

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

PROHIBITION OF SALES TO SWISS RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 of the Swiss Federal Act on Financial Services of 15 June 2018, as amended ("**FINSA**"). Consequently, no key information document required by FINSA for offering or selling the Securities or otherwise making them available to retail investors in Switzerland has been prepared and therefore, offering or selling the Securities or making them available to retail investors in Switzerland may be unlawful under FINSA.

None of the Securities constitute a participation in a collective investment scheme within the meaning of the CISA and are neither subject to the authorisation nor the supervision by the Swiss Financial Market Supervisory Authority FINMA ("**FINMA**") and investors do not benefit from the specific investor protection provided under the CISA.

FINAL TERMS

BARCLAYS BANK PLC

(Incorporated with limited liability in England and Wales)

**Up to EUR 50,000,000 Securities due March 2028 under the Global Structured Securities Programme (the "Securities")
Issue Price: 100.00 per cent**

This document constitutes the final terms of the Securities (the "**Final Terms**") described herein for the purposes of Article 8 of Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**") and is prepared in connection with the Global Structured Securities Programme established by Barclays Bank PLC (the "**Issuer**"). These Final Terms complete and should be read in conjunction with the GSSP Base Prospectus 9 which constitutes a base prospectus drawn up as separate documents (including the Registration Document dated 1 June 2022 (as supplemented on 24 August 2022), and the Securities Note relating to the GSSP Base Prospectus 9 dated 30 June 2022, (as supplemented on 19 August 2022, 12 December 2022 and 20 December 2022), for the purposes of Article 8(6) of the EU Prospectus Regulation (the "**Base Prospectus**"), which constitutes a base prospectus for the purposes of the Prospectus Directive. Full information on the Issuer and the offer of the Securities is only available on the basis of the combination of this Final Terms and the Base Prospectus.

The Securities are not intended to qualify as eligible debt securities for purposes of the minimum requirement for own funds and eligible liabilities ("**MREL**") as set out under the Bank Recovery and Resolution Directive (EU) 2014/59), as amended.

The Base Prospectus, and any supplements thereto, are available for viewing at <https://home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/structured-securities-prospectuses> and during normal business hours at the registered office of the Issuer and the specified office of the Issue and Paying Agent for the time being in London, and copies may be obtained from such office. Words and expressions defined in the Base Prospectus and not defined in the Final Terms shall bear the same meanings when used herein.

The Registration Document and the supplements thereto are available for viewing at: <https://home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/structuredsecurities-prospectuses/#registrationdocument> and <https://home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/structuredsecurities-prospectuses/#registrationdocumentsupplement>.

The Securities are not intended to satisfy, in whole or in part, any present or future “ESG”, “green”, “sustainable”, “climate-friendly” or equivalently-labelled frameworks, taxonomies, standards and/or other related regulatory or index inclusion criteria or voluntary guidelines with which such investor or its investments may be expected to comply. Without limitation, the Securities do not qualify for the EU Green Bond label; they do not take into account any of the EU criteria for environmentally sustainable investments, including as set out under the Regulation of the European Parliament and of the Council on the Establishment of a Framework to Facilitate Sustainable Investment (Regulation (EU) 2020/852) (or any equivalent regime); nor do they qualify as ‘sustainable investments’ as defined under the Sustainable Finance Disclosure Regulations (Regulation (EU) 2019/2088) (or any equivalent regime).

What are the key risks that are specific to the Issuer?

The Barclays Bank Group has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Barclays Bank Group's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. In addition, certain other factors beyond the Barclays Bank Group's control, including escalation of terrorism or global conflicts, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Barclays Bank Group.

- Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting the principal risks set out below, there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) the impact of COVID-19; (ii) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (iii) the impact of interest rate changes on the Barclays Bank Group's profitability; (iv) the competitive environments of the banking and financial services industry; (v) the regulatory change agenda and impact on business model; (vi) the impact of benchmark interest rate reforms on the Barclays Bank Group; (vii) Change delivery and execution risks; (viii) internal control over financial reporting and (ix) over-issuance of US securities under Barclays Bank PLC US Shelf registration statements..
- Credit and Market risks:** Credit risk is the risk of loss to the Barclays Bank Group from the failure of clients, customers or counterparties, to fully honour their obligations to members of the Barclays Bank Group. The Barclays Bank Group is subject to risks arising from changes in credit quality and recovery rates of loans and advances due from borrowers and counterparties in any specific portfolio. Market risk is the risk of loss arising from potential adverse change in the value of the Barclays Bank Group's assets and liabilities from fluctuation in market variables.

