increase (as applicable). If, however, the short term unsecured, unguaranteed and unsubordinated debt obligations of the Seller have been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase pursuant to a Product Switch, Further Advance or Mortgage Reserve Credit and Aggregate Debt Limit Increase (as applicable) shall be payable by the Seller to the LLP on the Determination Date immediately following such Product Switch, Further Advance or Mortgage Reserve Credit or Aggregate Debt Limit Increase.

**Reference Mortgage Reserves and the Related Security**

The Related Security that is assigned to the LLP pursuant to the Mortgage Sale Agreement is also security over amounts owing to the Seller under the associated Reference Mortgage Reserves. The LLP shall hold the Related Security, to the extent the Related Security secures amounts owing to the Seller under the associated Reference Mortgage Reserves, on trust for the Seller. Given that the LLP shall not be able to directly apply such security enforcement proceeds to the amounts owing under the associated Mortgage Reserves (as such amounts are owed by the related Borrower directly to the Seller), in the event the LLP exercises its rights to enforce the Related Security, the Administrator on behalf of the LLP or the LLP itself, shall be required to pay on the immediately following LLP Payment Date, such security enforcement proceeds it receives (such amounts being "Mortgage Reserve Security Enforcement Proceed Amounts") directly to the Seller for the Seller to apply in reducing the Mortgage Reserve Account Balance of the associated Reference Mortgage Reserves. Any such reduction in the Mortgage Reserve Account Balance shall, pursuant to the terms of the MRCLN and the MRCLN Note Purchase Facility Agreement, require the Seller to repay a corresponding amount under the MRCLN to the LLP. In
addition, pursuant to the terms of the Mortgage Sale Agreement and the MRCLN Note Purchase Facility Agreement, the LLP shall be entitled to set-off the amounts payable to the Seller in relation to any such Mortgage Reserve Security Enforcement Proceed Amounts against the corresponding amounts then payable by the Seller under the MRCLN. To the extent that the Seller fails to recover the full amount outstanding on a Mortgage Reserve Account, such shortfall will lead to a Mortgage Reserve Principal Loss Reduction.

Pursuant to the terms of the Mortgage Sale Agreement and the MRCLN Note Purchase Facility Agreement, any proceeds recovered from the enforcement of any Related Security of a Mortgage Account will first be applied in discharging the relevant Borrower's obligations under its associated Reference Mortgage Reserve and thereafter in discharging the relevant Borrower's obligations under the associated Mortgage Loan.

**Repurchase of Mortgage Loans**

If the Seller receives a Mortgage Loan Repurchase Notice from the LLP identifying a Mortgage Loan or its Related Security in the Mortgage Loan Portfolio which did not, as at the relevant Transfer Date materially comply with the Representations and Warranties set out in the Mortgage Sale Agreement, then the Seller will be required to repurchase (i) any such Mortgage Loan and its Related Security and (ii) any other Mortgage Loans of the relevant Borrower and their Related Security that are included in the Mortgage Loan Portfolio in accordance with the terms of the Mortgage Sale Agreement. In addition, the associated Reference Mortgage Reserve will become a Non-Reference Mortgage Reserve. Accordingly, the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in accordance with the terms of the Mortgage Sale Agreement and in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

In addition to the foregoing circumstances, the Seller will also be required to repurchase a Mortgage Loan or Mortgage Loans and its or their Related Security sold by them to the LLP where:

(a) a Further Advance or Mortgage Reserve Credit and Aggregate Debt Limit Increase is made in respect of a Mortgage Loan or its associated Mortgage Reserve (and in these circumstances, the Seller will be able to offer to sell the affected Mortgage Loan together with the related Further Advance back to the LLP provided that the affected Mortgage Loan and the related Further Advance comply with the Eligibility Criteria); or

(b) a Product Switch occurs (and in these circumstances, the Seller will be able to offer to sell the affected Mortgage Loan back to the LLP provided that the affected Mortgage Loan complies with the Eligibility Criteria following such Product Switch).

The repurchase price payable for each Mortgage Loan is an amount (not less than zero) equal to the outstanding principal balance thereof together with any Accrued Interest and Arrears of Interest and expenses as at the Determination Date preceding such repurchase. The repurchase proceeds received by the LLP will be applied (other than Accrued Interest and Arrears of Interest) in accordance with the Pre-Acceleration Principal Priority of Payments (see "Cashflows" below). If any Mortgage Loan is repurchased by the Seller, the associated Reference Mortgage Reserve in relation to such Mortgage Loan will become a Non-Reference Mortgage Reserve and the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve as of the Determination Date that the relevant Mortgage Loan is repurchased (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve. Provided that the short-term unsecured, unguaranteed and unsubordinated debt obligations of the Seller have not been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase shall be payable by the Seller to the LLP on the LLP Payment Date immediately following the Determination Date on which the relevant Mortgage Loan is to be repurchased. If, however, the short-term unsecured, unguaranteed and unsubordinated debt obligations of the Seller have been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase (as applicable) shall be payable by the Seller to the LLP on the Determination Date on which the relevant Mortgage Loan is to be repurchased.
**Defaulted Mortgage Accounts**

If a Mortgage Account becomes a Defaulted Mortgage Account, then that Defaulted Mortgage Account will be attributed a reduced weighting in the calculation of the Asset Coverage Test and the Amortisation Test as at the relevant Calculation Date. In addition, the Seller may, at its option, repurchase a Defaulted Mortgage Account for an amount equal to its outstanding principal balance together with any Accrued Interest and Arrears of Interest as at the next Determination Date after such Mortgage Account becomes a Defaulted Mortgage Account and the associated Mortgage Reserve shall cease to be a Reference Mortgage Reserve and the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

**General ability to repurchase**

Prior to the occurrence of an Issuer Event of Default, the Seller may from time to time offer to repurchase a Mortgage Loan and its Related Security from the LLP for a purchase price of not less than the aggregate outstanding principal balance of the relevant Mortgage Loan together with any Accrued Interest and Arrears of Interest. The LLP may accept such offer at its discretion. In such cases, the associated Mortgage Reserve shall cease to be a Reference Mortgage Reserve and the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

**Right of Pre-emption**

Under the terms of the Mortgage Sale Agreement, the Seller has a right of pre-emption in respect of any sale, in whole or in part, of Selected Mortgage Loans and their Related Security.

The LLP will serve on the Seller a Selected Mortgage Loan Offer Notice offering to sell those Selected Mortgage Loans and their Related Security for an offer price equal to the greater of (i) the outstanding principal balance of the Selected Mortgage Loans and (ii) the Adjusted Required Redemption Amount less the balance of the associated Reference Mortgage Reserves, subject to the offer being accepted by the Seller within ten Business Days. If an Issuer Event of Default has occurred but no liquidator or administrator has been appointed to the Seller, the Seller's right to accept the offer (and therefore its right of pre-emption) will be conditional upon the delivery by the Seller of a solvency certificate to the LLP and the Security Trustee (for the avoidance of doubt, if a liquidator or an administrator has been appointed the Seller will have no pre-emption rights). If the Seller rejects the LLP's offer or fails to accept it in accordance with the foregoing, the LLP will offer to sell the Selected Mortgage Loans and their Related Security to other Purchasers (as described under "LLP Deed – Sale of Selected Mortgage Loans and their Related Security following the occurrence of a Notice to Pay", below).

If the Seller validly accepts the LLP's offer to sell the Selected Mortgage Loans and their Related Security to the Seller, the LLP will serve a Selected Mortgage Loan Repurchase Notice on the Seller and the Seller will repurchase from the LLP free from the Security created by and pursuant to the Deed of Charge the relevant Selected Mortgage Loans and their Related Security (and any other Loan secured or intended to be secured by that Related Security or any part of it) referred to in the relevant Selected Mortgage Loan Repurchase Notice. Completion of the purchase of the Selected Mortgage Loans and their Related Security by the Seller will take place on the LLP Payment Date after receipt of the Selected Mortgage Loans Repurchase Notice(s) or such date as the LLP may direct in the Selected Mortgage Loans Repurchase Notice (*provided that* such date is not later than the earlier to occur of the date which is (a) 20 Business Days after returning the Selected Mortgage Loan Repurchase Notice to the LLP and (b) the Final Maturity Date of the Earliest Maturing Covered Bonds). In addition, the associated Reference Mortgage Reserve will become a Non-Reference Mortgage Reserve. Accordingly, the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve as at the Determination Date preceding the completion of the repurchase of the associated Mortgage Loan (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, *inter alia*, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve. **Provided that** the short-term
unsecured, unguaranteed and unsubordinated debt obligations of the Seller have not been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase shall be payable by the Seller to the LLP on the LLP Payment Date immediately following the Determination Date on which the relevant Mortgage Loan is to be repurchased. If, however, the short-term unsecured, unguaranteed and unsubordinated debt obligations of the Seller have been downgraded below A-1 by S&P, P-1 by Moody's and F1 by Fitch, the repurchase price for the relevant Mortgage Loan subject of a repurchase (as applicable) shall be payable by the Seller to the LLP on the Determination Date on which the relevant Mortgage Loan is to be repurchased.

The Mortgage Sale Agreement is governed by English law and has been entered into by way of deed. Any terms of the Mortgage Sale Agreement which are particular to (a) the laws of Scotland and (b) the laws of Northern Ireland shall be construed in accordance with Scots law and Northern Irish law respectively.

Administration Agreement

Pursuant to the terms of the Administration Agreement entered into on the Programme Date between the LLP, Barclays (in its capacity as Administrator) and the Security Trustee, the Administrator agrees to service on behalf of the LLP the Mortgage Accounts and their Related Security to be sold by the Seller to the LLP.

In particular, pursuant to the terms of the Administration Agreement, the Administrator agrees with the LLP and the Seller:

(a) on behalf of the LLP, to perform certain administrative functions in respect of the Mortgage Loans in the Mortgage Loan Portfolio, including collecting payments under the Mortgage Loans and taking steps to recover arrears; and

(b) on behalf of the Seller, to perform (unless Barclays is at such time insolvent) certain administrative functions in respect of the Reference Mortgage Reserves, including collecting payments from Borrowers and taking steps to recover arrears.

The Administrator will continue to administer Mortgage Accounts which are not subject to the Programme. The Administrator agrees to administer the Mortgage Accounts the subject of the transaction in the same manner as it administers Mortgage Accounts which are not subject to the Programme but remain on the books of the Seller.

The Administrator agrees to comply with any reasonable directions, orders and instructions which any of the LLP or the Seller may from time to time give to it in accordance with the provisions of the Administration Agreement (and, in the event of any conflict, those of the LLP shall prevail).

The Administrator agrees to administer and service the Mortgage Accounts and their Related Security in accordance with:

(a) in respect of the Mortgage Accounts, the Mortgage Conditions and the Mortgages from time to time in force;

(b) the Administrator's administration procedures. The Administrator's "Administration Procedures" are the administration, arrears and enforcement policies and procedures from time to time pursuant to which the Administrator administers and enforces Mortgage Accounts and their related security which are beneficially owned by the Seller; and

(c) the terms and provisions of the Administration Agreement.

Undertakings of the Administrator

Pursuant to the terms of the Administration Agreement, the Administrator undertakes in relation to those Mortgage Accounts and their Related Security that it is servicing, inter alia, to:

(a) keep records and accounts on behalf of the LLP in relation to the Mortgage Accounts;

(b) keep the Loan Files and Title Deeds in its possession or under its control in safe custody and maintain records necessary to enforce each Mortgage and to provide the LLP and the Security
Trustee with access to the Title Deeds and other records relating to the administration of the Mortgage Accounts and their Related Security;

\( (c) \) maintain a register in respect of the Portfolio;

\( (d) \) make available to the LLP and the Security Trustee a report on a monthly basis containing information about the Mortgage Accounts and their Related Security comprised in the Portfolio;

\( (e) \) assist the Cash Manager in the preparation of a monthly asset coverage report in accordance with the Cash Management Agreement;

\( (f) \) take all reasonable steps to recover all sums due to the LLP, including instituting proceedings and enforcing any relevant Mortgage Account or Mortgage Loan using the discretion of a Prudent Mortgage Lender in applying the enforcement procedures forming part of the Seller's policy;

\( (g) \) enforce any Mortgage Account which is in default in accordance with the Seller's enforcement procedures or, to the extent that such enforcement procedures are not applicable having regard to the nature of the default in question, with the usual procedures undertaken by a Prudent Mortgage Lender on behalf of the LLP;

\( (h) \) provide to the FSA such information about the Mortgage Loans and their Related Security contained in the Mortgage Loan Portfolio and/or any other information as the FSA may require in accordance with the RCB Regulations; and

\( (i) \) make all reasonable efforts to appoint a replacement administrator within 60 days of the Administrator no longer holding ratings of at least BBB- by S&P, Baa3 by Moody's or BBB- by Fitch, respectively.

**Setting of Barclays Standard Variable Rate and other discretionary rates and margins**

Pursuant to the Administration Agreement, the Administrator has been granted the full right, liberty and authority to determine and set the interest rates applicable to the Mortgage Loans which have been sold to the LLP, except in the limited circumstances set out in the Administration Agreement when the LLP and/or the Security Trustee will be entitled to do so or where the interest rate on a Mortgage Loan tracks independent reference rates (such as the Bank of England base rate). The Administrator may not at any time, without the prior written consent of the LLP and/or the Security Trustee, set or maintain the standard variable rate or the base rate (plus any applicable margin above such base rate) for Mortgage Accounts which form part of the Portfolio at a rate which is higher than the then prevailing Barclays Standard Variable Rate or, as applicable, Barclays Base Rate (plus any applicable margin above such base rate).

Any of the LLP and/or the Security Trustee may terminate the authority of the Administrator to set the standard variable rate and other discretionary rates applicable to Mortgage Loans included in the Portfolio in certain limited circumstances set out in the Administration Agreement including upon the occurrence of any Administrator Termination Event (as described below).

**Arrears practice in respect of the Mortgage Loans**

In accordance with standard market practice in the UK mortgage loan servicing business, the Administrator identifies a Mortgage Loan as being “in arrears” when, on any due date, the overdue amounts which were due on previous due dates equal, in the aggregate, one or more full Monthly Payments. In making an arrears determination, the Administrator calculates as of the date of determination the difference between (a) the sum of all Monthly Payments that were due and payable by a borrower on any due date up to that date of determination; and (b) the sum of all payments actually made by that borrower up to that date of determination. The Administrator will determine that a Mortgage Loan is in arrears if the result arrived at by dividing that difference (if any) by the amount of the required Monthly Payment equals or exceeds \( 1 \). A Mortgage Loan will continue to be in arrears for each calendar month in which the result of the foregoing arrears calculation equals or exceeds \( 1 \), which result means that the Borrower has missed payments that in the aggregate equal or exceed one Monthly Payment, and subsequent payments by that Borrower (if any) have not reduced the amount of missed payments to less than one Monthly Payment. As the Administrator determines its arrears classification based upon the number of full Monthly Payments that have been missed by a Borrower, a Borrower that has missed
payments that in the aggregate equal or exceed 1 Monthly Payment (but for which the aggregate of missed payments is less than 2 Monthly Payments) would be classified by the Administrator as being between 1 months in arrears, and so on.

**Arrears practice in respect of the Mortgage Reserves**

In accordance with standard market practice in the UK banking sector, the Administrator identifies a Mortgage Reserve as being "in arrears" when the Mortgage Reserve Account Balance is at any time £50 greater than the then Mortgage Reserve Credit Limit for such Mortgage Reserve.

**Arrears capitalisation**

From time to time, based upon specific individual circumstances, the Administrator, in accordance with the Administration Procedures, may capitalise any outstanding amounts in arrears of a Borrower. In those circumstances, the relevant Mortgage Loan will no longer be considered to be in arrears, with the then outstanding balance on the Mortgage Loan being required to be repaid by the Borrower over the remaining term of such Mortgage Loan.

**Determinations by the Administrator**

The Administrator shall determine on each Calculation Date, having regard to:

(a) the income which the LLP would expect to receive during the next succeeding LLP Payment Period (the relevant "LLP Payment Period");

(b) the Barclays Standard Variable Rate and any other discretionary rate or margin in respect of the Mortgage Accounts which the Administrator proposes to set under the Administration Agreement for the relevant LLP Payment Period; and

(c) the other resources available to the LLP including the relevant Swap Agreements and the Reserve Fund,

whether the LLP would receive an amount of income during the relevant LLP Payment Period which, when aggregated with the funds otherwise available to it, is less than the amount which is the aggregate of (1) the amount of interest which would be payable (or provisioned to be paid) under the Intercompany Loan or, if a Notice to Pay has been served, the Covered Bond Guarantee on each LLP Payment Date falling at the end of the relevant LLP Payment Period and relevant amounts payable (or provisioned to be paid) to the Swap Providers under the Swap Agreements in respect of all Covered Bonds on each LLP Payment Date of each Series of Covered Bonds falling at the end of the relevant LLP Payment Period and (2) the other senior expenses payable by the LLP ranking in priority thereto in accordance with the relevant Priority of Payments applicable prior to an LLP Event of Default (the "Interest Rate Shortfall Test" and any such shortfall, the "Interest Rate Shortfall").

If the Administrator determines that there will be an Interest Rate Shortfall, it will give written notice to the LLP and the Security Trustee, within five Business Days, of the amount of such Interest Rate Shortfall. If the LLP or the Security Trustee notifies the Administrator and the Seller that, having regard to the obligations of the LLP and the amount of the Interest Rate Shortfall, further Mortgage Loans and their Related Security should be sold by the Seller to the LLP pursuant to the Mortgage Sale Agreement and a corresponding Additional MRCLN Advance should be granted by the LLP in accordance with the terms of the MRCLN Note Purchase Facility Agreement, the Seller will use all reasonable efforts to offer to sell New Mortgage Loans and their Related Security to the LLP on or before the next Calculation Date which have a Standard Variable Rate and/or other discretionary rates or margins sufficient to avoid such Interest Rate Shortfall on future Calculation Dates and the LLP will grant an Additional MRCLN Advance on or before the next LLP Payment Date or if earlier, the next Transfer Date. In consideration of such sale, the Seller will be treated as having made a Capital Contribution (in an amount equal to the outstanding principal balance of the New Mortgage Accounts sold by the Seller as at the relevant Transfer Date) and will be entitled to receive the Deferred Consideration in relation thereto.
In addition, the Administrator shall determine on each Calculation Date following an Issuer Event of Default, having regard to the aggregate of:

(a) the Standard Variable Rate and any other discretionary rate or margin, in respect of the Mortgage Accounts which the Administrator proposes to set under the Administration Agreement for the relevant LLP Payment Period; and

(b) the other resources available to the LLP including under the Swap Agreements, whether the LLP would receive an aggregate amount of interest on the Mortgage Loans and the MRCLN and amounts under the Swap Agreements during the relevant LLP Payment Period which would give a weighted average yield on the Mortgage Loans and the MRCLN of at least LIBOR plus 0.50 per cent. (the "Yield Shortfall Test").

If the Administrator determines that the Yield Shortfall Test will not be met, it will give written notice to the LLP and the Security Trustee, within one Business Day, of the amount of the shortfall and the Barclays Standard Variable Rate and the other discretionary rates or margins which would, in the Administrator's opinion, need to be set in order for no shortfall to arise, and the Yield Shortfall Test to be met, having regard to the date(s) on which the change to the Barclays Standard Variable Rate and the other discretionary rates or margins would take effect and at all times acting in accordance with the standards of a Prudent Mortgage Lender. If the LLP or the Security Trustee notifies the Administrator that, having regard to the obligations of the LLP, the Barclays Standard Variable Rate and/or the other discretionary rates or margins should be increased, the Administrator or replacement Administrator, as the case may be, will take all steps which are necessary to increase the Barclays Standard Variable Rate and/or any other discretionary rates or margins including publishing any notice which is required in accordance with the Mortgage Conditions.

The LLP and the Security Trustee may terminate the authority of the Administrator to determine and set the Barclays Standard Variable Rate and any other variable rates or margins on the occurrence of an Administrator Event of Default as defined under "Removal or resignation of the Administrator", in which case the LLP will agree to set the Barclays Standard Variable Rate and the other discretionary rates or margins itself in accordance with the terms of the Administration Agreement.

**Compensation**

As full compensation for its servicing duties and activities and as reimbursement for any expense incurred by it in connection therewith, the Administrator or any replacement administrator which is a member of the Barclays Group is entitled to receive the fee from the LLP as set out in Administration Agreement. If, however, an Administrator is appointed from outside the Barclays Group, the level of this fee may be amended.

**Removal or resignation of the Administrator**

The LLP (with the consent of the Security Trustee) may, upon written notice to the Administrator, terminate the Administrator's rights and obligations immediately if any of the following events (each an "Administrator Termination Event" and, each of the events set out at (a), (b), (c), (d) and (e) below, an "Administrator Event of Default") occurs:

(a) The Administrator ceases to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by S&P of at least BBB-, or by Moody's of at least Baa3 or by Fitch of at least BBB-;

(b) the Administrator fails to pay any amount due and payable by it to the LLP under the Administration Agreement and such failure is not remedied for a period of five Business Days after becoming aware of the default;

(c) subject as provided further in the Transaction Documents, the Administrator fails to comply with any of its other obligations under the Administration Agreement which failure, in the opinion of the Security Trustee, is materially prejudicial to holders of the Covered Bonds and the Administrator does not remedy that failure within 20 days after becoming aware of the failure;
(d) if at any time required under any UK mortgage regulatory regime the Administrator fails to obtain the necessary licence or regulatory approval enabling it to continue administering Mortgage Accounts;

(e) an Insolvency Event occurs in relation to the Administrator; or

(f) the LLP resolves that the appointment of the Administrator should be terminated.

Subject to the fulfilment of a number of conditions, including, without limitation, that a replacement administrator has been appointed, the Administrator may voluntarily resign by giving not less than 12 months’ notice to the Security Trustee and the LLP, provided that a replacement administrator with a management team with experience of administering Mortgage Loans secured on residential mortgaged properties in England, Wales, Northern Ireland and Scotland has been appointed and enters into an Administration Agreement with the LLP substantially on the same terms as the Administration Agreement. In addition, the resignation of the Administrator is conditional on the resignation having no adverse effect on the then current ratings of the Covered Bonds unless the holders of the Covered Bonds agree otherwise by Extraordinary Resolution. The Administrator shall also inform the Rating Agencies in writing of the identity of such replacement administrator.

It should be noted that, if Barclays is at such time the subject of an Insolvency Event, any replacement administrator will, pursuant to the terms of the Administration Agreement, only be required to continue to administer the Mortgage Loans in the Mortgage Loan Portfolio and not, on behalf of Barclays, to perform any administrative functions in relation to the Mortgage Reserves. In addition, it should be noted that any new administrator would be entitled to review and revise the then current Administration Procedures as any such new administrator deemed appropriate.

If the appointment of the Administrator is terminated, the Administrator must deliver the Title Deeds and Loan Files relating to the Mortgage Accounts administered by it to, or at the direction of, the LLP. The Administration Agreement will terminate at such time as the LLP has no further interest in any of the Mortgage Loans or their Related Security sold to the LLP and serviced under the Administration Agreement that have been comprised in the Mortgage Loan Portfolio.

The Administrator may sub-contract or delegate the performance of its duties under the Administration Agreement provided that it meets conditions as set out in the Administration Agreement. In addition, any replacement administrator will at all times be able to delegate its role in servicing the Reference Mortgage Reserves to Barclays (and if Barclays is at such time the subject of an Insolvency Event, such Administrator will no longer have any duty to service the Reference Mortgage Reserves).

Neither the Bond Trustee nor the Security Trustee is obliged to act as Administrator in any circumstances.

The Administration Agreement is governed by English law and has been entered into by way of deed.

The MRCLN and the MRCLN Note Purchase Facility Agreement

On the First Transfer Date, the LLP subscribed for and purchased the MRCLN pursuant to the MRCLN Note Purchase Facility Agreement entered into on the Programme Date between, inter alios, the Seller and the LLP. The principal amount outstanding on the MRCLN is linked to the aggregate Mortgage Reserve Account Balance on all Reference Mortgage Reserves linked to the Mortgage Loans purchased by the LLP on 2 July 2008 (the "MRCLN Initial Subscription Price"), which was be
funded by the LLP from the amounts received by the LLP pursuant to the Intercompany Loan Agreement and/or by the Seller being treated as having made a capital contribution; and

(b) from time to time and in accordance with the terms of the MRCLN Note Purchase Facility Agreement, will be an amount determined in accordance with the then application of the MRCLN Deferred Subscription Price Calculation Formula (such amount being the then "MRCLN Deferred Subscription Price").

On the First Transfer Date, the MRCLN Principal Amount Outstanding was equal to the MRCLN Initial Subscription Price. However, the MRCLN is a variable funding note and as such the LLP will, pursuant to the terms of the MRCLN, make an Additional MRCLN Advance to the Seller on any LLP Payment Date (and such Additional MRCLN Advance will be deemed to have been made on the immediately preceding Determination Date), and, as of each such Determination Date, the MRCLN Principal Amount Outstanding will increase by an amount equal to such Additional MRCLN Advance.

The LLP shall fund an Additional MRCLN Advance in the following ways and in the following order of priority:

(a) from any Available Principal Receipts which are available on an LLP Payment Date, but only up to an amount equal to the then MRCLN Aggregate Debt Principal Balancing Amount; and/or

(b) by way of an increase in the Seller's Capital Contribution; and/or

(c) from any sum received by the LLP pursuant to a Term Advance under the Intercompany Loan Agreement on any Transfer Date.

**Interest on the MRCLN and on the Reference Mortgage Reserves and Repayment of the MRCLN**

The amount of MRCLN Interest due and payable on the MRCLN Payment Date is linked to the Mortgage Reserve Interest. The amount of MRCLN Interest due and payable on each MRCLN Payment Date will be an amount equal to the sum of: (i) MRCLN Immediately Due And Payable Interest for that date; and (ii) MRCLN Subsequently Due And Payable Interest for that date.

Pursuant to the terms of the MRCLN Note Purchase Facility Agreement, the Seller agrees to maintain the interest rate on any Reference Mortgage Reserve at a rate that is at no time lower than the lower of the then Barclays Standard Variable Rate or the then Barclays Base Rate, as applicable.

The Seller will be required on each MRCLN Payment Date to repay the MRCLN in an amount equal to the then Aggregate Mortgage Reserve Principal Repayment Amount (and for the purposes of calculating the Principal Receipts in respect of each Calculation Date, such MRCLN Principal Repayments will be deemed to have been made to the LLP during the immediately preceding Calculation Period).

**MRCLN limited in recourse**

The MRCLN is a credit linked note and as such the obligation to repay any MRCLN Principal Amount Outstanding by the Seller is directly linked to the Seller receiving payments from Borrowers, and to such Borrowers repaying the then outstanding Mortgage Reserve Account Balances on the Reference Mortgage Reserves and not redrawing such balances in the same period.

**No security for the Seller's obligation under the MRCLN**

It should be noted that the Seller's obligations to the LLP under the MRCLN and the MRCLN Note Purchase Facility Agreement are unsecured debt obligations of the Seller.

However, the Related Security that is assigned to the LLP under the Mortgage Sale Agreement shall also be security over amounts owing to the Seller under the associated Reference Mortgage Reserves. The LLP shall hold the Related Security, to the extent the Related Security secures amounts owing to the Seller under the associated Reference Mortgage Reserves, on trust for the Seller. Given that the LLP shall not be able to directly apply such enforcement proceeds to the amounts owing under the associated Mortgage Reserves (as such amounts are owed directly to the Seller), in the event the LLP exercises its rights to enforce the related security, the LLP (or the Administrator on its behalf) shall be required to pay the Mortgage Reserve Security Enforcement Proceed Amounts directly to the Seller for the Seller to
apply in reducing the Mortgage Reserve Account Balance of the associated Reference Mortgage Reserves. Any such reduction in the Mortgage Reserve Account Balance shall, as described above, require the Seller to repay a corresponding amount under the MRCLN to the LLP. In addition, pursuant to the terms of the Mortgage Sale Agreement and the MRCLN Note Purchase Facility Agreement, the LLP shall be entitled to set-off the amounts payable to the Seller in relation to any such Mortgage Reserve Security Enforcement Proceed Amounts against the corresponding amounts then payable by the Seller under the MRCLN. To the extent that the Seller fails to recover the full amount outstanding on the Mortgage Reserve Account, such shortfall will lead to a Mortgage Reserve Principal Loss Reduction.

Pursuant to the terms of the Mortgage Sale Agreement and the MRCLN Note Purchase Facility Agreement, any security enforcement proceeds from any Related Security of a Mortgage Account will first be applied in discharging the relevant Borrower's obligations under its associated Reference Mortgage Reserve and thereafter in discharging the relevant Borrower's obligations under the associated Mortgage Loan.

**Events of default under the MRCLN**

Upon the occurrence of a MRCLN Event Of Default (unless expressly waived by the LLP in writing at such time):

(i) all amounts outstanding on the MRCLN will become immediately due and payable; and

(ii) the Seller will no longer be entitled to any Additional MRCLN Advances from the LLP.

Certain MRCLN Events Of Default may be subject to a rectification period. Also, certain MRCLN Events Of Default are subject to a materiality test where the occurrence of an event will not lead to a MRCLN Event Of Default unless the occurrence of such an event would have material adverse effects.

Neither the Seller nor the LLP shall be entitled to assign and/or novate and/or otherwise transfer any of its rights, title, interest or obligations under the MRCLN or the MRCLN Note Purchase Facility Agreement to any other person.

The MRCLN and the MRCLN Note Purchase Facility Agreement are governed by English law.

**The MRCLN Collateral Agreement**

Pursuant to the terms of the MRCLN and the MRCLN Note Purchase Facility Agreement, the Seller has been required to enter into, on the Programme Date, a MRCLN Collateral Agreement between, *inter alios*, the LLP and the Seller, which governs, *inter alia*, the requirements, timing, holding mechanics and amount of MRCLN Collateral that may be required to be posted to the LLP by the Seller from time to time.

Pursuant to the terms of the MRCLN Note Purchase Facility Agreement, if the Seller ceases to have a long term unsecured, unsubordinated and unguaranteed credit rating by S&P of at least BBB-, by Fitch of at least BBB- or by Moody's of at least Baa3 (unless each affected rating agency confirms in writing to, *inter alia*, the Issuer and the LLP that the then current ratings of any existing series of Covered Bonds will not be adversely affected thereby) the Seller will be required to provide, in accordance with the terms of the MRCLN Collateral Agreement and within 30 days of such downgrade, collateral on an on-going basis in an amount equal to the MRCLN Principal Amount Outstanding, so as to support its payment obligations under the MRCLN until such time as the Seller again has a long term unsecured, unsubordinated and unguaranteed credit rating by S&P of at least BBB-, by Fitch of at least BBB- and by Moody's of at least Baa3.

Pursuant to the terms of the MRCLN Collateral Agreement, any amount of MRCLN Collateral that is permitted to be released and paid back to the Seller (together with, if applicable, any interest on any permitted securities and/or other permitted investments that constitutes the MRCLN Collateral at any time) will be paid, in accordance with the Revenue Priority of Payments, to the Seller by the LLP on the immediately following LLP Payment Date.

The MRCLN Collateral Agreement is governed by English law.
Asset Monitor Agreement

Under the terms of the Asset Monitor Agreement entered into on the Programme Date between the Asset Monitor, the LLP, the Cash Manager and the Security Trustee, the Asset Monitor has agreed, subject to due receipt of the information to be provided by the Cash Manager to the Asset Monitor, to report on the arithmetic accuracy of the calculations performed by the Cash Manager on the Calculation Date immediately prior to each anniversary of the First Issue Date with a view to confirmation of compliance by the LLP with the Asset Coverage Test or the Amortisation Test, as applicable, on that Calculation Date.

If the long-term ratings of the Cash Manager or the Issuer fall below BBB- by S&P, Baa3 by Moody’s or BBB- by Fitch, the Asset Monitor will, subject to receipt of the relevant information from the Cash Manager, be required to report on such arithmetic accuracy following each Calculation Date and, following a determination by the Asset Monitor of any errors in the calculations performed by the Cash Manager such that the Asset Coverage Test has been failed on the applicable Calculation Date (where the Cash Manager had recorded it as being satisfied) or the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount is mis-stated by an amount exceeding one per cent. of the Adjusted Aggregate Asset Amount or the Amortisation Test Aggregate Asset Amount, as applicable, (as at the date of the relevant Asset Coverage Test or the relevant Amortisation Test), the Asset Monitor will be required to conduct such tests following each Calculation Date for a period of six months thereafter.

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Cash Manager for the purpose of reporting on the arithmetic accuracy is true and correct and not misleading, and is not required to report as such or otherwise take steps to verify the accuracy of any such information. The Asset Monitor Report will be delivered to the Cash Manager, the LLP, the Issuer and the Security Trustee.

The LLP will pay to the Asset Monitor a fee of up to £8,000 per report (exclusive of VAT) for the reports to be performed by the Asset Monitor.

The LLP may, at any time, only with the prior written consent of the Security Trustee, terminate the appointment of the Asset Monitor by giving at least 60 days’ prior written notice to the Asset Monitor, and the Asset Monitor may, at any time, resign by giving at least 60 days’ prior written notice to the LLP and the Security Trustee.

Upon giving notice of resignation, the LLP shall immediately use its best endeavours to appoint a replacement (such replacement to be approved by the Security Trustee who shall give such approval if the replacement is an accountancy firm of national standing who agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Agreement). If a replacement is not appointed by the date which is 30 days prior to the date when tests are to be carried out in accordance with the terms of the Asset Monitor Agreement, then the LLP shall use all reasonable endeavours to appoint an accountancy firm of national standing to carry out the relevant tests on a one-off basis, provided that such appointment is approved by the Security Trustee.

Neither the Bond Trustee nor the Security Trustee will be obliged to act as Asset Monitor in any circumstances.

The Asset Monitor Agreement is governed by English law.

LLP Deed

The Members of the LLP agree to operate the business of the LLP in accordance with the terms of a limited liability partnership deed entered into on the Programme Date, as amended and/or supplemented and/or restated from time to time, between the LLP, Barclays (in its capacity as a Member), the Liquidation Member, the Bond Trustee and the Security Trustee (the "LLP Deed").

Members

As at the Programme Date, each of Barclays and the Liquidation Member became a member (each a "Member", and together with any other members from time to time, the "Members") of the LLP. Barclays and the Liquidation Member are designated members (each a "Designated Member", and together with any other designated members from time to time, the "Designated Members") of the LLP.
The Designated Members have such duties as are specified in the LLPA 2000 or otherwise at law and in the LLP Deed. The LLP Deed requires that there will at all times be at least two Designated Members of the LLP.

For so long as Covered Bonds are outstanding, if an administrator or a liquidator is appointed to Barclays, the Liquidation Member may, by written notice to the LLP, appoint another Member as a Designated Member or may, at its sole discretion (acting on behalf of itself and the other Members), admit a New Member to the LLP (in each case with the prior written consent of the Security Trustee).

No New Member may otherwise be appointed without the consent of the Security Trustee and the receipt by the Issuer or the Security Trustee of a Rating Agency Confirmation.

**Capital Contributions**

From time to time Barclays (in its capacity as a Member) will make Capital Contributions to the LLP. Capital Contributions may be made in cash or in kind (for example, through a contribution of Mortgage Loans to the LLP). The Capital Contribution Balance of Barclays shall be calculated in Sterling on each Calculation Date as the difference between (a) the aggregate outstanding principal balance of the Mortgage Loan Portfolio and the MRCLN, each as at the last day of the preceding Calculation Period, plus Principal Receipts standing to the credit of the GIC Account (but excluding any amounts to be applied in accordance with the Transaction Documents, including any Capital Distributions to be made on the immediately following LLP Payment Date) plus the principal amount of Substitution Assets and Authorised Investments as at the last day of the preceding Calculation Period and (b) the Sterling Equivalent of the aggregate Principal Amount Outstanding under the Covered Bonds as at the last day of the preceding Calculation Period.

The Liquidation Member will not make any Capital Contributions to the LLP.

Capital Contributions or returns on Capital Contributions shall only be paid to Members after the LLP has paid or, as applicable, provided for all higher ranking amounts in the relevant Priority of Payments.

**Asset Coverage Test**

Under the terms of the LLP Deed, the LLP and the Members (other than the Liquidation Member) must ensure that on each Calculation Date prior to the service of a Notice to Pay on the LLP, the Adjusted Aggregate Asset Amount is in an amount at least equal to the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date.

