Pursuant to the Global Structured Securities Programme

10 Index linked Warrants due November 2022 ("**Tranche 1**")

Issue Price: GBP 25,000 per Warrant

This document constitutes the final terms of the Warrants (the "**Final Terms**") described herein for the purposes of Article 5.4 of the Prospectus Directive and is prepared in connection with the Global Structured Securities Programme established by Barclays Bank PLC (the "**Issuer**"). This Final Terms is supplemental to and should be read in conjunction with the GSSP Base Prospectus 6 dated 10 June 2016, as supplemented on 23 August 2016 (the "**Base Prospectus**"), which constitutes a base prospectus for the purpose of the Prospectus Directive. Full information on the Issuer and the offer of the Warrants is only available on the basis of the combination of this Final Terms and the Base Prospectus. A summary of the individual issue of the Warrants is annexed to this Final Terms. Words and expressions defined in the Base Prospectus and not defined in this document shall bear the same meanings when used herein.

The Base Prospectus and any supplements thereto are available for viewing at <http://irreports.barclays.com/prospectuses-and-documentation/structured-securities/prospectuses> and during normal business hours at the registered office of the Issuer and the specified office of the Issue and Paying Agent for the time being in London, and copies may be obtained from such office.

SUMMARY

Summaries are made up of disclosure requirements known as 'elements'. These elements are numbered in Sections A to E (A.1 to E.7).

Section A – Introduction and warnings		
A.1	Introduction and warnings	<p>This Summary should be read as an introduction to the Base Prospectus. Any decision to invest in Warrants should be based on consideration of the Base Prospectus as a whole, including any information incorporated by reference, and read together with the Final Terms.</p> <p>Where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff might, under the national legislation of the relevant Member State of the European Economic Area, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>No civil liability shall attach to any responsible person solely on the basis of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid holders when considering whether to invest in the Warrants.</p>
A.2	Consent by the Issuer to the use of prospectus in subsequent resale or final placement of Warrants	Not Applicable: the Issuer does not consent to the use of the Base Prospectus or the Final Terms by any other party for subsequent resale or final placement of the Warrants.
Section B – Issuer		
B.1	Legal and commercial name of the Issuer	The Warrants are issued by Barclays Bank PLC (the " Issuer ").
B.2	Domicile and legal form of the Issuer, legislation under which the Issuer operates and country of incorporation of the Issuer	<p>The Issuer is a public limited company registered in England and Wales.</p> <p>The principal laws and legislation under which the Issuer operates are the laws of England and Wales including the Companies Act.</p>
B.4b	Known trends affecting the Issuer and industries in which the Issuer operates	The business and earnings of the Issuer and its subsidiary undertakings (together, the " Bank Group " or " Barclays ") can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the UK, EU, US and elsewhere, which are all subject to change. The regulatory response to the financial crisis has led and will continue to lead to very substantial regulatory changes in the UK, EU and US and in other countries in which the Bank Group operates. It has also (amongst other things) led to (i) a more assertive approach being demonstrated by the authorities in many jurisdictions; and (ii) enhanced capital, leverage, liquidity and funding requirements (for example pursuant to the fourth Capital Requirements Directive (CRD IV)). Any future regulatory changes may restrict the Bank Group's operations, mandate certain lending activity and impose