- **Treasury and capital risk and the risk that the Issuer and the Barclays Bank Group are subject to substantial resolution powers:** There are three primary types of treasury and capital risk faced by the Barclays Bank Group which are (1) liquidity risk – the risk that the Barclays Bank Group is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; (2) capital risk – the risk that the Barclays Bank Group has an insufficient level or composition of capital; and (3) interest rate risk in the banking book – the risk that the Barclays Bank Group is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under the Banking Act 2009, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the United Kingdom Prudential Regulation Authority, the UK Financial Conduct Authority and HM Treasury, as appropriate as part of a special resolution regime. These powers enable the Bank of England (or any successor or replacement thereto and/or such other authority in the United Kingdom with the ability to exercise the UK Bail-in Power) (the "**Resolution Authority**") to implement various resolution measures and stabilisation options (including, but not limited to, the bail-in tool) with respect to a UK bank or investment firm and certain of its affiliates (as at the date of the Registration Document, including the Issuer) in circumstances in which the Resolution Authority is satisfied that the relevant resolution conditions are met.
- **Operational and model risks:** Operational risk is the risk of loss to the Barclays Bank Group from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the risk of potential adverse consequences from financial assessments or decisions based on incorrect or misused model outputs and reports.
- **Conduct, reputation and legal risks and legal, competition and regulatory matters:** Conduct risk is the risk of poor outcomes for, or harm to customers, clients and markets, arising from the delivery of the Barclays Bank Group's products and services. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Barclays Bank Group's integrity and competence. The Barclays Bank Group conducts activities in a highly regulated global market which exposes it and its employees to legal risk arising from (i) the multitude of laws and regulations that apply to the businesses it operates, which are highly dynamic, may vary between jurisdictions and/or conflict, and are often unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Barclays Bank Group's businesses and business practices. In each case, this exposes the Barclays Bank Group and its employees to the risk of loss or the imposition of penalties, damages or fines from the failure of members of the Barclays Bank Group to meet their respective legal obligations, including legal or contractual requirements. Legal risk may arise in relation to any number of the material existing and emerging risks summarised above.
- **Climate risk:** Climate risk is the impact on financial and operational risks arising from climate change through physical risks, risks associated with transitioning to a lower carbon economy and connected risks arising as a result of second order impacts of these two drivers on portfolios.

KEY INFORMATION ON THE SECURITIES

What are the main features of the Securities?

Type and class of Securities being offered and admitted to trading, including security identification numbers

The Securities will be in the form of notes and will be uniquely identified by: Series number: NX00349979; Tranche number: 1; ISIN: XS2463297965; Common Code: 246329796.

The Securities will be cleared and settled through Euroclear Bank S.A./N.V. and Clearstream Banking *société anonyme*.

Currency, specified denomination, issue size and term of the Securities

The Securities will be issued in Euro ("**EUR**") (the "**Issue Currency**") and settled in the same currency (the "**Settlement Currency**"). The Securities are tradable in nominal and the specified denomination per Security is EUR 1,000. The issue size is up to EUR 50,000,000. The issue price is 100% of the Specified Denomination.

The issue date is 3 March 2023 (the "**Issue Date**"). Subject to early termination, the Securities are scheduled to redeem on 3 March 2028 (the "**Scheduled Settlement Date**").

Rights attached to the Securities

Potential return: The Securities will give each holder of Securities the right to receive potential return on the Securities, together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on some (but not all) amendments to the terms and conditions of the Securities. The potential return will be in the forms of: (i) one or more Interest Amounts, and (ii) a Final Cash Settlement Amount, provided that if the Securities are early terminated, the potential return may be in the form of (i) an Early Cash Settlement Amount instead.

Taxation: All payments in respect of the Securities shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.

Events of default: If the Issuer fails to make any payment due under the Securities or breaches any other term and condition of the Securities in a way that is materially prejudicial to the interests of the holders (and such failure is not remedied within 30 days, or, in the case of interest, 14 days), or the Issuer is subject to a winding-up order, then (subject, in the case of interest, to the Issuer being prevented from payment for a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the holder.

Limitations on rights

Early redemption following certain disruption events or due to unlawfulness or impracticability: The Issuer may redeem the Securities prior to their Scheduled Settlement Date following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, or if it determines that an unlawfulness or impracticability event has occurred. In such case, investors will receive an "**Early Cash Settlement Amount**" equal to the fair market value of the Securities prior to their redemption (adjusted to take into account relevant costs, losses and expenses), unless the Issuer gives notice to the holders that they may elect to receive such whole number of the disrupted Underlying Asset which may be acquired by the Issuer in the open market with the Early Cash Settlement Amount and the relevant holder returns to the Issuer a duly completed settlement election notice requesting physical settlement by the applicable cut-off time.

Certain additional limitations:

- The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities

prior to maturity, to monetise the Securities, to postpone valuation of the Underlying Asset(s) or scheduled payments under the Securities, to change the currency in which the Securities are denominated, to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the Securities and the Underlying Asset(s).

- The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Governing law

The Securities will be governed by English law and the rights thereunder will be construed accordingly.

Description of the calculation of potential return on the Securities

Calculation Amount: Calculations in respect of amounts payable under the Securities are made by reference to the "**Calculation Amount**", being EUR 1,000 per Security.

Indicative amounts: If the Securities are being offered by way of a Public Offer and any specified product values are not fixed or determined at the commencement of the Public Offer (including any amount, level, percentage, price, rate or other value in relation to the terms of the Securities which has not been fixed or determined by the commencement of the Public Offer), these specified product values will specify an indicative amount, indicative minimum amount, an indicative maximum amount or indicative amount or any combination thereof. In such case, the relevant specified product value(s) shall be the value determined based on market conditions by the Issuer on or around the end of the Public Offer. Notice of the relevant specified product value will be published prior to the Issue Date.

Determination Agent: Barclays Bank PLC will be appointed to make calculations and determinations with respect to the Securities.

