SUPPLEMENT 3/2015

BARCLAYS BANK PLC
(Incorporated with limited liability in England and Wales)

Pursuant to the Global Structured Securities Programme

This supplement dated 2 September 2015 (the "Supplement") is supplemental to and must be read in conjunction with the Registration Document 2/2015 dated 2 June 2015 (the “2 June 2015 Registration Document”) of Barclays Bank PLC (the “Bank”) in its capacity as issuer (the "Issuer"), Combined Supplement 1/2015 dated 29 June 2015, Supplement 2/2015 to the Registration Document dated 7 August 2015 (the 2 June 2015 Registration document, as supplemented up to the date of this Supplement, the “Registration Document”).

This Supplement constitutes a supplement for the purposes of Directive 2003/71/EC (and amendments thereto) (the "Prospectus Directive") and for the purpose of Section 87G of the UK Financial Services and Markets Act 2000 ("FSMA").

This Supplement incorporates by reference the joint unaudited Interim Results Announcement of Barclays PLC and the Bank as filed with the United States Securities and Exchange Commission ("SEC") on Form 6-K on 29 July 2015 (the “Q2 2015 Results Announcement”).

The purpose of this Supplement is to update certain sections of the Registration Document as a result of the release of the Q2 2015 Results Announcement.

Updates to Risk Factors

The second paragraph in Paragraph (v) (Legal, competition and regulatory matters) under the sub-section entitled “Operational risk” shall be updated as follows:

‘Details of material legal, competition, and regulatory matters to which the Group is currently exposed are set out in Note 17 (Legal, competition and regulatory matters) to the financial statements of Barclays PLC contained in the Q2 2015 Results Announcement. In addition to those material ongoing matters, the Group is engaged in numerous other legal proceedings in various jurisdictions which arise in the ordinary course of business, as well as being subject to requests for information, investigations and other reviews by regulators and other authorities in connection with business activities in which the Group is or has been engaged. In light of the uncertainties involved in legal, competition and regulatory matters, there can be no
assurance that the outcome of a particular matter or matters will not be material to
the Group’s results of operations or cash flow for a particular period, depending on,
among other things, the amount of the loss resulting from the matter(s) and the
amount of income otherwise reported for the period.’

Updates to Forward-Looking Statements

The section entitled “Forward-Looking Statements” shall be updated as follows:

‘This Registration Document and certain documents incorporated by reference herein contain certain forward-looking statements within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, and Section 27A of the US Securities Act of 1933, as amended, with respect to the Group. The Bank cautions readers that no forward-looking statement is a guarantee of future performance and that actual results or other financial condition or performance measures could differ materially from those contained in the forward-looking statements. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as ‘may’, ‘will’, ‘seek’, ‘continue’, ‘aim’, ‘anticipate’, ‘target’, ‘projected’, ‘expect’, ‘estimate’, ‘intend’, ‘plan’, ‘goal’, ‘believe’, ‘achieve’ or other words of similar meaning. Examples of forward-looking statements include, among others, statements regarding the Group’s future financial position, income growth, assets, impairment charges and provisions, business strategy, capital, leverage and other regulatory ratios, payment of dividends (including dividend pay-out ratios), projected levels of growth in the banking and financial markets, projected costs or savings, original and revised commitments and targets in connection with the Transform Programme and Group Strategy Update, run-down of assets and businesses within Barclays Non-Core, estimates of capital expenditures and plans and objectives for future operations, projected employee numbers and other statements that are not historical fact.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. These may be affected by changes in legislation, the development of standards and interpretations under IFRS, evolving practices with regard to the interpretation and application of accounting and regulatory standards, the outcome of current and future legal proceedings and regulatory investigations, future levels of conduct provisions, the policies and actions of governmental and regulatory authorities, geopolitical risks and the impact of
competition. In addition, factors including (but not limited to) the following may have an effect: capital, leverage and other regulatory rules (including with regard to the future structure of the Group) applicable to past, current and future periods; UK, United States, Africa, Eurozone and global macroeconomic and business conditions; the effects of continued volatility in credit markets; market related risks such as changes in interest rates and foreign exchange rates; effects of changes in valuation of credit market exposures; changes in valuation of issued securities; volatility in capital markets; changes in credit ratings of any entities within the Group or any securities issued by such entities; the potential for one or more countries exiting the Eurozone; the implementation of the Transform Programme; and the success of future acquisitions, disposals and other strategic transactions. A number of these influences and factors are beyond the Group’s control. As a result, the Group’s actual future results, dividend payments, and capital and leverage ratios may differ materially from the plans, goals, and expectations set forth in the Group’s forward-looking statements. Additional risks and factors which may impact the Group’s future financial condition and performance are identified in the Group’s filings with the US Securities and Exchange Commission (the SEC) (including in the Joint Annual Report (as defined in the Information Incorporated by Reference section above)) which are available on the SEC’s website at http://www.sec.gov.

Subject to our obligations under the applicable laws and regulations of the United Kingdom and the United States in relation to disclosure and ongoing information, we undertake no obligation to update publicly or revise any forward looking statements, whether as a result of new information, future events or otherwise.'