		<p>other, significant compliance costs.</p> <p>Known trends affecting the Issuer and the industry in which the Issuer operates include:</p> <ul style="list-style-type: none"> • continuing political and regulatory scrutiny of the banking industry which is leading to increased or changing regulation that is likely to have a significant effect on the structure and management of the Bank Group; • general changes in regulatory requirements, for example, prudential rules relating to the capital adequacy framework and rules designed to promote financial stability and increase depositor protection, increased regulation and procedures for the protection of customers and clients of financial services firms and an increased willingness on the part of regulators to investigate past practices, vigorously pursue alleged violations and impose heavy penalties on financial services firms; • increased levels of legal proceedings in jurisdictions in which the Bank Group does business, including in the form of class actions; • the US Dodd-Frank Wall Street Reform and Consumer Protection Act, which contains far-reaching regulatory reform (including restrictions on proprietary trading and fund-related activities (the so-called 'Volcker rule')); • the United Kingdom Financial Services (Banking Reform) Act 2013 which gives United Kingdom authorities powers to implement measures for, among others: (i) the separation of the United Kingdom and EEA retail banking activities of the largest United Kingdom banks into a legally, operationally and economically separate and independent entity (so-called 'ring-fencing'); (ii) statutory depositor preference in insolvency; and (iii) a 'bail-in' stabilisation option; and • changes in competition and pricing environments.
B.5	Description of the group and the Issuer's position within the group	<p>Barclays is a major global financial services provider.</p> <p>The whole of the issued ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Bank Group.</p>
B.9	Profit forecast or estimate	Not Applicable: the Issuer has chosen not to include a profit forecast or estimate.
B.10	Nature of any qualifications in audit report on historical financial information	Not Applicable: the audit report on the historical financial information contains no such qualifications.
B.12	Selected key financial information; no material adverse change and no significant change statements	Based on the Bank Group's audited financial information for the year ended 31 December 2015, the Bank Group had total assets of £1,120,727m (2014: £1,358,693m), total net loans and advances of £441,046m (2014: £470,424m), total deposits of £465,387m (2014: £486,258m), and total shareholders' equity of £66,019m (2014: £66,045m) (including non-controlling interests of £1,914m (2014: £2,251m)). The profit before tax from continuing operations of the Bank Group for the year ended 31 December 2015 was £2,841m

		<p>(2014: £2,309m) after credit impairment charges and other provisions of £2,114m (2014: £2,168m). The financial information in this paragraph is extracted from the audited consolidated financial statements of the Issuer for the year ended 31 December 2015.</p> <p>Based on the Bank Group's unaudited financial information for the six months ended 30 June 2016, the Issuer Group had total assets of £1,351,958 million (30 June 2015: £1,197,555 million), total net loans and advances of £473,962 million (30 June 2015: £475,826 million), total deposits of £500,919 million (30 June 2015: £494,423 million), and total shareholders' equity of £69,599 million (30 June 2015: £65,710 million) (including non-controlling interests of £2,976 million (30 June 2015: £2,153 million)). The profit before tax from continuing operations of the Issuer's Group for the six months ended 30 June 2016 was £3,017 million (30 June 2015: £2,635 million) after credit impairment charges and other provisions of £931 million (30 June 2015: £779 million). The financial information in this paragraph is extracted from the unaudited consolidated financial statements of the Issuer for the six months ended 30 June 2016.</p> <p>Not Applicable. There has been no significant change in the financial or trading position of the Bank Group since 30 June 2016.</p> <p>There has been no material adverse change in the prospects of the Issuer since 31 December 2015.</p>
B.13	Recent events particular to the Issuer which are materially relevant to the evaluation of Issuer's solvency	Not Applicable: there have been no recent events particular to the Issuer which are to a material extent relevant to the evaluation of the Issuer's solvency.
B.14	Dependency of the Issuer on other entities within the group	<p>The whole of the issued ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Bank Group.</p> <p>The financial position of the Issuer is dependent on the financial position of its subsidiary undertakings.</p>
B.15	Description of the Issuer's principal activities	The Bank Group is a major global financial services provider engaged in retail and commercial banking, credit cards, investment banking, wealth management and investment management services with an extensive international presence in Europe, the United States, Africa and Asia.
B.16	Description of whether the Issuer is directly or indirectly owned or controlled and by whom and nature of such control	The whole of the issued ordinary share capital of the Issuer is beneficially owned by Barclays PLC, which is the ultimate holding company of the Issuer and its subsidiary undertakings.
Section C – Securities		
C.1	Type and class of Warrants being offered and/or admitted to trading	<p>The warrants described in this Summary (the "Warrants") are derivative warrants.</p> <p>Identification: Series number: NX000186545; Tranche number: 1</p>