A – Interest

The Interest Amount payable on each Security on each Interest Payment Date will be calculated by multiplying the applicable Rate of Interest by the Calculation Amount and then by a Day Count Fraction representing the number of days in the relevant interest calculation period over which interest has accrued. The "**Rate of Interest**" for each interest calculation period will be equal to the sum of (i) a floating rate, as determined on the Interest Determination Date for such interest calculation period, and the "**Margin**", which is 0%, provided that the resulting sum is not greater than the cap percentage (being 4.1%) or less than the floor percentage (being 2.5%).

The floating rate in respect of an interest calculation period will be the quotation for EURIBOR in EUR with a maturity of 12 months that appears on Refinitiv Screen Page EURIBOR01 at 11:00 a.m. (Brussels Time time) on the Interest Determination Date for such interest calculation period.

B – Final Settlement

If the Securities have not otherwise redeemed, each Security will be redeemed on the Scheduled Settlement Date by payment of the Final Cash Settlement Amount.

The Scheduled Settlement Date may be postponed following the postponement of the Final Valuation Date due to a disruption event.

The Final Cash Settlement Amount is calculated by multiplying the Protection Level (being 100%) by the Calculation Amount.

Status of the Securities

The Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.

Description of restrictions on free transferability of the Securities

The Securities are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and must comply with transfer restrictions with respect to the United States. Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system. Subject to the foregoing, the Securities will be freely transferable.

Where will the Securities be traded?

Application is expected to be made by the Issuer (or on its behalf) for the Securities to be admitted to trading on the regulated market of the Irish Stock Exchange Trading plc as Euronext Dublin.

What are the key risks that are specific to the Securities?

The Securities are subject to the following key risks:

- **You may lose some or all of your investment in the Securities:** Investors are exposed to the credit risk of Barclays Bank PLC. As the Securities do not constitute a deposit and are not insured or guaranteed by any government or agency or under the UK Government credit guarantee scheme, all payments or deliveries to be made by Barclays Bank PLC as Issuer under the Securities are subject to its financial position and its ability to meet its obligations. The Securities constitute unsubordinated and unsecured obligations of the Issuer and rank *pari passu* with each and all other current and future unsubordinated and unsecured obligations of the Issuer. Even though your Securities are repayable at par, you may lose up to the entire value of your investment if the Issuer fails or is otherwise unable to meet its payment or delivery obligations. You may also lose some or all of your investment if: (a) you sell your Securities before their scheduled maturity or expiry; (b) your Securities are early redeemed in certain extraordinary circumstances; or (c) the terms and conditions of your Securities are adjusted such that the amount payable or property deliverable to you is less than your initial investment.
- **There are risks associated with the valuation, liquidity and offering of the Securities:** The market value of your Securities may be lower than the issue price since the issue price may take into account the Issuer's and/or distributor's profit margin and costs in addition to the fair market value of the Securities. The market value of your Securities may be affected by the volatility, level, value or price of the Underlying Asset(s) at the relevant time, changes in interest rates, the Issuer's financial condition and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity or expiry of the Securities and other factors. The price, if any, at which you will be able to sell your Securities prior to maturity may be substantially less than the amount you originally invested. Your Securities may not have an active trading market and the Issuer may not be under any obligation to make a market or repurchase the Securities prior to redemption. The Issuer may withdraw the public offer at any time. In such case, where you have already paid or delivered subscription monies for the relevant Securities, you will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Securities.
- **You are subject to risks associated with the determination of amount payable under the Securities:**

In order to receive the scheduled minimum amount at maturity, you must hold them until maturity. If the Securities are early redeemed, they may return less than the scheduled minimum amount, or even zero.
- **Your Securities are subject to adjustments and early redemption:** Pursuant to the terms and conditions of the Securities, following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, the Determination Agent or the Issuer may take a number of remedial actions, including estimating the level of the Underlying Asset, substituting the Underlying Asset, and making adjustments to the terms and conditions of the Securities. Any of such remedial action may change the economic characteristics of the Securities and have a material adverse effect on the value of and return on the Securities. If no remedial action can be taken, or it is determined that an unlawfulness or impracticability event has occurred, the Issuer may early redeem the Securities by payment of an Early Cash Settlement Amount. If early redemption occurs, you may lose some or all of your investment because the Early Cash Settlement Amount may be lower than the price at which you purchase the Securities, or may even be zero. You will also lose the opportunity to

participate in any subsequent positive performance of the Underlying Asset(s) and be unable to realise any potential gains in the value of the Securities. You may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest or coupon rate for a similar level of risk.

