Restructuring of credit market assets

On 16th September, 2009 the Company announced the restructuring of US\$12.3 billion of credit market assets. Further information is included in the Results Announcement incorporated by reference.

As part of this transaction, the Bank sold a 50 per cent stake in Barclays Vida y Pensiones Compañía de Seguros ("**BVP**"), Barclays Iberian life insurance and pensions subsidiary, to CNP. CNP paid €140 million on completion. This is subject to a post-completion adjustment by reference to BVP's net assets as at closing.

Competition and regulatory matters

The scale of regulatory change remains challenging and the global financial crisis is resulting in a significant tightening of regulation and changes to regulatory structures globally, especially for banks that are deemed to be of systemic importance. Concurrently, there is continuing political and regulatory scrutiny of the operation of the banking and consumer credit industries in the UK and elsewhere which, in some cases, is leading to increased regulation. For example, the Credit Card Accountability, Responsibility and Disclosure Act of 2009 in the US will restrict many credit card pricing and marketing practices. The nature and impact of future changes in the legal framework, policies and regulatory action cannot currently be fully predicted and are beyond the Group's control, but, especially in the area of banking regulation, are likely to have an impact on the Group's businesses and earnings.

The market for payment protection insurance ("**PPI**") has been under scrutiny by the UK competition authorities and financial services regulators. Following a reference from the Office of Fair Trading ("**OFT**") the UK Competition Commission ("**CC**") undertook an in-depth inquiry into the PPI market. The CC published its final report into the PPI market on 29th January, 2009 concluding that the businesses which offer PPI alongside credit face little or no competition when selling PPI to their credit customers. In March 2009, the Bank submitted a targeted appeal focused on the prohibition on sale of PPI at the point of sale ("**POSP**") remedy on the basis that it was not based on sound analysis, and is unduly draconian. The Competition Appeals Tribunal ("**CAT**") upheld the Bank's appeal on two grounds, meaning that the CC will be required to reconsider the POSP remedy and the basis for it, and made an order to that effect on 26th

November, 2009. This remittal process is expected to take until the autumn of 2010, at which time the CC will publish its final Remedies Order.

Separately, in 2006, the FSA published the outcome of its broad industry thematic review of PPI sales practices in which it concluded that some firms fail to treat customers fairly and that the FSA would strengthen its actions against such firms. Tackling poor PPI sales practices remains a priority for the FSA. In September 2009, the FSA issued a Consultation Paper on the assessment and redress of PPI complaints made on or after 14th January, 2005. The FSA has announced that it intends to publish a final version of the policy statement in early 2010 and will amend the DISP rules in the FSA Sourcebook. The Group voluntarily complied with the FSA's request to cease selling single premium PPI by the end of January 2009.

The OFT has carried out investigations into Visa and MasterCard credit card interchange rates. The decision by the OFT in the MasterCard interchange case was set aside by the CAT in 2006. The OFT is progressing its investigations in the Visa interchange case and a second MasterCard interchange case in parallel and both are ongoing. The outcome is not known but these investigations may have an impact on the consumer credit industry in general and therefore on the Group's business in this sector. In 2007, the OFT expanded its investigation into interchange rates to include debit cards.

Notwithstanding the UK Supreme Court ruling in relation to the current account charges test case, the Bank continues to be involved in the OFT's work on personal current accounts. The OFT initiated a market study into personal current accounts ("PCAs") in the UK in 2007 which also included an examination of other retail banking products, in particular savings accounts, credit cards, personal loans and mortgages in order to take into account the competitive dynamics of UK retail banking. In 2008, the OFT published its market study report, in which it concluded that certain features of the UK PCA market were not working well for consumers. The OFT reached the provisional view that some form of regulatory intervention is necessary in the UK PCA market. The OFT also held a consultation to seek views on the findings and possible measures to address the issues raised in its report. In October 2009, the OFT published a follow-up report containing details of voluntary initiatives agreed between the OFT and the industry. The Group has participated fully in the market study process and will continue to do so.