If on any Calculation Date, the Adjusted Aggregate Asset Amount is less than the aggregate Sterling Equivalent Principal Amount Outstanding of all Covered Bonds as calculated on the relevant Calculation Date, then the LLP (or the Cash Manager on its behalf) will notify the Members, the Bond Trustee and the Security Trustee thereof and the Members (other than the Liquidation Member) will use all reasonable endeavours to sell sufficient further Mortgage Loans and their Related Security to the LLP in accordance with the Mortgage Sale Agreement (see "Summary of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loans and Related Security") or provide Cash Capital Contributions to ensure that the Asset Coverage Test is met on or before the immediately following Calculation Date. If the breach of the Asset Coverage Test is not cured on or before the immediately following Calculation Date and if the Asset Coverage Test is breached again on such immediately following Calculation Date, then an Issuer Event of Default shall occur.

For the purposes hereof the amount calculated on each Calculation Date as "Adjusted Aggregate Asset Amount" means follows:

\[(A + B + C + D + E) - (V + X + Y + Z)\]

where, \(A\) = the lower of (a) and (b), where:

(a) equals the sum over all Mortgage Accounts in the Portfolio of the lower of:

(i) the outstanding Mortgage Account Balance of the relevant Mortgage Account as at the Determination Date preceding the relevant Calculation Date;
(ii) the Indexed Valuation multiplied by M for that Mortgage Account (where:

(a) for all Mortgage Accounts in the Portfolio that are not then Defaulted Mortgage Accounts, \( M = 0.75 \);

(b) for all Mortgage Accounts in the Portfolio that are then Defaulted Mortgage Accounts and that have an outstanding principal balance to Indexed Valuation ratio of less than or equal to 75%, \( M = 0.4 \); and

(c) for all Mortgage Accounts in the Portfolio that are then Defaulted Mortgage Accounts and that have an outstanding principal balance to Indexed Valuation ratio of greater than 75%, \( M = 0.25 \)),

save that, when calculating the Mortgage Account Balance, the Mortgage Account Balance will be deemed to be reduced by the following amounts in the following circumstances:

(1) where a Mortgage Account or its Related Security was, in the immediately preceding Calculation Period, in breach of the Representations and Warranties contained in the Mortgage Sale Agreement, or the MRCLN Note Purchase Facility Agreement or subject to any other obligation of the Seller to repurchase the relevant Mortgage Loan and its Related Security and to repay a corresponding amount under the MRCLN to the LLP in relation to the Reference Mortgage Reserves associated to the relevant Mortgage Loan, and in each case the Seller has not repurchased the Mortgage Loan or Mortgage Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement and has not repaid a corresponding amount under the MRCLN to the LLP in relation to the Reference Mortgage Reserves to the extent required by the MRCLN Note Purchase Facility Agreement; then the outstanding aggregate Mortgage Account Balance of the Mortgage Accounts in the Portfolio (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the lower of (i) and (ii) above (as calculated on the relevant Calculation Date) for each Mortgage Account to which this paragraph applies; and/or

(2) where the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Administrator was, in any preceding Calculation Period, in breach of a material term of the Administration Agreement, in this event, the outstanding aggregate Mortgage Account Balance of the Mortgage Loans in the Portfolio (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the LLP in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the LLP by the Seller to indemnify the LLP for such financial loss);

(b) equals the Asset Percentage (as defined below) multiplied by the Adjusted Mortgage Account Balance Amount, where "Adjusted Mortgage Account Balance Amount" equals the sum over all Mortgage Accounts in the Portfolio of the lower of:

(i) the outstanding Mortgage Account Balance of the relevant Mortgage Account as at the Determination Date preceding the relevant Calculation Date; and

(ii) the Indexed Valuation multiplied by M for that Mortgage Account as at the Determination Date preceding the relevant Calculation Date (where:

(a) for all Mortgage Accounts in the Portfolio that are not then Defaulted Mortgage Accounts, \( M = 1 \);
(b) for all Mortgage Accounts in the Portfolio that are then Defaulted Mortgage Accounts and that have an outstanding principal balance to Indexed Valuation ratio of less than or equal to 75%, \( M = 0.4 \); and

(c) for all Mortgage Accounts in the Portfolio that are then Defaulted Mortgage Accounts and that have an outstanding principal balance to Indexed Valuation ratio of greater than 75%, \( M = 0.25 \),

save that, when calculating the Mortgage Account Balance, the Mortgage Account Balance will be deemed to be reduced by the following amounts in the following circumstances:

(1) where a Mortgage Account or its Related Security was, in the immediately preceding Calculation Period, in breach of the Representations and Warranties contained in the Mortgage Sale Agreement, or the MRCLN Note Purchase Facility Agreement or subject to any other obligation of the Seller to repurchase the relevant Mortgage Loan and its Related Security and to repay a corresponding amount under the MRCLN to the LLP in relation to the Reference Mortgage Reserves associated to the relevant Mortgage Loan, and in each case the Seller has not repurchased the Mortgage Loan or Mortgage Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement and has not repaid a corresponding amount under the MRCLN to the LLP in relation to the Reference Mortgage Reserves to the extent required by the MRCLN Note Purchase Facility Agreement; then the outstanding aggregate Mortgage Account Balance of the Mortgage Accounts in the Portfolio (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the lower of (i) and (ii) above (as calculated on the relevant Calculation Date) for each Mortgage Account to which this paragraph applies; and/or

(2) where the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Administrator was, in any preceding Calculation Period, in breach of a material term of the Administration Agreement, and in this event, the outstanding aggregate Mortgage Account Balance of the Mortgage Loans in the Portfolio (as calculated on the relevant Calculation Date) will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the LLP in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the LLP by the Seller to indemnify the LLP for such financial loss);

\( B = \) the aggregate amount of any Cash Capital Contributions made by the Members (as recorded in the Capital Account Ledger of the LLP in relation to each Member) or proceeds of Term Advances which have not been applied as at the relevant Calculation Date;

\( C = \) the aggregate outstanding principal balance of any Substitution Assets;

\( D = \) the amount of any Principal Receipts standing to the credit of the GIC Account as at the relevant Calculation Date but excluding any amounts due to be applied in accordance with the terms of the Transaction Documents (including any Capital Distributions to be made on the immediately following LLP Payment Date);

\( E = \) the amount of any Sale Proceeds standing to the credit of the Pre-Maturity Liquidity Ledger as at the relevant Calculation Date;

\( V = \) the sum of:

(i) 115 per cent. of the aggregate of the MRCLN Principal Amount Outstanding, as calculated on the relevant Calculation Date; minus
the amount of any collateral posted by the Seller pursuant to and in accordance with the terms of the MRCLN Collateral Agreement **provided that** any such collateral is either in the form of cash or is a form of collateral which satisfies the requirements for eligible assets that may collateralise covered bonds in accordance with paragraph 68 of Annex VI of the Banking Consolidation Directive and satisfies the requirements set out by the Rating Agencies;

\[
X = \begin{cases} 
0, & \text{if the short term unsecured debt obligations of the Issuer are rated at least A-2 by S&P and the long term unsecured debt obligations of the Issuer are rated at least A- by Fitch and A3 by Moody's,} \\
4.2 \text{ per cent.}, & \text{if the short term unsecured debt obligations of the Issuer are not rated at least A-2 by S&P and if the long term unsecured debt obligations are not rated at least A- by Fitch and A3 by Moody's.} 
\end{cases}
\]

\[
Y = \text{the sum of any Further Advances where each such Further Advance was equal to or less than £25,000; and}
\]

\[
Z = \text{the weighted average remaining maturity of all Covered Bonds then outstanding calculated by the Cash Manager as at such date multiplied by the Sterling Equivalent of the then aggregate Principal Amount Outstanding of the Covered Bonds multiplied by the then Negative Carry Factor where the "Negative Carry Factor" is:}
\]

\[
(i) \quad \text{zero, for so long as the TRS is in place and the Issuer has a long-term rating by Moody's of at least A3; or}
\]

\[
(ii) \quad \text{if the TRS is not in place or if the Issuer ceases to have a long-term rating of A3 by Moody's, then either: (a) 0.50 per cent. if the then weighted average margin of the interest rate then payable on the Covered Bonds is less or equal to 0.10 per cent. per annum; or (b) 0.50 per cent. plus that margin minus 0.10 per cent., if that margin is greater than 0.10 per cent. per annum (provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one).}
\]

"Asset Percentage" means, save where a different percentage figure would not adversely affect the then current ratings of all outstanding Covered Bonds as confirmed in writing by the Rating Agencies, the lowest of:

\[
(a) \quad 94 \text{ per cent.; or}
\]

\[
(b) \quad \text{the percentage figure as selected by the LLP (or the Cash Manager acting on its behalf) which, if an increase to the then current Asset Percentage:}
\]

\[
(i) \quad \text{ensures that all outstanding Covered Bonds maintain the then current ratings assigned to them by Fitch and S&P; and}
\]

\[
(ii) \quad \text{is not greater than the lowest of the Initial Moody's Asset Percentage (as defined below) for each Series of outstanding Covered Bonds, (regardless of the actual Moody's rating of such Series of Covered Bonds at the time).}
\]

"Initial Moody's Asset Percentage" means the notional asset percentage which would be necessary to ensure that such Series of outstanding Covered Bonds achieved the original rating assigned to such Series of Covered Bonds by Moody's on their relevant Issue Date using Moody's expected loss methodology as determined at such Issue Date.
Amortisation Test

If there are Covered Bonds outstanding, the LLP and the Members (other than the Liquidation Member) must ensure that on each Calculation Date following service of a Notice to Pay on the LLP (but prior to service of an LLP Acceleration Notice on the LLP and/or the commencement of winding-up proceedings against the LLP and/or the realisation of the Security) the Amortisation Test Aggregate Asset Amount will be in an amount at least equal to the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date.

Following service of Notice to Pay on the LLP, if on any Calculation Date the Amortisation Test Aggregate Asset Amount is less than the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date, then the Amortisation Test will be deemed to be breached and an LLP Event of Default will occur. The LLP or the Cash Manager, as the case may be, will immediately notify the Members, the Security Trustee and (whilst Covered Bonds are outstanding) the Bond Trustee of any breach of the Amortisation Test and the Bond Trustee shall be entitled to serve an LLP Acceleration Notice in accordance with the Conditions.

The "Amortisation Test Aggregate Asset Amount" will be calculated on each Calculation Date following a Notice to Pay as follows:

\[ A + B + C - Z \]

where,

\[ A = \text{the aggregate "Amortisation Test Outstanding Principal Balance" of each Mortgage Loan, which shall be the product of:} \]

(x) the lower of:

(1) the relevant outstanding Mortgage Loan Balance as calculated on the Determination Date immediately preceding the relevant Calculation Date; and

(2) the then Indexed Valuation; and

(y) \( M \), where:

(1) for all the Mortgage Accounts that are not Defaulted Mortgage Accounts \( M = 1.0 \); or

(2) for all the Mortgage Accounts that are Defaulted Mortgage Accounts, \( M = 0.7 \);

\[ B = \text{the sum of the amount of any cash standing to the credit of the GIC Account and the principal amount of any Authorised Investments (excluding any Revenue Receipts received in the immediately preceding Calculation Period and any amounts due to be applied in accordance with the terms of the Transaction Documents);} \]

\[ C = \text{the aggregate outstanding principal balance of any Substitution Assets not taken into account elsewhere in this calculation;} \]

\[ Z = \text{the weighted average remaining maturity of all Covered Bonds then outstanding calculated by the Cash Manager as at such date multiplied by the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds multiplied by the Negative Carry Factor.} \]

Sale of Selected Mortgage Loans and their Related Security if the Pre-Maturity Test is breached

The LLP Deed provides for the sale of Selected Mortgage Loans and their Related Security in circumstances where the Pre-Maturity Test has been breached. The Pre-Maturity Test will be breached if the ratings of the Issuer fall below a specified level and a Series of Hard Bullet Covered Bonds is due for repayment within a specified period of time thereafter. The LLP will be obliged to sell or refinance the Selected Mortgage Loans and their Related Security, subject to the rights of pre-emption enjoyed by the Seller to buy the Selected Mortgage Loans and their Related Security pursuant to the terms of the Mortgage Sale Agreement and subject to any Cash Capital Contribution made by the Members (other
than the Liquidation Member). The proceeds from any such sale will be credited to the GIC Account and applied as set out in the Guarantee Priority of Payments. In addition, any associated Reference Mortgage Reserve will become a Non-Reference Mortgage Reserve. Accordingly, the Seller will be required to repay the MRCLN in an amount equal to the Mortgage Reserve Account Balance of such Mortgage Reserve as of the Determination Date falling on or prior to the completion of the repurchase of the related Mortgage Loan (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, inter alia, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve. Such payments under the MRCLN will be treated as MRCLN Principal Receipts and applied as set out in the relevant Priorities of Payments.

If the Issuer fails to repay any Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, then the proceeds from any sale of Selected Mortgage Loans or the Cash Capital Contributions standing to the credit of the Pre-Maturity Liquidity Ledger will be applied to repay the relevant Series of Hard Bullet Covered Bonds. Otherwise, the proceeds will be applied as set out in "Credit Structure" below.

Sale of Selected Mortgage Loans and their Related Security following service of a Notice to Pay

After a Notice to Pay has been served on the LLP following the occurrence of an Issuer Event of Default, the LLP will be obliged to sell Selected Mortgage Loans and their Related Security in the Mortgage Loan Portfolio in accordance with the LLP Deed (as described below), subject to the rights of pre-emption enjoyed by the Seller to buy the Selected Mortgage Loans and their Related Security pursuant to the Mortgage Sale Agreement. The proceeds from any such sale will be credited to the GIC Account and applied as set out in the Guarantee Priority of Payments. In addition, any associated Reference Mortgage Reserve will, on the Determination Date falling on or prior to the date of completion of repurchase of the related Mortgage Loans, become a Non-Reference Mortgage Reserve. Accordingly, the Seller will be required to repay the MRCLN in an amount equal to the then Mortgage Reserve Account Balance of such Mortgage Reserve (less an amount equal to any Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve) plus pay interest on the MRCLN in an amount equal to, inter alia, the then Aggregate Potential MRCLN Interest in respect of such Mortgage Reserve.

Method of Sale of Selected Mortgage Loans and their Related Security

If the LLP is required to sell Selected Mortgage Loans and their Related Security to purchasers following a breach of the Pre-Maturity Test or the service of a Notice to Pay, the LLP will be required to ensure that before offering Selected Mortgage Loans for sale:

(a) the Selected Mortgage Loans have been selected from the Mortgage Loan Portfolio on a random basis as described in the LLP Deed; and

(b) the Selected Mortgage Accounts have an aggregate principal outstanding balance in an amount (the "Required Principal Outstanding Balance Amount") which is as close as possible to the amount calculated as follows:

\[
\frac{\text{Aggregate Mortgage Balance for all Mortgage Accounts in the Portfolio}}{\text{the sum of the Adjusted Required Redemption Amount in respect of each Series of Covered Bonds then outstanding}}
\]

where "N" is an amount equal to the Adjusted Required Redemption Amount in respect of the relevant Series of Covered Bonds; and

where "O" is a number equal to the Asset Percentage divided by:

(i) in respect of Hard Bullet Covered Bonds, the Hard Bullet Asset Percentage; or

(ii) in respect of Covered Bonds Covered Bonds are subject to an Extended Due for Payment Date, the Extendable Maturity Asset Percentage.

"Hard Bullet Asset Percentage" means, save where a different percentage figure would not adversely affect the then current ratings of all outstanding Covered Bonds as confirmed in writing by the Rating Agencies, the lowest of:
(a) the percentage figure as selected by the LLP (or the Cash Manager acting on its behalf) which, if an increase to the then current Asset Percentage, ensures that all outstanding Hard Bullet Covered Bonds maintain the then current ratings assigned to them by Fitch and S&P; and

(b) is not greater than the lowest of the Initial Moody's Asset Percentage (as defined above) for each Series of outstanding Hard Bullet Covered Bonds, (regardless of the actual Moody's rating of such Series of Hard Bullet Covered Bonds at the time).

"Extendable Maturity Asset Percentage" means, save where a different percentage figure would not adversely affect the then current ratings of all outstanding Covered Bonds as confirmed in writing by the Rating Agencies, the lowest of:

(a) the percentage figure as selected by the LLP (or the Cash Manager acting on its behalf) which, if an increase to the then current Asset Percentage, ensures that all outstanding Extendable Maturity Covered Bonds maintain the then current ratings assigned to them by Fitch and S&P; or

(b) is not greater than the lowest of the Initial Moody's Asset Percentage (as defined above) for each Series of outstanding Extendable Maturity Covered Bonds, (regardless of the actual Moody's rating of such Series of Extendable Maturity Covered Bonds at the time).

The Hard Bullet Asset Percentage or Extendable Maturity Asset Percentage may, as a result of Rating Agency requirements, be higher or lower than the Asset Percentage for the Programme. As a result, the incorporation of "N" into the calculation above may result in the Required Principal Outstanding Balance Amount for the Selected Mortgage Accounts to be sold may be higher or lower depending on whether the relevant Series of Covered Bonds are Hard Bullet Covered Bonds or are Extendable Maturity Covered Bonds.

The LLP will offer the Selected Mortgage Loans and their Related Security for sale to Purchasers for the best price reasonably available but in any event for an amount not less than the Adjusted Required Redemption Amount, minus an amount equal to the amount of collateral which has at such time been posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal Amount Outstanding that relates to the Reference Mortgage Reserves associated to the Selected Mortgage Loans being sold.

Following the service of a Notice to Pay, if the Selected Mortgage Loans and their Related Security have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount minus an amount equal to the amount of collateral which has at such time been posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal Amount Outstanding that relates to the Reference Mortgage Reserves associated to the Selected Mortgage Loans being sold, the LLP will offer the Selected Mortgage Loans for sale for the best price reasonably available notwithstanding that such amount, together with the amount equal to the amount of collateral which has at such time been posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal Amount Outstanding that relates to the Reference Mortgage Reserves associated to the Selected Mortgage Loans being sold may be less than the Adjusted Required Redemption Amount provided that, after the sale of such Selected Mortgage Loans, the remaining Mortgage Loans in the Portfolio would satisfy the Amortisation Test after such sale was completed, for the avoidance of doubt assuming such sale proceeds have been applied to repay the relevant Series of Covered Bonds.

Following the service of a Notice to Pay but prior to the occurrence of an LLP Event of Default, in addition to offering Selected Mortgage Loans for sale to Purchasers in respect of the Earliest Maturing Covered Bonds, the LLP (subject to the rights of pre-emption enjoyed by the Seller pursuant to the Mortgage Sale Agreement) is permitted to offer for sale a portfolio of Selected Mortgage Loans, in accordance with the provisions summarised above, in respect of other Series of Covered Bonds.

The LLP is also permitted to offer for sale to Purchasers a Partial Portfolio provided that, after the sale of such Selected Mortgage Loans, the remaining Mortgage Loans in the Portfolio would satisfy the Amortisation Test after such sale was completed, for the avoidance of doubt assuming such sale proceeds
have been applied to repay the relevant Series of Covered Bonds. Except in circumstances where the
portfolio of Selected Mortgage Loans is being sold within six months of, as applicable, the Final Maturity
Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered
Bond Guarantee, the Extended Due for Payment Date in respect of the Series of Covered Bonds to be
repaid from such proceeds, the sale price of the Partial Portfolio plus the amount of collateral which has at
such time been posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal
Amount Outstanding that relates to the Partial Portfolio’s associated Reference Mortgage Reserves
becoming Non-Reference Mortgage Reserves and causing the Seller to repay a corresponding amount
under the MRCLN (as a proportion of the Adjusted Required Redemption Amount) shall be at least equal
to the proportion that the Partial Portfolio plus the amount of collateral which has at such time been
posted pursuant to the MRCLN Collateral Agreement to support the MRCLN Principal Amount
Outstanding that is repaid under the MRCLN (that is equivalent to the amount of the Partial Portfolio’s
associated Reference Mortgage Reserves becoming Non-Reference Mortgage Reserves) bears to the
relevant portfolio of Selected Mortgage Accounts multiplied by the sale price of the relevant portfolio of
Selected Mortgage Accounts.

The LLP will, through a tender process, appoint a portfolio manager of recognised standing on a basis
intended to incentivise the portfolio manager to achieve the best price for the sale of the Selected
Mortgage Loans (if such terms are commercially available in the market) to advise it in relation to the
sale of the Selected Mortgage Loans to purchasers (except where the Seller is buying the Selected
Mortgage Loans in accordance with their right of pre-emption in the Mortgage Sale Agreement). The
terms of the agreement giving effect to the appointment in accordance with such tender shall be approved
by the Security Trustee and the Bond Trustee.

In respect of any sale or refinancing of Selected Mortgage Loans and their Related Security following
service of a Notice to Pay, the LLP will instruct the portfolio manager to use all reasonable endeavours to
procure that Selected Mortgage Loans are sold as quickly as reasonably practicable (in accordance with
the recommendations of the portfolio manager) taking into account the market conditions at that time and
the scheduled repayment dates of the Covered Bonds and the terms of the LLP Deed.

The terms of any sale and purchase agreement with respect to the sale of Selected Mortgage Loans (which
shall give effect to the recommendations of the portfolio manager) will be subject to the prior written
approval of the Security Trustee and the Bond Trustee. The Security Trustee will not be required to
release the Selected Mortgage Accounts from the Security unless the conditions relating to the release of
the Security (as described under “Deed of Charge – Release of Security”, below) are satisfied.

If Purchasers accept the offer or offers from the LLP so that some or all of the Selected Mortgage Loans
shall be sold prior to the next following Final Maturity Date or, if the Covered Bonds are subject to an
Extended Due for Payment Date in respect of the Covered Bond Guarantee, the next following Extended
Due for Payment Date in respect of the Earliest Maturing Covered Bonds, then the LLP will, subject to the
foregoing paragraph, enter into a sale and purchase agreement with the relevant Purchasers which will
require, inter alia, a cash payment from the relevant Purchasers. Any such sale will not include any
Representations and Warranties from the LLP in respect of the Mortgage Loans and the Related Security
unless expressly agreed by the Security Trustee or otherwise agreed with the Seller.

Covenants of the LLP and the Members

Each of the Members covenants that, subject to the terms of the Transaction Documents, it will not sell,

to terminate the LLP or institute any winding-up, administration, insolvency or similar proceedings

(k) commence, defend, settle or compromise any litigation or other claims relating to it or any of its assets; or

(i) ensure that the Asset Pool is composed of assets which comply with Regulation 3(1) (Asset Pool) of the RCB Regulations;

(ii) keep a record of those assets that form part of the Asset Pool, which, for the avoidance of doubt, shall not include any Swap Collateral; and

**Limit on Investing in Substitution Assets and Authorised Investments**

Prior to the service of a Notice to Pay on the LLP, the LLP will be permitted to invest Available Revenue Receipts, Available Principal Receipts and the proceeds of Term Advances standing to the credit of the GIC Account in Substitution Assets, **provided that** such investments are made in accordance with the terms of the Cash Management Agreement and the LLP Deed.

Following service of a Notice to Pay on the LLP, all Substitution Assets must be sold by the LLP (or the Cash Manager on its behalf) as quickly as reasonably practicable and the proceeds credited to the GIC Account after which the LLP will be permitted to invest all available monies in Authorised Investments, **provided that** such sales or investments are made in accordance with the terms of the Cash Management Agreement and the LLP Deed.

There is no limit on the amounts that the LLP shall be entitled to invest in Authorised Investments.

**Other Provisions**

The allocation and distribution of Revenue Receipts, Principal Receipts and all other amounts received by the LLP is described under "Cashflows" below.

The LLP Management Committee, comprised as at the Programme Date of directors, officers and/ or employees of Barclays and the Liquidation Member, will act on behalf of the LLP to which (other than any decision to approve the audited accounts of the LLP or to make a resolution for the voluntary winding
up of the LLP, which require a unanimous decision of the Members) the Members delegate all matters. Any decision by the LLP Management Committee relating to the admission of a New Member, any change in the LLP’s business, any change to the LLP’s name and any amendment to the LLP Deed, will be made, whilst any Covered Bonds are outstanding, with the consent of the Security Trustee.

For so long as any Covered Bonds are outstanding, each Member has agreed that it will not terminate or purport to terminate the LLP or institute any winding-up, administration, insolvency or other similar proceedings against the LLP. Furthermore, the Members have agreed inter alia not to demand or receive payment of any amounts payable by the LLP (or the Cash Manager on its behalf) or the Security Trustee unless all amounts then due and payable by the LLP to all other creditors ranking higher in the relevant Priorities of Payments have been paid in full.

Each Member will be responsible for the payment of its own tax liabilities and will be required to indemnify the LLP and the other Members from any liabilities which they incur as a result of the relevant Member’s non-payment.

Following the appointment of a liquidator to any Member (other than the Liquidation Member), any decisions of the LLP that are reserved to the Members in the LLP Deed shall be made by the Liquidation Member only.

The LLP Deed is governed by English law.

**Cash Management Agreement**

The Cash Manager will provide certain cash management services to the LLP pursuant to the terms of the Cash Management Agreement to be entered into on the Programme Date between the LLP, Barclays in its capacity as the Cash Manager and the Security Trustee.

The Cash Manager’s services include but are not limited to:

(a) maintaining the Ledgers on behalf of the LLP;

(b) distributing the Revenue Receipts and the Principal Receipts in accordance with the Priorities of Payment described under "Cashflows", below;

(c) determining whether the Asset Coverage Test is satisfied on each Calculation Date prior to the service of a Notice to Pay on the LLP in accordance with the LLP Deed, as more fully described under "Credit Structure – Asset Coverage Test" below;

(d) determining whether the Amortisation Test is satisfied on each Calculation Date following an Issuer Event of Default in accordance with the LLP Deed, as more fully described under "Credit Structure – Amortisation Test", below;

(e) on each Business Day, determining whether the Pre-Maturity Test for each Series of Hard Bullet Covered Bonds is satisfied, as more fully described under "Credit Structure – Pre-Maturity Liquidity" below;

(f) maintaining records of all Authorised Investments and Substitution Assets, as applicable;

(g) providing the FSA with information on the Authorised Investments and/or Substitution Assets comprised in the assets of the LLP and/or any other information as the FSA may require in accordance with the RCB Regulations; and

(h) preparation of Investor Reports for the holders of the Covered Bonds, the Rating Agencies and the Bond Trustee.

In certain circumstances the LLP and the Security Trustee each have the right to terminate the appointment of the Cash Manager, in which event the LLP will appoint a substitute (the identity of which will be subject to the Security Trustee’s written approval). Any substitute cash manager will have substantially the same rights and obligations as the Cash Manager (although the fee payable to the substitute cash manager may be higher).
The Cash Management Agreement is governed by English law.

**The Swap Agreements**

In order to hedge certain interest rate, currency or other risks in respect of amounts received by the LLP under the Mortgage Loans and the MRCLN and amounts payable by the LLP under the Intercompany Loan Agreement to Barclays Bank PLC and/or amounts payable by the LLP under the Covered Bond Guarantee to Covered Bondholders in respect of the Covered Bonds in issue, the LLP will enter into certain swap transactions with a swap provider, including but not limited to, a total return swap transaction and currency and/or interest rate swap transactions.

Each such swap transaction (the "Swaps") between a swap provider (the "Swap Provider") and the LLP will be governed by, and subject to, an ISDA Master Agreement and Schedule thereto, a credit support document in the form of the 1995 ISDA Credit Support Annex and the relevant swap confirmation(s) (together, the "Swap Agreements").

Where required to hedge such risks, there may be one (or more) Swap Agreement(s) and Swap(s) in relation to each Series of Covered Bonds.

**Total Return Swap**

On the First Transfer Date, Barclays Bank PLC (as a Swap Provider) entered into a total return swap transaction with the LLP (the "TRS"). Under the TRS, the LLP will pay to Barclays Bank PLC (the "TRS Provider"), in respect of each Calculation Period, an amount in Sterling equivalent to the sum of (i) the total amount of interest paid to the LLP on the outstanding balance of the Mortgage Loans for such Calculation Period, (ii) the total amount of interest paid to the LLP under the MRCLN which is attributable to such Calculation Period, (iii) the total amount of interest paid to the LLP in relation to amounts standing to the credit of the GIC Account which is attributable to such Calculation Period and (iv) the total amount of interest paid to the LLP in respect of any Substitution Assets or any other assets that the LLP may hold from time to time attributable to such Calculation Period. Such payments by the LLP to the Swap Provider under the TRS will be made monthly on the LLP Payment Date falling immediately after the end of that relevant Calculation Period.

In return, the TRS Provider will pay to the LLP, in respect of the corresponding LLP Payment Period, an amount in Sterling calculated by reference to the TRS Provider Notional Amount (see below) and one-month LIBOR plus 0.7 per cent. (the "TRS Rate"). The one-month LIBOR rate will be set on each LLP Payment Date for the LLP Payment Period commencing on that date. Such payments by the TRS Provider to the LLP will be made monthly on each LLP Payment Date.

The "TRS Provider Notional Amount" in respect of an LLP Payment Period is an amount (in Sterling) equal to the product of "A" and "B", where "A" is the sum of (i) the total outstanding balance of the Mortgage Loans in the Mortgage Loan Portfolio (or added to the Mortgage Loan Portfolio during the relevant Calculation Period) on the Determination Date for the corresponding Calculation Period, (ii) the total outstanding amount under the MRCLN as at the Determination Date for the corresponding Calculation Period, (iii) weighted average balance of the amounts standing to the credit of the GIC Account for such Calculation Period and (iv) any Substitution Assets or any other assets that the LLP may hold from time to time and where "B" is a fraction with a numerator equal to the sum of (i) the total amount of interest paid to the LLP on the outstanding balance of the Mortgage Loans for such Calculation Period and (ii) the total amount of interest paid to the LLP under the MRCLN which is attributable to such Calculation Period and (iii) the total amount of interest received in relation to amounts standing to the credit of the GIC Account and any Substitute Assets for the relevant Calculation Period and a denominator equal to (i) the total amount of interest due to the LLP on the outstanding balance of the Mortgage Loans for such Calculation Period and (ii) the total amount of interest which would be due (assuming the relevant mortgages were finally performing) to the LLP under the MRCLN which is attributable to such Calculation Period and (iii) the total amount of interest received in relation to amounts standing to the credit of the GIC Account and any Substitute Assets for the relevant Calculation Period.

On any Transfer Date, and as an incentive to the LLP for, inter alia, entering into (or, as the case may be, increasing the hedging coverage under) the TRS with the TRS Provider, the Seller will pay a Mortgage Purchase Inducement Fee to the LLP in an amount equal to the aggregate amount of the then swap
premium amount payable by the LLP to the TRS Provider pursuant to the terms of the TRS on such Transfer Date.

The TRS Agreement provides that in case of a sale or refinancing of Selected Mortgage Loans and their Related Security, the prospective purchaser (if such purchaser has been approved by the TRS Provider) has the option to purchase such Selected Mortgage Loans and their Related Security with or without the corresponding TRS. If the prospective purchaser of the Selected Mortgage Loans and their Related Security elects to purchase such Selected Mortgage Loans and their Related Security with the corresponding part of the TRS, the TRS Agreement will permit the LLP to transfer the corresponding rights and obligations thereunder to such purchaser. If the Selected Mortgage Loans and their Related Security are, or part thereof, is, purchased or refinanced without the corresponding (part of the) TRS, the TRS will be terminated in relation to such (part of the) Selected Mortgage Loans and their Related Security.

The termination date of the TRS shall be not be earlier than the date on which all outstanding amounts under the Covered Bonds are repaid or redeemed in full by the Issuer.

Covered Bond Swaps

On an Issue Date, the LLP may enter into one or more swap transactions with Swap Providers (the "Covered Bond Swap Providers" and each one a "Covered Bond Swap Provider") with respect to one or more Series of Covered Bonds issued by the Issuer (the "Covered Bond Swaps" and each one a "Covered Bond Swap").

Under the Covered Bond Swaps with respect to a Series, the LLP is scheduled to pay an amount in Sterling calculated by reference to a swap notional amount corresponding to the Principal Amount Outstanding of the relevant Covered Bonds (or its Sterling Equivalent) and one-month Sterling LIBOR. The one-month Sterling LIBOR rate will be set on each LLP Payment Date for the LLP Payment Period commencing on that date. Such payments will be made by the LLP to the Swap Provider monthly on each LLP Payment Date.

In return, the Covered Bond Swap Provider is scheduled to pay an amount in the currency of the related Term Advance (if such Term Advance is not in Sterling) calculated by reference to a swap notional amount corresponding to the Principal Amount Outstanding of the relevant Covered Bonds and a rate corresponding to the interest payable on the related Term Advance. Such payments will be made by the Swap Provider on the dates that interest is payable on the related Term Advance.

If the currency of a Series of Covered Bonds is not Sterling but the related Term Advance is denominated in Sterling, there will be currency swap for that Series with an effective start date on the service of a Notice to Pay or (if earlier) an LLP Acceleration Notice. The Covered Bond Swap Provider will then make payments calculated with reference to the amounts owed by the LLP under the Covered Bonds Guarantee.

In addition, if a Series of Covered Bonds is denominated in a currency other than Sterling then, (unless the Term Advance is denominated in Sterling) the Covered Bond Swap will provide for the proceeds of the Covered Bonds to be swapped into Sterling on issue of the Covered Bonds and for the exchange of Sterling on the maturity of the Covered Bonds for an amount equal to the amount to be applied towards redemption of the Covered Bonds.

Rating Downgrade Event

Under the terms of each Swap Agreement, in the event that the rating(s) of the Swap Provider is downgraded by any of the Rating Agencies below the rating(s) specified in the relevant Swap Agreement (in accordance with the requirements of such Rating Agency) for that Swap Provider, that Swap Provider will, in accordance with the relevant Swap Agreement, be required to take certain remedial measures which may include:

(a) providing collateral for its obligations under the Swap Agreement, or

(b) arranging for its obligations under the relevant Swap Agreement to be transferred to an entity with the ratings required by the relevant Rating Agency, or
(c) procuring another entity with the ratings required by the relevant Rating Agency to become co-obligor or guarantor in respect of its obligations under the Swap Agreement, or

(d) taking other action or putting in place alternative hedging (provided that the Rating Agencies confirm that this will not adversely affect the ratings of the then outstanding Series of Covered Bonds).

A failure to take such steps within the time periods specified in the Swap Agreement will allow the LLP to terminate the Swap Agreement.

**Other Termination Events**

A Swap Agreement may also be terminated early in certain other circumstances, including:

(a) at the option of any party to the Swap Agreement, if there is a failure by the other party to pay any amounts due under such Swap Agreement;

(b) upon the occurrence of an insolvency of the Swap Provider, or any Guarantor (or, in limited circumstances, the LLP), or the merger of one of the parties without an assumption of the obligations under the relevant Swap Agreement (except in respect of a transfer by the LLP to the Security Trustee in its fiduciary capacity);

(c) there is a change of law or change in application of the relevant law which results in the LLP or the Swap Provider (or both) being obliged to make a withholding or deduction on account of a tax on a payment to be made by such party to the other party under the Swap Agreement and the Swap Provider thereby being required under the terms of the Swap Agreement to gross up payments made to the LLP, or to receive net payments from the LLP (who is not required under the terms of the Swap Agreement to gross up payments made to the Swap Provider);

(d) there is a change in law which results in the illegality of the obligations to be performed by either party under the Swap Agreements;

(e) in respect of a portion of the TRS if any Selected Mortgage Loans are sold or refinanced without the corresponding portion of the TRS; and

(f) a Covered Bond Swap may be terminated if the corresponding Series of Covered Bonds are redeemed or cancelled.

Upon the termination of a Swap Agreement, the LLP or the Swap Provider may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement. The amount of this termination payment will be calculated and made in Sterling.

**Swap Agreement Credit Support Document**

The LLP and the Swap Provider and the Security Trustee in its fiduciary capacity will also enter into a credit support document in the form of the ISDA 1995 Credit Support Annex (Transfer-English Law) to the ISDA Master Agreement (the "Swap Agreement Credit Support Document"). The Swap Agreement Credit Support Document will provide that, from time to time, if required to do so following its downgrade and subject to the conditions specified in the Swap Agreement Credit Support Document, the Swap Provider will make transfers of collateral to the LLP in support of its obligations under the Swap Agreement (the "Swap Collateral") and the LLP will be obliged to return equivalent collateral in accordance with the terms of the Swap Agreement Credit Support Document. The Swap Agreement Credit Support Document will be governed by English Law.

Swap Collateral required to be posted by the Swap Provider pursuant to the terms of the Swap Agreement Credit Support Document may be delivered in the form of cash or securities. Cash amounts will be paid into an account designated a "Swap Collateral Cash Account" and securities will be transferred to an account designated a "Swap Collateral Custody Account". References to a Swap Collateral Cash Account or to a Swap Collateral Custody Account and to payments from such accounts are deemed to be a reference to payments from such accounts as and when opened by the LLP.
If a Swap Collateral Cash Account and/or a Swap Collateral Custody Account are opened, cash and securities (and all income in respect thereof) transferred as collateral will only be available to be applied in returning collateral (and income thereon) to the Swap Provider or in satisfaction of amounts owing by the Swap Provider to the LLP in accordance with the terms of the Swap Agreement Credit Support Document. Following a termination of a Swap Agreement, any termination payment paid to the LLP may be used by the LLP to purchase and enter into a replacement swap agreement.