- **Settlement is subject to conditions and may be impossible in certain circumstances:** Payment of the amount payable to you will not take place until all conditions to settlement have been satisfied in full. No additional amounts will be payable to you by the Issuer because of any resulting delay or postponement. Certain settlement disruption events may occur which could restrict the Issuer's ability to make payments, and the date of settlement could be delayed accordingly.
- **Risks relating to floating interest rate:** The Interest Amount payable over the term of the Securities may vary and many extrinsic factors could affect the performance of the floating interest rate, which could fluctuate up or down. Fluctuations that have occurred in the past should not be taken as an indication of future performance. Further, the occurrence of a discontinuance and/or declared non-representativeness of the floating interest rate may lead to the replacement of such rate in accordance with the specified alternative methodologies (in which case, the economic characteristics of the Securities may change in a materially negative manner) or the early redemption of the Securities (in which case, the holders will lose all future interest payments).
- **Taxation risks:** The levels and basis of taxation on the Securities and any reliefs for such taxation will depend on your individual circumstances and could change at any time over the life of the Securities. This could have adverse consequences for you and you should therefore consult your own tax advisers as to the tax consequences to you of transactions involving the Securities.
- **Potential conflicts of interest:** Conflicts of interest may exist where Barclays Bank PLC or its affiliate: (i) acts in multiple capacities with respect to the Securities (e.g. acting as issuer, manager and determination agent); (ii) enters into hedging transactions to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due; and (iii) uses price contributions from its trading desks as a pricing source for an Underlying Asset. In light of such conflicts, the actions taken or determinations made by Barclays Bank PLC in relation to the Securities may not always be in the best interest of the holders. In addition to hedging transactions, Barclays Bank PLC may trade on the Underlying Asset(s) in the ordinary course of its business. Such trading could affect the market price of the Underlying Asset(s), which may in turn materially adversely affect the value and return on your Securities.

KEY INFORMATION ON THE OFFER OF SECURITIES TO THE PUBLIC AND/OR THE ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in these Securities?

Terms and conditions of the offer

The terms and conditions of any offer of Securities to the public may be determined by agreement between the Issuer and the Manager at the time of each issue.

The Securities are offered for subscription in Spain during the period from (and including) 30 January 2023 to (and including) 1 March 2023 (the "**Offer Period**") and such offer is subject to the following conditions:

- Offer Price: The Issue Price
- Conditions to which the offer is subject: Conditions to which the offer is subject: The Issuer reserves the right to withdraw the offer for Securities at any time prior to the end of the Offer Period. Following withdrawal of the offer, if any application has been made by any potential investor, each such potential investor shall not be entitled to subscribe or otherwise acquire the Securities and any applications will be automatically cancelled and any purchase money will be refunded to the applicant by the Authorised Offeror in accordance with the Authorised Offeror's usual procedures.
- Description of the application process: An offer of the Securities may be made by the Manager or the Authorised Offeror other than pursuant to Article 1(4) of the EU Prospectus Regulation in Spain (the "Public Offer Jurisdiction") during the Offer Period. Applications for the Securities can be made in the Public Offer Jurisdiction through the Authorised Offeror during the Offer Period. The Securities will be placed into the Public Offer Jurisdiction by the Authorised Offeror. Distribution will be in accordance with the Authorised Offeror's usual procedures, notified to investors by the Authorised Offeror.
- Details of the minimum and/or maximum amount of application: The minimum and maximum amount of application from the Authorised Offeror will be notified to investors by the Authorised Offeror.
- Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants: Not Applicable
- Details of the method and time limits for paying up and delivering the Securities: Investors will be notified by the Authorised Offeror of their allocations of Securities and the settlement arrangements in respect thereof.
- Manner in and date on which results of the offer are to be made public: Investors will be notified by the Authorised Offeror of their allocations of Securities and the settlement arrangements in respect thereof.
- Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised: Not Applicable.
- Categories of holders to which the Securities are offered and whether Tranche(s) have been reserved for certain countries: Offers may be made through the Authorised Offeror in the Public Offer Jurisdiction to any person. Offers (if any) in other EEA countries will only be made through the Authorised Offeror pursuant to an exemption from the obligation under the Prospectus Regulation to publish a prospectus.
- Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made: Applicants will be notified directly by the Authorised Offeror of the success of their application. No dealings in the Securities may take place prior to the Issue Date.
- Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place: the Authorised Offeror

Estimated total expenses of the issue and/or offer including expenses charged to investor by issuer/offeree

The estimated total expenses of the issue and/or offer are EUR 1,000.

The Issuer will not charge any expenses to holders in connection with any issue of Securities. Offerors may, however, charge expenses to holders. Such expenses (if any) will be determined by agreement between the offeror and the holders at the time of each issue.

Who is the offeror and/or the person asking for admission to trading?

See the item entitled "The Authorised Offeror(s)" above.

The Issuer is the entity offering and requesting for admission to trading of the Securities.

Why is the Prospectus being produced?

Use and estimated net amount of proceeds

The net proceeds from each issue of Securities will be applied by the Issuer for its general corporate purposes, which include making a profit and/or hedging certain risks.

The estimated net proceeds is 100 per cent. of the issue size.

Underwriting agreement on a firm commitment basis

The offer of the Securities is not subject to an underwriting agreement on a firm commitment basis

Description of any interest material to the issue/offer, including conflicting interests

The Manager or Authorised Offeror may be paid fees in relation to the issue or offer of Securities. Potential conflicts of interest may exist between the Issuer, Determination Agent, Manager and Authorised Offeror or their affiliates (who may have interests in transactions in derivatives related to the Underlying Asset which may, but are not intended to, adversely affect the market price, liquidity or value of the Securities) and holders.

The Authorised Offeror will be paid aggregate commissions equal to no more than 3%. Any Authorised Offeror and its affiliates may engage, and may in the future engage, in hedging transactions with respect to the Underlying Asset.