US laws and regulations require compliance with US economic sanctions, administered by the Office of Foreign Assets Control, against designated foreign countries, nationals and others. HM Treasury regulations similarly require compliance with sanctions adopted by the UK government. The Group has been conducting an internal review of its conduct with respect to US Dollar payments involving countries, persons and entities subject to these sanctions and has been reporting to governmental authorities about the results of that review. The Group received inquiries relating to these sanctions and certain US Dollar payments processed by its New York branch from the New York County District Attorney's Office and the US Department of Justice, which along with other authorities, has been reported to be conducting investigations of sanctions compliance by non-US financial institutions. The Group has responded to those inquiries and is cooperating with the regulators, the Department of Justice and the District Attorney's Office in connection with their investigations of the Group's conduct with respect to sanctions compliance. The Bank has also received a formal notice of investigation from the FSA, and has been keeping the FSA informed of the progress of the US investigations and the Group's internal review. The Group's review is ongoing. It is currently not possible to predict the ultimate resolution of the issues covered by the Group's review and the investigations, including the timing and potential financial impact of any resolution, which could be substantial.

4. To delete paragraphs 3, 4, 5 and 8(ii) at pages 100 to 102 inclusive of the Base Prospectus under the Section entitled "General Information", and to insert the following in their respective places:

"3. On 25th November, 2009, the UK Supreme Court decided the test case relating to current account overdraft charges in favour of the banks. The OFT subsequently confirmed

that it will not proceed with its investigation into the fairness of these charges following the Supreme Court judgment. Accordingly, the Group is seeking to have all outstanding claims which were premised on the same legal principles as those at issue in the test case discontinued or dismissed. There remain a small number of residual complaints challenging the charges on a different basis, but these complaints are not expected to have a material effect on the Bank.

The Bank, the Company and various current and former members of the Company's Board of Directors have been named as defendants in five proposed securities class actions (which have been consolidated) pending in the United States District Court for the Southern District of New York. The initial complaints, filed in 2009, allege that the registration statements relating to American Depositary Shares representing Preferred Stock, Series 2, 3, 4 and 5 ("**ADS**") offered by the Bank at various times between 2006 and 2008 contained misstatements and omissions concerning (amongst other things) the Bank's portfolio of mortgage-related (including U.S. subprime-related) securities and the Bank's financial condition. The complaints assert claims under Sections 11, 12(a)(2) and 15 of the Securities Act of 1933. The Bank considers that these ADS-related claims against it are without merit and is defending them vigorously. It is not possible to estimate any possible loss in relation to these claims or any effect that they might have upon operating results in any particular financial period.

On 15th September, 2009 motions were filed in the United States Bankruptcy Court for the Southern District of New York by Lehman Brothers Holdings Inc. ("**LBHI**"), the SIPA Trustee for Lehman Brothers Inc. (the "**Trustee**") and the Official Committee of Unsecured Creditors of Lehman Brothers Holdings Inc. (the Committee). All three motions challenge certain aspects of the transaction pursuant to which Barclays Capital Inc. ("**BCI**") and other companies in the Group acquired most of the assets of Lehman Brothers Inc. ("**LBI**") in September 2008 and the court order approving such sale. The claimants seek an order: voiding the transfer of certain assets to BCI; requiring BCI to return to the LBI estate alleged excess value BCI received; and declaring that BCI is not entitled to certain assets that it claims pursuant to the sale documents and order approving the sale. On 16th November, 2009, LBHI, the Trustee and the Committee filed separate complaints in the Bankruptcy Court asserting claims against BCI based on the same underlying allegations as the pending motions and seeking relief similar to that which is requested in the motions. On 29th January, 2010, BCI filed its response to the motions. The Bank considers that the motions and claims against BCI are without merit and BCI is vigorously defending its position. On 29th January, 2010, BCI also filed a motion seeking delivery of certain assets that LBHI and LBI have failed to deliver as required by the sale documents and the court order approving the sale. It is not possible to estimate any possible loss to the Bank in relation to these matters or any effect that these matters might have upon operating results in any particular financial period.

The Company and the Group are engaged in various other litigation proceedings both in the United Kingdom and a number of overseas jurisdictions, including the United States, involving claims by and against them which arise in the ordinary course of business. The Bank does not expect the ultimate resolution of any of the proceedings to which the Group is party to have a significant adverse effect on the financial position of the Group and the Bank has not disclosed the contingent liabilities associated with these claims either because they cannot reasonably be estimated or because such disclosure could be prejudicial to the conduct of the claims.

Save as disclosed in paragraphs 2 and 3 of this section 3, no member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Bank is aware), which may have or have had during the 12 months preceding the date of this Base Prospectus, a significant effect on the financial position or profitability of the Bank and/or the Group."

"4. There has been no significant change in the financial or trading position of the Company, the Bank or the Group since 30th June, 2009."

"5. There has been no material adverse change in the prospects of the Company, the Bank or the Group since 31st December, 2008."