Any Swap Collateral Excluded Amounts will be paid to the relevant Swap Provider directly and not via the Priorities of Payments.

**Withholding Tax on payments by the Swap Provider**

The Swap Provider will be obliged to make payments pursuant to the terms of the Swap Agreement without any withholding or deductions of taxes unless required by law. If any such withholding or deduction is required by law, the Swap Provider will, subject to certain conditions, be required to pay such additional amount as is necessary to ensure that the net amount actually received by the LLP will equal the full amount the LLP would have received had no such withholding or deduction been required. The LLP is similarly obliged to make payments pursuant to the terms of the Swap Agreement without any withholding or deductions of taxes unless required by law. However, if any such withholding or deduction is required by law, the LLP will not be required to pay such additional amount as is necessary to ensure that the net amount actually received by the Swap Provider will equal the full amount the Swap Provider would have received had no such withholding or deduction been required.

**Transfer of Obligations**

A Swap Provider may, at its own discretion and at its own expense, novate its rights and obligations under a Swap Agreement to any third party with the appropriate ratings, provided that, among other things the Rating Agencies confirm that such transfer to a third party swap provider will not adversely affect the ratings of the then outstanding Series of Covered Bonds and such third party swap provider agrees to be bound by, inter alia, the terms of the Deed of Charge, on substantially the same terms as the Swap Provider.

The Swap Agreements will be governed by English Law.

**Account Bank Agreement**

Pursuant to the terms of the Account Bank Agreement entered into on the Programme Date between the LLP, the Account Bank, the Cash Manager and the Security Trustee, the LLP will maintain with the Account Bank the accounts described below, which will be operated in accordance with the Cash Management Agreement, the LLP Deed and the Deed of Charge:

(a) the GIC Account into which amounts may be deposited by the LLP (including, following the occurrence of an Issuer Event of Default which is not cured within the applicable grace period, all amounts received from Borrowers in respect of Mortgage Loans in the Mortgage Loan Portfolio). On each LLP Payment Date as applicable, amounts required to meet the LLP's various creditors and amounts to be distributed to the Members under the LLP Deed will be applied by the Cash Manager in accordance with the Priorities of Payments (as described in "Cashflows");

(b) a Euro Transaction Account (and any other account that may be maintained by the LLP and designated as such from time) (together, the "Transaction Accounts"), into which euro amounts (or amounts in other currencies, as applicable) received by the LLP will be deposited and applied by the Cash Manager in accordance with the Priorities of Payments described below under "Cashflows"; and

(c) Swap Collateral Cash Accounts and Swap Collateral Custody Accounts (together, the "Swap Collateral Accounts") into which any asset (including, without limitation, cash or securities) which is paid or transferred by a Swap Provider to the LLP under the terms of a Swap Agreement Credit Support Document as collateral to secure performance by a Swap Provider for its obligations under a relevant Swap Agreement will be paid.
If the short term, unsecured, unsubordinated and unguaranteed debt obligations of the Account Bank cease to be rated A-1 by S&P, P-1 by Moody’s, or F1 by Fitch then either:

(a) the GIC Account, the Transaction Accounts and the Swap Collateral Accounts (to the extent maintained) will be closed and all amounts standing to the credit thereof shall be transferred to accounts held with a satisfactorily rated bank; or

(b) the Account Bank will obtain an unconditional and unlimited guarantee of its obligations under the Account Bank Agreement from a satisfactorily rated financial institution.

The Account Bank Agreement is governed by English law.

**Corporate Services Agreement**

The Liquidation Member has entered into a Corporate Services Agreement with, *inter alios*, Structured Finance Management Limited (as Corporate Services Provider) and the LLP, on the Programme Date, pursuant to which the Corporate Services Provider has agreed to provide corporate services to the Liquidation Member.

The Corporate Services Agreement is governed by English law.

**Deed of Charge**

Pursuant to the terms of the Deed of Charge entered into on the Programme Date by the LLP, the Security Trustee and the other Secured Creditors, the secured obligations of the LLP and all other obligations of the LLP under or pursuant to the Transaction Documents to which it is a party will be secured, *inter alia*, by the following security (the “Security”) over the following property, assets and rights (the “Charged Property”):

(a) a first fixed charge (which may take effect as a floating charge) over the LLP’s interest in the English Mortgage Loans, Northern Irish Mortgage Loans and their Related Security and other related rights comprised in the Mortgage Loan Portfolio;

(b) an assignment by way of first fixed charge over the benefit of the LLP in and to the Insurance Policies;

(c) a first fixed charge (which may take effect as a floating charge) over the LLP’s interest in the MRCLN and the LLP’s interests, rights and entitlements under and in respect of the MRCLN Note Purchase Facility Agreement;

(d) a Scottish Supplemental Charge constituting an assignation in security of the LLP’s interest in the Scottish Mortgage Loans and their Related Security (comprising the LLP’s interest as beneficiary under the trust declared by the Seller pursuant to the Scottish Declarations of Trust);

(e) an assignment by way of first fixed security over all of the LLP’s interests, rights and entitlements under and in respect of any Transaction Document to which it is a party (and, in respect of the Swap Agreements, after giving effect to all applicable netting provisions therein);

(f) a first fixed charge (which may take effect as a floating charge) over the rights and benefits of the LLP in the LLP Accounts (including any Excess Proceeds) and any other account of the LLP and all amounts standing to the credit of the LLP Accounts and such other accounts;

(g) a first fixed charge (which may take effect as a floating charge) over the rights and benefits of the LLP in respect of all Authorised Investments and Substitution Assets purchased from time to time from amounts standing to the credit of the LLP Accounts; and

(h) a first floating charge over all the assets and undertaking of the LLP (including the assets and undertaking of the LLP located in Scotland or governed by Scots law and the assets and undertaking of the LLP located in Northern Ireland or governed by the law of Northern Ireland) to the extent not effectively charged pursuant to (a) to (g) above.
In respect of the property, rights and assets referred to in paragraph (d) above, fixed security will be created over such property, rights and assets sold to the LLP after the Programme Date by means of Scottish Supplemental Charges pursuant to the Deed of Charge and will be held on trust by the Security Trustee for the Secured Creditors.

**Release of Security**

In the event of any sale of Mortgage Loans (including Selected Mortgage Loans) and their Related Security by the LLP pursuant to and in accordance with the Transaction Documents, the Security Trustee will, on the date of such sale, (subject to the written request of the LLP), release those Mortgage Loans from the Security created by and pursuant to the Deed of Charge, only if:

(a) the Security Trustee provides its prior written consent to the terms of such sale as described under " LLP Deed – Method of Sale of Selected Mortgage Loans" above; and

(b) in the case of the Sale of Selected Mortgage Loans, the LLP provides to the Security Trustee a certificate confirming that the Selected Mortgage Loans being sold have been selected on a random basis.

In the event of the repurchase of a Mortgage Loan and its Related Security by the Seller pursuant to and in accordance with the Transaction Documents, the Security Trustee will on the date of the repurchase release that Mortgage Loan from the Security created by and pursuant to the Deed of Charge.

**Enforcement**

If an LLP Acceleration Notice is served on the LLP, the Security Trustee shall be entitled to appoint a Receiver, and/or enforce the Security constituted by the Deed of Charge (including selling the Mortgage Loan Portfolio), and/or take such steps as it shall deem necessary, subject in each case to being indemnified and/or secured to its satisfaction. All proceeds received by the Security Trustee from the enforcement or realisation of the Security will be applied in accordance with the Post-Enforcement Priority of Payments described under "Cashflows".

The Deed of Charge is governed by English law (other than the Scottish Supplemental Charge referred to in paragraph (d) above and any further Scottish Supplemental Charge granted after the Programme Date pursuant and supplemental to the Deed of Charge which will be governed by Scots law and the first fixed charge over the Northern Irish Mortgage Loans and their Related Security and the floating charge over the assets and undertaking of the LLP located in or governed by the law of Northern Ireland which will be governed by Northern Irish law).

**The Bond Trustee and the Security Trustee: powers, responsibilities and liabilities**

**Appointment**

The Security Trustee is appointed to act as trustee on behalf of the Secured Creditors and holds the benefit of the Security on trust for each of them in accordance with the terms of the Deed of Charge. The Bond Trustee is appointed to act as trustee on behalf of the Covered Bondholders, the Receiptholder and the Couponholders on the terms and conditions of the Trust Deed.

**Modification of Transaction Documents**

The Bond Trustee may, without the consent or sanction of any of the Covered Bondholders of any Series, the related Receiptholders and/or the Couponholders and without the consent of the Secured Creditors at any time agree to make any modification (disregarding whether any such modification relates to a Series Reserved matter) provided that the conditions contained in Condition 14 are satisfied.

The Security Trustee may, from time to time and at any time without any consent or sanction of the Secured Creditors (other than any Secured Creditor that is a party to the relevant document), agree to make or sanction any modification (disregarding whether any such modification relates to a Series Reserved Matter) (i) to the Covered Bonds of any one or more Series, the related Receipts and/or Coupons or any of the Transaction Documents provided that the Security Trustee is of the opinion that such modification will not be materially prejudicial to the interests of any Covered Bondholders of any Series; or (ii) to the Covered Bonds of any one or more Series, the related Receipts and/or Coupons or
any of the Transaction Documents which in the Security Trustee’s opinion is of a formal, minor or
technical nature or is made to correct a manifest error or an error established as such to the satisfaction of
the Security Trustee, or to comply with mandatory provisions of law.

Fees and expenses

The Issuer and, after the service of a Notice to Pay on the LLP, the LLP, will pay certain fees to the Bond
Trustee and the Security Trustee and will reimburse them for all their costs and expenses properly
incurred in acting as Bond Trustee or Security Trustee, as applicable, and in addition shall indemnify
them in respect of all claims, actions, proceedings, demands, liabilities, losses, damages, costs and
expenses suffered as a result of the Issuer (or, following service of a Notice to Pay on the LLP, the LLP)
failing to perform any of its obligations under the Transaction Documents.

Any remuneration, costs and expenses paid by the LLP to the Bond Trustee and the Security Trustee shall
be paid subject to and in accordance with the Guarantee Priority of Payments or the Post-Enforcement
Priority of Payments, as applicable.

The Security Trustee may, in certain circumstances undertake duties of an exceptional nature or otherwise
outside the scope of its normal duties as set out in the Deed of Charge, in which case the Issuer or the
LLP shall pay to the Security Trustee such additional remuneration as shall be agreed between the
Security Trustee and the LLP.

Neither the Issuer nor the LLP will be responsible under the Deed of Charge or the Trust Deed for any
liabilities, losses, damages, costs or expenses resulting from the fraud, gross negligence or wilful default
on the part of the Bond Trustee or the Security Trustee or any of its officers, employees and advisers.

Retirement and removal

The Bond Trustee may retire at any time on giving not less than three months’ prior written notice to the
Issuer, the LLP and the Security Trustee. The Covered Bondholders may by Extraordinary Resolution of
all the Covered Bondholders remove any Bond Trustee. The retirement or removal of the Bond Trustee
who is the sole Bond Trustee shall not become effective until a successor bond trustee is appointed.

The Security Trustee may retire at any time upon giving not less than three calendar months’ prior notice
to the LLP, provided, however, that the retirement or removal of any Security Trustee shall not become
effective unless there remains at least one Security Trustee in office upon such retirement or removal. The
power of appointing a new Security Trustee and removing the Security Trustee or any new Security
Trustee shall be vested in the LLP, provided that such appointment or removal must be approved by (i) an
Extraordinary Resolution of the Covered Bondholders of all Series taken together as a single Series) and
(ii) each Secured Creditor. Any appointment of a new Security Trustee and any retirement or removal of
an existing Security Trustee hereof shall as soon as practicable thereafter be notified by the LLP to the
Secured Creditors.
CREDIT STRUCTURE

The Covered Bonds will be direct, unsecured and unconditional obligations of the Issuer. The LLP has no obligation to pay the Guaranteed Amounts under the Covered Bond Guarantee until the occurrence of an Issuer Event of Default, service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and on the LLP of a Notice to Pay or, if earlier, following the occurrence of an LLP Event of Default, service by the Bond Trustee on the LLP of an LLP Acceleration Notice. The Issuer will not be relying on payments by the LLP in respect of the Term Advances or receipt of Revenue Receipts or Principal Receipts from the Mortgage Loan Portfolio and the MRCLN in order to pay interest or repay principal under the Covered Bonds.

There are a number of features of the Programme which are intended to enhance the likelihood of timely and, as applicable, ultimate payments to holders of the Covered Bonds, as follows:

(a) the Covered Bond Guarantee provides credit support to the Issuer;
(b) the Pre-Maturity Test is intended to provide liquidity to the LLP in relation to amounts of principal due on the Final Maturity Date of the Hard Bullet Covered Bonds;
(c) the Asset Coverage Test is intended to test the asset coverage of the LLP's assets in respect of the Covered Bonds at all times;
(d) the Amortisation Test is intended to test the asset coverage of the LLP's assets in respect of the Covered Bonds following the occurrence of an Issuer Event of Default, service of an Issuer Acceleration Notice on the Issuer and service of a Notice to Pay on the LLP;
(e) a Reserve Fund (unless Barclays' short term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A-1+ by S&P, F1+ by Fitch and P-1 by Moody's) will be established in the GIC Account to trap Available Revenue Receipts; and
(f) under the terms of the Account Bank Agreement, the GIC Provider has agreed to pay a variable rate of interest on all amounts held by the LLP in the GIC Account at a rate of 0.20 per cent. per annum below LIBOR for one-month Sterling deposits or such greater amount as the LLP and the GIC Provider may agree from time to time.

Certain of these factors are considered more fully in the remainder of this section.

Covered Bond Guarantee

The Covered Bond Guarantee provided by the LLP under the Trust Deed guarantees payment of Guaranteed Amounts when such amounts become Due for Payment in respect of all Covered Bonds issued under the Programme. The Covered Bond Guarantee will not guarantee any amount becoming payable for any other reason, including any accelerated payment pursuant to Condition 9 (Events of Default and Enforcement) following the occurrence of an Issuer Event of Default. In this circumstance (and until an LLP Event of Default occurs and an LLP Acceleration Notice is served), the LLP's obligations will only be to pay the Guaranteed Amounts as they fall Due for Payment.

See further "Summary of the Principal Documents – Trust Deed" as regards the terms of the Covered Bond Guarantee. See further "Cashflows – Guarantee Priority of Payments" as regards the payment of amounts payable by the LLP to holders of the Covered Bonds and other Secured Creditors following the occurrence of an Issuer Event of Default.

Pre-Maturity Liquidity

The Pre-Maturity Test is intended to provide liquidity for the Hard Bullet Covered Bonds when the Issuer's credit ratings fall to a certain level. The applicable Final Terms will identify whether any Series of Covered Bonds is a Series of Hard Bullet Covered Bonds. On each Pre-Maturity Test Date prior to the occurrence of an Issuer Event of Default or the occurrence of an LLP Event of Default, the LLP or the Cash Manager on its behalf will determine if the Pre-Maturity Test has been breached, and if so, it shall immediately notify the Members and the Security Trustee thereof.
The Issuer will fail and be in breach of the Pre-Maturity Test on a Pre-Maturity Test Date if:

(a) the Issuer's short-term credit rating from S&P falls to A-1 (or lower) and the Final Maturity Date of the Series of Hard Bullet Covered Bonds will fall within 6 months from the relevant Pre-Maturity Test Date; or

(b) the Issuer's (i) long-term credit rating from Moody's falls to A2 (or lower) and the Final Maturity Date of the Series of Hard Bullet Covered Bonds will fall within 6 months from the relevant Pre-Maturity Test Date or (ii) short-term credit rating from Moody's falls to P-2 (or lower) and the Final Maturity Date of the Series of Hard Bullet Covered Bonds will fall within 12 months from the relevant Pre-Maturity Test Date; or

(c) the Issuer's short-term credit rating, from Fitch falls to F1 (or lower) and the Final Maturity Date of the Series of Hard Bullet Covered Bonds will fall within 12 months from the relevant Pre-Maturity Test Date.

Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, (i) the LLP shall offer to sell Selected Mortgage Loans and their Related Security to Purchasers and (ii) the Seller shall repay a corresponding amount under the MRCLN to the LLP in relation to the Reference Mortgage Reserves associated to the Selected Loans and their Related Security, in each case subject to:

(a) any Cash Capital Contribution made by the Members (other than the Liquidation Member) from time to time; and

(b) any right of pre-emption enjoyed by the Seller pursuant to the terms of the Mortgage Sale Agreement.

provided that an Issuer Event of Default shall occur if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, and the relevant parties have not taken the required action (as described above) following the breach within the earlier to occur of (i) 10 Business Days from the date that the Sellers are notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds such that by the end of such period, there shall be an amount equal to the Required Redemption Amount of that Series of Hard Bullet Covered Bonds standing to the credit of the Pre-Maturity Liquidity Ledger (after taking into account the Required Redemption Amount of all other Series of Hard Bullet Covered Bonds which mature prior to or on the same date as the relevant Series of Hard Bullet Covered Bonds). The proceeds of sale of Selected Mortgage Loans and their Related Security and/or the corresponding payment under the MRCLN and/or the proceeds of any Cash Contribution as described above, will be recorded to the Pre-Maturity Liquidity Ledger on the GIC Account. In certain circumstances, Revenue Receipts will also be available to repay a Hard Bullet Covered Bond. Failure by the Issuer to pay the full amount due in respect of a Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof will constitute an Issuer Event of Default.

If, upon any required sale of Selected Mortgage Loans, any failure occurs in the repayment of the corresponding amount then due to be repaid under the MRCLN as a result of any such sale (including any deficit resulting from a failure to repay the MRCLN as a result of there being insufficient collateral required to be posted in accordance with the MRCLN Collateral Agreement available to meet such payment obligation under the MRCLN at any such time), the LLP will be required to sell additional Selected Mortgage Loans in an amount equal to the amount required to be repaid under the MRCLN but which has failed to have been repaid at such time.

Following service of a Notice to Pay on the LLP, the LLP shall apply funds standing to the Pre-Maturity Liquidity Ledger to repay the relevant Series of Hard Bullet Covered Bonds.

If the Issuer fully repays the relevant Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, cash standing to the credit of the Pre-Maturity Liquidity Ledger on the GIC Account shall be applied by the LLP in accordance with the Pre-Acceleration Principal Priority of Payments, unless:

(a) the Issuer is failing the Pre-Maturity Test in respect of any other Series of Hard Bullet Covered Bonds, in which case sufficient cash will remain on the Pre-Maturity Liquidity Ledger in order to provide liquidity for that other Series of Hard Bullet Covered Bonds; or
the Issuer is not failing the Pre-Maturity Test, but the LLP Management Committee elects to retain the cash on the Pre-Maturity Liquidity Ledger in order to provide liquidity for any future Series of Hard Bullet Covered Bonds.

Amounts standing to the credit of the Pre-Maturity Liquidity Ledger following the repayment of the Hard Bullet Covered Bonds as described above may, except where the LLP Management Committee has elected or is required to retain such amounts on the Pre-Maturity Liquidity Ledger, also be used to repay the corresponding Term Advance and distribute any excess Available Principal Receipts back to the Members, subject to the LLP making provision for higher ranking items in the Pre-Acceleration Principal Priority of Payments.

Asset Coverage Test

The Asset Coverage Test is intended to ensure that the LLP can meet its obligations under the Covered Bond Guarantee and can pay any senior expenses (which will include costs relating to the maintenance, administration and winding-up of the Asset Pool whilst the Covered Bonds are outstanding). Under the LLP Deed, the LLP and its Members (other than the Liquidation Member) must ensure that on each Calculation Date prior to the service of a Notice to Pay on the LLP, the Adjusted Aggregate Asset Amount will be in an amount equal to or in excess of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. If on any Calculation Date prior to the service of a Notice to Pay on the LLP, the Asset Coverage Test is not satisfied and such failure is not remedied on or before the next following Calculation Date, then an Issuer Event of Default will occur. The Asset Coverage Test is a calculation which adjusts the outstanding principal balance of each Mortgage Account in the Portfolio and involves further adjustments to take account of set-off on a Borrower's current or deposit accounts held with the Seller, the amount of any cash collateral posted by the Seller in accordance with the MRCLN Collateral Agreement and any failure by the Seller, in accordance with the terms of the Mortgage Sale Agreement, to repurchase Mortgage Accounts that do not materially comply with the Representations and Warranties on the relevant Transfer Date.

See further "Summary of the Principal Documents – LLP Deed – Asset Coverage Test", above.

Amortisation Test

The Amortisation Test is intended to ensure that if, following an Issuer Event of Default, service of an Issuer Acceleration Notice on the Issuer and the service of a Notice to Pay on the LLP (but prior to service on the LLP of an LLP Acceleration Notice and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP), the assets of the LLP available to meet its obligations under the Covered Bond Guarantee and senior expenses (which will include costs relating to the maintenance, administration and winding-up of the Asset Pool whilst the Covered Bonds are outstanding) fall to a level where holders of the Covered Bonds may not be repaid, an LLP Event of Default will occur and all amounts owing under the Covered Bonds may be accelerated. Under the LLP Deed, the LLP and its Members (other than the Liquidation Member) must ensure that, on each Calculation Date following an Issuer Event of Default and the service of a Notice to Pay on the LLP, the Amortisation Test Aggregate Asset Amount will be in an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. The Amortisation Test involves in its calculations a formula which adjusts the outstanding principal balance of each Mortgage Account in the Portfolio and involves further adjustments to take account of Mortgage Accounts in arrears. See further "Summary of the Principal Documents – LLP Deed – Amortisation Test", above.

Reserve Fund

The LLP will be required (unless Barclays' short term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A-1+ by S&P, F1+ by Fitch and P-1 by Moody's), to establish the Reserve Fund in the GIC Account which will be credited with Available Revenue Receipts up to an amount equal to the Reserve Fund Required Amount. The LLP will not be required to maintain the Reserve Fund following the occurrence of an Issuer Event of Default.

The Reserve Fund will be funded from Available Revenue Receipts after the LLP has paid all of its obligations in respect of items ranking higher than the Reserve Fund in the Pre-Acceleration Revenue Priority of Payments on each LLP Payment Date.
A Reserve Ledger will be maintained by the Cash Manager to record the balance from time to time of the Reserve Fund. Following the occurrence of an Issuer Event of Default and service of a Notice to Pay on the LLP, amounts standing to the credit of the Reserve Fund will be added to certain other income of the LLP in calculating Available Revenue Receipts.
CASHFLOWS

As described above under Credit Structure, until a Notice to Pay or LLP Acceleration Notice is served on the LLP, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the LLP.

This section summarises the Priorities of Payments of the LLP, as to the allocation and distribution of amounts standing to the credit of the LLP Accounts and their order of priority:

(a) prior to an Issuer Event of Default and/or an LLP Event of Default;

(b) following an Issuer Event of Default (but prior to an LLP Event of Default); and

(c) following an LLP Event of Default,

all in accordance with the Deed of Charge, as applicable.

If the Transaction Accounts or the Swap Collateral Accounts, as applicable are closed in accordance with the terms of the Account Bank Agreement, any payment to be made to or from the Transaction Accounts or the Swap Collateral Accounts, shall, as applicable, be made to or from the GIC Account. No payment shall be made at all if such payment is expressed to be from the GIC Account to the Transaction Accounts or the Swap Collateral Accounts, as applicable.

Allocation and distribution of Available Revenue Receipts prior to the service of a Notice to Pay

Prior to service of a Notice to Pay or an LLP Acceleration Notice on the LLP, Available Revenue Receipts will be allocated and distributed as described below.

On the Calculation Date immediately preceding each LLP Payment Date, the LLP or the Cash Manager on its behalf shall calculate (a) the amount of Available Revenue Receipts available for distribution on the immediately following LLP Payment Date and (b) the Reserve Fund Required Amount (if applicable).

Pre-Acceleration Revenue Priority of Payments

On each LLP Payment Date, the LLP or the Cash Manager on its behalf will apply Available Revenue Receipts from the GIC Account and the Transaction Accounts, in an amount equal to the lower of (a) the amount required to make the payments described below and (b) the amount of Available Revenue Receipts.

Prior to service of a Notice to Pay or service of an LLP Acceleration Notice on the LLP and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP, Available Revenue Receipts will be applied by or on behalf of the LLP on each LLP Payment Date except for amounts due to third parties under paragraph (ii) or Third Party Amounts which shall be paid when due and except for amounts constituting Swap Collateral Excluded Amounts, which shall be paid directly to the relevant Swap Provider) in making the following payments and provisions (the "Pre-Acceleration Revenue Priority of Payments") (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

(i) first, to pay to the Seller an amount equal to the then MRCLN Collateral Release Amount in accordance with the terms of the MRCLN Collateral Agreement;

(b) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager under the provisions of the Cash Management Agreement in the immediately succeeding LLP Payment Period, together with applicable VAT (or other similar taxes) thereon to the extent provided therein;

(v) fifth, in or towards payment of any amounts due or to become due and payable (other than in respect of principal) to the Covered Bond Swap Provider pro rata and pari passu in respect of any relevant Covered Bond Swaps (including any termination payment due and payable by the LLP under the relevant Covered Bond Swap, but excluding any Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from the relevant replacement Covered Bond Swap Providers) pursuant to the terms of the relevant Swap Agreement;

(vi) sixth, towards a credit to the Reserve Ledger or the GIC Account of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Calculation Date;

(viii) eighth, if an Administrator Event of Default has occurred, all remaining Available Revenue Receipts to be credited to the GIC Account (with a corresponding credit to the Revenue Ledger) until such Administrator Event of Default is either remedied by the Administrator or waived by

(xiv) **fourteenth**, in or towards payment of (a) the then Deferred Purchase Price Amount due to the Seller for the transfer of the Mortgage Loans and their Related Security to the LLP and (b) the MRCLN Deferred Subscription Amount due to the Seller for the MRCLN.

**Allocation and Distribution of Principal Receipts prior to service of a Notice to Pay**

Prior to service on the LLP of a Notice to Pay or an LLP Acceleration Notice and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP, Principal Receipts will be allocated and distributed as described below.

On each Calculation Date, the LLP or the Cash Manager on its behalf will calculate the amount of Available Principal Receipts available for distribution on the immediately following LLP Payment Date.

On each LLP Payment Date, the LLP or the Cash Manager on its behalf will apply funds from the GIC Account and the Transaction Accounts, in an amount equal to the lower of (a) the amount required to make the payments or credits described below and (b) the amount of all Available Principal Receipts standing to the credit of the GIC Account.

If an LLP Payment Date is the same as an Interest Payment Date or a Final Maturity Date, then the distribution of Available Principal Receipts under the Pre-Acceleration Principal Priority of Payments will be delayed until the Issuer has made scheduled interest and/or principal payments on that Interest Payment Date or Final Maturity Date, as applicable, unless payment is made by the LLP directly to the Bond Trustee (or the Principal Paying Agent at the direction of the Bond Trustee).
Pre-Acceleration Principal Priority of Payments

Prior to service on the LLP of a Notice to Pay or an LLP Acceleration Notice and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP, all Available Principal Receipts (other than Swap Collateral Excluded Amounts due to the Swap Provider by the LLP under the relevant Swap Agreement which shall be paid directly to the relevant Swap Provider) will be applied by or on behalf of the LLP on each LLP Payment Date in making the following payments and provisions (the “Pre-Acceleration Principal Priority of Payments”):

(i)  *first*, if the Pre-Maturity Test has been failed by the Issuer in respect of any Series of Hard Bullet Covered Bonds, to credit all Principal Receipts *pro rata* to each such Series’ Pre-Maturity Liquidity Ledger in an amount in respect of such Series’ Pre-Maturity Liquidity Ledger up to but not exceeding the difference between:

   (a) the Required Redemption Amount calculated on the immediately preceding Calculation Date for the relevant Series of Hard Bullet Covered Bonds; and

   (b) any amounts standing to the credit of such Series’ Pre-Maturity Liquidity Ledger on the immediately preceding Calculation Date after having deducted the Required Redemption Amount of all other Series of Hard Bullet Covered Bonds which mature prior to or on the same date as such relevant Series of Hard Bullet Covered Bonds;

(ii) *second*, to advance to the Seller pursuant to the terms of the MRCLN Note Purchase Facility Agreement, the then required Additional MRCLN Advances for current Reference Mortgage Reserves;

(iii) *third*, to acquire New Mortgage Loans and their Related Security offered to the LLP by the Seller in accordance with the terms of the Mortgage Sale Agreement in an amount sufficient to ensure that taking into account the other resources available to the LLP, the LLP is in compliance with the Asset Coverage Test and thereafter to acquire Substitution Assets and to advance to the Seller, pursuant to the terms of the MRCLN Note Purchase Facility Agreement, Additional MRCLN Advances in relation to any Reference Mortgage Reserves associated to the New Mortgage Loans;

(iv) *fourth*, to deposit the remaining Principal Receipts in the GIC Account (with a corresponding credit to the Principal Ledger) in an amount sufficient to ensure that, taking into account the other resources available to the LLP, the LLP is in compliance with the Asset Coverage Test;

(v) *fifth*, in or towards repayment on the LLP Payment Date (or to provide for repayment on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine) of the corresponding Term Advance related to such Series of Covered Bonds by making the following payments:

   (a) the amounts (in respect of principal) due or to become due and payable to the relevant Swap Providers *pro rata* and *pari passu* in respect of each relevant Covered Bond Swap (including any termination payments (other than Excluded Swap Termination Amounts) to the extent not paid out of the Pre-Acceleration Revenue Priority of Payments) in accordance with the terms of the relevant Swap Agreement; and

   (b) (where appropriate, after taking into account any amounts in respect of principal receivable from a Swap Provider on the LLP Payment Date or such date in the future as the Cash Manager may reasonably determine) the amounts (in respect of principal) due or to become due and payable to the Issuer *pro rata* and *pari passu* in respect of each relevant Term Advance;

(vi) *sixth*, subject to complying with the Asset Coverage Test, to make a Capital Distribution to Barclays (in its capacity as a Member) by way of distribution of its equity in the LLP in accordance with the LLP Deed.
**Allocation and Distribution of Available Revenue Receipts and Available Principal Receipts following service of a Notice to Pay**

At any time after service of a Notice to Pay on the LLP, but prior to service of an LLP Acceleration Notice and/or the realisation of the Security and/or the commencement of winding-up proceedings against the LLP, all Available Revenue Receipts and Available Principal Receipts (other than Third Party Amounts and Swap Collateral Excluded Amounts) will be applied as described below under "**Guarantee Priority of Payments**".

On each LLP Payment Date, the LLP or the Cash Manager on its behalf will apply Available Revenue Receipts and Available Principal Receipts from the GIC Account, in an amount equal to the lower of (a) the amount required to make the payments set out in the Guarantee Priority of Payments and (b) the amount of all Available Revenue Receipts and Available Principal Receipts standing to the credit of the GIC Account.

The LLP will create and maintain ledgers for each Series of Covered Bonds and record amounts allocated to such Series of Covered Bonds in accordance with paragraph (v) of the "**Guarantee Priority of Payments**" below, and such amounts, once allocated, will only be available to pay amounts due under the Covered Bond Guarantee and amounts due under the Swaps in respect of the relevant Series of Covered Bonds on the scheduled repayment dates thereof.

**Guarantee Priority of Payments**

If a Notice to Pay is served on the LLP in connection with the Pre-Maturity Test (as set out in the LLP Deed), the LLP shall, on the relevant Final Maturity Date, apply all monies standing to the credit of the Pre-Maturity Liquidity Ledger to repay the relevant Series of Hard Bullet Covered Bonds in accordance with the LLP Deed (as described in "Credit Structure – Pre-Maturity Liquidity" above). Subject thereto on each LLP Payment Date after the service of a Notice to Pay on the LLP (but prior to the occurrence of an LLP Event of Default), the LLP or the Cash Manager on its behalf will apply Available Revenue Receipts and Available Principal Receipts (excluding Swap Collateral Excluded Amounts due to the Swap Provider by the LLP under the relevant Swap Agreement which shall be paid directly to the relevant Swap Provider) to make the following payments and provisions in the following order of priority (the "**Guarantee Priority of Payments**") (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

(i) **first**, in or towards satisfaction **pro rata** and **pari passu** according to the respective amounts thereof of:

(a) all amounts due and payable or to become due and payable to the Bond Trustee in the immediately succeeding LLP Payment Period under the provisions of the Trust Deed together with interest and applicable VAT (or other similar taxes) thereon as provided therein;

(b) all amounts due and payable or to become due and payable to the Security Trustee in the immediately succeeding LLP Payment Period under the provisions of the Deed of Charge together with interest and applicable VAT (or other similar taxes) thereon as provided therein;

(ii) **second**, in or towards satisfaction **pro rata** and **pari passu** according to the respective amounts thereof of:

(a) any remuneration then due and payable to the Agents under the provisions of the Agency Agreement together with applicable VAT (or other similar taxes) thereon as provided therein; and

(b) any amounts then due and payable by the LLP to third parties and incurred without breach by the LLP of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere) and to provide for any such amounts expected to become due and payable by the LLP in the immediately succeeding LLP Payment Period;
third, in or towards satisfaction pro rata and pari passu according to the respective amounts thereof of:

(a) any remuneration then due and payable to the Administrator and any costs, charges, liabilities and expenses then due or to become due and payable to the Administrator in the immediately succeeding LLP Payment Period under the provisions of the Administration Agreement together with applicable VAT (or other similar taxes) thereon to the extent provided therein;

(b) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager in the immediately succeeding LLP Payment Period under the provisions of the Cash Management Agreement, together with applicable VAT (or other similar taxes) thereon to the extent provided therein;

(c) amounts (if any) due and payable to the Account Bank (including costs) pursuant to the terms of the Account Bank Agreement, together with applicable VAT (or other similar taxes) thereon to the extent provided therein;

(d) amounts due and payable to the Corporate Services Provider pursuant to the Corporate Services Agreement together with applicable VAT (or similar taxes) thereon as provided therein;

(e) amounts due and payable to the Asset Monitor (other than the amounts referred to in paragraph (xii) below) pursuant to the terms of the Asset Monitor Agreement, together with applicable VAT (or other similar taxes) thereon as provided therein; and

(f) amounts (if any) due and payable to the FSA in respect of fees owed to the FSA under the RCB Regulations (other than the initial registration fees, plus any applicable VAT or similar taxes thereon);

fourth, to pay the amounts due and payable to the TRS Provider pro rata and pari passu including any termination payment due and payable by the LLP under the TRS but excluding any Excluded Swap Termination Amount) in accordance with the terms of the relevant Swap Agreement; and

fifth, to pay pro rata and pari passu according to the respective amounts thereof, of:

(a) the amounts due and payable to the Covered Bond Swap Provider (other than in respect of principal) pro rata and pari passu in respect of each relevant Series of Covered Bonds (including any termination payment due and payable by the LLP under the relevant Covered Bond Swap Agreements but excluding any Excluded Swap Termination Amount) in accordance with the terms of the relevant Covered Bond Swap Agreement; and

(b) to the extent not covered by (a) above, to the Bond Trustee or (if so directed by the Bond Trustee) the Principal Paying Agent on behalf of the holders of the Covered Bonds pro rata and pari passu Scheduled Interest that is Due for Payment (or will become Due for Payment in the immediately succeeding LLP Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (v) (excluding any amounts received from the Covered Bond Swap Provider under (a) above) would be insufficient to pay the Sterling Equivalent of the Scheduled Interest that is Due for Payment in respect of each Series of Covered Bonds under (b) above, the shortfall shall be divided amongst all such Series of Covered Bonds on a pro rata basis and the amount payable by the LLP to the relevant Swap Provider in respect of each relevant Series of Covered Bonds under (a) above shall be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;
(vi) sixth, to pay pro rata and pari passu according to the respective amounts thereof, of:

(a) to pay the amounts due and payable to the Covered Bond Swap Provider (in respect of principal) pro rata and pari passu in respect of each relevant Series of Covered Bonds in accordance with the terms of the relevant Covered Bond Swap Agreement; and

(b) to the Bond Trustee or (if so directed by the Bond Trustee) the Principal Paying Agent on behalf of the holders of the Covered Bonds pro rata and pari passu Scheduled Principal that is Due for Payment (or will become Due for Payment in the immediately succeeding LLP Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (vi) (excluding any amounts received from the Swap Provider) would be insufficient to pay the Sterling Equivalent of the Scheduled Principal that is Due for Payment in respect of each Series of Covered Bonds under (b) above, the shortfall shall be divided amongst all such Series of Covered Bonds on a pro rata basis and the amount payable by the LLP to the relevant Swap Provider in respect of each relevant Series of Covered Bonds under (a) above shall be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

(vii) seventh, in respect of any Series of Covered Bonds to which an Extended Due for Payment Date applies and whose Final Redemption Amount was not paid in full by the Extension Determination Date (the "Extended Covered Bonds") and any relevant Covered Bond Swap in respect thereof, on a pro rata and pari passu basis according to the respective amounts thereof:

(a) to pay the amounts due and payable to the Covered Bond Swap Provider (in respect of principal) pro rata and pari passu in respect of each relevant Series of Covered Bonds in accordance with the terms of the relevant Covered Bond Swap Agreement; and

(b) to the Bond Trustee or (if so directed by the Bond Trustee) the Principal Paying Agent on behalf of the holders of the Covered Bonds pro rata and pari passu the Final Redemption Amount or the relevant portion thereof pursuant to the Covered Bond Guarantee in respect of each relevant Series of Extended Covered Bonds,

(xi) eleventh, after the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds), any remaining moneys will be applied in and towards repayment in full of amounts outstanding under the Intercompany Loan Agreement (for the avoidance of doubt, the amounts owed by the LLP to the Issuer under the Term Advances will be reduced pro tanto by any
amounts paid or provided for by the LLP under the terms of the Covered Bond Guarantee to repay the Covered Bonds);

(xii) twelfth, in or towards satisfaction pro rata and pari passu according to the respective amounts thereof of any indemnity amount due to the Members pursuant to the LLP Deed and certain costs, expenses and indemnity amounts due by the LLP to the Asset Monitor pursuant to the Asset Monitor Agreement;

(i) first, in or towards satisfaction of any expenses then due and payable and which are permitted by Regulations 27, 28 and/or 29 of the RCB Regulations to be paid in priority to the amounts identified as payable under item (ii) below and, in respect of such expenses, such expenses to be paid between themselves in the priority and to the extent permitted by Regulations 27, 28 and/or 29 of the RCB Regulations, as applicable and, in addition, in or towards satisfaction, on a similar basis, of any expenses arising under any or in respect of any Covered Bonds not regulated by the RCB Regulations at such time, but only to the extent that such expenses would be permitted to be paid in such priority under Regulations 27, 28 and/or 29 of the RCB Regulations if such Covered Bonds had been so regulated by the RCB Regulations, and only to the extent then also permitted by relevant law;

(ii) second, to the extent not already paid under item (i) above, in or towards satisfaction pro rata and pari passu according to the respective amounts thereof of:

(B) the Security Trustee and any Receiver appointed by the Security Trustee under the provisions of the Deed of Charge together with interest and applicable VAT (or other similar taxes) thereon to the extent provided therein;

THE MORTGAGE ACCOUNTS AND THE PORTFOLIO

The Initial Mortgage Loan Portfolio and each New Mortgage Loan Portfolio acquired by the LLP (the "Mortgage Loan Portfolio") will consist of Mortgage Loans and their Related Security sold by the Seller to the LLP from time to time, in accordance with the terms of the Mortgage Sale Agreement. See also the following risk factors under "Risk Factors – Risk Factors relating to the LLP – Limited description of the Portfolio – Maintenance of Portfolio – The Lending Criteria". Monthly information in respect of the Mortgage Loan Portfolio is available to investors as set out in paragraph 2 under "General Information".

