This Prospectus Supplement constitutes a prospectus supplement in respect of the Prospectuses for the purposes of Article 13 of Chapter 1 of Part II of the Luxembourg Law on Prospectuses for Securities dated 10 July 2005 and amended on 3 July 2012 (the "Luxembourg Law").

Each Prospectus incorporates by reference the registration document dated 2 June 2015 (the "Registration Document"), as prepared by the Bank, in its capacity as issuer pursuant to its Global Structured Securities Programme (the "Programme").

The purpose of this Prospectus Supplement is to:

1. update the Summary of GSSP Base Prospectus 9 to take into account new information to the ratings;
2. supplement the section relating to risk factors;
3. supplement the information relating to the Issuer and the Group; and
4. supplement the information relating to ratings.

Each of the Prospectuses shall be supplemented as follows:

1. **Updates to the Summary**

   In respect of GSSP Base Prospectus 9, the information appearing in the first paragraph of the third column of Element B.17 on page 14 is replaced with the addition of the following language:

   The short-term unsecured obligations of the Issuer are rated A-2 by Standard & Poor’s Credit Market Services Europe Limited, P-1 by Moody’s Investors Service Ltd. and F1 by Fitch Ratings Limited and the long-term obligations of the Issuer are rated A- by Standard & Poor’s Credit Market Services Europe Limited, A2 by Moody’s Investors Service Ltd. and A by Fitch Ratings Limited. A specific issue of Securities may be rated or unrated.

   **Ratings**: This issue of Securities will [not be rated][be rated as [●] by [Fitch Ratings Limited] [Moody’s Investors Service Ltd.] [Standard & Poor’s Credit Market Services Europe Limited]].

2. **Amendments to Risk Factors**

   (a) In respect of each Base Prospectus, the information under the heading entitled ‘Rating agency methodology changes’ on page 11 of the Registration Document is replaced with the addition of the following language:

   Please see “A downgrade of the credit rating assigned by any credit rating agency to the Issuer or the Securities could adversely affect the liquidity or market value of the Securities. Credit ratings downgrades could occur as a result of, among other causes, changes in the ratings methodologies used by credit rating agencies. Changes in credit rating agencies’ views of the level of implicit sovereign support for European banks and their groups are likely to lead to ratings downgrades” below for a description of the proposed changes in bank ratings methodologies. While ratings reviews anticipated in 2015 have now been concluded, there is a risk that the downgrade actions taken, or any potential future downgrades, could impact the Group’s performance should borrowing cost and liquidity change significantly versus expectations or the credit spreads of the Group be negatively affected.

   (b) In respect of each Base Prospectus, the information under the heading entitled ‘A downgrade of the credit rating assigned by any credit rating agency to the Issuer or the Securities could adversely affect the liquidity or market value of the Securities. Credit Ratings downgrades could occur as a result of, among other causes, changes in the ratings methodologies used by credit rating agencies’ views of the level of implicit sovereign support for European banks and their groups are likely to lead to ratings downgrades’ on pages 17 and 18 of the Registration Document is replaced with the addition of the following language:

   The Securities may be rated by credit rating agencies and may in the future be rated by additional credit rating agencies, although the Issuer is under no
obligation to ensure that the Securities are rated by any credit rating agency. Credit ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in these Risk Factors and other factors that may affect the liquidity or market value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the credit rating agency at any time.

Any rating assigned to the Issuer and/or the Securities may be withdrawn entirely by a credit rating agency, may be suspended or may be lowered, if, in that credit rating agency’s judgment, circumstances relating to the basis of the rating so warrant. Ratings may be impacted by a number of factors which can change over time, including the credit rating agency’s assessment of: the issuer’s strategy and management’s capability; the issuer’s financial condition including in respect of capital, funding and liquidity; competitive and economic conditions in the issuer’s key markets; the level of political support for the industries in which the issuer operates; and legal and regulatory frameworks affecting the issuer’s legal structure, business activities and the rights of its creditors. The credit rating agencies may also revise the ratings methodologies applicable to issuers within a particular industry, or political or economic region. If credit rating agencies perceive there to be adverse changes in the factors affecting an issuer’s credit rating, including by virtue of changes to applicable ratings methodologies, the credit rating agencies may downgrade, suspend or withdraw the ratings assigned to an issuer and/or its securities. In particular, Moody’s, Standard & Poor’s and Fitch each published revised methodologies applicable to bank ratings (including the Issuer and Barclays PLC) during 2015 which resulted in credit rating actions being taken on the Issuer’s ratings and the ratings of Barclays PLC. Further revisions to ratings methodologies and actions on the issuer’s ratings or the ratings of Barclays PLC by the credit rating agencies may occur in the future.

If the Issuer determines to no longer maintain one or more ratings, or if any credit rating agency withdraws, suspends or downgrades the credit ratings of the Issuer or the Securities, or if such a withdrawal, suspension or downgrade is anticipated (or any credit rating agency places the credit ratings of the Issuer or the Securities on “credit watch” status in contemplation of a downgrade, suspension or withdrawal), whether as a result of the factors described above or otherwise, such event could adversely affect the liquidity or market value of the Securities.

3. Amendments to the Issuer and the Group

In respect of each Base Prospectus, the information appearing in ‘The Issuer and the Group’ on page 24 of the Registration Document is updated with the following to disclose the most recent ratings information:

The short term unsecured obligations of the Issuer are rated A-2 by Standard & Poor’s Credit Market Services Europe Limited, P-1 by Moody’s Investors Service Ltd. and F1 by Fitch Ratings Limited and the unsecured unsubordinated long-term obligations of the Issuer are rated A- by Standard & Poor’s Credit Market Services Europe Limited, A2 by Moody’s Investors Service Ltd. and A by Fitch Ratings Limited.
4. Amendments to information relating to Ratings

In respect of GSSP Base Prospectus 9, GSSP Base Prospectus 6 and GSSP Base Prospectus 11, the information in the second paragraph under the heading “Ratings” on pages 42 and 43 of the Registration Document and page 4 of GSSP Base Prospectus 9 is updated to read as follows:

‘the short-term unsecured obligations of the Issuer are rated A-2 by Standard & Poor’s, P-1 by Moody’s, and F1 by Fitch and the long-term obligations of the Issuer are rated A- by Standard & Poor’s, A2 by Moody’s, and A by Fitch’.