		Identification Codes: ISIN: GB00B8MNRK12; Common Code: 81374350
C.2	Currency	Subject to compliance with all applicable laws, regulations and directives, Warrants may be issued in any currency. The Warrants will be denominated in pounds sterling (" GBP ").
C.5	Description of restrictions on free transferability of the Warrants	The Warrants and, as applicable, the entitlements may not be offered, sold or transferred directly or indirectly to, or for the account or benefit of, any US person for a period of 40 days from the relevant issue date. No offers, sales, resales or deliveries of any Warrants may be made in or from any jurisdiction and/or to any individual or entity except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on the Issuer and/or the Managers (the " Managers "). Subject to the above, the Warrants will be freely transferable.
C.8	Description of rights attached to the Warrants, and limitations to those rights; ranking of the Warrants	<p style="text-align: center;">RIGHTS</p> <p>The Warrants will be issued on 29 November 2016 (the "Issue Date") at GBP 25,000 per Warrant (the "Issue Price") and will give each holder of Warrants the right to receive a potential return on the Warrants (see C.15 below), together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on future amendments to the terms and conditions of the Warrants.</p> <p>Taxation: All payments in respect of the Warrants shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law.</p> <p>Events of default: If the Issuer fails to make any payment or delivery due under the Warrants (and such failure is not remedied within 30 days), the Warrants will become immediately due and payable, upon notice being given by the investor.</p> <p style="text-align: center;">RANKING</p> <p>Warrants are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.</p> <p style="text-align: center;">LIMITATIONS ON RIGHTS</p> <p>Notwithstanding that the Warrants are linked to the performance of the underlying asset(s), holders do not have any rights in respect of the underlying assets(s). The terms and conditions of the Warrants contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority. Further, in certain circumstances, the Issuer may amend the terms and conditions of the Warrants, without the holders' consent. The terms and conditions of the Warrants permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Warrants, to cancel the Warrants</p>

		prior to scheduled final cancellation, (where applicable) to postpone valuation of the underlying asset(s) or scheduled payments under the Warrants, to change the currency in which payments are made under the Warrants, to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the Warrants and the underlying asset(s) (if any).
C.11	Admission to trading	Application is expected to be made by the Issuer (or on its behalf) for the Warrants to be admitted to trading on the regulated market of the Luxembourg Stock Exchange on or around 29 November 2016.
C.15	Description of how the value of the investment is affected by the value of the underlying instrument	<p>The return on, and value of, Warrants will be linked to the performance of: (i) one or more specified equity indices, shares, depository receipts and/or exchange-traded funds; or (ii) one or more specified commodities and/or commodity indices (each, an "Underlying Asset").</p> <p>The Underlying Asset for this issue of Warrants is the FTSE 100 Index.</p> <p>Calculations in respect of amounts payable under the Warrants are made by reference to a "Calculation Amount", being GBP 25,000.</p> <p>Determination Agent: Barclays Bank PLC (the "Determination Agent") will be appointed to make calculations and determinations with respect to the Warrants.</p> <p>Exercise: If the Warrants have not been cancelled early and if the settlement value of the Warrants (the "Settlement Value") is greater than the exercise price (the "Exercise Price"), the Warrants will be automatically exercised by the Issuer on the Exercise Date (being 22 November 2022). If the Settlement Value is not greater than the Exercise Price, the Warrants will be cancelled without exercise on the Exercise Date and no amount or entitlement will be payable or deliverable to investors.</p> <p>The Exercise Price for this issue of Warrants is GBP 2,500.</p> <p>The Settlement Value impacts the amount which is payable or the entitlement which is deliverable upon exercise. The Settlement Value will be calculated as the Exercise Price plus an amount dependent on the price or level of the Underlying Asset on one or more specified dates during the life of the Warrants. In particular, the Settlement Value will depend on the following:</p> <ul style="list-style-type: none"> • the Exercise Price, being GBP 2,500; • the 'Initial Price' of the Underlying Asset, which reflects the price or level of that Underlying Asset on the Issue Date of the Warrants (being 6,819.72) and is used as the reference point for determining the performance of any investment; • the 'Final Valuation Price' of the Underlying Asset, which reflects the price or level of that Underlying Asset on or near the Exercise Date; • the 'Strike Price' of the Underlying Asset, which is calculated as 100.00% multiplied by the Initial Price of that Underlying Asset; • the "Strike Price Percentage" which is 100.00%;