Mortgage products offered by the Seller

The Seller offers a variety of fixed rate, variable rate, tracker rate, discounted rate and hybrid mortgage products to Borrowers marketed under its "Woolwich" trade name. The Seller may sell to the LLP any of the following of its mortgage products, which in each case may comprise one, or a combination of, the following:

(a) Mortgage Loans which track and are subject to a rate linked to the Barclays Base Rate or, alternatively, the Bank of England's base rate for the life of the Mortgage Loan ("Tracker Rate Mortgage Loans");

(b) Mortgage Loans which track and are subject to the Barclays Standard Variable Rate for the life of the Mortgage Loan ("Standard Variable Rate Mortgage Loans");

(c) Mortgage Loans which are subject to a fixed interest rate for a specified period of time (usually a period of 2, 3, 5 or 10 years) and at the expiration of that period are generally subject to a rate linked to the Barclays Standard Variable Rate or a tracker rate ("Fixed Rate Mortgage Loans"); and

(d) Tracker Rate Mortgage Loans or Standard Variable Rate Mortgage Loans which are subject to a discount for a specified period of time (usually a period between 12 and 24 months) and at the expiration of that period are generally subject to a rate linked to the Barclays Base Rate, the Bank of England's base rate or the Barclays Standard Variable Rate (as applicable) ("Discounted Variable Rate Mortgage Loans").

It should however be noted that all Mortgage Reserves associated with a Mortgage Loan will be subject either to the Barclays Standard Variable Rate or to a rate linked to the Barclays Base Rate or the Bank of England's base rate.

Certain Mortgage Loans have an additional feature of being economically linked to a Borrower's current and/or savings accounts with Barclays where a Borrower may offset any credit balances in their current and/or savings account against money owed on their Mortgage Loan. Under an Offset Mortgage Loan, the Seller will not charge the Borrower interest in relation to amounts outstanding under that Mortgage Loan to the extent such amounts equal the credit balances of the Borrower's current and/or savings account, and the Borrower shall not earn any equivalent amount of interest on those credit balances of their current and/or savings account. Offset Mortgage Loans are currently only available on Tracker Rate Mortgage Loans. Although Offset Mortgage Loans would constitute a New Loan Type and do not at present form part of the Portfolio, Covered Bondholders should note that the Issuer may sell Offset Mortgage Loans to the LLP in the future, subject to obtaining the necessary regulatory approvals.

Key features of the Mortgage Accounts

The Mortgage Accounts have the following key features:

(a) a Mortgage Loan may be for the purposes of purchase and remortgage (including release of equity) and home improvement;

(b) a Mortgage Reserve may be utilised for any purpose by the Borrower (including the payment of any amounts then due on the Mortgage Loan);

(c) they are available to owner occupiers only. No Mortgage Loan in the Mortgage Loan Portfolio will be secured over a property used solely as a commercial property, guarantor, right to buy, or secured only by a second charge or will have been originated as a "buy to let" mortgage product;
interest rates on the Mortgage Loan can be a combination of fixed and variable rate (which may be discounted or capped for an initial period), with the interest rate on the associated Mortgage Reserve being at either a rate linked to the Barclays Standard Variable Rate or Barclays Base Rate or the Bank of England's base rate;

c when any fixed rate or discounted rate finishes, the rate on the Mortgage Loan will generally revert to the then standard variable rate or a rate linked to the Barclays Base Rate or the Bank of England's base rate;

certain Mortgage Loans enable a Borrower to take out a Further Advance up to the then permitted LTV (as currently set out in paragraph (f) above) (when aggregated with the then Current Balance), subject to customer status, lending and product criteria;

the Mortgage Reserves are subject to a Mortgage Reserve Credit Limit and Mortgage Reserve Credit and Aggregate Debt Limit;

a Borrower may move a mortgage product to a new property (each such move is known as a "port"). In porting, the Borrower will retain any product features and the terms that remain outstanding on this product;

for certain types of Mortgage Loan, early repayment charges may be applicable;

most products contain an option under which the Borrower may repay a fixed amount of the outstanding balance of the Mortgage Loan in any year without incurring an early repayment charge;

either regularly or as a lump sum, overpayments may be made on any portion of a Mortgage Loan;

some Mortgage Loans allow for lump sum payments to be made which may be capped to a specific annual amount or multiple amounts according to each product type;

interest on a Mortgage Loan and a Mortgage Reserve is accrued daily; and

the Seller reserves the right to amend the Mortgage Conditions from time to time.

Repayment terms of the Mortgage Loans

Borrowers typically make payments of interest and repay principal on their Mortgage Loans using one of the following two methods or a combination of both:

Mortgage Loans where the Borrower makes monthly payments of both interest and principal so that, when the Mortgage Loan is scheduled to mature, the Borrower will have repaid the full amount of the principal of the Mortgage Loan ("Repayment Mortgage Loans"); and

Mortgage Loans where the Borrower makes monthly payments of interest but not of principal. When the Mortgage Loan matures, the entire principal amount of the Mortgage Loan is still outstanding and the Borrower must repay that amount in one lump sum ("Interest Only Mortgage Loans").

Borrowers have the flexibility to switch from an Interest Only Mortgage Loan to a Repayment Mortgage Loan and vice versa subject to any requirements that Barclays may have at the time, prior to a Borrower switching from a Repayment Mortgage Loan to an Interest Only Mortgage Loan, the Borrower may be required to confirm that such Borrower has put in place appropriate investment plans or other repayment mechanisms so as to provide it with sufficient sums to repay the relevant principal amount due at the end of the term of the Mortgage Loan. It has to be noted though that a switch from an Interest Only Mortgage Loan to a Repayment Mortgage Loan is considered a Product Switch and will be repurchased at the option of the Seller.

The required Monthly Payment due on each Monthly Payment Date in connection with Repayment Mortgage Loans or Interest Only Mortgage Loans may vary from month to month for various reasons, including changes in interest rates.
All Borrowers in respect of the Mortgage Loans in the Mortgage Loan Portfolio may make monthly payments to the Seller by direct debit, standing order or cheque.

**Operation of the Mortgage Reserves**

Under each of the types of Mortgage Loan described above, the Borrower is required to open a bank account with the Seller or link an existing and qualifying current account (the "Mortgage Reserve Account") to the Mortgage Loan. The Seller may, in accordance with the terms of the Mortgage Conditions, grant the Borrower a secured overdraft facility (the "Mortgage Reserve") operated from such Mortgage Reserve Account.

The Mortgage Reserve Accounts are intended to be flexible and to be used by the Borrowers for day to day activities (given the various manners in which the Borrowers may draw from such account as provided below) such as borrowing money, utilising the money to take payment holidays on the associated Mortgage Loan and making overpayments and partial redemptions on the relevant Mortgage Loan. Although the Mortgage Reserve Account is structured like a current account, it is not subject to the day to day activity of a typical current account and accordingly, Borrowers have tended historically to draw on the Mortgage Reserve Account for large expenses (for example, redecorating their property or buying a car), although no assurance is given that the Borrowers will not use such Mortgage Reserve Account in other ways.

It should be noted that a Mortgage Reserve operates as a standard overdraft facility for the Borrower in that:

(a) the Borrower is permitted, in normal circumstances, to withdraw amounts from the Mortgage Reserve at any time (but only up to the then applicable Mortgage Reserve Credit Limit) and the Borrower has the ability to do so by way of cheque, debit card, direct debits and/or telephone or internet banking, ATM machines and bank branches;

(b) the Borrower may also credit amounts from time to time to the Mortgage Reserve Account (and thus to the Mortgage Reserve) so as to reduce the Mortgage Reserve Account Balance, however there is no requirement for the Borrower to do so at any time (other than when the Mortgage Reserve Account Balance is in excess of the then applicable Mortgage Reserve Credit Limit, when the Mortgage Loan matures or otherwise terminates and is required to be repaid in full or if the Seller demands the Mortgage Reserve to become immediately repayable); and

(c) the Seller will charge interest on any Mortgage Reserve Account Balance outstanding from time to time and as calculated on a daily basis and charged monthly, or, as applicable, quarterly, however there is no obligation on the Borrower to make a physical payment with respect to such interest charge (other than when the Mortgage Reserve Account Balance is in excess of the then Mortgage Reserve Credit Limit, when the Mortgage Loan matures or otherwise terminates and is required to be repaid in full or if the Seller demands the Mortgage Reserve to become immediately repayable) and therefore any interest charge will normally add to and increase the then Mortgage Reserve Account Balance.

At the time of origination the Seller will determine, by reference to an agreed LTV, the Mortgage Reserve Credit Limit and also the aggregate amount of debt that can be outstanding on the Mortgage Loan and the associated Mortgage Reserve at any one time (the "Mortgage Reserve Credit and Aggregate Debt Limit").

In relation to the above limits, it should be noted that: (i) Borrowers (despite not being authorised to do so) may from time to time draw further amounts from the Mortgage Reserve in excess of such agreed limits; and (ii) the charge of Mortgage Reserve Interest on such Mortgage Reserve may also take the Mortgage Reserve Account Balance above such agreed limits. If such amounts are not repaid promptly by the Borrower to rectify such breach of the lending terms, this will cause the Related Security in respect of the Mortgage Account to become enforceable.

Upon application by a Borrower, subject to certain conditions, the Seller may, from time to time, allow the Mortgage Reserve Credit And Aggregate Debt Limit to increase thereby also resulting in an increase in the Mortgage Reserve Credit Limit for the relevant Mortgage Reserve.
Payments of principal (whether scheduled or in respect of overpayments) may also increase a Borrower's Mortgage Reserve Credit Limit on the applicable Mortgage Reserve. However, it should be noted that such payment does not itself increase the Mortgage Reserve Credit and Aggregate Debt Limit on the Mortgage Account.

In addition, the Mortgage Reserve Credit Limit of a Borrower's Mortgage Reserve may decrease if the associated Mortgage Loan is in arrears in relation to amounts of principal, interest, fees and/or other amounts due and payable.

The Seller has the right to reduce the Mortgage Reserve Credit Limit and the Mortgage Reserve Credit and Aggregate Debit Limit on any Mortgage Account at any time and at its sole discretion (subject to providing the Borrower with 14 days' written notice).

**Mortgage Reserve Interest**

Interest shall also be charged by the Seller to a Borrower in relation to amounts outstanding on a Mortgage Reserve Account (such interest being Mortgage Reserve Interest), any such amounts charged to a Mortgage Reserve Account will automatically increase the Mortgage Reserve Account Balance. The rate of interest charged by the Seller to a Borrower on a Mortgage Reserve Account is the Barclays Standard Variable Rate or a rate linked to the Barclays Base Rate, or the bank of England's base rate and is maintained, determined or set in the same way as variable rates for Mortgage Loans.

**Early repayment charges**

If a Discounted Variable Rate Mortgage Loan, a Fixed Rate Mortgage Loan, a Tracker Rate Mortgage Loan or a Standard Variable Rate Mortgage Loan is partially or fully redeemed during the early repayment charge period as set out in the applicable Mortgage Conditions, the relevant Borrower will be subject to an early repayment charge.

**Product switches**

From time to time Borrowers may request or the Seller may offer, in limited circumstances, a variation in the Mortgage Conditions applicable to the Borrower's Mortgage Account. Such a variation may constitute a Product Switch which, if agreed to by the Seller in its sole discretion, will require the Seller to repurchase the relevant Mortgage Loan as more fully described at "Summary of the Principal Transaction Documents – Mortgage Sale Agreement".

**Security in respect of the Mortgage Accounts**

Each Mortgage Loan and any associated Reference Mortgage Reserve is secured by a charge by way of a first ranking legal mortgage over a residential property in England or Wales or a first ranking standard security over a residential property in Scotland or a first ranking mortgage (in the case of unregistered land) or a first ranking charge (in the case of registered land) over a residential property in Northern Ireland. Each Mortgage Loan and associated Mortgage Reserve secured over a property located in England or Wales is subject to English law, each Mortgage Loan and associated Mortgage Reserve secured over a property located in Scotland is subject to Scots law and each Mortgage Loan and associated Mortgage Reserve secured over a property located in Northern Ireland is subject to Northern Irish law.

A proportion of the Mortgage Loans in the Mortgage Loan Portfolio are or will be secured over properties in Scotland. Under Scots law, the only means of creating a fixed charge or a fixed security interest over heritable property is the statutorily prescribed standard security. In relation to the Scottish Mortgage Loans, references in this base prospectus to a "mortgage" are to be read as references to such standard security and references to a "mortgagor" are to be read as references to the security holder (under Scots law, termed the "heritable creditor").

A proportion of the Mortgage Loans in the Mortgage Loan Portfolio are or will be secured over properties in Northern Ireland. Under Northern Irish law, a security interest over land is created by way of a mortgage (in the case of unregistered land) or a charge (in the case of registered land). In relation to the Northern Irish Mortgage Loans, references in this base prospectus to a "mortgage" are to be read as references to such mortgage or charge and references to a "mortgagee" are to be read as references to the security holder.
In practice, the Seller has advanced and intends to advance Mortgage Loans on a similar basis in England and Wales, Northern Ireland and Scotland. While there are certain differences in law and procedure in connection with the enforcement and realisation of Scottish Mortgages and Northern Irish Mortgages, the Seller does not consider that these differences make Scottish Mortgages or Northern Irish Mortgages significantly different or less effective than the English Mortgages.

The Final Terms will set out the geographical concentration of the Mortgage Loans in the Mortgage Loan Portfolio as at the relevant Cut Off Date (as defined in the relevant Final Terms).

**Origination of the Mortgage Accounts**

The Seller currently derives its mortgage lending business from the following sources:

(a) mortgage intermediaries, all of which must be FSA registered; and

(b) directly from Borrowers.

In each case, the Seller performs all the evaluations of the Borrower and determines whether a Mortgage Account will be offered.

The Seller competes mainly in the prime residential UK mortgage market, targeting in particular remortgage customers with low loan to value ratio and those with whom it has an existing relationship through their current account holding. Recently the Seller has continued its focus on this section of the UK residential mortgage market, although the Seller continuously reviews its business strategy to reflect changes in the UK residential mortgage market and economic environment, and continues to review, *inter alia*, its level of mortgage reserve drawings for new customers, its loan to value threshold both for new and further lending, its affordability rules and its credit score requirements.

**Underwriting**

The Seller uses an automated mortgage scoring system for all mortgage applications, so as to assist in deciding whether or not to offer a Mortgage Loan to a potential Borrower. Mortgage applications are also assessed manually by the Seller's underwriters which is particularly important for larger loans. The Seller has established various levels of authority for its manual underwriters who approve Mortgage Loan applications depending on each underwriter's grade and experience. The Seller's credit committee ensures that any such referral or appeal decisions are investigated by the manual underwriters who, in line with the Seller's credit policy guidelines, assess all aspects of the case before making a final reject or accept decision.

Mortgage applications may also be assessed by certain underwriters who have participated in a formal training programme, and who have been given a mandate to approve a Mortgage Loan for which a potential Borrower who has held a Barclays current account for more than six months has attained a pre-approved mortgage limit ("PAML") on the initial credit review.

For applications which have a low loan to value ratio and also meet or exceed a specified credit score, there is no requirement for the underwriter to manually carry out credit risk checks on the application and different criteria apply. This underwriting process is called "Fast Track Lending". In addition, the Seller has a specific high value lending team to consider all applications for Mortgage Loans in excess of £500,000.

The Seller continually reviews the way in which it conducts its mortgage origination business in order to ensure that it remains up to date and cost effective in a highly competitive market. The Seller may therefore change its origination processes from time to time. However, the Seller will retain exclusive control over the underwriting polices and Lending Criteria to be applied to the origination of each Mortgage Loan. The Seller's underwriting and processing of Mortgage Loans are independent from the process by which the Seller's Mortgage Loans are originated.

**Lending criteria**

Each Mortgage Account was, or as the case may be will be, originated according to the Seller's Lending Criteria applicable at the time the Mortgage Account was offered or will be offered. The Lending Criteria as of the date of this Base Prospectus are the same as, or substantially similar to, the criteria described in
this section. However, the Seller retains the right to revise its Lending Criteria from time to time. Accordingly, so the criteria applicable to New Mortgage Loans may not be the same as those used as of the date of this Base Prospectus.

Other than in the case of Mortgage Accounts originated under PAML or through Fast Track Lending, to obtain a Mortgage Account, the Borrower is required to provide certain information to the Seller including information about the applicant's income, current employment details, bank account information, current mortgage information, if any, and certain other personal information. The Seller completes a credit reference agency search (as at the date of this base prospectus, provided by Experian Ltd) in all cases against each applicant for all addresses in the past 3 years, which gives details of public information including any county court judgments and details of any bankruptcy and a credit score is returned for each applicant.

Some of the factors currently used in making a lending decision are as follows:

**Income details**

Details are obtained of the income for all mortgage applicants and unless the loan is approved by PAML or Fast Track Lending, proof of income is obtained (e.g. pay slips, form P60, bank statements etc. or 2 years trading accounts for self employed applicants, as appropriate). In general, lending levels are based on four times the salary of a single Borrower or, for joint Borrowers, four times the salary of the primary earner plus the salary of the secondary earner or three times the combined annual income.

**Valuation**

A valuation of the property is required from the Seller's in house valuation department or from an independent firm of professional valuers selected from a panel of approved valuers. Details of professional indemnity insurance held by panel valuers are retained. The person underwriting/ processing the mortgage application reviews the valuation report to ensure that the property will be suitable security for the proposed Mortgage Loan. A revaluation of the property generally does not occur after origination and there will be no revaluation of any property for the purpose of the issue of any series of notes. For non purchase transactions up to 80 per cent. LTV an automated valuation model may be used to provide this valuation figure against which any lending can be assessed.

**Property types**

The criteria set out below are applied in determining the eligibility of properties to serve as security for Mortgage Loans. Under these criteria, eligible property types include freehold, leasehold, and commonhold properties. In the case of leasehold properties, the unexpired term of the lease must generally be for at least 25 years after the end of the agreed mortgage term. In the case of "mixed use properties", where part of the property is used for business purposes, such as a doctor's surgery, at least 40 per cent. of the property must be for residential purposes.

**Loan amount**

The minimum advance to a Borrower in respect of a Mortgage Account is £5,000 and there is an 85% LTV limit for purchases and an 80% LTV limit for remortgages or additional borrowing. The Seller does not impose a maximum loan amount on its Mortgage Loans, save that all loans in excess of £500,000 are also subject to individual underwriting requirements and approval.

**Term**

Each loan must have an initial term between 5 and 35 years.

**Age of applicant**

All Borrowers must be 18 years old or over. Where the term of the loan extends into retirement, the applicant has to demonstrate at application stage that they will be able to afford the mortgage payments for the full term of the loan.
Status of applicant(s)

The maximum loan amount is determined by a number of factors, including the applicant's income and the loan to value ratio of the mortgaged property.

In determining income, basic salary along with performance or profit related pay, allowances, mortgages subsidies, pensions, annuities, overtime, bonuses and commission may be included. Positive proof of the applicant's identity and address is obtained in all cases.

When assessing a mortgage application, the Seller's key requirement is to establish that the applicant can afford to repay the proposed Mortgage Loan. The Seller ensures that the proposed monthly payments are affordable from the applicant's income, or other resources, and takes account of their other financial commitments.

Credit history

A full credit reference search is carried out in respect of all applicants. Applications may be declined where an adverse credit history (for example, county court judgment, default or bankruptcy notice) is revealed.

Pre approved mortgage limit (PAML)

Borrowers who have held a Barclays current account for more than six months may be entitled to a PAML in certain circumstances.

Geography

Mortgage loans will not be offered on properties situated in any area not subject to the jurisdiction of the law of England & Wales, Scotland or Northern Ireland. Accordingly, no mortgages will be originated in respect of properties located in the Isle of Man or the Channel Islands are not acceptable.

Seller's discretion to lend outside its Lending Criteria

On a case by case basis, and within approved limits as detailed in the Seller's Lending Criteria, the Seller may have determined that, based upon compensating factors, a prospective Borrower that did not strictly qualify under its Lending Criteria at that time warranted an underwriting exception. The Seller may take into account compensating factors including, but not limited to, a low LTV ratio, stable employment and time in residence at the applicant's current residence.

Selected statistical information on the Mortgage Loan Portfolio for each Series

In respect of each Series of Covered Bonds, statistical information regarding the Mortgage Loans as of the relevant measurement/testing date in the Mortgage Loan Portfolio will be set out in the applicable Final Terms. Please note, however, that the information provided is historical and given that New Mortgage Loans may be added to the Portfolio at any time and accordingly, the statistical information provided at the time of issue may be different to the actual composition of the Portfolio at any given time.

Regulation of the UK Residential Mortgage Market

Introduction

The Consumer Credit Act 1974 (the "CCA 1974"), as amended by, inter alia, the Consumer Credit Act 2006 (the "CCA 2006" and together, the "CCA") imposes requirements on mortgage loans and further advances which are regulated consumer credit agreements. Mortgage loans and further advances entered into prior to 6 April 2008 will be subject to the CCA if the amount of "credit" (as defined in the CCA) does not exceed the financial limit (£25,000 for credit agreements made on or after 1 May 1998 or lower limits before that date) and if the loan is not exempt. On 6 April 2008, the £25,000 threshold was removed with the effect that unless an exemption applies, a loan of any amount entered into on or after that date could be subject to the CCA. The CCA is enforced by the Office of Fair Trading (the "OFT").

Mortgage loans and further advances provided by a deposit taker (or a wholly-owned subsidiary of such an institution) (as defined under Section 16(10) of the CCA) to the extent that they are to finance the
purchase of land or the provision of dwellings on any land and which are secured by a land mortgage (or, in Scotland, a standard security) on that land, are exempt agreements. Such mortgage loans and further advances are not subject to the origination, documentation or ongoing compliance requirements of the CCA. However, they are subject to the unfair relationship provisions under sections 140A to 140D of the CCA.

Most first-charge Mortgage Loans and further advances entered into on or after 31 October 2004 are regulated under the Financial Services and Markets Act 2000 (the "FSMA") and not the CCA. Prior to 31 October 2004, the Seller had subscribed to the mortgage code which was a voluntary code of conduct in relation to residential mortgages but which was superseded on 31 October 2004 when residential mortgages became regulated under FSMA. See further "Mortgage Loans regulated by the FSA under the FSMA" below.

The Financial Services and Markets Act 2000 (Consequential Amendments) Orders 2005 and 2008 amended sections 82 and 146 of the CCA and removed the possibility that a mortgage agreement could fall to be regulated in certain circumstances under both the FSMA and the CCA.

Mortgage Loans regulated under the FSMA are thus subject to the mortgage conduct of business rules set out in the FSA Handbook ("MCOB") enforced by the FSA. Mortgage loans which do not fall within the definition of a regulated mortgage loan (for example, second charge mortgages) and which are regulated credit agreements (for example, certain loans not exceeding £25,000) will be subject to the CCA (enforced by the OFT), and mortgage loans which are neither regulated mortgage loans nor regulated credit agreements will not be subject to their regulatory requirements. There is a possibility that any mortgage loan intended to be regulated under one regime, or unregulated, is instead regulated under the other regime, or regulated, (as the case may be) because of rules on, inter alia, whether credit arises or exceeds any applicable limit or is exempt.

Mortgage loans and further advances which are regulated under the Financial Services and Markets Act 2000 ("Regulated Mortgage Contracts") are, by reason of section 16(6C) of the CCA exempt from the origination, documentation and ongoing compliance requirements of the CCA as well as from the unfair relationship provisions of the CCA.

For any Mortgage Accounts regulated under the CCA, the Mortgage Reserve constitutes a debtor creditor agreement enabling the debtor to overdraw on a current account that falls within the scope of Section 74(1)(b) of the CCA. Such an agreement is subject to the light-touch, rather than the full, origination and documentation requirements of Part V of the CCA. Insofar as the Mortgage Loan finances the supply of insurance under arrangements with the supplier of the insurance, that part of the Mortgage Loan may fall to be treated as a regulated agreement under the CCA and may give rise to liability under Section 56 and/or Section 75 of the CCA (liability of creditor for misrepresentations and breaches of contract by supplier). Such liability could therefore give rise to a claim by a borrower to set off sums due under a regulated mortgage loan (or exercise analogous rights in Scotland or Northern Ireland). Part V of the CCA sets requirements for the format, content and execution of regulated agreements and for the procedures to be taken by the lender when originating a CCA regulated agreement.

**Mortgage Loans regulated by the CCA**

Any agreement that is wholly or partly regulated by the CCA or treated as such has to comply with specific documentation, procedures and (in so far as applicable) pre-contract disclosure requirements. Further, the CCA also imposes licensing obligations on lenders and brokers. If a regulated credit agreement does not comply with those requirements, then to the extent that the agreement is regulated by the CCA or treated as such, it is unenforceable against the borrower:

(a) Without an order of the OFT, if the lender or any broker does not hold the required licence at the relevant time; or

(b) totally, if the credit agreement has been made before 6 April 2007 and if it is not properly signed by the borrower or if it omits or mis-states a "prescribed term"; or

(c) without a court order in other cases.

Where the court is able to exercise its discretion, the court will take into account any prejudice suffered by the borrower and any culpability by the Seller.
The court has the power, if it appears just to do so, to amend the regulated agreement or any further advance that may fall within the scope of CCA regulation or to impose conditions upon its performance or to make a time order (for example, giving extra time for arrears to be cleared).

In addition under section 126 of the CCA, a mortgage over land securing a regulated credit agreement is only enforceable by a court order.

Pursuant to the terms of the Mortgage Sale Agreement, the Seller will represent and warrant to, inter alios, the LLP that no agreement for any Mortgage Loan or variation of such agreement to be included in the Mortgage Loan Portfolio is or includes a regulated consumer credit agreement (as defined in Section 8 of the CCA), is or ever has constituted any other agreement regulated or partly regulated by the CCA (other than in relation to Sections 140A to 140D of the CCA) or, to the extent that it is so regulated or partly regulated, all the requirements of the CCA have been met in full (or to the extent of any non-compliance, such non-compliance would not be such as to prevent enforcement of the Mortgage Loan or any of its material terms by the Seller) and such Mortgage Loan is a valid and binding obligation on the borrower and enforceable upon order of a court.

Reforms to the Consumer Credit Act 1974 and subordinate legislation

The CCA 2006 amends the CCA 1974 in a number of respects, including but not limited to:

(a) the removal of the £25,000 financial limit from the CCA in respect of credit for non-business lending (with the exception of buy-to-let lending entered into before 31 October 2008);

(b) the exemption from the CCA regime of high net worth debtors, credit above the value of £25,000 where such credit agreement is entered into by the debtor predominantly for the purposes of a business carried on, or intended to be carried on, by him, and most buy-to-let lending entered into on or after 31 October 2008;

(c) the extension of the Financial Ombudsmen Service, allowing consumers to challenge agreements without court proceedings and the creation of a Consumer Credit Appeals Tribunal for licensing matters, whose functions were transferred to the General Regulatory Chamber on 1 September 2009;

(d) the introduction of the unfair relationship test to all new and existing credit agreements (except for those regulated by the FSA);

(e) the strengthening of the powers of the OFT in relation to CCA licence holders;

(f) new provisions relating to the licensing of consumer credit businesses; and

(g) the introduction of further requirements on post-contract disclosure, and further restrictions on default fees and default interest.

Unfair relationships under the CCA

The CCA 2006 introduced an unfair relationship test to all new and existing credit agreements. The unfair relationship test under Sections 140A to 140D of the CCA applies to all regulated credit agreements and unregulated agreements. It should be noted that the test does not apply to Regulated Mortgage Contracts (Section 140A(5)).

There is no statutory definition of what constitutes an unfair relationship. The test allows the courts to be able to consider a wide range of circumstances surrounding the transaction, including the creditor's conduct before and after making the agreement. If the Borrower alleges an unfair relationship, the creditor bears the burden of proving the contrary.

If a Mortgage Loan subject to the unfair relationship test is found to be unfair, the court may require the creditor to repay sums to the debtor, to do, not do or cease doing anything in relation to the agreement, reduce or discharge any sums payable by the debtor or surety, return to a surety any security provided by him, alter the terms of the agreement, direct accounts to be taken or otherwise set aside any duty imposed on the debtor or surety. The term creditor as defined under section 189 of the CCA means the person
providing the credit under a consumer credit agreement or the person to whom his rights and duties under the agreement have passed by assignment or operation of law.

**Variations to agreements regulated by the CCA and the abolition of the financial threshold**

The variation of credit agreements is regulated by section 82(2) of the CCA. Section 82 states that where an agreement (a ‘modifying agreement’) varies or supplements an earlier agreement, the modifying agreement shall for the purposes of the CCA be treated as (a) revoking the earlier agreement and (b) creating a new combined agreement. Section 82 effectively operates to create a new CCA regulated agreement comprising the earlier agreement and the modifying agreement.

With the abolition of the £25,000 financial limit on 6 April 2008, previously unregulated agreements which are varied or supplemented after this date could potentially fall within the scope of the CCA.

The Consumer Credit Act 2006 (Commencement No.4 and Transitional Provisions) Order 2008 (the "Order") provides that unregulated loans entered into prior to 6 April 2008 for credit above £25,000 and subsequently varied, will not be subject to CCA regulation, if the variation (e.g. an interest rate switch) does not relate to the advance of further credit or an appropriate exemption applies. Notwithstanding the points above, many lenders do not treat further advances on unregulated loans as comprising a separate agreement but instead treat the loan (having been made before 6 April 2008) and further advance as a unitary agreement which avoids CCA regulation and therefore obviates the need to rely on the Order, but it remains open to a court to find that a further advance or the total advances might be a regulated agreement under the CCA unless a appropriate exempt term applies.

**Mortgage Loans regulated by the FSA under the FSMA**

Prior to the introduction of FSA regulation as from 31 October 2004, the business relating to the provision of residential owner-occupied mortgages was subject to self-regulation by The Council of Mortgage Lenders’ ("CML") Mortgage Code (the "Mortgage Code"). The Mortgage Code was introduced for lenders on 1 July 1997 and 30 April 1998 for mortgage intermediaries. When the Mortgage Code was extended to mortgage intermediaries, subscribing lenders undertook not to accept mortgage introductions from intermediaries who were not also registered as subscribers. The Mortgage Code remained in force until 31 October 2004, when it was superseded by MCOB. The Seller was a member of the CML and subscribed to the Mortgage Code during the relevant period.

As from 31 October 2004, a number of activities relating to "regulated mortgage contracts" (as defined in Article 61(3) of the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (the "RAO") became “regulated activities” under section 19 of the FSMA and these activities require authorisation from the FSA or exemption under the FSMA. These activities are: (a) entering into a Regulated Mortgage Contract as lender; (b) administering a Regulated Mortgage Contracts (administering in this context means notifying borrowers of changes in payments, interest rates or other notifiable matters and/or collecting payments due); (c) advising on Regulated Mortgage Contracts; (d) arranging Regulated Mortgage Contracts; and (e) agreeing to do any of the foregoing.

Barclays is authorised by the FSA to carry out such regulated activities and is registered by the FSA with registration number 122702. The LLP is of the view that it does not require to be authorised since its activities are such that they either do not fall within the regulated activities as defined in the Order or they benefit from a specific exclusion in respect of those activities.

In addition, no variation has been or will be made to the Mortgage Loans, and no Further Advance or Product Switch has been or will be made under the Mortgage Loans, where it would result in the LLP arranging or advising in respect of or administering or entering into a Regulated Mortgage Contract.

Authorisation by the FSA subjects the Seller to the full regulatory regime imposed by FSMA and the FSA. In particular, the Seller is required to have in place full systems and controls, to ensure that those carrying out controlled functions are approved by the FSA, to maintain prescribed prudential ratios, and its activities and Regulated Mortgage Contracts will be subject to the Financial Ombudsman Scheme.

Failure to comply with the provisions of MCOB will not render any Regulated Mortgage Contracts unenforceable. However, breaches of the rules in MCOB are actionable by borrowers who suffer loss as a result of the contravention. A breach could therefore give rise to a claim by a borrower to set off sums due under a Regulated Mortgage Contract (or exercise analogous rights in Scotland or Northern Ireland).
In addition under section 126 of the CCA, a land mortgage securing a Regulated Mortgage Contract is only enforceable by a court order if the credit agreement would, apart from the exemption in Section 16(6C) of the CCA, be a regulated agreement or treated as such. However, Regulated Mortgage Contracts will be unenforceable if, when entered into, they are advised upon, arranged (e.g. by a mortgage intermediary) or entered into by a person which is not authorised or exempt. The Seller is authorised by the FSA to carry out such regulated activities as stated above. Qualifying credit agreements (Regulated Mortgage Contracts and mortgage loans where the originator carried on the business of entering into Regulated Mortgage Contracts) will also be unenforceable if they are originated as a result of financial promotion in relation to which there has been a contravention of Section 21(1) of the FSMA. In both cases a court may allow the Regulated Mortgage Contract or qualifying credit agreement, in question to be enforced against the borrower if it considers it just and equitable to do so in the circumstances of the particular case.

The FSA has significant regulatory flexibility to alter its rules and to provide guidance on existing rules.

**Unfair Terms in Consumer Contracts Regulations 1994 and 1999**

In the United Kingdom, the Unfair Terms in Consumer Contracts Regulations 1994 and 1999 (the "UTCCR") make non-negotiated terms in the consumer contracts that are unfair to consumers unenforceable. The effect of these regulations on the Mortgage Loans is that:

(a) a borrower may challenge a non-negotiated term in an agreement on the basis that it is an "unfair" term within the meaning of the UTCCR. An unfair term will not be binding on the borrower, although the contract itself will continue to bind the parties if it is capable of continuing in existence without the unfair term; and

(b) the OFT, the FSA and any "qualifying body" (as defined in the UTCCR) may take court proceedings to injunct (or in Scotland, interdict) the Seller from using and relying on unfair terms.