- Riesgos Crediticios y de Mercado:** El riesgo crediticio es el riesgo de pérdida para el Grupo Bancario Barclays por el hecho de que los clientes o contrapartes no cumplan plenamente sus obligaciones con los miembros del Grupo Bancario Barclays. El Grupo Bancario Barclays está sujeto a riesgos derivados de los cambios en la calidad crediticia y las tasas de recuperación de préstamos y anticipos adeudados por los prestatarios y contrapartes en cualquier cartera específica. El riesgo de mercado es el riesgo de pérdida derivado de posibles cambios adversos en el valor de los activos y pasivos del Grupo Bancario Barclays por la fluctuación de las variables de mercado.

- Riesgos de Tesorería y Capital y el riesgo de que el Emisor y el Grupo Bancario Barclays estén sujetos a importantes poderes de resolución: Hay tres tipos principales de riesgo de tesorería y capital a los que se enfrenta el Grupo Bancario Barclays, que son (1) riesgo de liquidez - riesgo de que el Grupo Bancario Barclays sea incapaz de cumplir sus obligaciones contractuales o contingentes o de que no disponga del importe adecuado de financiación y liquidez estables para respaldar sus activos, que también pueden verse afectados por cambios en la calificación crediticia; (2) riesgo de capital - riesgo de que el Grupo Bancario Barclays tenga un nivel o composición de capital insuficiente; y (3) riesgo de tasa de interés en el libro bancario - riesgo de que el Grupo Bancario Barclays esté expuesto a la volatilidad del capital o de la renta debido a un desajuste entre la exposición a los tipos de interés de los activos y pasivos (no negociados). En virtud de la Ley Bancaria 2009 (*Banking Act 2009*), se conceden importantes competencias al Banco de Inglaterra (*Bank of England*) (o, en determinadas circunstancias, al Tesoro de su Majestad (*HM Treasury*)), en consulta con la Autoridad de Regulación Prudencial del Reino Unido (*United Kingdom Prudential Regulation Authority*), la Autoridad de Conducta Financiera del Reino Unido (*UK Financial Conduct Authority*) y al Tesoro de su Majestad (*HM Treasury*), según proceda, como parte de un régimen especial de resolución. Estas facultades permiten al Banco de Inglaterra (*Bank of England*) (o a cualquier sucesor o sustituto del mismo y/o a cualquier otra autoridad del Reino Unido con capacidad para ejercer Poder de Recapitalización Interna del Reino Unido (*UK Bail-in Power*)) (la "Autoridad de Resolución") implementar diversas medidas de resolución y opciones de estabilización (incluido, entre otras cosas, el proceso recapitalización interna (*bail-in*)) con respecto a un banco o empresa de inversión del Reino Unido y a algunas de sus filiales (en la fecha del Documento de Registro, incluido el Emisor) en circunstancias en las que la Autoridad de Resolución esté convencida de que se cumplen las condiciones de resolución pertinentes.
- **Riesgos operativos y de modelo:** El riesgo operativo es el riesgo de pérdida para el Grupo Bancario Barclays por procesos o sistemas inadecuados o fallidos, por factores humanos o por acontecimientos externos cuya causa principal no se deba a los riesgos crediticios o de mercado. El riesgo de modelo es el riesgo de posibles consecuencias adversas derivadas de evaluaciones o decisiones financieras basadas en resultados e informes de modelos incorrectos o mal utilizados.
- **Riesgo de actuación, reputación y legal y materias legales, regulatorias y de competencia:** Riesgo de Actuación es el riesgo de provocar malos resultados o perjuicios a los compradores, a los clientes, o a los mercados procedente de la incorrecta prestación de servicios financieros por parte del Grupo Bancario Barclays. Riesgo Reputacional es el riesgo de que una acción, operación, inversión, suceso, decisión o relación comercial reduzca la confianza en la integridad y competencia del Grupo Bancario Barclays. El Grupo Bancario Barclays realiza actividades en un mercado global altamente regulado que lo expone a un riesgo jurídico derivado de: (i) la multitud de leyes y normas que se aplican a los negocios en los que opera, que son muy dinámicos, pueden variar y/o entrar en conflicto entre jurisdicciones y a menudo no son claros en su aplicación a circunstancias particulares, especialmente en áreas nuevas y emergentes; y (ii) la naturaleza diversificada y en evolución de los negocios y prácticas comerciales del Grupo Bancario Barclays. En cada caso, esto expone al Grupo Bancario Barclays al riesgo de pérdida o de imposición de sanciones, daños y multas por el incumplimiento de los miembros del Grupo Bancario Barclays de sus respectivas obligaciones legales, incluidas las exigencias legales o contractuales. El riesgo legal puede originarse en virtud de varios de los factores de riesgo resumidos anteriormente.
- **Riesgo climático:** El riesgo climático es el impacto en los riesgos financieros y operativos derivados del cambio climático a través de los riesgos físicos, los riesgos asociados a la transición a una economía más baja en emisiones de carbono y los riesgos conexos que surgen como resultado de los impactos de segundo orden de estos dos factores en las carteras.

INFORMACIÓN FUNDAMENTAL SOBRE LOS VALORES

¿Cuáles son las principales características de los Valores?

Tipo y clase de Valores ofertados emitidos y admitidos a cotización, incluidos números de identificación de seguridad

Los Valores tendrán la forma de notas y se identificarán de manera única por: Número de serie: NX00349979; Número de tramo: 1; ISIN: XS2463297965; Código Común: 246329796.

Los Valores serán compensados y liquidados a través de Euroclear Bank S.A./N.V. y Clearstream Banking *société anonyme*.