		<ul style="list-style-type: none"> • the 'Final Barrier' of the Underlying Asset, which is calculated as 100.00% multiplied by the Initial Price of that Underlying Asset; • the 'Knock-in Barrier Price' of the Underlying Asset, which is calculated as 50.00% multiplied by the Initial Price of that Underlying Asset; and • whether or not a “Trigger Event” has occurred. <p>Initial Price: The Initial Price of the Underlying Asset is the closing price or level of the Underlying Asset on 22 November 2016.</p> <p>Final Valuation Price: The Final Valuation Price of the Underlying Asset is the closing price or level of the Underlying Asset on 22 November 2022.</p> <p>Calculation of the Settlement Value</p> <p>There are several threshold levels which will affect the calculation of the Settlement Value. In particular, the Settlement Value will be calculated differently depending on whether or not the price or level of the Underlying Asset on certain dates is equal to, above or below certain specified threshold levels. In other words, the Settlement Value will be calculated differently depending on whether or not the performance of the Underlying Asset satisfies certain 'threshold tests'.</p> <p><i>The first threshold test</i> for this issue of Warrants is whether:</p> <p>The Final Valuation Price of the Underlying Asset is greater than or equal to the Final Barrier of the Underlying Asset.</p> <p><i>If the first threshold test is satisfied</i>, the Settlement Value will be calculated as follows:</p> <p>Settlement Value = (i) the Exercise Price (being GBP 2,500), plus (ii) the Final Autocall Settlement Percentage (being 161.50%) multiplied by the Calculation Amount (being GBP 25,000).</p> <p><i>If the first threshold test is not satisfied</i>, a second threshold test will be considered:</p> <p><i>The second threshold test</i> for this issue of Warrants is whether:</p> <p>Either the Final Valuation Price of the Underlying Asset is greater than or equal to the Strike Price of the Underlying Asset <u>or</u> a ‘Trigger Event’ has not occurred.</p> <p>A ‘Trigger Event’ occurs if the closing price or level of the Underlying Asset on any scheduled trading day from and including 23 November 2016 to and including 22 November 2022 is less than the Knock-in Barrier Price</p> <p><i>If the second threshold test <u>is</u> satisfied</i>, the Settlement Value will be calculated as follows:</p> <p>Settlement Value = (i) the Exercise Price (being GBP 2,500 per Warrant), plus (ii) 100% multiplied by the Calculation Amount (being GBP 25,000).</p>
--	--	--

If the second threshold test is not satisfied, the Settlement Value will instead be calculated as follows:

Settlement Value = (i) the Exercise Price (being GBP 2,500), plus (ii) the Final Valuation Price of the Underlying Asset divided by the Strike Price of the Underlying Asset and then multiplied by the Calculation Amount (being GBP 25,000).

Settlement

Following exercise of the Warrants and provided that all conditions to settlement have been fulfilled by investors (including payment of any Exercise Price), investors will receive, per Calculation Amount:

a cash amount per Calculation Amount equal to the Settlement Value payable on 29 November 2022.

Early cancellation following an autocall event:

If the closing price or level of the Underlying Asset is greater than or equal to its corresponding Autocall Barrier on any Autocall Valuation Date, the Warrants will be automatically cancelled prior to the Exercise Date and each investor will receive (per Calculation Amount):

a cash amount equal to the Autocall Early Cash Settlement Percentage as specified in the table below multiplied by the Calculation Amount (being GBP 25,000), payable on the relevant Autocall Early Cancellation Date.

The 'Autocall Barrier' of the Underlying Asset is calculated as the Autocall Barrier Percentage specified in the table below multiplied by the Initial Price of the Underlying Asset.

Each Autocall Valuation Date and the corresponding Autocall Early Cancellation Date, Autocall Barrier and Autocall Early Cash Settlement Percentage is specified in the table below:

Autocall Valuation Date	Autocall Early Cancellation Date	Autocall Barrier Percentage	Autocall Early Cash Settlement Percentage
22 November 2017	29 November 2017	100.00%	110.25%
22 November 2018	29 November 2018	100.00%	120.50%
22 November 2019	29 November 2019	100.00%	130.75%
23 November 2020	30 November 2020	100.00%	141.00%
22 November 2021	29 November 2021	100.00%	151.25%

Optional early cancellation:

The Warrants cannot be cancelled early at the option of the Issuer or the investors.