The UTCCR will not generally affect terms which set out the main subject matter of the contract provided that they are written in plain and intelligible language and are adequately drawn to the consumer's attention (such as the borrower's obligation to repay principal) but may affect terms deemed to be ancillary terms, which may include, *inter alia*, interest variation provisions and other terms the application of which are in the Seller's discretion. For example, if a term permitting the Seller to vary the interest rate is found to be unfair, the borrower will not be liable to pay the increased rate or, to the extent that she or he has paid it, will be able, as against the Seller or the LLP, to claim repayment of the extra interest amounts paid or to set off the amount of such claim (or exercise of analogous rights in Scotland or Northern Ireland) against the amount owing by the borrower under the Mortgage Loan.

On 24 February 2000, the OFT issued a guidance note on what the OFT considers to be fair and unfair terms for interest variation in mortgage contracts. The guidance note accepts the principle of a term linking an interest rate to an external rate which is outside the lender's control. It provides that, generally, the OFT and Consumers' Association (now known as "Which?") will not regard such a term as unfair if the lender explains at the outset how the interest rate is linked to the external rate and, if the link does not provide for precise and immediate tracking, the maximum margin of difference, and the time limits within which charges will be made. Where the interest variation term does not provide for precise and immediate tracking of an external rate outside the lender's control, and if the borrower could be considered to be locked in by an early repayment charge, the OFT indicated that it considered the term would be open to challenge as unfair under the UTCCR unless the lender (i) notifies the borrower in writing at least 30 days before the rate change and (ii) permits the borrower to repay the whole loan during the next three months after the rate change, without paying the early repayment charge. The Seller has reviewed the guidance note and believes that the Mortgage Loans and its business in general complies with the guidance note.

On 1 November 2009 a Concordat between the OFT and FSA became effective. The purpose of the Concordat is to ensure co-ordination of enforcement action and co-operation in delivery of consumer protection in relation to the UTCCR and the Enterprise Act 2002. The FSA published the Unfair Contract Terms Regulatory Guide in August 2007, which explains how the FSA utilises its powers under the UTCCR. Both the FSA and the OFT have issued guidance and undertakings specific to or relevant to mortgage contracts.
In August 2002 the Law Commission for England and Wales and the Scottish Law Commission published a Joint Consultation Paper proposing changes to the UTCCR, including harmonising provisions of the UTCCR and the Unfair Contract Terms Act 1977, applying the UTCCR to business to business contracts and revising the UTCCR to make them "clearer and more accessible". A final report was published in 2005. In July 2006, the Law Commission stated that the government accepted the recommendations subject to a regulatory impact statement. No assurances can be given that changes to the UTCCR, if implemented, will not have an adverse effect on the Seller, the Issuer and/or the Administrator. However, pending the development of the proposed Consumer Rights Directive, the Department for Business, Innovation and Skills has indicated that the Law Commission's recommendations are on hold at the moment.

**Ability to charge and recover fees on the Mortgage Loans**

A formula for calculating the maximum amount payable on early settlement is prescribed by the CCA and applies to the extent that a credit agreement is regulated by the CCA or to be treated as such.

In January 2007, the FSA issued a Statement of Good Practice relating to mortgage exit administration fees ("MEAFs"). The FSA set out where it considered MEAFs to be contractually unfair under the UTCCR, and under the "Treating Customers Fairly" principles. The FSA stated that lenders could consider five options for the treatment of past and current customers, and all lenders had to decide which options to adopt and put this into practice by 28 February 2007. For new customers, lenders were required to decide whether to amend their terms and conditions by 31 July 2007.

In August 2007 the FSA updated the statement after analysing the responses of a sample of firms, comprising a significant proportion of the mortgage market, on the outcome of their reviews of how to treat future customers. The results of this review found that most major lenders have opted either to charge a fee that would not be varied during the lifetime of the mortgage or to remove the MEAF altogether. Other lenders have decided to charge a MEAF which will reflect the administrative costs of exiting the mortgage and can only be varied for valid reasons clearly explained at the outset.

Barclays has never charged a mortgage exit administration fee and confirmed to the FSA in 2007 that its policy is not to charge such fees but instead to charge the borrower an early repayment charge. Barclays will continue to make such early repayment charges as set out to the relevant borrower at the time that the original contract was taken out, in line with the FSA Statement of Good Practice.

No assurance can be given that additional regulations from the OFT, the FSA or any other regulatory authority will not arise with regard to the mortgage market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller (including, without limitation, in the ability to charge, or the level of, early repayment fees or other types of fees and charges payable in respect of the mortgage assets).

In addition, the OFT carried out investigations into the level of late and over limit fees on credit cards as a result of which many credit card providers, including Barclays, reduced such fees. In April 2005, the OFT announced that the principles the OFT considers should be applied in assessing the fairness of such fees are likely to apply to analogous default fees in other agreements, including those for mortgage loans.

Notwithstanding the Supreme Court ruling in relation to the test case on current account overdraft charges, Barclays continues to be involved in the OFT's work on personal current accounts. The OFT initiated a market study into personal current accounts ("PCAs") in the UK in 2007 which also included an examination of other retail banking products, in particular savings accounts, credit cards, personal loans and mortgages in order to take into account the competitive dynamics of UK retail banking. In 2008, the OFT published its market study report, in which it concluded that certain features of the UK PCA market were not working well for consumers. The OFT reached the provisional view that some form of regulatory intervention is necessary in the UK PCA market. The OFT also held a consultation to seek views on the findings and possible measures to address the issues raised in its report. In October 2009, the OFT published a follow-up report containing details of voluntary initiatives in relation to transparency and switching agreed between the OFT and the industry. A further follow-up report was published in March 2010 to provide details of voluntary initiatives agreed in relation to charging structures. The Barclays Group has participated fully in the market study process and will continue to do so.
Financial Ombudsman Service

Under the FSMA, the Financial Ombudsman Service (the “Ombudsman”) is required to make decisions on, inter alia, complaints relating to activities and transactions under its jurisdiction on the basis of what, in the Ombudsman’s opinion, would be fair and reasonable in all circumstances of the case, taking into account, inter alia, law and guidance. Complaints brought before the Ombudsman for consideration must be decided on a case by case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. As the Ombudsman is required to make decisions on the basis of, inter alia, the principles of fairness, and may order a money award to the borrower, it is not possible to predict how any further decision of the Ombudsman would affect the Seller, the Issuer and/or the Servicer and their respective business and operations.

Consumer Credit Directive

The Consumer Credit Directive (2008/48/EC) (the "Consumer Credit Directive") was adopted in April 2008. The Official Journal states that the directive should be implemented by member states by 11 June 2010. Once fully implemented, it will regulate consumer credit agreements between EUR 200 and EUR 75,000 between credit providers and consumers. Notably, however, the Directive excludes a number of credit agreements from regulation including credit agreements secured by a mortgage (whether first or second mortgage) and credit agreements the purpose of which is to acquire or retain property rights in land. The UK implementing legislation was made in March 2010, but its commencement is generally delayed until 1 February 2011. However, until the related regulatory guidance is finalised, it is not certain what effect the implementation of the Directive would have on the Seller, the Issuer and/or the Servicer and their respective businesses and operations.

Distance Marketing of Financial Services

With effect from 31 October 2004, the Distance Marketing of Financial Services Directive (2002/65/EC) (the “DMD”) has been implemented in the United Kingdom by way of amendments to MCOB generally in relation to Regulated Mortgage Contracts and the Financial Services (Distance Marketing) Regulations 2004 (SI 2004/2095) (the “Regulations”) in relation to other mortgage Loans. For the purposes of the Regulations, a distance contract means “any contract concerning one or more financial services concluded between a supplier and a consumer under an organised distance sales or service provision scheme run by the supplier or by an intermediary, who, for the purposes of that contract, makes exclusive use of one or more means of distance communication up to and including the time at which the contract is concluded”. A similar definition is adopted in MCOB.

The Regulations and MCOB require suppliers of financial services by way of distance communication to provide certain information to consumers. This information generally has to be provided before the consumer is bound by a distance contract for supply of the financial services in question and includes, but is not limited to, general information in respect of the supplier and the financial service; contractual terms and conditions; and (in the case of Regulations) whether or not there is a right of cancellation. The right of cancellation will not apply to (a) generally, Regulated Mortgage Contracts of (b) (if the borrower received the prescribed information on time) other contracts for financial services where (i) the price of the service depends on fluctuations in the financial market outside the supplier’s control, which may occur during the cancellation period; (ii) the supplier provides credit to a consumer and the consumer’s obligation to repay is secured by a legal mortgage on land; or (iii) it is a restricted use credit agreement (within the meaning of the CCA) to finance the purchase of land or an existing building, or an agreement for a bridging loan in connection with the purchase of land or an existing building. The right of cancellation will apply to other mortgage loans. If the right of cancellation applies (for want of prescribed information on time or otherwise), and if the borrower cancels the credit agreement, then the borrower is liable to repay the principal and, subject to conditions, to pay interest and charges, and any security for the cancelled agreement is treated as never having effect. The above provisions may be enforced by way of injunction (interdict in Scotland) and any breach may render the Seller and possibly its officers liable to a fine.

Proposed Mortgage Credit Directive

The European Commission published a legislative proposal on credit agreements relating to residential property on 31 March 2011. The proposed Directive will introduce certain requirements for the
advertising of mortgage credit, ensure that all institutions involved in the origination and distribution of mortgage credit are adequately regulated and supervised, establish principles for the authorisation, registration and passporting of credit intermediaries, ensure that lenders benefit from access to information in credit databases on a non-discriminatory basis increase information requirements of lenders, harmonise annual percentage rate of charge in line with that set by the Consumer Credit Directive and introduce a European Standardised Information Sheet to provide information to consumers.

As at the date of this Base Prospectus, the proposed Directive is yet to be adopted by the European Parliament and the Council and implemented at national level. Until the Directive is adopted at European level and implemented at national level, it is not certain what effect such proposals would have on the Mortgage Loans, the Seller, the LLP and/or the Servicer and their respective businesses and operations, which may affect the Issuer's ability to make payments in full on the Covered Bonds when due.

The Mortgage Repossession (Protection of Tenants etc) Act 2010

The Mortgage Repossession (Protection of Tenants etc) Act 2010 came into force on 1 October 2010. This Act gives courts in England and Wales the same power to postpone and suspend repossession for up to two months on application by an unauthorised tenant (i.e. a tenant in possession without the lender's consent) as generally exists on application by an authorised tenant. The lender has to serve notice at the property before enforcing a possession order. This Act may have adverse effects in markets experiencing above average levels of possession claims. Delays in the initiation of responsive action in respect of the Mortgage Loans may result in lower recoveries and may affect the ability of the LLP to make payments under the Covered Bond Guarantee.

Consumer Protection from Unfair Trading Regulations 2008

On 11 May 2005, the European Parliament and Council adopted a directive on unfair business-to-consumer commercial practices (2005/29/EC) (the "Unfair Practices Directive"). The Unfair Practices Directive was implemented into United Kingdom law through the Consumer Protection from Unfair Trading Regulations 2008 ("CPRs") (SI 2008/1277). The CPRs commenced on 26 May 2008 and affect all contracts entered into with persons who are natural persons and acting for purposes outside their respective business. Although the CPRs are not concerned solely with financial services, they do apply to the residential mortgage market. The OFT and FSA agreed a concordat commencing on 1 November 2009 to co-ordinate enforcement action and co-operate regarding the delivery of consumer protection in relation to the CPRs.

Under the CPRs a commercial practice is to be regarded as unfair and prohibited if it is:

(a) contrary to the standard of special skill and care which a trader may reasonably be expected to exercise towards consumers, commensurate with honest market practice and/or general principles of good faith in the trader's field of activity; and

(b) materially distorts or is likely to materially distort the economic behaviour of the average consumer (who is reasonably well-informed and reasonably observant and circumspect, and taking into account social, cultural and linguistic factors) whom the practice reaches or to whom it is addressed (or where a practice is directed at or is of a type which may affect a particular group of consumers, the average consumer of that group).

In addition to the general prohibition on unfair commercial practices, the CPRs contain provisions aimed at aggressive and misleading practices (including, but not limited to: (i) pressure selling; (ii) misleading marketing (whether by action or omission); and (iii) falsely claiming to be a signatory to a code of conduct) and a list of practices which will in all cases be considered unfair.

The effect (if any) of the CPRs on the Mortgage Loans, the Seller or the LLP and their respective businesses and operations will depend on whether those entities engage in any of the practices described in the CPRs. Whilst engaging in an unfair commercial practice does not render a contract void or unenforceable, to do so is an offence punishable by a fine and/or imprisonment. In practical terms, the CPRs have not added much to the regulatory requirements already in place, such as treating customers fairly and conduct of business rules. Breach of the CPRs does not of itself, render an agreement void or unenforceable but the possible liabilities for misrepresentation or breach of contract in relation to the underlying agreement may result in unrecoverable losses on amounts to which such agreements apply.
DESCRIPTION OF THE REGULATED COVERED BONDS REGULATIONS 2008

The RCB Regulations and the corresponding implementation provisions, set out in the Regulated Covered Bonds Sourcebook Instrument 2008 (the "RCB Sourcebook"), came into force in the United Kingdom on 6 March 2008, as amended on 22 July 2008. The RCB Regulations, together with the RCB Sourcebook, provide a detailed legislative framework for issuing regulated covered bonds, being a covered bond or programme for the issuance of covered bonds which has been admitted to the register of regulated covered bonds maintained by the FSA under the RCB Regulations.

The RCB Regulations implement Article 22(4) of the UCITS Directive and paragraph 68 of Annex VI of the Banking Consolidation Directive, which may allow covered bonds that comply with the RCB Regulations to be eligible to benefit from higher prudential investment limits under the UCITS Directive and preferential risk weighting under the Banking Consolidation Directive.

The RCB Regulations and the RCB Sourcebook include various requirements related to issuers, owners of the asset pool, eligible assets and the contractual arrangements made in respect of such assets. Only a person who is admitted to the register of issuers maintained under the RCB Regulations can issue a regulated covered bond. A person may only be an issuer if it is a person which has its registered office in the UK and is authorised to accept deposits under part 4 of the FSMA (Regulated Activities Order) 2001.

The RCB Regulations set out a list of the assets which may be comprised within an asset pool for the purposes of a regulated covered bond, which includes, among other things, loans secured by residential real estate and commercial real estate. However, the asset pool only consists of such assets when recorded in accordance with the other provisions of the RCB Regulations. All of the recorded assets will provide collateral for the guarantee granted by the owner in respect of the covered bonds (this covers both the eligible property providing the main collateral, but also a number of assets of the owner which are incidental to the ownership of the eligible property).

The RCB Regulations also list certain requirements on both the issuer and the owner in relation to the maintenance and administration of the asset pool. The issuer must make arrangements with the owner to provide that, prior to the insolvency of the issuer, (i) a record is kept of each asset in the pool, (ii) that the asset pool is capable of covering all amounts due on the bond and sums required for the maintenance, administration and winding up of the asset pool, (iii) that there is timely payment of amounts due to the bondholder and (iv) that the asset pool is of sufficient quality that, in the event of a failure of the issuer, there will be a low risk of default in the timely payment of amounts due to the bonds.

There are numerous reporting requirements in the RCB Regulations and the RCB Sourcebook. Issuers are required to notify the FSA of various matters (including any regulated covered bonds it is issues, the composition of the asset pool, matters related to its compliance with certain regulations and any proposed material changes). Owners are required to, amongst other things, notify the FSA of various matters (including any proposed transfer of ownership of the asset pool) and, on insolvency of the issuer, make arrangements for the maintenance and administration of the asset pool (similar to the issuer obligations described above).

On 6 April 2011, the UK Government and the FSA published a consultation paper (Review of the UK's Regulatory Framework for Covered Bonds) outlining the outcome of their review of the UK regulated covered bond framework, including various proposed changes intended to enhance the attractiveness of UK regulated covered bonds to investors. The consultation paper proposes a number of changes to the Regulations applicable to covered bond programmes falling under the RCB Regulations, including creating an option for a covered bond programme to be designated as being backed by a single asset type and certain liquid assets, providing for a minimum amount of overcollateralization and mandating the appointment of an asset pool monitor. The consultation paper includes an anticipated timeline for implementation of the changes by the end of 2012. Any changes are expected to be finalised by the end of 2011.

The FSA will perform certain supervision and enforcement related tasks in respect of the Covered Bonds regime, including admitting issuers and covered bonds to the relevant registers and monitoring compliance with ongoing requirements. To assist it with these tasks, the FSA has certain powers under the RCB Regulations. In particular, in certain circumstances the FSA may direct the winding-up of an owner of the asset pool, remove an issuer from the register of issuers and/or impose a financial penalty of such amount as it considers appropriate in respect of an issuer or owner. Furthermore, the FSA may take
certain actions in respect of issuers using its general powers under the UK regulatory regime (including restricting an issuer's ability to transfer further assets to the asset pool).

The Issuer applied to the FSA for admission to the register of issuers and for the Programme and for the Covered Bonds issued under the Programme prior to the date of admission to be admitted to the register of regulated covered bonds, under the RCB Regulations. Pursuant to the RCB Regulations, the FSA admitted the Issuer to the register of issuers on 11 November 2008 and the Programme and the Covered Bonds issued under the Programme prior to the date of admission were admitted by the FSA to the register of regulated covered bonds on 11 November 2008. See also "Risk Factors – The Regulated Covered Bonds Regulations 2008" and "Risk Factors – Expenses of insolvency officeholders".
DESCRIPTION OF LIMITED LIABILITY PARTNERSHIPS

Since 6 April 2001 it has been possible to incorporate a limited liability partnership in England, Wales and Scotland (but not Northern Ireland) under the Limited Liability Partnership Act 2000 (the "LLPA 2000"). Limited liability partnerships are legal entities that provide limited liability to the members of a limited liability partnership combined with the benefits of the flexibility afforded to partnerships and the legal personality afforded to companies.

Corporate characteristics

A limited liability partnership is more like a company than a partnership. A limited liability partnership is a body corporate with its own property and liabilities, separate from its members. Like shareholders in a limited company, the liability of the members of a limited liability partnership is limited to the amount of their capital because it is a separate legal entity and when the members decide to enter into a contract, they bind the limited liability partnership in the same way that directors bind a company. Members may be liable for their own negligence and other torts or delicts, like company directors, if they have assumed a personal duty of care and have acted in breach of that duty. Third parties can assume that members, like company directors, are authorised to act on behalf of the limited liability partnership.

The provisions of the Companies Act 1985 and the Insolvency Act 1986 have been modified by the Limited Liability Partnerships Regulations 2001 (as amended by the Limited Liability Partnerships (Amendment) Regulation 2005) so as to apply most of the insolvency and winding-up procedures for companies equally to a limited liability partnership and its members. As a distinct legal entity a limited liability partnership can grant fixed and floating security over its assets and a limited liability partnership will survive the insolvency of any of its members. An administrator or liquidator of an insolvent member would be subject to the terms of the members’ agreement relating to the limited liability partnership but a liquidator of an insolvent member may not take part in the administration of the limited liability partnership or its business.

Limited liability partnerships must file annual returns and audited annual accounts at Companies House for each financial year in the same way as companies.

Partnership characteristics

A limited liability partnership retains certain characteristics of a partnership. It has no share capital and there are no capital maintenance requirements. The members are free to agree how to share profits, who is responsible for management and how decisions are made, when and how new members are appointed and the circumstances in which its members retire. The members’ agreement is a private document and there is no obligation to file it at Companies House.

Taxation

A limited liability partnership which carries on a trade or business with a view to profit (and which is not the subject of certain insolvency proceedings) is, generally speaking, treated as a partnership for corporation tax purposes. As such, the members of a limited liability partnership, and not the limited liability partnership itself, are subject to corporation tax in relation to the business of the limited liability partnership in broadly the same way that the members of a partnership are subject to corporation tax in relation to the business of that partnership.
BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the Clearing Systems currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer and the LLP believe to be reliable, but none of the Issuer, the LLP, the Bond Trustee nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the LLP nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Covered Bonds held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry Systems

The Depository Trust Company ("DTC") has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerised book-entry transfers and pledges between Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of DTC Covered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Covered Bonds on DTC's records. The ownership interest of each actual purchaser of each Covered Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Covered Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Covered Bonds, except in the event that use of the book-entry system for the DTC Covered Bonds is discontinued.

To facilitate subsequent transfers, all DTC Covered Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other nominee as may be requested by an authorised representative of DTC. The deposit of DTC Covered Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Covered Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Covered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be
governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Covered Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to DTC Covered Bonds unless authorised by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the DTC Covered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Covered Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from the Issuer or the Principal Paying Agent, on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or its nominee, the Principal Paying Agent or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorised representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Under certain circumstances, DTC will exchange the DTC Covered Bonds for Registered Definitive Covered Bonds, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Covered Bond, will be legended as set forth under Subscription and Sale and Transfer and Selling Restrictions.

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Beneficial Owner desiring to pledge DTC Covered Bonds to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Covered Bonds, will be required to withdraw its Registered Covered Bonds from DTC as described below.

**Euroclear and Clearstream, Luxembourg**

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

**Book-entry Ownership of and Payments in respect of DTC Covered Bonds**

The Issuer may apply to DTC in order to have any Tranche of Covered Bonds represented by a Registered Global Covered Bond accepted in its book-entry settlement system. Upon the issue of any such Registered Global Covered Bond, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Covered Bond to the accounts of persons who have accounts with DTC.
Transfers of any interests in Covered Bonds represented by a Registered Global Covered Bond within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond to such persons may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to pledge such Covered Bonds to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Covered Bonds may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. The ability of any holder of Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to resell, pledge or otherwise transfer such Covered Bonds may be impaired if the proposed transferee of such Covered Bonds is not eligible to hold such Covered Bonds through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Covered Bonds described under “Subscription and Sale and Transfer and Selling Restrictions”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("Custodian") with whom the relevant Registered Global Covered Bonds have been deposited.

On or after the Issue Date for any Series, transfers of Covered Bonds of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Covered Bonds of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Covered Bonds will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where
appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Covered Bonds among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Bond Trustee, the Security Trustee, the Issuer, the LLP, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Covered Bonds represented by Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial interests.
FORM OF THE COVERED BONDS

The Covered Bonds of each Series will be in either bearer form, with or without receipts, interest coupons and/or talons attached, or registered form, without receipts, interest coupons and/or talons attached. Bearer Covered Bonds will be issued outside the United States in reliance on Regulation S under the Securities Act ("Regulation S") and Registered Covered Bonds will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A or Regulation D under the Securities Act.

Bearer Covered Bonds Each Tranche of Bearer Covered Bonds will be initially issued in the form of a temporary global covered bond without receipts, interest coupons or talons attached (a "Temporary Global Covered Bond") which, will:

(i) if the Bearer Global Covered Bonds are intended to be issued in new global covered bond ("NGCB") form, as stated in the applicable Final Terms Document (the "applicable Final Terms Document"), be delivered on or prior to the Issue Date of the relevant Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"); and

(ii) if the Bearer Global Covered Bonds are not intended to be issued in NGCB form, as stated in the applicable Final Terms Document, be delivered on or prior to the issue date of the relevant Tranche to a common depositary (the "Common Depository") for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system.

If the applicable Final Terms indicates that the Bearer Global Covered Bond is a NGCB, the nominal amount of the Covered Bonds represented by such Bearer Global Covered Bond will be the aggregate from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg (which expression in such Bearer Global Covered Bond means the records that each of Euroclear and Clearstream, Luxembourg holds for its customers which reflect the amount of each such customer's interest in the Covered Bonds) will be conclusive evidence of the nominal amount of Covered Bonds represented by such Bearer Global Covered Bond and, for such purposes, a statement issued by Euroclear and/or Clearstream Luxembourg, as the case may be, stating that the nominal amount of Covered Bonds represented by such Bearer Global Covered Bond at any time will be conclusive evidence of the records of Euroclear and/or Clearstream at that time, as the case may be.

On and after the date (the "Exchange Date") which is 40 days after a Temporary Global Covered Bond is issued, interests in such Temporary Global Covered Bond will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a permanent global covered bond without receipts and interest coupons attached (a "Permanent Global Covered Bond" and, together with the Temporary Global Covered Bonds, the "Bearer Global Covered Bonds" and each a "Bearer Global Covered Bond") of the same Series or (ii) for Bearer Definitive Covered Bonds of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of Bearer Definitive Covered Bonds, to such notice period as is specified in the applicable Final Terms), in each case against certification of non-U.S. beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Covered Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Covered Bond for an interest in a Permanent Global Covered Bond or for Bearer Definitive Covered Bonds is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Covered Bond will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Global Covered Bond without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Covered Bond consisting of integral multiples of the specified minimum denomination will be exchangeable (free of charge), in whole but not in part, for Bearer Definitive Covered Bonds with, where applicable, receipts, interest coupons and talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) to the Principal Paying Agent as described therein or (ii) only upon the occurrence of an Exchange
Event. For these purposes, "Exchange Event" means that (a) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (b) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bearer Covered Bonds represented by the Permanent Global Covered Bond in definitive form. The Issuer will promptly give notice to holders of the Covered Bonds of each Series of Bearer Global Covered Bonds in accordance with Condition 13 (Notices) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Covered Bond) or the Bond Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (b) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Bearer Global Covered Bonds and Bearer Definitive Covered Bonds will be issued pursuant to the Agency Agreement.

The following legend will appear on all Bearer Covered Bonds which have an original maturity of more than one year and on all receipts and interest coupons relating to such Bearer Covered Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Covered Bonds, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bearer Covered Bonds, receipts or interest coupons.

Covered Bonds which are represented by a Bearer Global Covered Bond will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Covered Bonds

The Registered Covered Bonds of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global covered bond in registered form (a "Regulation S Global Covered Bond"). Prior to expiry of the Distribution Compliance Period (as defined in Regulation S) applicable to each Tranche of Covered Bonds, beneficial interests in a Regulation S Global Covered Bond may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 (Transfers of Registered Covered Bonds) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg, and such Regulation S Global Covered Bond will bear a legend regarding such restrictions on transfer.

The Registered Covered Bonds of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act ("QIBs") who agree to purchase the Covered Bonds for their own account and not with a view to the distribution thereof.

The Registered Covered Bonds of each Tranche sold to QIBs will be represented by a global note in registered form (a "Rule 144A Global Covered Bond" and, together with a Regulation S Global Covered Bond, the "Registered Global Covered Bonds").

Registered Global Covered Bonds will either (i) in the case of a Rule 144A Global Covered Bond which is not intended to be held under the new safekeeping structure ("NSS" or "New Safekeeping Structure"), be deposited with a custodian for, and registered in the name of a nominee of, the Depository Trust Company ("DTC") for the accounts of Euroclear and Clearstream, Luxembourg; (ii) in the case of a Rule 144A Global Covered Bond which is intended to be held under the New Safekeeping Structure be deposited with a custodian for, and registered in the name of a nominee of the common safekeeper for
Euroclear and/or Clearstream, Luxembourg; (iii) in the case of a Regulation S Global Covered Bond which is not intended to be held under the New Safekeeping Structure, be deposited with a common depositary for, and registered in the name of a nominee of, Euroclear and/or Clearstream, Luxembourg; or (iv) in the case of a Regulation S Global Covered Bond which is intended to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg, in each case as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Covered Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Covered Bonds in fully registered form.

The Rule 144A Global Covered Bonds will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Covered Bonds will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 5(d)) (Payments in Registered Covered Bonds) as the registered holder of the Registered Global Covered Bonds. None of the Issuer, the LLP, the Bond Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Covered Bonds in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 5(d) (Payments in Registered Covered Bonds)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Covered Bond will be exchangeable (free of charge), in whole but not in part, for Registered Definitive Covered Bonds without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that (i) in the case of Covered Bonds registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depositary for the Covered Bonds and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, (ii) in the case of Covered Bonds registered in the name of a nominee for a common depositary or, as applicable, a common safekeeper (or its nominee), for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Covered Bonds represented by the Registered Global Covered Bond in definitive form. The Issuer will promptly give notice to holders of the Covered Bonds of each Series of Registered Global Covered Bonds in accordance with Condition 13 (Notices) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any registered holder of an interest in such Registered Global Covered Bond) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Definitive Rule 144A Covered Bonds will be issued only in minimum denominations of U.S.$200,000 and integral multiples of U.S.$1,000 in excess thereof (or the approximate equivalents in the applicable Specified Currency).

N Covered Bonds

N Covered Bonds will be issued to each holder of N Covered Bonds.

Transfer of Interests

Interests in a Rule 144A Covered Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in Regulation S Global Covered Bond. No beneficial owner of an interest in a Registered Global Covered Bond will be able to transfer such interest,
except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Covered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see "Subscription and Sale and Transfer and Selling Restrictions".

A transfer of N Covered Bonds is not effective until the transferee has delivered to the N Covered Bond Registrar a duly executed copy of the N Covered Bond Agreement relating to such N Covered Bond along with a duly executed Assignment Agreement.

**General**

Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Covered Bonds"), the Principal Paying Agent shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to Covered Bonds of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period applicable to the Covered Bonds of such Tranche.

Any reference herein to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

No holder of the Covered Bonds, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer or the LLP unless the Bond Trustee or, as the case may be, the Security Trustee, having become so bound to proceed, fails to do so within a reasonable period and the failure shall be continuing.
TERMS AND CONDITIONS OF THE COVERED BONDS

The following are the Terms and Conditions of the Covered Bonds (with the exception of the N Covered Bonds) which will be incorporated by reference into each Global Covered Bond and each Definitive Covered Bond (each as defined below), in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such Definitive Covered Bond will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Covered Bonds may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Covered Bonds. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Covered Bond and Definitive Covered Bond. In relation to N Covered Bonds, the terms and conditions of such Series of N Covered Bonds will be as set out in the N Covered Bond (Namensschuldverschreibung) (and the N Covered Bond Conditions attached as Schedule 1 thereto) together with the N Covered Bond Agreement relating to such N Covered Bond. Any reference to an "N Covered Bond Condition" other than in this section shall be deemed to be, as applicable, a reference to the relevant provision of the N Covered Bond, the N Covered Bond Conditions attached as Schedule 1 thereto or the provisions of the N Covered Bond Agreement relating to such N Covered Bond.

This Covered Bond is one of a Series (as defined below) of Covered Bonds issued by Barclays Bank PLC (the "Issuer") constituted by a trust deed (such trust deed as modified and/or supplemented and/or restated from time to time, the "Trust Deed") originally dated 18 December 2007 (the "Programme Date") made between the Issuer, Barclays Covered Bonds LLP as guarantor (the "LLP") and Citicorp Trustee Company Limited as bond trustee (in such capacity, the "Bond Trustee", which expression shall include any successor as Bond Trustee) and as security trustee (in such capacity, the "Security Trustee", which expression shall include any successor as Security Trustee). Covered Bonds of such Series may be in bearer form ("Bearer Covered Bonds") or in registered form ("Registered Covered Bonds").

Save as provided for in Conditions 9 (Events of Default and Enforcement) and 14 (Meetings of holders of the Covered Bonds Modification, Waiver and Substitution), references herein to the "Covered Bonds" shall be references to the Covered Bonds of this Series and shall mean:

(i) in relation to any Covered Bonds represented by a global covered bond (a "Global Covered Bond"), units of the lowest Specified Denomination in the Specified Currency;

(iii) any Definitive Covered Bonds in bearer form ("Bearer Definitive Covered Bonds") issued in exchange (or part exchange) for a Global Covered Bond in bearer form; and

(iv) any Definitive Covered Bonds in registered form ("Registered Definitive Covered Bonds" and, together with the Bearer Definitive Covered Bonds, the "Definitive Covered Bonds") issued in exchange (or part exchange) for a Global Covered Bond in registered form.

The Covered Bonds, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the "Agency Agreement") dated the Programme Date and made between the Issuer, the LLP, the Bond Trustee, the Security Trustee and Citibank, N.A., London Branch, as issuing and principal paying agent (in such capacity, the "Principal Paying Agent", which expression shall include any successor principal paying agent) and the other paying agents named therein (together with the Principal Paying Agent, the "Paying Agents", which expression shall include any additional or successor paying agents), Citibank, N.A., London Branch as exchange agent (in such capacity, the "Exchange Agent", which expression shall include any successor exchange agent), Citibank, N.A., London Branch as registrar (in such capacity, the "Registrar", which expression shall include any successor registrar) and as transfer agent (in such capacity, a "Transfer Agent" and together with the Registrar, the "Transfer Agents", which expression shall include any additional or successor transfer agents). As used herein, "Agents" shall mean the Paying Agents and the Exchange Agent and the Transfer Agents.

Interest-bearing Bearer Definitive Covered Bonds have (unless otherwise indicated in the applicable Final Terms) interest coupons ("Coupons") and, if indicated in the applicable Final Terms, talons for further
Coupons ("Talons") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Bearer Definitive Covered Bonds repayable in instalments have receipts ("Receipts") for the payment of the instalments of principal (other than the final instalment) attached on issue. Registered Covered Bonds and Global Covered Bonds do not have Receipts, Coupons or Talons attached on issue.

The Final Terms for this Covered Bond (or the relevant provisions thereof) are attached to or endorsed on this Covered Bond and supplements these Terms and Conditions (the "Conditions") and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Covered Bond. References to the "applicable Final Terms" are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Covered Bond.

The Bond Trustee acts for the benefit of the holders for the time being of the Covered Bonds (the "Covered Bondholders" or "holders of the Covered Bonds", which expression shall, in relation to any Covered Bonds represented by a Global Covered Bond, be construed as provided below), the holders of the Receipts (the "Receiptholders") and the holders of the Coupons (the "Couponholders", which expression shall, unless the context otherwise requires, include the holders of the Talons), and for holders of each other Series of Covered Bonds in accordance with the provisions of the Trust Deed.

As used herein, "Tranche" means Covered Bonds which are identical in all respects (including as to listing) and "Series" means a Tranche of Covered Bonds together with any further Tranche or Tranches of Covered Bonds which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The LLP has, in the Trust Deed, irrevocably and unconditionally guaranteed the due and punctual payment of Guaranteed Amounts in respect of the Covered Bonds as and when the same shall become due for payment on certain dates in accordance with the Trust Deed ("Due for Payment"), but only after service of a Notice to Pay on the LLP following an Issuer Event of Default and service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer or service of an LLP Acceleration Notice on the LLP.

The security for the obligations of the LLP under the Covered Bond Guarantee and the other Transaction Documents to which it is a party has been created in and pursuant to, and on the terms set out in, a deed of charge (such deed of charge as amended and/or supplemented and/or restated from time to time, the "Deed of Charge") dated the Programme Date and made between the LLP, the Bond Trustee, the Security Trustee and certain other Secured Creditors.

These Conditions include summaries of, and are subject to, the provisions of the Trust Deed, the Deed of Charge and the Agency Agreement.

Copies of the Trust Deed, the Deed of Charge, the Master Definitions Schedule (as defined below), the Agency Agreement and each of the other Transaction Documents (other than any N Covered Bond and any N Covered Bond Agreement) are available for inspection during normal business hours at the registered office for the time being of the Bond Trustee being at the Programme Date at Citigroup Centre, Canada Square, London E14 5LB and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms for all Covered Bonds of each Series (including in relation to unlisted Covered Bonds of any Series, other than N Covered Bonds) are obtainable during normal business hours at the specified office of each of the Paying Agents and any holder of the Covered Bonds must produce evidence satisfactory to the Issuer and the Bond Trustee or, as the case may be, the relevant Paying Agent as to its holding of Covered Bonds and identity. The holders of the Covered Bonds, the Receiptholders and the Couponholders are deemed to have notice of, are bound by, and are entitled to the benefit of, all the provisions of, and definitions contained in, the Trust Deed, the Deed of Charge, the Master Definitions Schedule, the Agency Agreement, each of the other Transaction Documents and the applicable Final Terms which are applicable to them and to have notice of each set of Final Terms relating to each other Series (other than the N Covered Bonds).

Except where the context otherwise requires, capitalised terms used and not otherwise defined in these Conditions shall bear the meanings given to them in the applicable Final Terms and/or the master
definitions schedule made between the parties to the Transaction Documents on or about the Programme Date (the "Master Definitions Schedule"), a copy of each of which may be obtained as described above.

1. **Form, Denomination and Title**

The Covered Bonds are in bearer form or in registered form as specified in the applicable Final Terms and, in the case of Definitive Covered Bonds (being Bearer Definitive Covered Bond(s) and/or, as the context may require, Registered Definitive Covered Bond(s)), serially numbered, in the Specified Currency and the Specified Denomination(s). Covered Bonds of one Specified Denomination may not be exchanged for Covered Bonds of another Specified Denomination and Bearer Covered Bonds may not be exchanged for Registered Covered Bonds and vice versa.