Moneda, denominación específica, tamaño de la emisión y vencimiento de los Valores

Los Valores serán emitidos en Euros ("EUR") (la "Moneda de Emisión") y liquidados en la misma moneda (la "Moneda de Liquidación"). Los Valores son negociables en nominal y la denominación especificada por Valor es EUR 1.000. El tamaño de la emisión es de hasta EUR 50.000,00.

La fecha de emisión es 3 de marzo del 2023 (la "Fecha de Emisión"). Sujeto a terminación anticipada, los Valores están programados para amortizarse el 3 de marzo del 2028 (la "Fecha de Liquidación Programada").

Derechos inherentes a los Valores

Rentabilidad potencial: Los Valores darán a cada titular de los Valores el derecho a recibir una rentabilidad potencial de los mismos, junto con ciertos derechos auxiliares como el derecho a recibir notificación de ciertas decisiones y eventos y el derecho a votar algunas (pero no todas) modificaciones a los términos y condiciones de los Valores. La rentabilidad potencial será en la forma(s) de: (i) uno o más Importes de Interés y (ii) un Importe de Liquidación en Efectivo Liquidable Automáticamente siempre y cuando si los Valores son objeto de terminación anticipada, la rentabilidad potencial puede ser en la forma de (i) un Importe de Liquidación Anticipada en Efectivo en su lugar.

Fiscalidad: Todos los pagos relativos a los Valores se harán sin retención o deducción por o a cuenta de cualquier impuesto del Reino Unido, a menos que dicha retención o deducción sea requerida por la ley. En caso de que dicha retención o deducción sea exigida por la ley, el Emisor deberá, salvo en circunstancias limitadas, pagar importes adicionales para cubrir las cantidades así retenidas o deducidas.

Eventos de incumplimiento: Si el Emisor no hace ningún pago adeudado en virtud de los Valores o incumple cualquier otro término y condición de los Valores de manera que sea materialmente perjudicial para los intereses de los tenedores (y dicho incumplimiento no se remedia en un plazo de 30 días, o,

en el caso de interés, 14 días), o el Emisor está sujeto a una orden judicial de liquidación, entonces (sujeto, en el caso de intereses, a que el Emisor se vea imposibilitado de pagar por una disposición legal obligatoria) los Valores serán inmediatamente exigibles y pagaderos, previa notificación por el titular.

Limitación de los derechos

Amortización anticipada después de un evento de interrupción o debido a ilegalidad o impracticabilidad: El Emisor puede amortizar los Valores antes de su Fecha de Liquidación Programada si ocurre en ciertos eventos de interrupción o eventos extraordinarios sobre el Emisor, sus disposiciones de apalancamiento, el(los) activo(s) subyacente(s), la fiscalidad o la moneda correspondiente de los Valores, o si se determina que ha ocurrido una ilegalidad o impracticabilidad. Si esto ocurre, recibirá un "**Importe de Liquidación en Efectivo por Evento de Rescate Nominal**" igual al valor de mercado de sus Valores (ajustado para tener en cuenta los costes, pérdidas y gastos correspondientes), a menos que el Emisor dé aviso a los titulares de que pueden optar por recibir dicho número total de Activos Subyacentes interrumpidos que puedan ser adquiridos por el Emisor en el mercado libre con un Importe de Liquidación en Efectivo por Evento de Rescate Nominal y el titular correspondiente devuelva al Emisor un aviso de decisión de liquidación debidamente completado solicitando la liquidación física por el tiempo de corte de aplicación

Ciertas limitaciones adicionales:

- Los términos y condiciones de los Valores permiten al Emisor y al Agente de Cálculo (según sea el caso), al ocurrir ciertos eventos y en ciertas circunstancias, sin el consentimiento de los tenedores, hacer ajustes a los términos y condiciones de los Valores, para amortizar los Valores antes del vencimiento, monetizar los Valores, posponer la valoración del(de los) Activo(s) Subyacente(s) o los pagos programados en virtud de los Valores, cambiar la moneda en la que están denominados los Valores, sustituir el(los) Activo(s) Subyacente(s), sustituir al Emisor por otra entidad permitida con sujeción a determinadas condiciones, y adoptar otras medidas en relación con los Activo(s) Subyacente(s).
- Los valores contienen disposiciones para convocar reuniones de titulares para examinar cuestiones que afectan a sus intereses en general y esas disposiciones permiten que las mayorías definidas obliguen a todos los titulares, incluidos los titulares que no asistieron y votaron en la reunión correspondiente y los titulares que votaron de manera contraria a la mayoría.

Ley aplicable

Los Valores se regirán por la ley inglesa y los derechos correspondientes se interpretarán en consecuencia.

Descripción del cálculo del potencial rendimiento de los Valores

Importe de Cálculo: Los cálculos respecto a importes pagaderos con relación a los Valores se realizan por referencia al "**Importe de Cálculo**", el cual es EUR 1,000 por Valor.