		<p>Issuer Early Cancellation Option: The Issuer may elect to cancel all of the Warrants (in whole only) on the 5th business day following the Issue Date by giving notice to investors on the business day following the Issue Date.</p> <p>Following the exercise of this option, the Warrants will be cancelled and investors will receive a cash payment per Calculation Amount equal to the issue price of the Warrants (being GBP 25,000).</p> <p>Investor Early Cancellation Option: An investor may elect to cancel a Warrant (in whole only) on the 5th business day following the Issue Date by giving notice to the Issuer on the business day following the Issue Date.</p> <p>Following the exercise of this option, the Warrants will be cancelled and investors will receive a cash payment per Calculation Amount equal to the issue price of the Warrants (being GBP 25,000).</p>
C.16	Expiration or maturity date of the Warrants	<p>The Warrants are scheduled to be exercisable on the exercise date (the "Exercise Date"). This day is subject to postponement in circumstances where any day on which a valuation is scheduled to take place is a disrupted day.</p> <p>The Exercise Date of this issue of Warrants is the final valuation date, which is scheduled to be 22 November 2022.</p>
C.17	Settlement procedure of the derivative securities	<p>Warrants will be delivered on the specified Issue Date either against payment of the issue price or free of payment of the issue price of the Warrants. Section D – Risks		
D.2	Key information on the key risks that are specific to the Issuer	<p>Principal Risks relating to the Issuer: Material risks and their impact are described below in two sections: (i) Material existing and emerging risks by Principal Risk and (ii) Material existing and emerging risks potentially impacting more than one Principal Risk. The five principal risks are currently categorised as: (1) Credit Risk; (2) Market Risk; (3) Funding Risk; (4) Operational Risk; and (5) Conduct Risk (within the meaning of the Issuer's Enterprise Risk Management Framework, each a "Principal Risk").</p> <p>(i) Material existing and emerging risks by Principal Risk:</p> <p>Credit risk: The financial condition of the Group's customers, clients and counterparties, including governments and other financial institutions, could adversely affect the Group. The term "Group" means Barclays PLC together with its subsidiaries. The Group may suffer financial loss if any of its customers, clients or market counterparties fails to fulfil their contractual obligations to the Group. Furthermore, the Group may also suffer loss when the value of the Group's investment in the financial instruments of an entity falls as a result of that entity's credit rating being downgraded. In addition, the Group may incur significant unrealised gains or losses due to changes in the Group's credit spreads or those of third parties, as these changes affect the fair value of the Group's derivative instruments, debt securities that the Group holds or issues, and loans held at fair value.</p> <p>Market risk: The Group's financial position may be adversely affected by changes in both the level and volatility of prices leading to lower revenues, or reduced capital. The Group is also at risk from movements in foreign currency exchange rates as these impact the sterling equivalent value of foreign currency denominated assets in the banking book, exposing it to currency translation risk.</p> <p>Funding risk: The ability of the Group to achieve its business plans may be adversely impacted if it does not effectively manage its capital (including leverage), liquidity and other regulatory requirements. The Group may not be able to achieve its business plans due to: (i) being unable to maintain appropriate capital ratios; (ii) being unable to meet its</p>

		<p>obligations as they fall due; (iii) rating agency methodology changes resulting in ratings downgrades; and (iv) adverse changes in foreign exchange rates on capital ratios.</p> <p>Operational risk: The operational risk profile of the Group may change as a result of human factors, inadequate or failed internal processes and systems, or external events. The Group is exposed to many types of operational risk. This includes: fraudulent and other internal and external criminal activities; the risk of breakdowns in processes, controls or procedures (or their inadequacy relative to the size and scope of the Group's business); systems failures or an attempt, by an external party, to make a service or supporting infrastructure unavailable to its intended users, and the risk of geopolitical cyber threat activity which destabilises or destroys the Group's information technology, or critical infrastructure the Group depends upon but does not control. The Group is also subject to the risk of business disruption arising from events wholly or partially beyond its control for example natural disasters, acts of terrorism, epidemics and transport or utility failures, which may give rise to losses or reductions in service to customers and/or economic loss to the Group. All of these risks are also applicable where the Group relies on outside suppliers or vendors to provide services to it and its customers. The operational risks that the Group is exposed to could change rapidly and there is no guarantee that the Group's processes, controls, procedures and systems are sufficient to address, or could adapt promptly to, such changing risks to avoid the risk of loss.</p> <p>Legal, competition and regulatory matters: Legal disputes, regulatory investigations, fines and other sanctions relating to conduct of business and financial crime may negatively affect the Group's results, reputation and ability to conduct its business.</p> <p>Risks arising from regulation of the financial services industry: The financial services industry continues to be the focus of significant regulatory change and scrutiny which may adversely affect the Group's business, financial performance, capital and risk management strategies.</p> <p>Conduct risk:</p> <p>Organisational Change: The Group is at risk of not being able to meet customer and regulatory expectations due to a failure to appropriately manage the: (i) complexity in business practice, processes and systems; (ii) challenges faced in product suitability, automation and portfolio-level risk monitoring; (iii) resilience of its technology; and, (iv) execution strategy, including the failure to fulfil the high level of operational precision required for effective execution in order to deliver positive customer outcomes.</p> <p>Legacy Issues: Barclays remains at risk from the potential outcomes of a number of investigations relating to its past conduct. Many stakeholders will remain sceptical and so the risk to Barclays' reputation will remain. Barclays continues to work to rebuild customer</p>