Subject as set out below, title to the Bearer Covered Bonds, Receipts and Coupons will pass by delivery and title to the Registered Covered Bonds will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, the LLP, the Paying Agents, the Security Trustee and the Bond Trustee will (except as otherwise required by law) deem and treat the bearer of any Bearer Covered Bond, Receipt or Coupon and the registered holder of any Registered Covered Bond as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Covered Bond, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Covered Bonds is represented by a Global Covered Bond held on behalf of, or, as the case may be, registered in the name of a common depositary or a common safekeeper (as applicable) for Euroclear Bank S.A./N.V. Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be.

References to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Bond Trustee.

2. Transfers of Registered Covered Bonds

(a) Transfers of interests in Registered Global Covered Bonds

Transfers of beneficial interests in Rule 144A Global Covered Bonds (as defined below) and Regulation S Global Covered Bonds (as defined below) (together, the "Registered Global Covered Bonds") will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Covered Bond will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Covered Bonds in definitive form or for a beneficial interest in another Registered Global Covered Bond only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement. Transfers of a Registered Global Covered Bond registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Covered Bond, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

(b) Transfers of Registered Covered Bonds in definitive form

Subject as provided in Conditions 2(e) (Transfers of interests in Regulation S Global Covered Bonds), 2(f) (Transfers of interests in Rule 144A Covered Bonds) and 2(g) (Exchanges and transfers of Registered Covered Bonds generally) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Covered Bond in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Covered Bond for registration of the transfer of the Registered Covered Bond (or the relevant part of the Registered Covered Bond) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request.
Any such transfer will be subject to such reasonable regulations as the Issuer, the Bond Trustee and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 6 to the Agency Agreement).

Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Covered Bond in definitive form of a like aggregate nominal amount to the Registered Covered Bond (or the relevant part of the Registered Covered Bond) transferred. In the case of the transfer of part only of a Registered Covered Bond in definitive form, a new Registered Covered Bond in definitive form in respect of the balance of the Registered Covered Bond not transferred will be so authenticated and delivered or (at the risk of the transferor) sent by uninsured mail to the address specified by the transferor.

(c) Registration of transfer upon partial redemption

In the event of a partial redemption of Covered Bonds under Condition 6 (Redemption and Purchase), the Issuer shall not be required to register the transfer of any Registered Covered Bond, or part of a Registered Covered Bond, called for partial redemption.

(d) Costs of registration

Holders of the Covered Bonds will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) Transfers of interests in Regulation S Global Covered Bonds

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Covered Bond to a transferee in the United States or who is a U.S. person will only be made:

(i) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a “Transfer Certificate”), copies of which are available from the specified office of the Registrar or any Transfer Agent, from the transferor of the Covered Bond or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or

(ii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

In the case of a Rule 144A Covered Bond in global or definitive form, such transferee may take delivery through a Rule 144A Covered Bonds in global or definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interests in Regulation S Global Covered Bonds registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.
Transfers of interests in Rule 144A Covered Bonds

Transfers of Rule 144A Covered Bonds or beneficial interests therein may be made:

(i) to a transferee who takes delivery of such interest through a Regulation S Global Covered Bond, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that, in the case of a Regulation S Global Covered Bond registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Covered Bonds being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or

(ii) to a transferee who takes delivery of such interest through a Rule 144A Covered Bond where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or

(iii) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Upon the transfer, exchange or replacement of Legended Covered Bonds, or upon specific request for removal of the legend therein, the Registrar shall deliver only Legended Covered Bonds or refuse to remove the Legend therein, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Exchanges and transfers of Registered Covered Bonds generally

Holders of Registered Covered Bonds in definitive form may exchange such Covered Bonds for interests in a Registered Global Covered Bond of the same type at any time.

3. Status of the Covered Bonds and the Covered Bond Guarantee
(a) **Status of the Covered Bonds**

The Covered Bonds and any relative Receipts and Coupons constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and (subject to any applicable statutory provisions) *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer.

(b) **Status of the Covered Bond Guarantee**

The payment of Guaranteed Amounts in respect of the Covered Bonds when the same shall become Due for Payment has been unconditionally and irrevocably guaranteed by the LLP (the "Covered Bond Guarantee") in the Trust Deed. However, the LLP shall have no obligation under the Covered Bond Guarantee to pay any Guaranteed Amounts until the occurrence of an Issuer Event of Default, service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and service by the Bond Trustee on the LLP of a Notice to Pay or, if earlier, following the occurrence of an LLP Event of Default and service by the Bond Trustee of an LLP Acceleration Notice. The obligations of the LLP under the Covered Bond Guarantee are direct (following an Issuer Event of Default, service of an Issuer Acceleration Notice and service of a Notice to Pay or an LLP Event of Default and service of an LLP Acceleration Notice), unconditional and unsubordinated obligations of the LLP, which are secured as provided in the Deed of Charge.

Any payment made by the LLP under the Covered Bond Guarantee shall (unless such obligation shall have been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 9 (Events of Default and Enforcement)) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds, Receipts and Coupons except where such payment has been declared void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the holders of the Covered Bonds.

As security for the LLP's obligations under the Covered Bond Guarantee and the other Transaction Documents (as defined in the Master Definitions Schedule) to which it is a party, the LLP has granted fixed and floating security over all of its assets under the Deed of Charge in favour of the Security Trustee (for itself and on behalf of the other Secured Creditors).

4. **Interest**

(a) **Interest on Fixed Rate Covered Bonds**

Each Fixed Rate Covered Bond bears interest on its Principal Amount Outstanding from (and including) its date of issue (the "Interest Commencement Date") at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year up to (and including) the Final Maturity Date. If a Notice to Pay is served on the LLP, the LLP shall pay Guaranteed Amounts in equivalent amounts to those described above under the Covered Bond Guarantee in respect of the Covered Bonds on the Original Due for Payment Dates or if applicable, the Extended Due for Payment Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the fixed coupon amount specified in the Final Terms (the "Fixed Coupon Amount"). Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the broken amount specified in the relevant Final Terms (the "Broken Amount") so specified.

As used in the Conditions, "Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.
In these Conditions:

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

"Original Due for Payment Date" means, in respect of the payment of a Guaranteed Amount, prior to the occurrence of an LLP Event of Default and the service of a LLP Acceleration Notice on the Issuer and the LLP and following the delivery of a Notice to Pay on the LLP (a) the later of the date which is the Scheduled Payment Date in respect of such Guaranteed Amount and the date which is two Business Days following the date of service of a Notice to Pay on the LLP in respect of such Guaranteed Amounts or (b) if the applicable Final Terms for a Series of Covered Bonds specifies that an Extended Due for Payment Date is applicable to the relevant Series of Covered Bonds, the Interest Payment Date that would have applied if the Final Maturity Date had been the Extended Due for Payment Date;

"Principal Amount Outstanding" means in respect of a Covered Bond on any day the principal amount of that Covered Bond on the relevant Issue Date thereof less principal amounts received by the relevant holder of the Covered Bonds in respect thereof on or prior to that day; and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, euro 0.01.

(b) Interest on Floating Rate Covered Bonds and Index Linked Interest Covered Bonds

(i) Interest Payment Dates

Each Floating Rate Covered Bond and Index Linked Interest Covered Bond bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(1) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

(2) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "Interest Payment Date") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, the expression "Interest Period" shall mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(2) above, the "Floating Rate Convention", such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment
Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

(2) the "Following Business Day Convention", such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(3) the "Modified Following Business Day Convention", such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(4) the "Preceding Business Day Convention", such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions,

"Business Day" means a day which is:

(A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and

(B) in the case of any sum payable, either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any Covered Bonds denominated or payable in euro, a day which is a TARGET Settlement Day.

"TARGET Settlement Day" means any day on which TARGET2 is open for the settlement of payments in euro.

"TARGET2" means the Trans-European Automated Real-time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Covered Bonds and Index Linked Interest Covered Bonds will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Covered Bonds Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the margin specified in the applicable Final Terms (the "Margin") (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or other person specified in the applicable Final Terms under an interest rate swap transaction if the Principal Paying Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Covered Bonds (the "ISDA Definitions") and under which:

(1) the Floating Rate Option is as specified in the applicable Final Terms;
(2) the Designated Maturity is the period specified in the applicable Final Terms; and

(3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate ("LIBOR") or the Euro-zone inter-bank offered rate ("EURIBOR") for a currency, the first day of that Interest Period, or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity" and "Reset Date" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Covered Bonds

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

1. the offered quotation (if there is only one quotation on the Relevant Screen Page); or

2. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this sub-paragraph (B) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Covered Bonds is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Covered Bonds will be determined as provided in the applicable Final Terms.

(iii) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.
The Principal Paying Agent, in the case of Floating Rate Covered Bonds, and the Calculation Agent, in the case of Index Linked Interest Covered Bonds, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period and calculate the amount of interest payable in respect of the Calculation Amount applicable to the relevant Floating Rate Covered Bonds. In the case of Index Linked Interest Covered Bonds, the Calculation Agent will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Paying Agent will calculate the amount of interest (the "Interest Amount") payable on the Floating Rate Covered Bonds or Index Linked Interest Covered Bonds in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest for such Interest Period to each Calculation Amount comprising or forming part of the relevant Specified Denomination of the relevant Covered Bond, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Calculation Amount" means the amount specified as such in the applicable Final Terms.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b):

(i) if "Actual/Actual - ISDA" is specified in the relevant Final Terms, the actual number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "Accrual Period") divided by 365 (or, if any portion of that Accrual Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Accrual Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Accrual Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the relevant Final Terms, the actual number of days in the Accrual Period divided by 365;

(iii) if "Actual/360" is specified in the relevant Final Terms, the actual number of days in the Accrual Period divided by 360;

(iv) if "30/360", "360/360" or "Bond Basis" is specified in the relevant Final Terms, the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

"Y1" is the year, expressed as a number, in which the first day of the Accrual Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;
"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

"D1" is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

(v) if "30E/360" or "Eurobond Basis" is specified in the relevant Final Terms, the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

"Y1" is the year, expressed as a number, in which the first day of the Accrual Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

"D1" is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31, in which case D2 will be 30;

(vi) if "Sterling/FRN" is specified in the relevant Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366; and

(vii) if "Actual/Actual - ICMA" is specified in the relevant Final Terms:

(1) if the Accrual Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Periods normally ending in any year; and

(2) if the Accrual Period is longer than one Determination Period, the sum of:

(a) the number of days in such Accrual Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in one year; and

(b) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (1) the number
of days in such Determination Period and (2) the number of Determination Periods normally ending in one year.

(v) **Notification of Rate of Interest and Interest Amounts**

The Principal Paying Agent (in the case of Floating Rate Covered Bonds) and the Calculation Agent (in the case of Index Linked Interest Covered Bonds) will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Bond Trustee and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Covered Bonds or Index Linked Interest Covered Bonds are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with Condition 13 (Notices) as soon as possible after their determination but in no event later than the fourth Business Day (as defined in Condition 4(b)(i) (Interest Payment Dates)) thereafter by the Principal Paying Agent. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Bond Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Covered Bonds or Index Linked Interest Covered Bonds are for the time being listed or by which they have been admitted to listing and to holders of the Covered Bonds in accordance with Condition 13 (Notices).

(vi) **Determination or Calculation by Bond Trustee**

If for any reason at any relevant time after the Issue Date, the Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with sub-paragraph (ii)(A) or (B) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with paragraph (iv) above, the Bond Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Bond Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Principal Paying Agent or the Calculation Agent, as the case may be.

(vii) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b) (Interest on Floating Rate Covered Bonds and Index Linked Interest Covered Bonds), whether by the Principal Paying Agent or the Calculation Agent or the Bond Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the LLP, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Bond Trustee and all holders of the Covered Bonds, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the LLP, the holders of the Covered Bonds, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent or the Bond Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) **Interest on Dual Currency Interest Covered Bonds**

In the case of Dual Currency Interest Covered Bonds where the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest shall be determined in the manner specified in the applicable Final Terms.
(d) **Interest on Partly-Paid Covered Bonds**

In the case of Partly-Paid Covered Bonds (other than Partly-Paid Covered Bonds which are Zero Coupon Covered Bonds), interest will accrue on the paid up nominal amount of such Covered Bonds or as otherwise specified in the applicable Final Terms.

(e) **Accrual of interest**

Interest (if any) will cease to accrue on each Covered Bond (or in the case of the redemption of part only of a Covered Bond, that part only of such Covered Bond) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue as provided in the Trust Deed.

5. **Payments**

(a) **Method of payment**

Subject as provided below:

(i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency; and

(ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment but without prejudice to the provisions of Condition 7 *(Taxation)*. References to Specified Currency will include any successor currency under applicable law.

(b) **Presentation of Bearer Definitive Covered Bonds, Receipts and Coupons**

Payments of principal and interest (if any) will (subject as provided below) be made against presentation and surrender of Bearer Definitive Covered Bonds or Coupons, as the case may be, at any specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments (if any) of principal other than the final instalment, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the Bearer Definitive Covered Bond to which it appertains. If any Bearer Definitive Covered Bond is redeemed or becomes repayable prior to the stated maturity thereof, principal will be payable only on surrender of such Bearer Definitive Covered Bond together with all unmatured Receipts appertaining thereto. Receipts presented without the Bearer Definitive Covered Bond to which they appertain and unmatured Receipts do not constitute valid obligations of the Issuer or the LLP.

Fixed Rate Covered Bonds in definitive bearer form (other than Dual Currency Covered Bonds or Index Linked Covered Bonds or Long Maturity Covered Bonds) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall include Coupons falling to be issued on exchange of matured Talons), failing which an amount equal to the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 12 years after the Relevant Date (as defined in Condition 7 *(Taxation)*) in respect of such principal (whether or not such Coupon
would otherwise have become void under Condition 8 (Prescription)) or, if later, six years from the date on which such Coupon would otherwise have become due.

Upon amounts in respect of any Fixed Rate Covered Bond in definitive bearer form becoming due and repayable by the Issuer (in the absence of a Notice to Pay) or LLP under the Covered Bond Guarantee prior to its Final Maturity Date (or, as the case may be, Extended Due for Payment Date), all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Covered Bond, Dual Currency Covered Bond, Index Linked Covered Bond or Long Maturity Covered Bond in definitive bearer form, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “Long Maturity Covered Bond” is a Fixed Rate Covered Bond (other than a Fixed Rate Covered Bond which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Covered Bond shall cease to be a Long Maturity Covered Bond on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Principal Amount Outstanding of such Covered Bond. If the date for redemption of any Bearer Definitive Covered Bond is not an Interest Payment Date, interest (if any) accrued in respect of such Covered Bond from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Bearer Definitive Covered Bond.

(c) Payments in respect of Bearer Global Covered Bonds

Payments of principal and interest (if any) in respect of Covered Bonds represented by any Bearer Global Covered Bond will (subject as provided below) be made in the manner specified above in relation to Bearer Definitive Covered Bonds and otherwise in the manner specified in the relevant Global Covered Bond against presentation or surrender, as the case may be, of such Global Covered Bond (if the Global Covered Bond is not intended to be issued in New Global Covered Bond (“NGCB”) form) at the specified office of any Paying Agent outside the United States. On the occasion of each payment, (i) in the case of any Global Covered Bond which is not issued in NGCB form, a record of such payment made on such Global Covered Bond, distinguishing between any payment of principal and any payment of interest, will be made on such Global Covered Bond by the Principal Paying Agent and such record shall be prima facie evidence that the payment in question has been made and (ii) in the case of any Global Covered Bond which is issued in NGCB form, the Principal Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

(d) Payments in respect of Registered Covered Bonds

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Covered Bond (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Covered Bond at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the register of holders of the Registered Covered Bonds maintained by the Registrar (the "Register") at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a "Designated Account" or (ii) the principal amount of the Covered Bonds held by a holder is less than U.S.$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "Designated Account" means the account (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a "Designated Bank" and identified as such in the Register and Designated Bank means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.
Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Covered Bond (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the Business Day in the city where the specified office of the Registrar is located on the relevant due date to the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register at the close of business on the Record Date at the holder's address shown in the Register on the Record Date and at the holder's risk. Upon application of the holder to the specified office of the Registrar not less than three Business Days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Covered Bond, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Covered Bonds which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Covered Bond on redemption and the final instalment of principal will be made in the same manner as payment of the principal in respect of such Registered Covered Bond.

"Record Date" means, in the case of any payment in respect of Registered Definitive Covered Bonds, the close of business on the fifteenth day (whether or not such fifteenth day is a Business Day) before the relevant due date for such payment and, in the case of any payment in respect of Registered Global Covered Bonds, the Clearing System Business Day before the relevant due date for such payment.

"Clearing System Business Day" means a day on which each clearing system for which the Global Covered Bond is being held is open for business.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Covered Bonds.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

None of the Issuer, the LLP, the Bond Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) General provisions applicable to payments

The holder of a Global Covered Bond (or, as provided in the Trust Deed, the Bond Trustee) shall be the only person entitled to receive payments in respect of Covered Bonds represented by such Global Covered Bond and the Issuer or, as the case may be, the LLP will be discharged by payment to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of DTC, Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Covered Bonds represented by such Global Covered Bond must look solely to DTC, Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or the LLP to, or to the order of, the holder of such Global Covered Bond (or the Bond Trustee, as the case may be). No person other than the holder of the relevant Global Covered Bond (or, as provided in the Trust Deed, the Bond Trustee) shall have any claim against the Issuer or the LLP in respect of any payments due on that Global Covered Bond.
Notwithstanding the foregoing provisions of this Condition, payments of principal and/or interest in U.S. Dollars will only be made at the specified office of a Paying Agent in the United States if:

(i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. Dollars at such specified offices outside the United States of the full amount of interest on the Bearer Covered Bonds in the manner provided above when due;

(ii) payment of the full amount of such principal and interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. Dollars; and

(iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the LLP, adverse tax consequences to the Issuer or the LLP.

(f) Payment Day

If the date for payment of any amount in respect of any Covered Bond, Receipt or Coupon is not a Payment Day (as defined below), the holder thereof shall not be entitled to payment of the relevant amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay. In this Condition (unless otherwise specified in the applicable Final Terms), "Payment Day" means any day which (subject to Condition 8 (Prescription)) is:

(i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

(A) the relevant place of presentation;

(B) London; and

(C) any Additional Financial Centre specified in the applicable Final Terms; and

(ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day which is a TARGET Settlement Day; and

(iii) in the case of any payment in respect of a Registered Global Covered Bond denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee in respect of which an accountholder of DTC (with an interest in such Registered Global Covered Bond) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

(g) Interpretation of principal and interest

Any reference in these Conditions to principal in respect of the Covered Bonds shall be deemed to include, as applicable:

(i) any additional amounts which may be payable with respect to principal under Condition 7 (Taxation) or under any undertakings or covenants given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;

(ii) the Final Redemption Amount of the Covered Bonds;
(iii) the Early Redemption Amount of the Covered Bonds;
(iv) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
(v) in relation to Covered Bonds redeemable in instalments, the Instalment Amounts;
(vi) in relation to Zero Coupon Covered Bonds, the Amortised Face Amount (as defined in Condition 6(e) (Early Redemption Amounts));
(vii) any premium and any other amounts (other than interest) which may be payable under or in respect of the Covered Bonds;
(viii) in relation to Dual Currency Covered Bonds, the principal payable in any relevant Specified Currency; and
(ix) any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 (Taxation) or under any undertakings given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

(h) Partial payment

Following the service of a Notice to Pay on the LLP but prior to an LLP Event of Default, if on the Original Due for Payment Date (subject to any applicable grace period) of a Series of Covered Bonds the LLP has insufficient moneys (after paying higher ranking amounts and taking into account amounts ranking part passu in the Guarantee Priority of Payments) to pay the Guaranteed Amount corresponding to the Final Redemption Amount on that Series of Covered Bonds, then the LLP shall apply the available moneys (after paying higher ranking amounts in accordance with the Guarantee Priority of Payments) to redeem the relevant Series of Covered Bonds pro rata in part at par together with accrued interest.

6. Redemption and Purchase

(a) Final redemption

Unless previously redeemed or purchased and cancelled as specified below, each Covered Bond will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Final Maturity Date.

Without prejudice to Condition 9 (Events of Default and Enforcement), if:

(i) an Extended Due for Payment Date is specified in the applicable Final Terms for a Series of Covered Bonds; and

(ii) the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in such Final Terms (or after the expiry of the grace period set out in Condition 9(a)(i)); and

(iii) the LLP or the Cash Manager on its behalf determines that the LLP has insufficient moneys available under the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of the relevant Series of Covered Bonds on the date falling on the earlier of:

(a) the date which falls two Business Days after service of such Notice to Pay on the LLP or if later the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(b)(i)) under the terms of the Covered Bond Guarantee; or

(b) the Extension Determination Date, then
payment of the unpaid amount by the LLP under the Covered Bond Guarantee shall be deferred until the Extended Due for Payment Date, provided that any amount representing the Final Redemption Amount due but remaining unpaid on the earlier of (a) and (b) above may, subject to the Guarantee Priority of Payments, be paid by the LLP on any Interest Payment Date thereafter up to (and including) the relevant Extended Due for Payment Date.

The LLP shall notify the relevant holders of the Covered Bonds (in accordance with Condition 13 (Notices)), the Rating Agencies, the Bond Trustee, the Security Trustee, the Principal Paying Agent, the Swap Providers and the Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (iii)(a) and (b) above of any inability of the LLP to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee.

In the circumstances outlined above, the LLP shall on the earlier of:

(a) the date falling two Business Days after the service of a Notice to Pay or if later the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9(b)(i)); and

(b) the Extension Determination Date, under the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or pari passu amounts in accordance with the Guarantee Priority of Payments) pro rata in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and shall pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the LLP to pay any amounts in respect of the balance of the Final Redemption Amount not so paid shall be deferred as described above. Such failure to pay by the LLP shall not constitute an LLP Event of Default.

Any discharge of the obligations of the Issuer as the result of the payment of Excess Proceeds to the Bond Trustee shall be disregarded for the purposes of determining the amounts to be paid by the LLP under the Covered Bond Guarantee in connection with this Condition 6(a). Such failure by the LLP shall not constitute an LLP Event of Default.

For the purposes of these Conditions:

"Extended Due for Payment Date" means, in relation to any Series of Covered Bonds, the date, if any, specified as such in the applicable Final Terms to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Final Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on the Extension Determination Date; and

"Extension Determination Date" means, in respect of a Series of Covered Bonds, the date falling two Business Days after the expiry of seven days from (and including) the Final Maturity Date of such Series of Covered Bonds.

"Guarantee Priority of Payments" means the priority of payments relating to moneys standing to the credit of the Transaction Accounts (to the extent maintained, or otherwise the GIC Account) to be paid on each LLP Payment Date in accordance with the Trust Deed.

"Rating Agency" means any one of Standard & Poor's Credit Market Services Europe Limited, Fitch Ratings Limited and Moody's Investors Service Ltd. (together, the "Rating Agencies") or their successors, to the extent they provide ratings in respect of the Covered Bonds.

(b) Redemption for taxation reasons

The Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Covered Bond is neither a Floating Rate Covered Bond, an Index Linked Interest Covered Bond nor a Dual Currency Interest Covered Bond) or on any Interest Payment Date (if this Covered Bond is either a Floating Rate Covered Bond, an Index Linked Interest Covered Bond or a Dual Currency Interest Covered Bond), on giving not less than 30 nor more than 60
days’ notice to the Bond Trustee and, in accordance with Condition 13 (Notices), the holders of the Covered Bonds (which notice shall be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that on the occasion of the next date for payment of interest, the Issuer is or will be required to pay additional amounts as provided in Condition 7 (Taxation). Covered Bonds redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(e) (Early Redemption Amounts) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having (unless otherwise specified, in the applicable Final Terms) given not less than 30 nor more than 60 days’ notice to the Bond Trustee, the Principal Paying Agent, (in the case of the redemption of Registered Covered Bonds) the Registrar and, in accordance with Condition 13 (Notices), the holders of the Covered Bonds (which notice shall be irrevocable) redeem all or some only (as specified in the applicable Final Terms) of the Covered Bonds then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Upon expiry of such notice, the Issuer shall be bound to redeem the Covered Bonds accordingly. In the event of a redemption of some only of the Covered Bonds, such redemption must be for an amount being the Minimum Redemption Amount or a Higher Redemption Amount. In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the "Redeemed Covered Bonds") will be selected individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, and in accordance with the rules of DTC, Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Covered Bonds represented by a Global Covered Bond, in each case, not more than 60 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Covered Bonds represented by Definitive Covered Bonds, a list of the serial numbers of such Redeemed Covered Bonds will be published in accordance with Condition 13 (Notices) not less than 30 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Covered Bonds represented by Definitive Covered Bonds shall bear the same proportion to the aggregate nominal amount of all Redeemed Covered Bonds as the aggregate nominal amount of Definitive Covered Bonds outstanding bears to the aggregate nominal amount of the Covered Bonds outstanding, in each case on the Selection Dates, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Covered Bonds represented by a Global Covered Bond shall be equal to the balance of the Redeemed Covered Bonds. No exchange of the relevant Global Covered Bond will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 6(c) and notice to that effect shall be given by the Issuer to the holders of the Covered Bonds in accordance with Condition 13 (Notices) at least 30 days prior to the Selection Date.

(d) Redemption due to illegality

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days’ notice to the Bond Trustee, the Principal Paying Agent, the Registrar and, in accordance with Condition 13 (Notices), all holders of the Covered Bonds (which notice shall be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make, fund or allow to remain outstanding any Term Advance made by it to the LLP from the Covered Bonds pursuant to the Intercompany Loan Agreement, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.
Covered Bonds redeemed pursuant to this Condition 6(d) will be redeemed at their Early Redemption Amount referred to in Condition 6(e) (Early Redemption Amounts) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(e) Early Redemption Amounts

For the purpose of Conditions 6(b) (Redemption for taxation reasons) above and 6(j) (Late payment on Zero Coupon Covered Bonds) below and Condition 9 (Events of Default and Enforcement), each Covered Bond will be redeemed at its Early Redemption Amount calculated as follows:

(i) in the case of a Covered Bond with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;

(ii) in the case of a Covered Bond (other than a Zero Coupon Covered Bond but including an Instalment Covered Bond or a Partly Paid Covered Bond) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Covered Bond is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or

(iii) in the case of a Zero Coupon Covered Bond, at an amount (the "Amortised Face Amount") equal to the sum of:

(a) the Reference Price; and

(b) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of the Covered Bonds to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable,

or such other amount as is provided in the applicable Final Terms.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made (i) in the case of a Zero Coupon Covered Bond payable in a Specified Currency other than euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (ii) in the case of a Zero Coupon Covered Bond payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non leap year divided by 365) or (iii) on such other calculation basis as may be specified in the applicable Final Terms.

(f) Instalments

Instalment Covered Bonds will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 6(e) (Early Redemption Amounts) above.

(g) Partly-Paid Covered Bonds

Partly-Paid Covered Bonds will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 6 and the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 6(e) (Early Redemption Amounts) above.

(h) Purchases

The Issuer or any of its subsidiaries or the LLP may at any time purchase or otherwise acquire Covered Bonds (provided that, in the case of Bearer Definitive Covered Bonds, all unmatured Receipts, Coupons and Talons appertaining thereto are attached thereto or surrendered therewith) at any price and in any manner. If purchases are made by tender, tenders must be available to all
holders of the Covered Bonds alike. Such Covered Bonds may be held, reissued, resold or, at the
option of the Issuer or the relevant subsidiary, surrendered to any Paying Agent and/or the
Registrar for cancellation (except that any Covered Bonds purchased or otherwise acquired by
the LLP must immediately be surrendered to any Paying Agent and/or the Registrar for
cancellation).

(i) **Cancellation**

All Covered Bonds which are redeemed will forthwith be cancelled (together with, in the case of
Bearer Definitive Covered Bonds, all unmatured Receipts, Coupons and Talons attached thereto
or surrendered therewith at the time of redemption). All Covered Bonds so cancelled and any
Covered Bonds purchased and surrendered for cancellation pursuant to Condition 6(h)
(Purchases) above and cancelled (together with, in the case of Bearer Definitive Covered Bonds,
all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the
Principal Paying Agent and cannot be held, reissued or resold.

(j) **Late payment on Zero Coupon Covered Bonds**

If the amount payable in respect of any Zero Coupon Covered Bond upon redemption of such
Zero Coupon Covered Bond pursuant to Conditions 6(a) (Final Redemption), (b) (Redemption
for taxation reasons) or (c) (Redemption at the option of the Issuer (Issuer Call)) above or upon
its becoming due and repayable as provided in Condition 9 (Events of Default and Enforcement)
is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon
Covered Bond shall be the amount calculated as provided in Condition 6(e)(iii) above as though
the references therein to the date fixed for the redemption or the date upon which such Zero Coupon
Covered Bond becomes due and payable were replaced by references to the date which is the earlier of:

(i) the date on which all amounts due in respect of such Zero Coupon Covered Bond have
been paid; and

(ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon
Covered Bonds has been received by the Principal Paying Agent or the Bond Trustee or
the Registrar and notice to that effect has been given to the holders of the Covered
Bonds either in accordance with Condition 13 (Notices) or individually.

(k) **Certification on redemption under Condition 6(b) and 6(d)**

Prior to the publication of any notice of redemption pursuant to Conditions 6(b) (Redemption
for taxation reasons) and (d) (Redemption due to illegality), the Issuer shall deliver to the Bond
Trustee a certificate signed by two Authorised Signatories (as defined in the Master Definitions
Schedule) of the Issuer stating that the Issuer is entitled to effect such redemption and setting
forth a statement of facts showing that the conditions precedent to the right of the Issuer so to
redeem have occurred and the Bond Trustee shall be entitled to accept the certificate as sufficient
evidence of the satisfaction of the conditions precedent set out above, in which event it shall be
conclusive and binding on all holders of the Covered Bonds, Receiptholders and Couponholders.
7. **Taxation**

All payments of principal and interest (if any) in respect of the Covered Bonds, Receipts and Coupons by or on behalf of the Issuer or the LLP, as the case may be, will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom or any political sub-division thereof or by any authority therein or thereof having power to tax unless such withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In the event of a withholding or deduction being made by the Issuer in respect of a payment made by it, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Covered Bonds, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Covered Bonds, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Covered Bond, Receipt or Coupon presented for payment:

(a) in the United Kingdom; or

(b) by or on behalf of a holder who (i) is able to avoid such withholding or deduction by satisfying any statutory requirements or by making a declaration of non-residence or other claim for exemption to the relevant taxing authority but fails to do so; or (ii) is liable for such taxes, duties, assessments or governmental charges in respect of such Covered Bonds, Receipts or Coupons (as the case may be) by reason of his having some connection with the United Kingdom other than merely by reason of the holding of such Covered Bonds, Receipts or Coupons; or

(c) more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on the last day of such period of 30 days; or

(d) where the holder is able to avoid such withholding or deduction by presenting an appropriate certificate; or

(e) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(f) by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Covered Bond, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein:

"**Relevant Date**" means the date on which such payment in respect of the Covered Bond, Receipt or Coupon first becomes due and payable, except that, if the full amount of the moneys payable on such date has not been duly received by the Bond Trustee, the Registrar or the Principal Paying Agent on or prior to such date, it means the date on which such moneys have been so received, notice to that effect having been given to the holders of the Covered Bonds in accordance with Condition 13 (**Notices**).

Should any payments made by the LLP under the Covered Bond Guarantee be made subject to any withholding or deduction on account of taxes or duties of whatever nature imposed or levied by or on account of the United Kingdom (or any other jurisdiction) or any political sub-division thereof or by any authority having power to tax, the LLP will not be obliged to pay any additional amounts as a consequence.

8. **Prescription**

The Covered Bonds (whether in bearer or registered form), Receipts and Coupons will become void unless presented for payment within 10 years (in the case of principal) and five years (in the case of interest) in each case from the Relevant Date (as defined in Condition 7 (**Taxation**)) therefor, subject in each case to the provisions of Condition 5 (**Payments**).
There shall not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5 (Payments) or any Talon which would be void pursuant to Condition 5 (Payments).

9. **Events of Default and Enforcement**

(a) **Issuer Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution (as defined in the Trust Deed) referred to in this Condition 9(a) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in Sterling converted into Sterling at the relevant Swap Rate (as defined in the Master Definitions Schedule)) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall, (but in the case of the happening of any of the events mentioned in sub-paragraphs (ii) to (viii) below, only if the Bond Trustee shall have certified in writing that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series and provided that a breach of any obligation to provide notices to the FSA under the RCB Regulations and/or the RCB Sourcebook shall not in itself be considered materially prejudicial to the interests of the Covered Bondholders by the Bond Trustee) (subject in each case to being indemnified and/or secured to its satisfaction), give notice (an "Issuer Acceleration Notice") in writing to the Issuer that as against the Issuer (but not, for the avoidance of doubt, against the LLP under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed if any of the following events (each an "Issuer Event of Default") shall occur and be continuing:

(i) the Issuer fails to pay any principal or interest in respect of the Covered Bonds within seven days of the due date; or

(ii) if the Issuer fails to perform or observe any obligations under the Covered Bonds, Receipts or Coupons of any Series, the Trust Deed or any other Transaction Document to which the Issuer is a party (other than the Programme Agreement and the Subscription Agreement) and such failure continues for the period of 30 days (or such longer period as the Bond Trustee may permit) after written notification by the Bond Trustee to the Issuer requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the Issuer by the Bond Trustee in accordance with the Trust Deed; or

(iii) an order is made or an effective resolution passed for the bankruptcy or liquidation or winding up of the Issuer (except a bankruptcy, liquidation or winding up for the purpose of a reconstruction, union, transfer, merger, amalgamation or reorganisation following the transfer or all or substantially all of the assets of the Issuer, the terms of which have previously been approved in writing by the Bond Trustee or by an Extraordinary Resolution); or

(iv) if the Issuer ceases to carry on its business or substantially the whole of its business (except a bankruptcy, liquidation or winding up for the purpose of a reconstruction, union, transfer, merger, amalgamation or reorganisation following the transfer or all or substantially all of the assets of the Issuer, the terms of which have previously been approved in writing by the Bond Trustee or by an Extraordinary Resolution); or

(v) proceedings shall be initiated against the Issuer under any applicable liquidation, winding up, insolvency, bankruptcy, reorganisation or other similar laws (except a bankruptcy, liquidation or winding up for the purpose of a reconstruction, union, transfer, merger, amalgamation or reorganisation following the transfer or all or substantially all of the assets of the Issuer, the terms of which have previously been approved in writing by the Bond Trustee or by an Extraordinary Resolution) or a receiver, administrator, trustee or other similar official shall be appointed in relation to the Issuer or in relation to
the whole or a substantial part (having an aggregate book value of in excess of £50,000,000) of its assets or a distress, diligence or execution or other process shall be levied or enforced upon or sued out against the whole or a substantial part of its assets (having an aggregate book value of in excess of £50,000,000) and, in any of the foregoing cases, it shall not be discharged within 30 days; or if the Issuer shall initiate or consent to any applicable liquidation, winding up, insolvency, bankruptcy, reorganisation or other similar laws (except in connection with a bankruptcy, liquidation or winding up for the purpose of a reconstruction, union, transfer, merger, amalgamation or reorganisation following the transfer or all or substantially all of the assets of the Issuer, the terms of which have previously been approved in writing by the Bond Trustee or by an Extraordinary Resolution) or shall make a conveyance, assignment for the benefit of, or shall enter into any composition with, its creditors generally; or

(vi) the Issuer shall be unable to pay its debts (other than any debts disputed in good faith) as they fall due (within the meaning of section 123(1)(b) to (e) and section 123(2) of the Insolvency Act 1986 as that section may be amended) or shall admit inability to pay its debts as they fall due or shall stop payment in respect of any debts that are due (save, in the case of stopping payments, in each case in respect of any obligation for the payment of principal, redemption amount or interest in respect of the Covered Bonds of any Series) or shall be adjudged or found bankrupt or insolvent; or

(vii) a failure to satisfy the Asset Coverage Test (as set out in the LLP Deed) on any Calculation Date prior to the service of a Notice to Pay on the LLP which has not been cured by the LLP by the next following Calculation Date; or

(viii) if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, and the LLP has not cured the breach as described in the LLP Deed before the earlier to occur of (i) 10 London Business Days from the date that the Seller is notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds.

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 9(a), the Bond Trustee shall forthwith serve a notice to pay (the "Notice to Pay") on the LLP pursuant to the Covered Bond Guarantee and the LLP shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 9(c) (Enforcement).