Importes indicativos (Indicative amounts): Si los Valores se ofrecen en forma de Oferta Pública y ningún valor especificado de producto está fijado o determinado al comienzo de la Oferta Pública (incluidos cualesquiera importes, niveles, porcentaje, precio, tipo u otro valor relativo a las condiciones de los Valores que no se haya fijado o establecido al inicio de la Oferta Pública), estos valores especificados de producto expresarán un importe indicativo, un importe mínimo indicativo, un importe máximo indicativo o importe indicativo o cualquier combinación de los mismos. En este caso, los valores de producto especificados correspondientes serán el valor determinado según las condiciones de mercado por el Emisor al final o en torno al final de la Oferta Pública. Antes de la Fecha de Emisión se publicará un aviso del correspondiente valor de producto especificado.

Agente de Cálculo: Barclays Bank PLC será nombrado para que realice los cálculos relacionados con los Valores.

A – Interés

El Importe de Intereses pagadero por cada Valor en cada Fecha de Pago de Intereses se calculará multiplicando el Tipo de Interés aplicable por el Importe de Cálculo y luego por una Fracción de Recuento de Días que represente el número de días del período de cálculo de intereses correspondiente en el que se ha generado el interés. El "**Tipo de Interés**" de cada período de cálculo de intereses será igual a la suma de (i) un tipo de interés variable, determinado en la Fecha de Determinación de Intereses de dicho período de cálculo de intereses, y el "**Margen**", que es 0%, siempre que la suma resultante no sea mayor que el límite máximo porcentual (que es 4,1%) o menor que el límite mínimo porcentual (que es 2,5%).

El tipo de interés variable con respecto a un periodo de cálculo de interés será la cotización del EURIBOR en EUR con vencimiento de 12 meses que aparece en Página de *Refinitiv Screen* EURIBOR01 a las 11 a.m. (hora de Bruselas) en la Fecha de Determinación de Intereses para dicho periodo de cálculo de intereses.

B –Liquidación Final

Si los Valores no hubieran sido cancelados anticipadamente, cada uno de los Valores será cancelado en la Fecha de Liquidación Programada (*Scheduled Settlement Date*) en virtud del pago del Importe de Liquidación Final en Efectivo

La Fecha de Liquidación Programada puede posponerse después del aplazamiento de la Fecha de Valoración Final debido a un evento de interrupción.

El Importe de Liquidación Final en Efectivo se calcula multiplicando el Nivel de Protección (siendo 100%) por el Importe de Cálculo.

Status de los Valores

Los Valores son obligaciones directas, no subordinadas y no garantizadas del emisor y tienen el mismo rango entre sí.

Descripción de las restricciones a la libre negociabilidad de los Valores

Los Valores se ofertados y se venden fuera de los Estados Unidos a personas no consideradas *U.S. person* en virtud de la Regulación S (*Regulation S*) bajo la Ley de Valores (*Securities Act*) y deben cumplir las restricciones de negociabilidad con respecto a los Estados Unidos. Los Valores mantenidos en un sistema de compensación se transferirán de conformidad con las normas, procedimientos y reglamentos de ese sistema de compensación. Con sujeción a lo anterior, los Valores serán libremente transferibles.

¿Dónde se negociarán los Valores?

La solicitud se espera que sea realizada por el Emisor (o en su nombre) para que los Valores sean admitidos a negociación en el mercado regulado *Irish Stock Exchange Trading plc* como *Euronext Dublin*.

¿Cuáles son los principales riesgos específicos de los Valores?

Los Valores estarán sujetos a los siguientes riesgos clave:

- Usted puede perder parte o la totalidad de su inversión en los Valores:** Los inversores están expuestos al riesgo de crédito de Barclays Bank PLC. Dado que los Valores no constituyen un depósito y no están asegurados ni garantizados por ningún gobierno o agencia o bajo el esquema de garantía crediticia del Gobierno del Reino Unido, todos los pagos o entregas a realizar por Barclays Bank PLC como que debe realizar Barclays Bank PLC como Emisor en virtud de los Valores están sujetos a su situación financiera y a su capacidad para cumplir con sus obligaciones. Los Valores constituyen obligaciones no subordinadas y no garantizadas del Emisor y ranquean *pari passu* con todas y cada una de las demás obligaciones actuales y futuras no subordinadas y no garantizadas del Emisor. Aunque sus Valores son reembolsables a la par, usted puede perder

hasta el valor total de su inversión si el Emisor incumple o no puede hacer frente a sus obligaciones de pago o entrega. Usted también puede perder parte o toda su inversión si: (a) vende sus Valores antes de su vencimiento o expiración programada; (b) sus Valores son amortizados anticipadamente en ciertas circunstancias extraordinarias; o (c) los términos y condiciones de sus Valores se ajustan de tal manera que la cantidad a pagar o la propiedad a entregarle es menor que su inversión inicial.

- **Hay riesgos asociados con la valoración, la liquidez y la oferta de los Valores:** El valor de mercado de sus Valores puede ser inferior al precio de emisión, ya que el precio de emisión puede tener en cuenta el margen de beneficio y los costes del Emisor y/o distribuidor, además del valor de mercado de los Valores. El valor de mercado de sus Valores puede verse afectado por la volatilidad, el nivel, el valor o el precio de los Activos Subyacentes en algún momento pertinente, los cambios en los tipos de interés, la situación financiera y las calificaciones crediticias del Emisor, la oferta y la demanda de los Valores, el tiempo restante hasta el vencimiento o la expiración de los Valores y otros factores. El precio, si lo hubiera, al que podrá vender sus Valores antes del vencimiento puede ser sustancialmente menor que la cantidad que invirtió inicialmente. Es posible que sus Valores no tengan un mercado de negociación activo y que el Emisor no tenga ninguna obligación de crear un mercado o recomprar los Valores antes de la amortización. El Emisor puede retirar la oferta pública en cualquier momento. En tal caso, si ya ha pagado o entregado el dinero de la suscripción de los Valores correspondientes, tendrá derecho al reembolso de dichos importes, pero no recibirá ninguna remuneración que pueda haberse acumulado en el período comprendido entre su pago o entrega del dinero de la suscripción y el reembolso de los Valores.
- **Usted está sujeto a los riesgos asociados con la fijación de la cantidad a pagar en virtud de los Valores:**