		<p>trust and market confidence impacted by legacy issues.</p> <p>Market Integrity: There are potential risks arising from conflicts of interest. While primarily relevant to the Investment Bank, these potential risks may also impact the corporate and retail customer base.</p> <p>Financial Crime: The Group, as a global financial services firm, is exposed to the risks associated with money laundering, terrorist financing, bribery and corruption and sanctions.</p> <p>Any one, or combination, of the above risks could have significant impact on the Group's reputation and may also lead to potentially large costs to both rectify this issue and reimburse losses incurred by customers and regulatory censure and penalties.</p> <p>(ii) Material existing and emerging risks potentially impacting more than one Principal Risk:</p> <p>Structural Reform (emerging risk):</p> <p>The UK Financial Services (Banking Reform) Act 2013 (the UK Banking Reform Act) and associated secondary legislation and regulatory rules, require the separation of the Group's UK and EEA retail and SME deposit-taking activities into a legally, operationally and economically separate and independent entity and restrict the types of activity such an entity may conduct (so-called 'ring fencing').</p> <p>Business conditions, general economy and geopolitical issues:</p> <p>The Group's performance could be adversely affected in relation to more than one Principal Risk by a weak or deteriorating global economy or political instability. These factors may also occur in one or more of the Group's main countries of operation. The Group offers a broad range of services to retail, institutional and government customers, in a large number of countries. The breadth of these operations means that deterioration in the economic environment, or an increase in political instability in countries where it is active, or any other systemically important economy, could adversely affect the Group's performance.</p> <p>Business Change/Execution (emerging risk):</p> <p>As Barclays moves towards a single point of entry (Holding Company) resolution model and implementation of the Structural Reform Programme Execution, the expected level of structural and strategic change to be implemented over the medium term will be disruptive and is likely to increase funding and operational risks for the Group and could impact its revenues and businesses.</p> <p>If any of the risks were to occur, singly or in aggregate, they could have a material adverse effect on the Group's business, results of operations and financial condition.</p> <p>Regulatory action in the event a bank in the Group (such as the Issuer) is failing or likely to fail could materially adversely affect</p>
--	--	---

		<p>the value of the Warrants: The Bank Recovery and Resolution Directive (the "BRRD") provides an EU-wide framework for the recovery and resolution of credit institutions and investment firms, their subsidiaries and certain holding companies. The BRRD (including the Bail-In tool) was implemented in the United Kingdom Banking Act 2009 as amended ("Banking Act") in January 2015 and came into force on 1 January 2016. The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks or investment firms and certain of their affiliates in the event a bank or investment firm in the same group is considered to be failing or likely to fail. The exercise of any of these actions in relation to the Issuer could materially adversely affect the value of the Warrants.</p> <p>A downgrade of the credit rating assigned by any credit rating agency to the Issuer could adversely affect the liquidity or market value of the Warrants. Credit ratings downgrade could occur as a result of, among other causes, changes in the ratings methodologies used by credit rating agencies. Changes in credit rating agencies' views of the level of implicit sovereign support for European banks and their groups are likely to lead to credit ratings downgrades.</p> <p>The Issuer is affected by risks affecting the Group: The Issuer is also affected by risks affecting the Group as there is substantial overlap in the businesses of the Issuer and its subsidiaries. Further, the Issuer can be negatively affected by risks and other events affecting its subsidiaries even where the Issuer is not directly affected.</p>
D.6	<p>Key information on the key risks that are specific to the Warrants and risk warning that investors may lose some or all of the value of their investment</p>	<p>You may lose up to the entire value of your investment if the Issuer fails or is otherwise unable to meet its payment or delivery obligations.</p> <p>The terms of the Warrants do not provide for scheduled minimum payment of the face value or issue price of the Warrants on exercise or following any early cancellation: depending on the performance of the Underlying Asset(s), you may lose some or all of your investment.</p> <p>The payment of any amount or delivery of any property due under the Warrants is dependent upon the Issuer's ability to fulfil its obligations when they fall due. The Warrants are unsecured obligations. They are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any other deposit protection insurance scheme. Therefore, if the Issuer fails or is otherwise unable to meet its payment or delivery obligations under the Warrants, you will lose some or all of your investment.</p> <p>You may also lose the value of your investment if:</p> <ul style="list-style-type: none"> • the Underlying Asset(s) perform in such a manner that the settlement amount or entitlement payable or deliverable to you (whether at exercise or following any early cancellation, and including after deduction of any applicable taxes and expenses) is less than the initial purchase price and could be as low as zero; • you sell your Warrants prior to scheduled exercise in the