The Trust Deed provides that all moneys received by the Bond Trustee from the Issuer or any receiver, liquidator, administrator or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice and a Notice to Pay (the "Excess Proceeds"), shall be paid by the Bond Trustee on behalf of the holders of the Covered Bonds of the relevant Series to the LLP for its own account, as soon as practicable, and shall be held by the LLP in the GIC Account and the Excess Proceeds shall thereafter form part of the Security and shall be used by the LLP in the same manner as all other moneys from time to time standing to the credit of the GIC Account pursuant to the Deed of Charge and the LLP Deed. Any Excess Proceeds received by the Bond Trustee shall discharge pro tanto the obligations of the Issuer in respect of the payment of the amount of such Excess Proceeds under the Covered Bonds, Receipts and Coupons. However, the obligations of the LLP under the Covered Bond Guarantee are (following service of a Notice to Pay) unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds shall be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the LLP in the manner as described above.
(b) **LLP Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 9(b) means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in Sterling converted into Sterling at the relevant Swap Rate) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall (subject in each case to being indemnified and/or secured to its satisfaction), but in the case of the happening of any of the events described in paragraphs (ii) to (vii) below, only if the Bond Trustee shall have certified in writing to the Issuer and the LLP that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series, and provided that a breach of any obligation to provide notices to the FSA under the RCB Regulations and/or the RCB Sourcebook shall in itself not be considered materially prejudicial to the interests of the Covered Bondholders by the Bond Trustee, give notice (the "LLP Acceleration Notice") in writing to the Issuer and to the LLP, that (x) each Covered Bond of each Series is, and each Covered Bond of each Series shall as against the Issuer (if not already due and repayable against it following an Issuer Event of Default), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the LLP under the Covered Bond Guarantee shall thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Trust Deed and thereafter the Security shall become enforceable if any of the following events (each an "LLP Event of Default") shall occur and be continuing:

(i) default is made by the LLP for a period of seven days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series except in the case of the payments of a Guaranteed Amount when Due for Payment under Condition 6(a) (Final Redemption) where the LLP shall be required to make payments of Guaranteed Amounts which are Due for Payment on the dates specified therein; or

(ii) default is made by the LLP in the performance or observance of any obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Trust Deed, the Deed of Charge or any other Transaction Document to which the LLP is a party and such failure continues for the period of 30 days (or such longer period as the Bond Trustee may permit) after written notification by the Bond Trustee to the LLP requiring such default to be remedied and indicating that this provision may be invoked if it is not so remedied shall have been given to the LLP by the Bond Trustee in accordance with the Trust Deed; or

(iii) an order is made or an effective resolution passed for the liquidation or winding up of the LLP; or

(iv) if the LLP ceases or threatens to cease to carry on its business or substantially the whole of its business; or

(v) the LLP shall stop payment or shall be unable, or shall admit inability, to pay its debts generally as they fall due or shall be adjudicated or found bankrupt or insolvent; or

(vi) proceedings are initiated against the LLP under any applicable liquidation, winding up, insolvency, bankruptcy, composition, reorganisation or other similar laws (including, but not limited to, presentation of a petition or the filing of documents with a court or any registrar for its winding-up, administration or dissolution or the giving notice of the intention to appoint an administrator (whether out of court or otherwise)); or a receiver and/or manager, administrative receiver, administrator, trustee or other similar official shall be appointed (whether out of court or otherwise) in relation to the LLP or in relation to the whole or any part of its assets, or a distress, diligence or execution or other process shall be levied or enforced upon or sued out against the whole or any part
of its assets, or if the LLP shall initiate or consent to judicial proceedings relating to
itself under any applicable liquidation, winding up, insolvency, bankruptcy, composition,
reorganisation or other similar laws or shall make a conveyance, assignment or
assignation for the benefit of, or shall enter into any composition with, its creditors
generally; or

(vii) a failure to satisfy the Amortisation Test (as set out in the LLP Deed) on any Calculation
Date following an Issuer Event of Default.

Following the occurrence of an LLP Event of Default and service of an LLP Acceleration Notice
on the LLP each of the Bond Trustee and the Security Trustee may or shall take such proceedings
or steps in accordance with the first and second paragraphs, respectively, of Condition 9(c)
(Enforcement) and the holders of the Covered Bonds shall have a claim against the LLP, under
the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount together
with accrued interest and any other amount due under the Covered Bonds (other than additional
amounts payable under Condition 7 (Taxation)) as provided in the Trust Deed in respect of each
Covered Bond.

(c) Enforcement

The Bond Trustee may at any time take such proceedings against the Issuer and/or the LLP, as
the case may be, and/ or any other person as it may think fit to enforce the provisions of the Trust
Deed, the Covered Bonds, the Receipts and the Coupons, but it shall not be bound to take any
such enforcement proceedings in relation to the Trust Deed, the Covered Bonds, the Receipts or
the Coupons or any other Transaction Document unless (i) it shall have been so directed by an
Extraordinary Resolution of all the holders of the Covered Bonds of all Series (with the Covered
Bonds of all Series taken together as a single Series as aforesaid) or so requested in writing by
the holders of not less than 25 per cent. of the aggregate Principal Amount Outstanding of the
Covered Bonds of all Series then outstanding (taken together and converted into Sterling at the
relevant Swap Rate as aforesaid) and (ii) it shall have been indemnified and/or secured to its
satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee shall only
have regard to the interests of the holders of the Covered Bonds of all Series and shall not have
regard to the interests of any other Secured Creditors.

The Security Trustee may at any time, at its discretion and without further notice, take such
proceedings against the LLP and/or any other person as it may think fit to enforce the provisions
of the Deed of Charge and may, at any time after the Security has become enforceable, take such
steps as it may think fit to enforce the Security, but it shall not be bound to take any such steps
unless (i) it shall have been so directed by an Extraordinary Resolution of all the holders of the
Covered Bonds of all Series (with the Covered Bonds of all Series taken together as a single Series as aforesaid) or a request in writing by the holders of not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (taken together converted into Sterling at the relevant Swap Rate as aforesaid); and (ii) it shall have been indemnified and/or secured to its satisfaction. In exercising any of its powers, trusts,
authorities and discretions under this paragraph the Security Trustee shall only have regard to the
interests of the holders of the Covered Bonds of all Series and shall not have regard to the
interests of any other Secured Creditors.

No holder of the Covered Bonds, Receiptholder or Couponholder shall be entitled to proceed
directly against the Issuer or the LLP or to take any action with respect to the Trust Deed, the
Covered Bonds, the Receipts, the Coupons, or the Security unless the Bond Trustee or the
Security Trustee, as applicable, having become bound so to proceed, fails so to do within a
reasonable time and such failure shall be continuing.

10. Replacement of Covered Bonds, Receipts, Coupons and Talons

Should any Covered Bond, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it
may be replaced at the specified office of the Principal Paying Agent in London (in the case of Bearer
Covered Bonds, Receipts or Coupons) or the Registrar (in the case of Registered Covered Bonds), or any
other place approved by the Bond Trustee of which notice shall have been published in accordance with
Condition 13 (Notices) upon payment by the claimant of such costs and expenses as may be incurred in
connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably
require. Mutilated or defaced Covered Bonds, Receipts, Coupons or Talons must be surrendered before
replacements will be issued.

11. **Principal Paying Agent, Paying Agents, Registrar, Transfer Agent and Exchange Agent**

The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Registrar, the
initial Transfer Agent, the initial Exchange Agent and their initial specified offices are set out below.

In the event of the appointed office of any such bank being unable or unwilling to continue to act as the
Principal Paying Agent, or failing duly to determine the Rate of Interest, if applicable, or to calculate the
Interest Amounts for any Interest Period, the Issuer shall appoint the London office of such other bank as
may be approved by the Bond Trustee to act as such in its place. The Principal Paying Agent may not
resign its duties or be removed from office without a successor having been appointed as aforesaid.

The Issuer is entitled, with the prior written approval of the Bond Trustee, to vary or terminate the
appointment of any Paying Agent or the Registrar and/or appoint additional or other Paying Agents or the
Registrar and/or approve any change in the specified office through which any Paying Agent or the
Registrar acts, provided that:

(a) there will at all times be a Principal Paying Agent and a Registrar;

(b) the Issuer will, so long as any of the Covered Bonds is outstanding, maintain a Paying Agent
(may be the Principal Paying Agent) having a specified office in a city approved by the
Bond Trustee in continental Europe;

(c) so long as any of the Covered Bonds are listed on any stock exchange or admitted to listing by
any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer
Covered Bonds) and a Transfer Agent (in the case of Registered Covered Bonds) with a specified
office in such place as may be required by the rules and regulations of the relevant stock
exchange or as the case may be, other relevant authority;

(d) so long as any of the Registered Global Bonds payable in a Specified Currency other than U.S.
dollars are held through DTC or its nominee, there will at all times be an Exchange Agent with a
specified office in New York City; and

(e) the Issuer will ensure that it maintains a Paying Agent in a Member State of the European Union
that will not be obliged to withhold or deduct tax pursuant to European Council Directive
2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council
Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or
complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City
in the circumstances described in Condition 5(e) (General provisions applicable to payments). Notice of
any such variation, termination, appointment or change will be given by the Issuer to the holders of the
Covered Bonds as soon as reasonably practicable in accordance with Condition 13 (Notices).

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and the LLP and, in
certain circumstances specified therein, of the Bond Trustee and do not assume any obligation to, or
relationship of agency or trust with, any holders of the Covered Bonds, Receiptholders or Coupon
holders. The Agency Agreement contains provisions permitting any entity into which any Agent is
merged or converted or with which it is consolidated or to which it transfers all or substantially all of its
assets to become the successor agent.

12. **Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet
matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office
of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet
including (if such further Coupon sheet does not include Coupons to (and including) the final date for the
payment of interest due in respect of the Bearer Covered Bond to which it appertains) a further Talon, subject to the provisions of Condition 8 (Prescription).

13. **Notices**

(a) **To holders of Bearer Covered Bonds**

All notices regarding the Bearer Covered Bonds will be valid if published in the Financial Times or any other daily newspaper in London approved by the Bond Trustee or, if this is not possible, in one other English language daily newspaper approved by the Bond Trustee with general circulation in Europe. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Bearer Covered Bonds are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers or where published in such newspapers on different dates, the last date of such first publication.

(b) **To holders of Registered Covered Bonds**

All notices regarding the Registered Covered Bonds will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Covered Bonds are listed, quoted or traded on a stock exchange or are admitted to listing by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

(c) **To holders of Global Covered Bonds**

So long as the Covered Bonds are represented in their entirety by any Global Covered Bonds held on behalf of DTC and/or Euroclear and/or Clearstream, Luxembourg, there may be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to DTC and/or Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Covered Bonds and, in addition, for so long as any Covered Bonds are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of the stock exchange, or as the case may be, other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or, as the case may be, or any other relevant authority. Any such notice shall be deemed to have been given to the holders of the Covered Bonds on the day on which the said notice was given to DTC and/or Euroclear and/or Clearstream, Luxembourg.

14. **Meetings of holders of the Covered Bonds, Modification, Waiver and Substitution**

The Trust Deed contains provisions for convening meetings of the holders of the Covered Bonds to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Conditions or the provisions of the Trust Deed. The quorum at any such meeting in respect of any Covered Bonds of any Series for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing holders of the Covered Bonds whatever the nominal amount of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes the modification of any Series Reserved Matter, the quorum shall be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. An Extraordinary Resolution passed at any meeting of the holders of the Covered Bonds of a Series shall, subject as provided below, be binding on all the holders of the Covered Bonds of such Series, whether or not they are present at the meeting, and on all Receiptholders and Couponholders in respect of such Series of Covered Bonds. Pursuant to the
Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto mutatis mutandis.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9 (Events of Default and Enforcement) or to direct the Bond Trustee or the Security Trustee to take any enforcement action (each a "Programme Resolution") shall only be capable of being passed at a single meeting of the holders of the Covered Bonds of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the LLP or the Bond Trustee or by holders of the Covered Bonds of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the nominal amount of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the holders of the Covered Bonds of all Series shall be binding on all holders of the Covered Bonds of all Series, whether or not they are present at the meeting, and on all related Receiptholders and Couponholders in respect of such Series of Covered Bonds.

In connection with any meeting of the holders of Covered Bonds of more than one Series where such Covered Bonds are not denominated in Sterling, the nominal amount of the Covered Bonds of any Series not denominated in Sterling shall be converted into Sterling at the relevant Swap Rate.

The Bond Trustee, the Security Trustee, the LLP and the Issuer may also agree, without the consent of the holders of the Covered Bonds, Receiptholders or Couponholders of any Series and without the consent of the other Secured Creditors (and for this purpose the Bond Trustee and the Security Trustee may disregard whether any such modification relates to a Series Reserved Matter), to:

(a) any modification of the Covered Bonds of one or more Series, the related Receipts and/or Coupons or any Transaction Document provided that (i) in the opinion of the Bond Trustee such modification is not materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series, and (ii) in the opinion of the Security Trustee such modification is not materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series; or

(b) any modification of the Covered Bonds of any one or more Series, the related Receipts and/or Coupons or any Transaction Document which is of a formal, minor or technical nature or is in the opinion of the Bond Trustee and Security Trustee made to correct a manifest error or an error established as such to the satisfaction of the Bond Trustee and the Security Trustee or to comply with mandatory provisions of law.

The Bond Trustee may also agree, without the consent of the holders of the Covered Bonds of any Series, the related Receiptholders and/or Couponholders, to the waiver or authorisation of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series, or determine, without any such consent as aforesaid, that any Issuer Event of Default or LLP Event of Default or Potential Issuer Event of Default or Potential LLP Event of Default shall not be treated as such, provided that, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series. The Security Trustee may also agree, without the consent of the holders of the Covered Bonds of any Series, the related Receiptholders and/or Couponholders or any other Secured Creditor, to the waiver or authorisation of any breach or proposed breach of any of the provisions of the Transaction Documents, provided that, in any such case, it is not, in the opinion of the Security Trustee, materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series.

The Bond Trustee may only agree to a substitution of the existing Issuer with another entity if the transfer of the Issuer's benefits and obligations in relation to the Covered Bonds complies with Regulation 19 of the RCB Regulations.
Prior to the Bond Trustee agreeing to any modification, waiver, authorisation or determination pursuant to this Condition 14, the Issuer must send written confirmation to the Bond Trustee that such modification, waiver, authorisation or determination, as applicable, would not result in a breach of the RCB Regulations and that either:

(a) such modification, waiver, authorisation or determination would not require the FSA to be notified in accordance with Regulation 20 of the RCB Regulations; or

(b) if such modification, waiver, authorisation or determination would require the FSA to be notified in accordance with Regulation 20 of the RCB Regulations, the Issuer has provided all information required to be provided to the FSA and the FSA has consented to such proposed modification, waiver, authorisation or determination.

Any such modification, waiver, authorisation or determination shall be binding on all holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding, the related Receiptholders and the Couponholders and the other Secured Creditors, and unless the Security Trustee and the Bond Trustee otherwise agree, any such modification shall be notified by the Issuer to the holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding and the other Secured Creditors in accordance with the relevant terms and conditions as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Bond Trustee and the Security Trustee shall have regard to the general interests of the holders of the Covered Bonds of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual holders of the Covered Bonds, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual holders of the Covered Bonds, the related Receiptholders, Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee and the Security Trustee shall not be entitled to require, nor shall any holder of the Covered Bonds, Receiptholder or Couponholder be entitled to claim, from the Issuer, the LLP, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual holders of the Covered Bonds, Receiptholders and/or Couponholders, except to the extent already provided for in Condition 7 (Taxation) and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 7 (Taxation) pursuant to the Trust Deed.

**Substitution**

(a) Subject as provided in the Trust Deed, the Bond Trustee, if it is satisfied that so to do would not be materially prejudicial to the interests of the holders of the Covered Bonds, may agree, without the consent of the holders of the Covered Bonds, Receiptholders or Couponholders, to the substitution of any successor in business of the Issuer or of a Subsidiary of the Issuer or any such successor in business, in place of the Issuer as principal debtor under the Covered Bonds and the Trust Deed, provided (in case of the substitution of any company which is a Subsidiary of the Issuer or such successor in business) that the obligations of such Subsidiary in respect of the Covered Bonds and the Trust Deed in respect thereof shall be guaranteed by the Issuer or such successor in business in such form as the Bond Trustee may require.

(b) Any substitution pursuant to this Condition 14 shall be binding on the holders of the Covered Bonds, the Receiptholders and the Couponholders and, unless the Bond Trustee agrees otherwise, shall be notified to the holders of the Covered Bonds as soon as practicable thereafter in accordance with Condition 13 (Notices).

For the purposes of this Condition 14:

"Potential Issuer Event of Default" means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;
"Potential LLP Event of Default" means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an LLP Event of Default; where, in each of the cases in paragraphs (a) to (d) above the terms of the proposed transaction have been previously approved by the Bond Trustee or by an Extraordinary Resolution of the holders of the Covered Bonds; and

"Series Reserved Matter" in relation to Covered Bonds of a Series means; (i) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment of; or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds; (ii) alteration of the currency in which payments under the Covered Bonds, Receipts and Coupons are to be made; (iii) alteration of the majority required to pass an Extraordinary Resolution; (iv) any amendment to the Covered Bond Guarantee or the Deed of Charge (except in a manner determined by the Bond Trustee not to be materially prejudicial to the interests of the holders of the Covered Bonds of any Series); (v) except in accordance with Condition 6(d) (Legislative Exchange) or Condition 14 (Meetings of holders of the Covered Bonds, Modification, Waiver and Substitution), the sanctioning of any such scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/ or other obligations and/or securities as aforesaid and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the holders of the Covered Bonds to execute an instrument of transfer of the Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively; and (vi) alteration of the proviso to paragraph 5 or paragraph 6 of Schedule 4 to the Trust Deed.

15. Indemnification of the Bond Trustee and/or Security Trustee and Bond Trustee and/or Security Trustee Contracting with the Issuer and/or the LLP

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee or the Security Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Bond Trustee or the Security Trustee shall not exercise such power, trust, authority or discretion without the approval of such holders of the Covered Bonds by Extraordinary Resolution or by a direction in writing of such holders of the Covered Bonds of at least 25 per cent. of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The Trust Deed and the Deed of Charge contain provisions for the indemnification of the Bond Trustee and the Security Trustee and for their relief from responsibility, including provisions relieving them from taking any action unless indemnified and/or secured to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which each of the Bond Trustee and Security Trustee, respectively, is entitled, inter alia, (i) to enter into business transactions with the Issuer, the LLP and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the LLP and/or any of their respective Subsidiaries and affiliates, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the holders of the Covered Bonds, Receiptholders or Couponholders or the other Secured Creditors and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

Neither the Bond Trustee nor the Security Trustee will be responsible for any loss, expense or liability, which may be suffered as a result of any Mortgage Loans or Related Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Bond Trustee and/or the Security Trustee. Neither the Bond Trustee nor the Security Trustee will be responsible for (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and the Bond Trustee and the Security Trustee will be entitled to assume, until they each have written notice to the contrary, that all such persons are
properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Mortgage Loan Portfolio, including, without limitation, whether the Mortgage Loan Portfolio is in compliance with the Asset Coverage Test, the Pre-Maturity Test or the Amortisation Test; or (iv) monitoring whether Mortgage Loans and Related Security satisfy the Eligibility Criteria. Neither the Bond Trustee nor the Security Trustee will be liable to any holder of the Covered Bonds or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent chargee in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Transaction Documents.

16. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the holders of the Covered Bonds, the Receiptholders or the Couponholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same shall be consolidated and form a single Series with the outstanding Covered Bonds of such Series.

17. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of this Covered Bond under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

18. **Governing Law**

The Trust Deed, the Agency Agreement, the corporate services agreement entered into by the LLP, with, *inter alios*, Structured Finance Management Limited and the LLP on the Programme Date (the "Corporate Services Agreement"), the Covered Bonds, the Receipts, the Coupons and the other Transaction Documents (other than each declaration of trust in relation to the sale of Scottish Mortgage Loans and their related security by the Issuer to the LLP (each a "Scottish Declaration of Trust"), certain documents to be granted pursuant to the Deed of Charge and the Corporate Services Agreement) will be governed by, and construed in accordance with, English law unless specifically stated to the contrary. Each Scottish Declaration of Trust will be governed by, and shall be construed in accordance with, Scots law. Certain documents to be granted pursuant to the Deed of Charge will be governed by, and construed in accordance with, Scots law. Certain documents to be granted pursuant to the Deed of Charge and certain terms of the Mortgage Sale Agreement will be governed and construed in accordance with, Northern Irish law.
UNITED KINGDOM TAXATION

The comments below are of a general nature based on current United Kingdom law and practice. They do not relate to the holders of N Covered Bonds, in relation to whom special considerations may apply. Holders of N Covered Bonds are advised to consult their own professional advisers. References in this section to Covered Bonds are to Covered Bonds other than N Covered Bonds.

The comments below relate only to the position of persons who are the absolute beneficial owners of their Covered Bonds and all payments made thereon. The following comments relate only to withholding and do not deal with any other aspect of the United Kingdom taxation treatment that may be applicable to holders of Covered Bonds (including, for instance, income tax, capital gains tax and corporation tax).

Holders of Covered Bonds who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of Covered Bonds are particularly advised to consult their professional advisers as to whether they are so liable (and, if so, under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Covered Bonds. In particular, holders of Covered Bonds should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Covered Bonds even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

Any holders of Covered Bonds who are in doubt as to their tax position should consult their professional advisers.

Payment of Interest by the Issuer on the Covered Bonds

Interest on the Covered Bonds may be paid without withholding or deduction for or on account of United Kingdom tax where the Covered Bonds are listed on a “recognised stock exchange”, as defined in section 1005 of the Income Tax Act 2007. HM Revenue & Customs’ website indicates that the London Stock Exchange has been designated as a recognised stock exchange. The Covered Bonds will be treated as “listed” on a recognised stock exchange if they are included in the Official List of the UK Listing Authority and are admitted to trading on the London Stock Exchange.

In all cases falling outside the exemption described above, interest on the Covered Bonds may be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption that may apply.

Payments by the LLP

If the LLP makes any payment in respect of interest on the Covered Bonds (or any other amounts due under the Covered Bonds, other than the repayment of amounts subscribed for under the Covered Bonds), such payment may be subject to United Kingdom withholding tax, whether or not the Covered Bonds are listed on a “recognised stock exchange” within the meaning of section 1005 of Income Tax Act 2007. If payments by the LLP are subject to any withholding or deduction for or on account of tax, the LLP will not be required to pay any additional amounts.

Provision of Information

Holders of Covered Bonds should note that where any interest on Covered Bonds is paid to them (or to any person acting on their behalf) by the Issuer or any person in the United Kingdom acting on behalf of the Issuer (a “paying agent”), or is received by any person in the United Kingdom acting on behalf of the relevant holder of Covered Bonds (other than where collection is purely passive, for example, solely by clearing or arranging the clearing of a cheque) (a “collecting agent”), then the Issuer, the paying agent or the collecting agent (as the case may be) may, in certain cases, be required to supply to HM Revenue & Customs details of the payment and certain details relating to the relevant holder of Covered Bonds (including the holder’s name and address). These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of United Kingdom income tax and whether or not the holder of Covered Bonds is resident in the United Kingdom for United Kingdom taxation purposes. In certain circumstances, the details provided to HM Revenue & Customs may be passed by HM Revenue & Customs to the tax authorities of certain other jurisdictions.
For the above purposes, “interest” should be taken, for practical purposes, to include payments made by a guarantor in respect of interest on the Covered Bonds.

The provisions referred to above may also apply, in certain circumstances, to payments made on redemption of any Covered Bonds which constitute "deeply discounted securities" for the purposes of section 18 of the Taxes Management Act 1970 (although in this regard HM Revenue & Customs published guidance for the year 2011/2012 indicates that HM Revenue & Customs will not exercise its power to obtain information in relation to such payments in that year).

Information may also be required to be reported in accordance with regulations made pursuant to the EU Savings Directive (see "Risk Factors").

Covered Bonds issued at a discount or premium

Covered Bonds may be issued at an issue price of less than 100 per cent of their principal amount. Any discount element on any such Covered Bonds will not generally be subject to any United Kingdom withholding tax, but may be subject to reporting requirements as outlined in "Provision of Information" above.

Where Covered Bonds are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.

References to "interest"

The references to "interest" above mean “interest” as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of “interest” or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Covered Bonds or any related documentation.
U.S. FEDERAL INCOME TAXATION

The discussion of tax matters in this Base Prospectus is not intended or written to be used, and cannot be used by any person, for the purpose of avoiding U.S. federal, state or local tax penalties, and was written to support the promotion or marketing of the Programme. Each taxpayer should seek advice based on such person’s particular circumstances from an independent tax advisor.

The following summary discusses the principal U.S. federal income tax consequences of the acquisition, ownership and disposition of the Covered Bonds. Except as specifically noted below, this discussion applies only to:

(i) Covered Bonds purchased on original issuance at their issue price (as defined below);
(ii) Covered Bonds held as capital assets; and
(iii) U.S. Holders (as defined below).

This discussion does not describe all of the tax consequences that may be relevant in light of a Holder’s particular circumstances or to Holders subject to special rules, such as:

(i) financial institutions;
(ii) insurance companies;
(iii) dealers in securities or foreign currencies;
(iv) persons holding Covered Bonds as part of a hedging transaction, straddle, conversion transaction or other integrated transaction;
(v) U.S. Holders whose functional currency is not the U.S. dollar;
(vi) partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
(vii) former citizens and residents of the United States.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), administrative pronouncements, judicial decisions and final, temporary and proposed U.S. Treasury Regulations all as of the date of this Base Prospectus and any of which may at any time be repeated, revised or subject to differing interpretation, possibly retroactively so as to result in U.S. federal income tax consequences different from those described below. Persons considering the purchase of the Covered Bonds should consult the relevant Final Terms for any additional discussion regarding U.S. federal income taxation and should consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

This summary does not discuss Covered Bonds that by their terms may be retired for an amount less than their principal amount and Covered Bonds subject to special rules. The tax treatment of certain Covered Bonds such as, for example, Index-Linked Interest Covered Bonds or Dual Currency Covered Bonds, may be specified in the relevant Final Terms. Moreover, this summary does not discuss Bearer Covered Bonds or N Covered Bonds. In general, U.S. federal income tax law imposes significant limitations on U.S. Holders of Bearer Covered Bonds. U.S. Holders should consult their tax advisors regarding the restrictions and penalties imposed under U.S. federal income tax law with respect to Bearer Covered Bonds and any other tax consequences with respect to the acquisition, ownership and disposition of any of these Covered Bonds.

As used herein, the term "U.S. Holder" means a beneficial owner of a Covered Bond that is for U.S. federal income tax purposes:

(i) a citizen or individual resident of the United States;
(ii) a corporation created or organised in or under the laws of the United States or of any state thereof or the District of Columbia;
(iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

(iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Covered Bonds, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. Partners of partnerships holding Covered Bonds should consult with their tax advisors regarding the U.S. federal tax consequences of an investment in the Covered Bonds.

Payments of Stated Interest

Interest paid on a Covered Bond will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the Holder's method of accounting for U.S. federal income tax purposes, provided that the interest is "qualified stated interest" (as defined below). Interest income earned by a U.S. Holder with respect to a Covered Bond will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in calculating the Holder's foreign tax credit limitation. The rules regarding foreign tax credits are complex and prospective investors should consult their tax advisors about the application of such rules to them in their particular circumstances. Special rules governing the treatment of interest paid with respect to original issue discount Covered Bonds and foreign currency Covered Bonds are described under "U.S. Federal Income Taxation — Original Issue Discount," "U.S. Federal Income Taxation — Contingent Payment Debt Covered Bonds," and "U.S. Federal Income Taxation — Foreign Currency Covered Bonds."

Original Issue Discount

A Covered Bond that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued at an original discount for U.S. federal income tax purposes (and will be referred to as an "original issue discount Covered Bond") unless the Covered Bond satisfies a de minimis threshold (as described below) or is a short-term Covered Bond (as defined below). The "issue price" of a Covered Bond generally will be the first price at which a substantial amount of the Covered Bonds are sold to the public (which does not include sales to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers). The "stated redemption price at maturity" of a Covered Bond generally will equal the sum of all payments required to be made under the Covered Bond other than payments of "qualified stated interest." "Qualified stated interest" is stated interest unconditionally payable (other than in debt Covered Bonds of the issuer) at least annually during the entire term of the Covered Bond at a simple fixed rate of interest, at a single qualified floating rate of interest or at a rate that is determined at a single fixed rate formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Covered Bond is denominated.

If the difference between a Covered Bond's stated redemption price at maturity and its issue price is less than a de minimis amount, i.e., generally 1/4 of 1 per cent. of the stated redemption price at maturity multiplied by the number of complete years to maturity, the Covered Bond will not be considered to have original issue discount. A Covered Bond that provides for the payment of amounts other than qualified stated interest before maturity will be an original issue discount Covered Bond if the excess of the Covered Bond's stated redemption price at maturity over its issue price is equal to or greater than a de minimis amount of 1/4 of 1 per cent. of the Covered Bond's stated redemption price at maturity multiplied by the weighted average maturity of the Covered Bond. U.S. Holders of the Covered Bonds with less than a de minimis amount of original issue discount generally will include this original issue discount in income, as capital gain, on a pro rata basis as principal payments are made on the Covered Bond.

U.S. Holders of original issue discount Covered Bonds that mature more than one year from their date of issuance will be required to include original issue discount in income for U.S. federal tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received. Under these rules, U.S. Holders generally will have
to include in taxable income, increasingly greater amounts of original issue discount in successive accrual periods.

A U.S. Holder may make an election to include in gross income all interest that accrues on any particular Covered Bond (including stated interest, acquisition discount, original issue discount, \textit{de minimis} original issue discount, market discount, \textit{de minimis} market discount and unstated interest, as adjusted by any amortisable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest, and generally may revoke such election only with the permission of the U.S. Internal Revenue Service ("IRS") (a "\textit{constant yield election}").

A Covered Bond that matures one year or less from its date of issuance (a "\textit{short-term Covered Bond}") will be treated as being issued at a discount and none of the interest paid on the Covered Bond will be treated as qualified stated interest regardless of issue price. In general, a cash method U.S. Holder of a short-term Covered Bond is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. Holders who so elect and certain other Holders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant yield method based on daily compounding. In the case of a U.S. Holder who is not required and who does not elect to include the discount in income currently, any gain realised on the sale, exchange, or retirement of the short-term Covered Bond will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. Holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Covered Bonds in an amount not exceeding the accrued discount until the accrued discount is included in income.

\textbf{Market Discount}

If a U.S. Holder purchases a Covered Bond (other than a short-term Covered Bond) for an amount that is less than its stated redemption price at maturity or, in the case of an original issue discount Covered Bond, its adjusted issue price, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified \textit{de minimis} amount.

A U.S. Holder will be required to treat any principal payment (or, in the case of an original issue discount Covered Bond, any payment that does not constitute qualified stated interest) on, or any gain on the sale, exchange, retirement or other disposition of a Covered Bond, including disposition in certain nonrecognition transactions, as ordinary income to the extent of the market discount accrued on the Covered Bond at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. Holder pursuant to an election by the Holder to include market discount in income as it accrues, or pursuant to a constant yield election (as described under "\textit{U.S. Federal Income Taxation —Original Issue Discount}") by the Holder. In addition, a U.S. Holder that does not elect to include market discount in income currently may be required to defer, until the maturity of the Covered Bond or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such Covered Bond.

Market discount will accrue on a straight line basis unless a U.S. Holder makes a constant yield election (as described under "\textit{U.S. Federal Income Taxation —Original Issue Discount}"). Such election will result in a deemed election for all market discount bonds acquired by the Holder on or after the first day of the first taxable year to which such election applies.

\textbf{Acquisition Premium and Amortisable Bond Premium}

A U.S. Holder who purchases a Covered Bond for an amount that is greater than the Covered Bond's adjusted issue price but less than or equal to the stated redemption price at maturity will be considered to have purchased the Covered Bond at an acquisition premium. Under the acquisition premium rules, the amount of original issue discount that the U.S. Holder must include in its gross income with respect to the Covered Bond for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.
If a U.S. Holder purchases a Covered Bond for an amount that is greater than the stated redemption price at maturity, the Holder will be considered to have purchased the Covered Bond with amortisable bond premium equal in amount to the excess of the purchase price over the amount payable at maturity. The Holder may elect to amortise this premium, using a constant yield method, over the remaining term of the Covered Bond. A Holder who elects to amortise bond premium must reduce its tax basis in the Covered Bond by the amount of the premium amortised in any year. An election to amortise bond premium applies to all taxable debt obligations then owned and thereafter acquired by the Holder and may be revoked only with the consent of the IRS.

If a U.S. Holder makes a constant yield election (as described under "U.S. Federal Income Taxation — Original Issue Discount") for a Covered Bond with amortisable bond premium, such election will result in a deemed election to amortise bond premium for all of the Holder's debt Covered Bonds with amortisable bond premium.

**Sale, Exchange or Retirement of the Covered Bonds**

Upon the sale, exchange or retirement of a Covered Bond, a U.S. Holder will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Holder's adjusted tax basis in the Covered Bond. A U.S. Holder's adjusted tax basis in a Covered Bond generally will equal the acquisition cost of the Covered Bond increased by the amount of original issue discount and market discount included in the U.S. Holder's gross income and decreased by any bond premium or acquisition premium previously amortised and by the amount of any payment received from the Issuer other than a payment of qualified stated interest. Gain or loss, if any, will generally be U.S. source income for purposes of computing a U.S. Holder's foreign tax credit limitation. For these purposes, the amount realised does not include any amount attributable to accrued but unpaid interest on the Covered Bond. Amounts attributable to accrued but unpaid interest are treated as payments of interest as described under "U.S. Federal Income Taxation — Payments of Stated Interest."

Except as described below, gain or loss realised on the sale, exchange or retirement of a Covered Bond will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the U.S. Holder has held the Covered Bond for more than one year. Exceptions to this general rule apply to the extent of any accrued market discount or, in the case of a short-term Covered Bond, to the extent of any accrued discount not previously included in the Holder's taxable income. See "U.S. Federal Income Taxation — Original Issue Discount" and "U.S. Federal Income Taxation — Market Discount." In addition, other exceptions to this general rule apply in the case of foreign currency Covered Bonds, and contingent payment debt Covered Bonds. See "U.S. Federal Income Taxation — Foreign Currency Covered Bonds" and "U.S. Federal Income Taxation — Contingent Payment Debt Covered Bonds." The deductibility of capital losses is subject to limitations.

**Contingent Payment Debt Covered Bonds**

If the terms of the Covered Bonds provide for certain contingencies that affect the timing and amount of payments (including Covered Bonds with a variable rate or rates that do not qualify as "variable rate debt Covered Bonds" for purposes of the original issue discount rules) they generally will be "contingent payment debt instruments" for U.S. federal income tax purposes. Under the rules that govern the treatment of contingent payment debt Covered Bonds, no payment on such Covered Bonds qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Covered Bond and the Covered Bond's "projected payment schedule" as described below. The comparable yield is determined by us at the time of issuance of the Covered Bonds. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Covered Bonds. Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the Issuer will be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt instrument equal to the comparable yield.
Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuer regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. Holder will be required to use the comparable yield and the projected payment schedule established by the Issuer in determining interest accruals and adjustments, unless the Holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. Holder, regardless of the Holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

(i) will first reduce the amount of interest in respect of the contingent payment debt instrument that a Holder would otherwise be required to include in income in the taxable year; and

(ii) to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:

(a) the amount of all previous interest inclusions under the contingent payment debt instrument over

(b) the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment is not subject to the two per cent. floor limitation imposed on miscellaneous deductions. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. Holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Holder's adjusted basis in the contingent payment debt instrument. A U.S. Holder's adjusted basis in a Covered Bond that is a contingent payment debt instrument generally will be the acquisition cost of the Covered Bond, increased by the interest previously accrued by the U.S. Holder on the Covered Bond under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount of any contingent payments previously made on the Covered Bond. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a Holder recognises loss above certain thresholds, the Holder may be required to file a disclosure statement with the IRS (as described under "—Reportable Transactions").

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument equal to the fair market value of the property, determined at the time of retirement. The Holder's holding period for the property will commence on the day immediately following its receipt. Special rules apply to contingent payment debt Covered Bonds that are denominated, or provide for payments, in a currency other than the U.S. dollar ("Foreign Currency Contingent Payment Debt Covered Bonds"). Very generally, these Covered Bonds are accounted for like a contingent payment debt instrument, as described above, but in the currency of the Foreign
Currency Contingent Payment Debt Covered Bonds. The relevant amounts must then be translated into U.S. dollars. The rules applicable to Foreign Currency Contingent Payment Debt Covered Bonds are complex and U.S. Holders are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of the acquisition, ownership and disposition of such Covered Bonds.

**Foreign Currency Covered Bonds**

The following discussion summarizes the principal U.S. federal income tax consequences to a U.S. Holder of the ownership and disposition of the Covered Bonds that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are payable in a currency other than the U.S. dollar ("foreign currency Covered Bonds")

The rules applicable to foreign currency Covered Bonds could require some or all gain or loss on the sale, exchange or other disposition of a foreign currency Covered Bond to be recharacterised as ordinary income or loss. The rules applicable to foreign currency Covered Bonds are complex and may depend on the Holder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a Holder should make any of these elections may depend on the Holder's particular U.S. federal income tax situation. U.S. Holders are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Covered Bonds.