Para recibir el importe mínimo programado al vencimiento, debe mantenerlos hasta el vencimiento. Si los Valores son amortizados anticipadamente, pueden retornar menos que el importe mínimo programado, o incluso cero.

- **Sus valores están sujetos a ajustes y a una amortización anticipada:** De conformidad con los términos y condiciones de los Valores, después de la ocurrencia de ciertos eventos de interrupción o eventos extraordinarios relacionados con el Emisor, [sus contratos de cobertura (*sólo para Valores no belgas*),] el/los Activo(s) Subyacente(s), los impuestos o la divisa pertinente de los Valores, el Agente de Cálculo o el Emisor pueden tomar una serie de medidas correctivas, incluyendo la estimación del nivel del/los Activo(s) Subyacente(s), la sustitución del/los Activo(s) Subyacente(s), y la realización de ajustes a los términos y condiciones de los Valores. Cualquiera de esas medidas correctivas puede cambiar las características económicas de los Valores y tener un efecto adverso importante en el valor y el rendimiento de los Valores. Si no se puede tomar ninguna medida correctiva, o se establece que habrá ocurrido un evento de ilegalidad o impracticabilidad, el Emisor puede amortizar anticipadamente los Valores mediante el pago de un Importe de Liquidación Anticipada en Efectivo. Si se produce una amortización anticipada, puede perder parte o la totalidad de su inversión porque el Importe de Liquidación Anticipada en Efectivo puede ser inferior al precio al que compra los Valores, o incluso puede ser cero. También perderá la oportunidad de participar en cualquier rendimiento positivo posterior de los Activos Subyacentes y no podrá obtener ninguna ganancia potencial en el valor de los Valores. Es posible que no pueda reinvertir las ganancias de una inversión con un rendimiento semejante y/o con un tipo de interés o cupón semejante para un nivel de riesgo similar.
- **El Acuerdo está sujeto a condiciones y puede ser imposible en ciertas circunstancias:** El pago de la cantidad a pagar a usted no tendrá lugar hasta que todas las condiciones del acuerdo se hayan cumplido en su totalidad. El Emisor no le pagará ninguna cantidad adicional por cualquier retraso o aplazamiento resultante. Pueden ocurrir ciertos eventos de interrupción del acuerdo que podrían restringir la capacidad del Emisor para realizar pagos, y por tanto, la fecha de liquidación podría retrasarse.
- **Riesgos relacionados con el tipo de interés variable:** El Importe del Interés pagadero durante el plazo de los Valores puede variar y muchos factores **extrínsecos** podrían afectar al rendimiento del tipo de interés variable, que podría fluctuar al alza o a la baja. Las fluctuaciones que se han producido en el pasado no deben tomarse como una indicación del rendimiento futuro. Además, el hecho de que se produzca una interrupción y/o una falta de representatividad declarada del tipo de interés variable puede dar lugar a la sustitución de dicho tipo de acuerdo con las metodologías alternativas especificadas (en cuyo caso, las características económicas de los Valores pueden cambiar de forma sustancialmente negativa) o a la amortización anticipada de los Valores (en cuyo caso, los titulares perderán todos los pagos futuros de intereses).
- **Riesgos fiscales:** Los niveles y la base de los impuestos sobre los Valores y cualquier exención de dichos impuestos dependerán de sus circunstancias individuales y podrían cambiar en cualquier momento durante la vida de los Valores. Esto podría tener consecuencias adversas para usted y, por lo tanto, debe consultar a sus propios asesores fiscales en cuanto a las consecuencias fiscales para usted de las transacciones relacionadas con los Valores.
- **Posibles conflictos de intereses:** Pueden existir conflictos de intereses en el caso de Barclays Bank PLC o su filial: (i) actúa en múltiples capacidades con respecto a los Valores (por ejemplo, actuando como emisor, gestor y agente de cálculo); (ii) realiza operaciones de cobertura para cubrir la exposición del Emisor a los importes en efectivo pertinentes que deben pagarse o a los activos que deben entregarse en virtud de los Valores a medida que éstos lleguen a su vencimiento; y (iii) utiliza las contribuciones de precios de sus mesas de operaciones como fuente de precios para un Activo Subyacente. A la luz de estos conflictos, las acciones tomadas o las determinaciones realizadas por Barclays Bank PLC en relación con los Valores pueden no ser siempre en el mejor interés de los titulares. Además de las operaciones de cobertura, Barclays Bank PLC puede negociar con el/los Activo(s) Subyacente(s) en el curso ordinario de su actividad. Dicha negociación podría afectar al precio de mercado del/los Activo(s) Subyacente(s), lo que a su vez podría afectar negativamente al valor y al rendimiento de sus Valores.