		<p>secondary market (if any) at an amount that is less than the initial purchase price;</p> <ul style="list-style-type: none"> • the Warrants are cancelled early following the occurrence of an extraordinary event in relation to the Underlying Asset, the Issuer, the Issuer's hedging arrangement, the relevant currencies or taxation (such as following an additional disruption event) and the amount you receive on such early cancellation is less than the initial purchase price; and/or • the terms and conditions of the Warrants are adjusted (in accordance with the terms and conditions of the Warrants) with the result that the settlement amount payable to you and/or the value of the Warrants is reduced. <p>Return linked to performance of one or more Underlying Assets: The return on the Warrants is linked to the change in value of the Underlying Asset(s) over the life of the Warrants. Any information about the past performance of the Underlying Asset(s) should not be taken as an indication of how prices will change in the future. You will not have any rights of ownership, including, without limitation, any voting rights or rights to receive dividends, in respect of the Underlying Asset(s).</p> <p>Conditions to settlement: Payment of any settlement amount or delivery of any settlement entitlement is subject to satisfaction of all conditions to settlement by you, including payment of any Exercise Price and/or taxes due with respect to the Warrants. If you fail to comply with these conditions, the obligations of the Issuer to you may be discharged without any payment or delivery being made.</p> <p>Reinvestment risk/loss of yield: Following an early cancellation of the Warrants for any reason, holders may be unable to reinvest the cancellation proceeds at a rate of return as high as the return on the Warrants being cancelled.</p> <p>Equity Index risks: Warrants linked to the performance of equity indices provide investment diversification opportunities, but will be subject to the risk of fluctuations in both equity prices and the value and volatility of the relevant equity index. Warrants linked to equity indices may not participate in dividends or any other distributions paid on the shares which make up such indices, accordingly, you may receive a lower return on the Warrants than you would have received if you had invested directly in those shares.</p> <p>The index sponsor can add, delete or substitute the components of an equity index at its discretion, and may also alter the methodology used to calculate the level of such index. These events may have a detrimental impact on the level of that index, which in turn could have a negative impact on the value of and return on the Warrants.</p> <p>Volatile market prices: The market value of the Warrants is unpredictable and may be highly volatile, as it can be affected by many unpredictable factors, including: market interest and yield rates; fluctuations in currency exchange rates; exchange controls; the time remaining until the Warrants are scheduled to exercise; economic, financial, regulatory, political, terrorist, military or other events in one or more jurisdictions; changes in laws or regulations; and the Issuer's creditworthiness or perceived creditworthiness.</p>
Section E – Offer		

E.2b	Reasons for offer and use of proceeds when different from making profit and/or hedging certain risks	<p>The net proceeds from each issue of Warrants will be applied by the Issuer for its general corporate purposes, which include making a profit and/or hedging certain risks. If the Issuer elects at the time of issuance of Warrants to make different or more specific use of proceeds, such use will be described in the Final Terms and summarised below.</p> <p>Not Applicable: the net proceeds will be applied by the Issuer for making profit and/or hedging certain risks.</p>
E.3	Description of the terms and conditions of the offer	<p>The Warrants will be offered to the dealer at the Issue Price and will not be offered to the public.</p>
E.4	Description of any interest material to the issue/offer, including conflicting interests	<p>The Manager and its affiliates may be engaged, and may in the future engage, in hedging transactions with respect to the Underlying Asset.</p>
E.7	Estimated expenses charged to investor by the Issuer	<p>The Issuer will not charge any expenses to holders in connection with any issue of Warrants. Not Applicable: no expenses will be charged to the holder by the Issuer or the offeror.</p>