A U.S. Holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a foreign currency with respect to a foreign currency Covered Bond will be required to include in income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. Holder's tax basis in the foreign currency.

An accrual method U.S. Holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount or market discount, but reduced by acquisition premium and amortisable bond premium, to the extent applicable) that has accrued and is otherwise required to be taken into account with respect to a foreign currency Covered Bond during an accrual period. The U.S. dollar value of the accrued income generally will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. Holder will recognise ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognised will equal the difference between the U.S. dollar value of the foreign currency payment received (determined on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above). Rules similar to these rules apply in the case of a cash method taxpayer required to currently accrue original issue discount or market discount.

An accrual method U.S. Holder or cash method U.S. Holder accruing original issue discount may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day in the interest accrual period (or, in the case of a partial accrual period, the spot rate on the last day of the partial accrual period in the taxable year) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. Holder that makes this election must apply it consistently to all debt Covered Bonds from year to year and cannot change the election without the consent of the IRS.

Original issue discount, market discount, acquisition premium and amortisable bond premium on a foreign currency Covered Bond are to be determined in the relevant foreign currency. Where the taxpayer elects to include market discount in income currently, the amount of market discount will be determined for any accrual period in the relevant foreign currency and then translated into U.S. dollars on the basis of the average rate in effect during the accrual period. Exchange gain or loss realised with respect to such accrued market discount shall be determined in accordance with the rules relating to accrued interest described above. Accrued market discount (other than market discount currently included in income) taken into account upon the receipt of any partial principal payment or upon the sale, retirement or other disposition of a Covered Bond is translated into U.S. dollars at the spot rate on such payment or disposition date.
If an election to amortise bond premium is made, amortisable bond premium taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realised on amortised bond premium with respect to any period by treating the bond premium amortised in the period in the same manner as on the sale, exchange or retirement of the foreign currency Covered Bond. Any exchange gain or loss will be ordinary income or loss as described below. If the election is not made, any loss realised on the sale, exchange or retirement of a foreign currency Covered Bond with amortisable bond premium by a U.S. Holder who has not elected to amortise the premium will be a capital loss to the extent of the bond premium.

A U.S. Holder's tax basis in a foreign currency Covered Bond, and the amount of any subsequent adjustment to the Holder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Covered Bond, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. Holder who purchases a foreign currency Covered Bond with previously owned foreign currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the foreign currency and the U.S. dollar fair market value of the foreign currency Covered Bond on the date of purchase.

Gain or loss realised upon the sale, exchange or retirement of a foreign currency Covered Bond that is attributable to fluctuation in currency exchange rates will be ordinary income or loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the foreign currency principal amount of the Covered Bond, determined on the date the payment is received or the Covered Bond is disposed of, and (ii) the U.S. dollar value of the foreign currency principal amount of the Covered Bond, determined on the date the U.S. Holder acquired the Covered Bond. Payments received attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest on foreign currency Covered Bonds described above. The foreign currency gain or loss will be recognised only to the extent of the total gain or loss realised by the Holder on the sale, exchange or retirement of the foreign currency Covered Bond. The source of the foreign currency gain or loss will be determined by reference to the residence of the Holder on whose books the Covered Bond is properly reflected. Any gain or loss realised by these Holders in excess of the foreign currency gain or loss will be capital gain or loss except to the extent of any accrued market discount or, in the case of short-term Covered Bond, to the extent of any discount not previously included in the Holder's income provided that the Covered Bond is not a Foreign Currency Contingent Payment Debt Covered Bond. Holders should consult their tax advisors with respect to the tax consequences of receiving payments in a currency different from the currency in which payments with respect to such Covered Bond accrue.

A U.S. Holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Covered Bond equal to the U.S. dollar value of the foreign currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Covered Bond that is traded on an established securities market is required to translate units of foreign currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations provided that the Covered Bonds are traded on an established securities market. This election cannot be changed without the consent of the IRS. If either (i) the Covered Bond is not traded on an established securities market or (ii) it is and the holder is an accrual method taxpayer that does not make the election described above with respect to such Covered Bond, exchange gain or loss may result from currency fluctuations between the trade date and the settlement date of the purchase or sale. Any gain or loss realised by a U.S. Holder on a sale or other disposition of foreign currency (including its exchange for U.S. dollars or its use to purchase foreign currency Covered Bonds) will be ordinary income or loss.

**Backup Withholding and Information Reporting**

Information returns may be filed with the IRS in connection with payments on the Covered Bonds and the proceeds from a sale or other disposition of the Covered Bonds. A U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.
Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Covered Bonds as a reportable transaction if the loss exceeds U.S.$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. In the event the acquisition, ownership or disposition of the Covered Bonds constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisors regarding the application of these rules to the acquisition, ownership or disposition of the Covered Bonds.

Holders should consult their tax advisors regarding any reporting requirements they may have as a result of their acquisition, ownership and disposition of the Covered Bonds.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a Holder's particular situation. Holders should consult their tax advisors with respect to the tax consequences to them of the ownership and disposition of the Covered Bonds, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.
ERISA CONSIDERATIONS

Except as otherwise set forth in the applicable Final Terms, the Covered Bonds are eligible for purchase by employee benefit plans and other plans subject to the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and/or the provisions of section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "Code") and by governmental, church, or non-U.S. plans that are subject to U.S. federal, state, local or non-U.S. laws that are substantially similar to ERISA or section 4975 of the Code ("Similar Law"), subject to consideration of the issues described in this section. ERISA imposes certain requirements on employee benefit plans (as defined in section 3(3) of ERISA) subject to Title I of ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, "ERISA Plans") and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including the requirements of investment prudence and diversification and the requirement that an ERISA Plan's investments be made in accordance with the documents governing such ERISA Plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan's particular circumstances and all of the facts and circumstances of the investment including, but not limited to, the matters discussed under Risk factors and the fact that in the future there may be no market in which such fiduciary will be able to sell or otherwise dispose of the Covered Bonds.

Section 406 of ERISA and section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, the "Plans")) and certain persons (referred to as "parties in interest" or "disqualified persons") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

The Seller, the Issuer, the Bond Trustee, the Servicer, the Security Trustee or any other party to the transactions contemplated by the Transaction Documents may be parties in interest or disqualified persons with respect to a Plan. Prohibited transactions within the meaning of section 406 of ERISA or section 4975 of the Code may arise if any of the Covered Bonds are acquired or held by a Plan with respect to which Seller, the Issuer, the Bond Trustee, the Servicer, the Security Trustee or any other party to the transactions contemplated by the Transaction Documents is a party in interest or a disqualified person. Certain exemptions from the prohibited transaction provisions of section 406 of ERISA and section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire any such Covered Bonds and the circumstances under which such decision is made. Included among these exemptions are Section 408(b)(17) of ERISA (relating to certain transactions between a Plan and a non-fiduciary service provider), Prohibited Transaction Class Exemption ("PTCE") 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a "qualified professional asset manager"), PTCE 95-60 (relating to transactions involving insurance company general accounts), PTCE 90-1 (relating to investments by insurance company pooled separate accounts) and PTCE 96-23 (relating to transactions determined by in-house asset managers). There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving any Covered Bonds.

Accordingly, except as otherwise set forth in the applicable Final Terms, each purchaser and subsequent transferee of any Covered Bonds will be deemed by such purchase or acquisition of any such Covered Bond to have represented and warranted, on each day from the date on which the purchaser or transferee acquires such Covered Bonds (or any interest therein) through and including the date on which the purchaser or transferee disposes of such Covered Bonds (or any interest therein), either that (A) it is not a Plan or an entity whose underlying assets are deemed for purposes of ERISA or the Code to include the assets of any Plan or a governmental, church, or non-U.S. plan which is subject to any Similar Law or (B) its purchase, holding and disposition of such Covered Bonds (or any interest therein) will not constitute or result in a prohibited transaction under section 406 of ERISA or section 4975 of the Code (or, in the case of a governmental, church, or non-U.S. plan, any Similar Law) for which an exemption is not available.

Each Plan fiduciary who is responsible for making the investment decisions whether to purchase or commit to purchase and to hold any of the Covered Bonds should determine whether, under the documents and instruments governing the Plan, an investment in such Covered Bonds is appropriate for the Plan, taking into account the overall investment policy of the Plan and the composition of the Plan's
investment portfolio. Any Plan proposing to invest in Covered Bonds (including any governmental plan) should consult with its counsel to confirm that such investment will not constitute or result in a non-exempt prohibited transaction and will satisfy the other requirements of ERISA and the Code (or, in the case of a governmental plan, any Similar Law).

The sale of any Covered Bonds to a Plan is in no respect a representation by the Seller, the Issuer, the Bond Trustee, the Servicer, the Security Trustee or any other party to the transactions contemplated by the Transaction Documents that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.
The Dealers have, in a Programme Agreement (as the same may be amended and/or supplemented and/or restated from time to time, the "Programme Agreement") dated on or about 18 December 2007 agreed with the Issuer and the LLP a basis upon which such Dealers or any of them may from time to time agree to purchase Covered Bonds. Any such agreement for any particular purchase by a Dealer will extend to those matters stated under "Form of the Covered Bonds and Terms and Conditions of the Covered Bonds" above. The Issuer may pay the Dealers commission from time to time in connection with the sale of any Covered Bonds. The Dealers are entitled to be released and discharged from their obligations in relation to any agreement to issue and purchase Covered Bonds under the Programme Agreement in certain circumstances prior to payment to the Issuer.

One or more Dealers may purchase Covered Bonds, as principal, from the Issuer from time to time for resale to investors and other purchasers at a fixed offering price or, if so specified in the applicable Final Terms, at varying prices relating to prevailing market prices at the time of resale as determined by any Dealer.

A Dealer may sell Covered Bonds it has purchased from the Issuer as principal to certain other dealers less a concession equal to all or any portion of the discount received in connection with such purchase. The Dealer may allow, and such dealers may re-allow, a discount to certain other dealers. After the initial offering of Covered Bonds, the offering price (in the case of Covered Bonds to be resold at a fixed offering price), the concession and the realallowance may be changed.

The Issuer may withdraw, cancel or modify the offering contemplated hereby without notice and may reject offers to purchase Covered Bonds in whole or in part.

In connection with the issue of any Tranche of Covered Bonds, the Dealer or Dealers (if any) named as the stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in the applicable Final Terms may over allot Covered Bonds or effect transactions with a view to supporting the price of the Covered Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the stabilising manager(s) (or persons acting on behalf of a stabilising manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Covered Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Covered Bonds and 60 days after the date of the allotment of the relevant Tranche of Covered Bonds. Any stabilisation action or over-allotment must be conducted by the relevant stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in accordance with applicable laws and rules.

These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the Covered Bonds. If the Dealer creates or the Dealers create, as the case may be, a short position in the Covered Bonds, that is, if it sells or they sell Covered Bonds in an aggregate principal amount exceeding that set forth in the applicable Final Terms, such Dealer(s) may reduce that short position by purchasing Covered Bonds in the open market. In general, purchase of Covered Bonds for the purpose of stabilisation or to reduce a short position could cause the price of the Covered Bonds to be higher than it might be in the absence of such purchases.

Neither the Issuer nor any of the Dealers makes any representation or prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of Covered Bonds. In addition, neither the Issuer nor any of the Dealers makes any representation that the Dealers will engage in any such transactions or that such transactions, once commenced, will not be discontinued without notice.

Under the Programme Agreement, the Issuer has agreed to indemnify the Dealers against certain liabilities (including liabilities under the Securities Act) or to contribute to payments the Dealers may be required to make in respect thereof in connection with the establishment and any future updates of the Programme and the issue of Covered Bonds under the Programme. The Issuer has also agreed to reimburse the Dealers for certain other expenses in connection with the establishment and any future updates of the Programme and the issue of Covered Bonds under the Programme.
The Dealers may, from time to time, purchase and sell Covered Bonds in the secondary market, but they are not obligated to do so, and there can be no assurance that there will be a secondary market for the Covered Bonds or liquidity in the secondary market if one develops. From time to time, the Dealers may make a market in the Covered Bonds.

The several Dealers and their respective affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Issuer and the Dealers have not provided any legal, accounting, regulatory or tax advice with respect to the offering contemplated hereby and the Issuer has consulted its own legal, accounting, regulatory and tax advisors to the extent it deemed appropriate. Certain of the Dealers and their respective affiliates have, directly or indirectly, performed investment and commercial banking or financial advisory services for the Issuer for which they have received customary fees and commissions, and they expect to provide these services to the Issuer and its affiliates in the future, for which they also expected to receive customary fees and commissions.

Transfer Restrictions

As a result of the following restrictions, purchasers of Covered Bonds in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Covered Bonds.

Each purchaser of Registered Covered Bonds (other than a person purchasing an interest in a Registered Global Covered Bond with a view to holding it in the form of an interest in the same Global Covered Bond) or person wishing to transfer an interest from one Registered Global Covered Bond to another or from global to definitive form or vice versa, will be required to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

(i) that either: (a) it is a QIB, purchasing (or holding) the Covered Bonds for its own account or for the account of one or more QIBs and it is aware and each beneficial owner of such Covered Bonds has been advised, that any sale to it is being made in reliance on Rule 144A or (b) it is outside the United States and is not a U.S. person;

(ii) that the Covered Bonds are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Covered Bonds and the Covered Bond Guarantee have not been and will not be registered under the Securities Act or any applicable U.S. State securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;

(iii) that, unless it holds an interest in a Regulation S Global Covered Bond and either is a person located outside the United States or is not a U.S. person, if in the future it decides to resell, pledge or otherwise transfer the Covered Bonds or any beneficial interests in the Covered Bonds, it will do so, prior to the date which is one year after the later of the last Issue Date for the Series and the last date on which the Issuer or an affiliate of the Issuer was the owner of such Covered Bonds, only (a) to the Issuer or any affiliate thereof, (b) inside the United States to a person whom the Seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A, (c) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (d) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available) or (e) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws;

(iv) that, except as otherwise provided in the applicable Final Terms, either (A) it is not and for so long as it holds a Covered Bond (or any interest therein) will not be (i) an "employee benefit plan" as defined in Section 3(3) of ERISA that is subject to Title I of ERISA, (ii) a "plan" as defined in and subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), (iii) an entity whose underlying assets are deemed for purposes of ERISA or the Code to include the assets of any such employee benefit plan subject to ERISA or other plan subject to Section 4975 the Code, or (iv) a governmental, church or non-U.S. plan which is subject to any U.S. federal, state, local or non-U.S. law, that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code, or (B) its purchase, holding and disposition of the Covered Bonds (or any interest therein) will not constitute or result in a
prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or in the case of such a governmental, church or non-U.S. plan, any such substantially similar U.S. federal, state, local or non-U.S. law) for which an exemption is not available.

(v) it will, and will require each subsequent holder to, notify any purchaser of the Covered Bonds from it of the resale restrictions referred to in paragraph (iii) above, if then applicable;

(vi) that Covered Bonds initially offered in the United States to QIBs will be represented by one or more Rule 144A Global Covered Bonds and that Covered Bonds offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Covered Bonds;

(vii) that the Covered Bonds, other than the Regulation S Global Covered Bonds, will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THE COVERED BONDS REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR WITH ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT IT IS A "QUALIFIED INSTITUTIONAL BUYER" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS; (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT IN RESPECT OF THIS SECURITY (THE AGENCY AGREEMENT) AND, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER OF SUCH SECURITIES OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT, (4) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) IT AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND.

THE COVERED BONDS REPRESENTED BY THIS CERTIFICATE AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR RESALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO RESALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON).

(viii) if it is outside the United States and is not a U.S. person, that if it should resell or otherwise transfer the Covered Bonds prior to the expiration of the distribution compliance period (defined as 40 days after the completion of the distribution of the Tranche of Covered Bonds of which such Covered Bonds are a part, as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Lead Manager, in the case of a syndicated issue), it will do so only (a)(i) outside the United States in compliance with Rule 903 or 904 of Regulation S under the Securities Act or (ii) to a QIB in compliance with Rule 144A and (b) in accordance with all applicable U.S. State securities laws; and it acknowledges that the Regulation S Global Covered Bonds will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THE COVERED BONDS HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR WITH ANY APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT IN RESPECT OF THIS SECURITY (THE “AGENCY AGREEMENT”) AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. UNTIL THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE COMPLETION OF THE DISTRIBUTION OF ALL THE COVERED BONDS OF THE TRANCHE OF WHICH THE COVERED BONDS REPRESENTED BY THIS CERTIFICATE ARE A PART, SALES MAY NOT BE MADE IN THE UNITED STATES OR TO U.S. PERSONS UNLESS MADE (I) PURSUANT TO RULE 903 OR 904 OR REGULATION S UNDER THE SECURITIES ACT OR (II) TO QUALIFIED INSTITUTIONAL BUYERS AS DEFINED IN, AND IN TRANSACTIONS PURSUANT TO, RULE 144A UNDER THE SECURITIES ACT.

EXCEPT AS OTHERWISE PROVIDED IN THE APPLICABLE FINAL TERMS, BY ITS PURCHASE AND HOLDING OF THIS COVERED BOND (OR ANY INTEREST THEREIN), THE PURCHASER OR HOLDER WILL BE DEEMED TO HAVE REPRESENTED AND AGREED THAT EITHER (A) IT IS NOT AND FOR SO LONG AS IT HOLDS THIS COVERED BOND (OR ANY INTEREST HEREIN) WILL NOT BE (I) AN "EMPLOYEE BENEFIT PLAN" AS DEFINED IN SECTION 3(3) OF THE U.S. EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("ERISA") THAT IS SUBJECT TO TITLE I OF ERISA, (II) A "PLAN" AS DEFINED IN AND SUBJECT TO SECTION 4975 OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "CODE"), (III) AN ENTITY WHOSE UNDERLYING ASSETS ARE DEEMED FOR PURPOSES OF ERISA OR THE CODE TO INCLUDE THE ASSETS OF ANY SUCH EMPLOYEE BENEFIT PLAN SUBJECT TO ERISA OR OTHER PLAN SUBJECT TO SECTION 4975 OF THE CODE, OR
(IV) A GOVERNMENTAL, CHURCH OR NON-U.S. PLAN WHICH IS SUBJECT TO ANY U.S. FEDERAL, STATE, LOCAL OR NON-U.S. LAW, THAT IS SUBSTANTIALLY SIMILAR TO THE PROVISIONS OF SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE, OR (B) ITS PURCHASE, HOLDING AND DISPOSITION OF THE COVERED BONDS (OR ANY INTEREST THEREIN) WILL NOT CONSTITUTE OR RESULT IN A PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR IN THE CASE OF SUCH A GOVERNMENTAL, CHURCH OR NON-U.S. PLAN, ANY SUCH SUBSTANTIALLY SIMILAR U.S. FEDERAL, STATE, LOCAL OR NON-U.S. LAW) FOR WHICH AN EXEMPTION IS NOT AVAILABLE.4; and

Selling Restrictions

United States

The Covered Bonds and the Covered Bond Guarantee have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or in transactions not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Covered Bonds in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

In connection with any Covered Bonds which are offered or sold outside the United States in reliance on Regulation S ("Regulation S Covered Bonds"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver such Regulation S Covered Bonds (i) as part of its distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Tranche of Covered Bonds of which such Covered Bonds are a part, as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Lead Manager, in the case of a syndicated issue, and except in either case in accordance with Regulation S under the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Covered Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of a Tranche of Covered Bonds, an offer or sale of such Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Dealers may arrange for the resale of Covered Bonds to QIBs pursuant to Rule 144A and each such purchaser of Covered Bonds is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal
amount of Covered Bonds which may be purchased by a QIB pursuant to Rule 144A is U.S.$100,000 (or the approximate equivalent in another Specified Currency).

Each issuance of Index Linked Covered Bonds or Dual Currency Covered Bonds shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer(s) may agree as a term of the issuance and purchase of such Covered Bonds, which additional selling restrictions shall be set out in the applicable Final Terms.

**Japan**

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the "FIEA") and each Dealer has represented and agreed that it will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person, or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan. For the purpose of this paragraph, "Japanese Person" shall mean any person resident in Japan as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended).

**Republic of Italy**

The offering of the Covered Bonds has not been registered by CONSOB (the Italian Securities Exchange Commission) pursuant to Italian securities legislation and, accordingly, no Covered Bonds may be offered, sold or delivered, nor may copies of the Prospectus or of any other document relating to the Covered Bonds be distributed in the Republic of Italy, except:

(i) to qualified investors (investitori qualificati), as defined pursuant to Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the "Financial Services Act") and Article 34-ter, first paragraph, letter (b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time ("Regulation No. 11971"); or

(ii) in any other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971.

Any offer, sale or delivery of the Covered Bonds or distribution of copies of the Prospectus or any other document relating to the Covered Bonds in the Republic of Italy under (i) or (ii) above must be:

(a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the "Banking Act"); and

(b) in compliance with Article 29 of the Banking Act as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy; and

(c) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or any other Italian authority.

**Public Offer Selling Restrictions under the Prospectus Directive**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Covered Bonds to the public in that Relevant Member State:
(a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Covered Bonds referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "an offer of Covered Bonds to the public" in relation to any Covered Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) in relation to any Covered Bonds which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Covered Bonds other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Covered Bonds would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer or the LLP;

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the LLP; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the United Kingdom.

Selling Restrictions Addressing Additional French Selling Restrictions

Each of the Dealers and the Issuer has represented, warranted and agreed that it has not offered or sold, and will not offer or sell, directly or indirectly, Covered Bonds to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Base Prospectus or any other offering material relating to the Covered Bonds, and that such offers, sales and distributions have been and shall only be made in France to qualified investors (investisseurs qualifiés), all as defined in, and in accordance with, articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French Code monétaire et financier (the "Code"), but excluding individuals referred to in Article D.411-1 II 2 of the Code.
**General**

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Covered Bonds or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer, the LLP, the Bond Trustee, the Security Trustee nor any of the other Dealers shall have any responsibility therefor. Furthermore, they will not directly or indirectly offer, sell or deliver any Covered Bonds or distribute or publish any form of application, base prospectus/prospectus, advertisement or other offering material except under circumstances that will, to the best of their knowledge and belief, result in compliance with any applicable laws and regulations, and all offers, sales and deliveries of Covered Bonds by them will be made on the same terms.

None of the Issuer, the LLP, the Bond Trustee, the Security Trustee or any of the Dealers represents that Covered Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer(s) will be required to comply with such other additional or modified restrictions (if any) as the Issuer and the relevant Dealer(s) shall agree as a term of issue and purchase as indicated in the applicable Final Terms.

Each Dealer will, unless prohibited by applicable law, furnish to each person to whom they offer or sell Covered Bonds a copy of the Base Prospectus as then amended or supplemented or, unless delivery of the Base Prospectus is required by applicable law, inform each such person that a copy will be made available upon request. The Dealers are not authorised to give any information or to make any representation not contained in the Base Prospectus in connection with the offer and sale of Covered Bonds to which the Base Prospectus relates.

This Base Prospectus may be used by the Dealers for offers and sales related to market-making transactions in the Covered Bonds. Any or each of the Dealers may act as principal or agent in these transactions. These sales will be made at prices relating to prevailing market prices at the time of sale. None of the Dealers has any obligation to make a market in the Covered Bonds, and any market-making may be discontinued at any time without notice. The Dealers are participating in the initial distribution of the Covered Bonds.
GENERAL INFORMATION

1. The establishment of the Programme and the issue of Covered Bonds have been duly authorised by resolutions passed by the Fund Raising Committee of the Board of Directors of the Issuer dated on or about 11 December 2007 and the giving of the Covered Bond Guarantee has been duly authorised by a meeting of the LLP Management Committee held on 11 December 2007.

2. The admission of Covered Bonds to the Official List will be expressed as a percentage of their nominal amount (excluding accrued interest). It is expected that each Tranche of Covered Bonds which is to be admitted to the Official List and to trading on the Regulated Market of the London Stock Exchange will be admitted separately as and when issued, subject only to the issue of a Temporary Global Covered Bond, a Permanent Global Covered Bond, a Regulation S Global Covered Bond or a Rule 144A Global Covered Bond, as the case may be, initially representing the Covered Bonds of such Tranche. The listing of the Programme in respect of Covered Bonds has been granted on or about 14 December 2007.

The Issuer has been admitted to the register of issuers and the Programme and the Covered Bonds issued under the Programme prior to the date of admission have been admitted to the register of regulated covered bonds.

The monthly reports in relation to the Programme setting out, inter alia, certain information with respect to the Asset Coverage Test, selected statistical information in relation to the Mortgage Loan Portfolio and the characteristics of the Mortgage Loan Portfolio are available at http://group.barclays.com/Investor-Relations/Debt-Investors/Secured-Funding/Covered-bonds.

3. Lehman Brothers Holdings Inc.

On 15 September 2009, motions were filed in the United States Bankruptcy Court for the Southern District of New York (the "Court") by Lehman Brothers Holdings Inc. ("LBHI"), the SIPA Trustee for Lehman Brothers Inc. (the "Trustee") and the Official Committee of Unsecured Creditors of Lehman Brothers Holdings Inc. (the "Committee"). All three motions challenged certain aspects of the transaction pursuant to which Barclays Capital Inc. ("BCI") and other companies in the Barclays Group acquired most of the assets of Lehman Brothers Inc. ("LBI") in September 2008 and the court order approving such sale. The claimants were seeking an order voiding the transfer of certain assets to BCI; requiring BCI to return to the LBI estate alleged excess value BCI received; and declaring that BCI is not entitled to certain assets that it claims pursuant to the sale documents and order approving the sale (the "Rule 60 Claims").

On 16 November 2009, LBHI, the Trustee and the Committee filed separate complaints in the Court asserting claims against BCI based on the same underlying allegations as the pending motions and seeking relief similar to that which is requested in the motions. On 29 January 2010, BCI filed its response to the motions and also filed a motion seeking delivery of certain assets that LBHI and LBI have failed to deliver as required by the sale documents and the court order approving the sale (together with the Trustee's competing claims to those assets, the "Contract Claims"). Approximately £2.6 billion of the assets acquired as part of the acquisition had not been received by 30 June 2011, approximately £1.9 billion of which were recognised as part of the accounting for the acquisition and are included in the balance sheet as at 30 June 2011. This results in an effective provision of £0.7 billion against the uncertainty inherent in the litigation.

On 22nd February, 2011, the Court issued its Opinion in relation to these matters, rejecting the Rule 60 Claims and deciding some of the Contract Claims in the Trustee's favour and some in favour of BCI. On 15 July, 2011, the Court entered final Orders implementing its Opinion. Both sides have filed notices of appeal from the Court’s adverse rulings in the final Orders.

If the final Orders were to be unaffected by future proceedings, the Issuer estimates that, after taking into account the effective provision of £0.7 billion, its loss would be approximately £2.7 billion. Any such loss, however, was not (as at the date of this Base Prospectus) considered probable and the Issuer is satisfied with the current level of provision.
In addition, LBHI is pursuing a claim for approximately U.S.$500 million relating to bonuses that BCI was allegedly obligated to pay to former Lehman employees. As at the date of this Base Prospectus, this claim was yet to be adjudicated. The Issuer considers that this claim is without merit and BCI is vigorously defending its position.

4. **American Depositary Shares**

The Issuer, Barclays PLC and various current and former members of Barclays PLC’s Board of Directors have been named as defendants in five proposed securities class actions (which have been consolidated) pending in the United States District Court for the Southern District of New York (the "Court"). The consolidated amended complaint, dated 12 February 2010, alleges that the registration statements relating to American Depositary Shares representing Preferred Stock, Series 2, 3, 4 and 5 (the "ADS") offered by the Issuer at various times between 2006 and 2008 contained misstatements and omissions concerning (amongst other things) the Issuer’s portfolio of mortgage-related (including U.S. subprime-related) securities, the Issuer’s exposure to mortgage and credit market risk and the Issuer’s financial condition. The consolidated amended complaint asserts claims under Sections 11, 12(a)(2) and 15 of the Securities Act of 1933. On 5 January 2011, the Court issued an order and, on 7 January 2011, judgment was entered, granting the defendants’ motion to dismiss the complaint in its entirety and closing the case. On 4 February 2011, the plaintiffs filed a motion asking the Court to reconsider in part its dismissal order. On 31 May 2011, the Court denied in full the plaintiffs’ motion for reconsideration. On 29 June 2011, the plaintiffs filed a notice of appeal from both decisions (the grant of the defendants’ motion to dismiss and the denial of the plaintiffs’ motion for reconsideration) to the United States Court of Appeals for the Second Circuit.

The Issuer considers that these ADS-related claims against it are without merit and is defending them vigorously. As at the date of this Base Prospectus, it was not possible to estimate any possible loss in relation to these claims or any effect that they might have upon operating results in any particular financial period.

5. Barclays PLC and the Barclays Group are engaged in various other litigation proceedings both in the United Kingdom and a number of overseas jurisdictions, including the United States, involving claims by and against them which arise in the ordinary course of business. The Issuer does not expect the ultimate resolution of any of the proceedings to which the Barclays Group is party to have a significant adverse effect on the financial statements of the Barclays Group and the Issuer has not disclosed the contingent liabilities associated with these claims either because they cannot reasonably be estimated or because such disclosure could be prejudicial to the conduct of the claims.

6. Save as disclosed in paragraphs 3 and 4 above, no member of the Barclays Group (including the Issuer and the LLP) is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer or the LLP are aware), which may have or have had during the 12 months preceding the date of this Base Prospectus, a significant effect on the financial position or profitability of the Issuer, the LLP and/or the Barclays Group.

7. There has been no significant change in the financial or trading position of the LLP since 31 December 2010 and there has been no material adverse change in the prospects of the LLP since 31 December 2010. There has been no significant change in the trading or financial position of the Issuer or the Barclays Group since 30 June 2011 and there has been no material adverse change in the prospects of the Issuer or the Barclays Group since 31 December 2010.

8. The annual consolidated accounts of the Issuer and its subsidiaries for the two years ended 31 December 2010 and 31 December 2009 have been audited without qualification by PricewaterhouseCoopers LLP, chartered accountants and registered auditors (a member of the Institute of Chartered Accountants in England and Wales).

9. The Trust Deed provides that the Trustee may rely on any certificate or report by the auditors of the Issuer or any other expert called for by or provided to the Trustee (whether or not addressed to the Trustee) in accordance with the provisions of the Trust Deed as sufficient evidence of the facts stated therein notwithstanding that such certificate or report and/or any engagement letter or
other document entered into by the Trustee in connection therewith contains a monetary or other limit on the liability of the auditors of the Issuer or such other expert in respect thereof.

10. For so long as Covered Bonds are capable of being issued under the Programme, copies of the following documents will, when published, be available to holders of the Covered Bonds during usual business hours on any weekday (Saturdays and public holidays excepted) from Barclays Treasury, 1 Churchill Place, London E14 5HP and from the specified office of the Paying Agent currently located at Citigroup Centre, Canada Square, London E14 5LB:

The following table summarises, in respect of the Seller's overall mortgage portfolio, the Seller's experience in administering Mortgage Accounts in arrears for residential Mortgage Accounts originated by the Seller. The following table also summarises the broader industry experience in administering mortgage accounts in arrears, as compiled and made public by the CML. The information set forth below includes information in respect of the Seller's experience in administering Mortgage Loans secured by properties located in England, Wales, Scotland and Northern Ireland.

The Mortgage Accounts used for statistical purposes in the tables below are administered in accordance with the administration policies of the Seller. Covered Bondholders should note the method by which the Seller classifies accounts as being in arrears, which is described under "Summary of the Principal Documents - Administration Agreement – Arrears practice in respect of the Mortgage Loans" in the Base Prospectus, and which is important in helping Covered Bondholders to understand arrears experience of the Seller as set forth in the following table.

3.4 If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding, multiplying such sum by the day count fraction (the “Day Count Fraction”), and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Day Count Fraction” means, in respect of the calculation of an amount of interest:
[if "Actual/Actual (ISDA) " applies, insert:

(A) in the case where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "Accrual Period") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates that would occur in one calendar year; or

If (x) there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) any Interest Payment Date would otherwise fall on a day which is not a Business Day, then the "Business Day Convention" shall mean:

[the Following Business Day Convention, which means that such date shall be postponed to the first following day that is a Business Day.]  

[the Modified Following Business Day Convention, which means that such date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day.]  

[the Preceding Business Day Convention, which means that such date shall be brought forward to the first preceding day that is a Business Day.]  

[in any case where Specified Periods are specified in this N Covered Bond Condition, the "Floating Rate Convention", which means that such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred.]

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this sub-paragraph (b) in the event that the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

"MRCLN Immediately Due and Payable Interest"

In respect of each MRCLN Payment Date as an amount equal to the sum of (in aggregate in respect of every Mortgage Reserve but as determined on a Reference Mortgage Reserve by Reference Mortgage Reserve basis);

(a) in relation to each Borrower whose Mortgage Reserve Account Balance as at the beginning of the immediately preceding Calculation Period is greater than or equal to the Mortgage Reserve Account Balance for such Mortgage Reserve as at the end of such immediately preceding Calculation Period, the amount of Mortgage Reserve Interest charged to such Borrower and debited from such Borrower's Reference Mortgage Reserve during such immediately preceding Calculation Period;

the amount equal to the greater of:

(A) the amount equal to: (i) the Mortgage Reserve Account Balance as at the beginning of such immediately preceding Calculation Period; minus (ii) the amount equal to the Mortgage Reserve Account Balance as at the end of such immediately preceding Calculation Period minus the amount of Mortgage Reserve Interest charged to such Borrower and debited from such Borrower's Reference Mortgage Reserve during such immediately preceding Calculation Period; and

Mortgage Reserve Interest charged to such Borrower and debited from such Borrower’s Reference Mortgage Reserve during such immediately preceding Calculation Period;

and, in relation to any Borrower whose payment of Mortgage Reserve Interest falls into one of the scenarios described in paragraphs (c) or (d) above, the amount which (by reference to the above paragraphs and still on a Borrower by Borrower and Reference Mortgage Reserve by Reference Mortgage Reserve basis) is equal to the sum of Potential MRCLN Interest;

"MRCLN Initial Subscription Price" An amount equal to the then aggregate Mortgage Reserve Account Balances of all Reference Mortgage Reserves which are linked to the Mortgage Loans to be purchased by the LLP on the Programme Date;

"MRCLN Interest" On any MRCLN Payment Date, the amount of interest that is charged on the MRCLN Principal Amount Outstanding in respect of the immediately preceding Calculation Period and which becomes due and payable under the MRCLN Note Purchase Facility Agreement in relation to such Calculation Period on that MRCLN Payment Date and shall be equal to the sum of:

(a) the amount of MRCLN Immediately Due and Payable Interest that is due and payable on such MRCLN Payment Date; and

"MRCLN Subsequently Due and Payable Interest"

In respect of each MRCLN Payment Date is an amount equal to the aggregate of the Released Potential MRCLN Interest for each Reference Mortgage Reserve during the immediately preceding Calculation Period, where "Released Potential MRCLN Interest" will arise if the following two statement are true in respect of such Calculation Period:

(a) the Relevant Reference Mortgage Reserve at the beginning of a Calculation Period has Aggregate Potential MRCLN Interest recorded against it at such time; and

(b) the Mortgage Reserve Account Balance for such Reference Mortgage Reserve as at the end of the last day of the relevant Calculation Period is less than the Mortgage Reserve Account Balance for such reference Mortgage Reserve as at the beginning of the first day of such Calculation Period,

and the Aggregate Potential MRCLN Interest amount will thereafter be reduced by an amount equal to such Released Potential MRCLN Interest. In addition, Released Potential MRCLN Interest will also be deemed to have arisen in relation to a Reference Mortgage Reserve and in an amount equal to the total Aggregate Potential MRCLN Interest recorded in respect of such Reference Mortgage Reserve is, by the end of such Calculation Period, no longer a Reference Mortgage Reserve (for whatsoever reason (for example, the associated Mortgage Loan has been repaid or repurchased by the Seller) save that, in this respect, if the Mortgage Loan associated with a Reference Mortgage Reserve is repurchased on or before a Calculation Date, then, for the purposes of determining the amount and timing of when Released Potential MRCLN Interest is deemed to have arisen (as a result of such Reference Mortgage Reserve ceasing to be a Reference Mortgage Reserve as a consequence), the relevant Reference Mortgage Reserve shall be deemed to have ceased to have been a Reference Mortgage Reserve during the immediately prior Calculation Period (with, for the avoidance of doubt, the resulting Released Potential MRCLN Interest in respect of such Reference Mortgage Reserve therefore contributing to the amount of interest to be paid on the MRCLN on the MRCLN Payment Date immediately following such Calculation Date));
