

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

PROHIBITION OF SALES TO SWISS RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 of the Swiss Federal Act on Financial Services of 15 June 2018, as amended ("**FinSA**"). Consequently, no key information document required by FinSA for offering or selling the Securities or otherwise making them available to retail investors in Switzerland has been prepared and therefore, offering or selling the Securities or making them available to retail investors in Switzerland may be unlawful under FinSA.

None of the Securities constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes ("**CISA**") and are neither subject to the authorisation nor the supervision by the Swiss Financial Market Supervisory Authority FINMA ("**FINMA**") and investors do not benefit from the specific investor protection provided under the CISA.

Neither the Base Prospectus nor these Final Terms or any other offering or marketing material relating to the Securities constitute a prospectus pursuant to the FinSA, and such documents may not be publicly distributed or otherwise made publicly available in Switzerland, unless the requirements of FinSA for such public distribution are complied with.

The Securities documented in these Final Terms are not being offered, sold or advertised, directly or indirectly, in Switzerland to retail clients (*Privatkundinnen und -kunden*) within the meaning of FinSA ("**Retail Clients**"). Neither these Final Terms nor any offering materials relating to the Securities may be available to Retail Clients in or from Switzerland. The offering of the Securities directly or indirectly, in Switzerland is only made by way of private placement by addressing the Securities (a) solely at investors classified as professional clients (*professionelle Kunden*) or institutional clients (*institutionelle Kunden*) within the meaning of FinSA ("**Professional or Institutional Clients**"), (b) at fewer than 500 Retail Clients, and/or (c) at investors acquiring securities to the value of at least CHF 100,000.

The Securities and, as applicable, the Entitlements have not been and will not be, at any time, registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States. The Securities may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**") ("**U.S. persons**"), except in certain transactions exempt from the registration requirements of the Securities Act and applicable state securities laws. The Securities are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. Trading in the Securities and, as applicable, the Entitlements has not been approved by the U.S. Commodity Futures Trading Commission under the U.S. Commodity Exchange Act of 1936, as amended (the "**Commodity Exchange Act**") and the rules and regulations promulgated thereunder.

What are the key risks that are specific to the Issuer?

The Issuer has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Issuer's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. In addition, certain other factors beyond the Issuer's control, including escalation of global conflicts, acts of terrorism, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Issuer.

- Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting individual principal risks (such principal risks set out below), there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (ii) the impact of interest rate changes on the Issuer's profitability; (iii) the competitive environments of the banking and financial services industry; (iv) the regulatory change agenda and impact on business model; (v) the impact of benchmark interest rate reforms on the Issuer; and (vi) change delivery and execution risks.
- Climate risk:** Climate risk is the impact on financial and operational risks arising from climate change through physical risks and risks associated with transitioning to a lower carbon economy.
- Credit and Market risks:** Credit risk is the risk of loss to the Issuer from the failure of clients, customers or counterparties, to fully honour their obligations to members of the Issuer. The Issuer is subject to risks arising from changes in credit quality and recovery rates for loans and advances due from borrowers and counterparties. Market risk is the risk of loss arising from potential adverse change in the value of the Issuer's assets and liabilities from fluctuation in market variables.
- Treasury and capital risk and the risk that the Issuer is subject to substantial resolution powers:** There are three primary types of treasury and capital risk faced by the Issuer which are (1) liquidity risk – the risk that the Issuer is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; (2) capital risk –the risk that the Issuer has an insufficient level or composition of capital; and (3) interest rate risk in the banking book – the risk that the Issuer is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under Directive 2014/59/EU (the "**Bank Recovery and Resolution Directive**"), substantial powers are granted to Relevant Resolution Authorities to implement various resolution measures and stabilisation options with respect to an Irish bank or investment firm (currently including the Issuer) (including, but not limited to, the bail-in tool, which gives a Relevant Resolution Authority the power to write down certain claims of unsecured creditors of a failing relevant entity (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claim into equity or other instruments of ownership) in circumstances in which the Relevant Resolution Authority is satisfied that the relevant resolution conditions are met.
- Operational and model risks:** Operational risk is the risk of loss to the Issuer from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the potential for adverse consequences from decisions based on incorrect or misused model outputs and reports.

⁷ Capital and leverage are calculated applying the IFRS 9 transitional arrangements of Regulation (EU) 575/2013 ("**CRR**") as amended by Regulation (EU) 2019/876 ("**CRR II**").

⁸ Common Equity Tier 1 is a measure of capital that is predominantly common equity as defined by the CRR, as amended by CRR II.

⁹ Capital and leverage are calculated applying the IFRS 9 transitional arrangements of CRR as amended by CRR II.

¹⁰ Capital ratios express a bank's capital as a percentage of its risk weighted assets.

¹¹ Capital and leverage are calculated applying the IFRS 9 transitional arrangements of CRR as amended by CRR II.

¹² The liquidity coverage ratio expresses a bank's high quality liquid assets as a percentage of its stressed net outflows over a 30 day period as defined by the Commission Delegated Regulation (EU) 2015/61.

- **Compliance, Reputation and Legal Risks and competition and regulatory matters:** Compliance risk is the risk of detriment to customers, clients, market integrity, effective competition or the Issuer from the inappropriate supply of financial services, including instances of wilful or negligent misconduct. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Issuer's integrity and/or competence. The Issuer conducts activities in a highly regulated market which exposes it to legal risk arising from (i) the multitude of laws and regulations that apply to the businesses it operates, which are highly dynamic, may vary between jurisdictions and/or conflict, and may be unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Issuer's businesses and business practices. In each case, this exposes the Issuer to the risk of loss or the imposition of penalties, damages or fines from the failure of members of the Issuer to meet applicable laws, rules, regulations or contractual requirements. Legal risk may arise in relation to any of the risk factors summarised above.

"**Irish Bail-in Power**" means any write-down, conversion, transfer, modification and/or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in Ireland in effect and applicable in Ireland to the Issuer, including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of any European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms, as the same has been or may be amended from time to time, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, amended, transferred and/or converted into shares or other securities or obligations of the obligor or any other person.

"**Relevant Resolution Authority**" means the Central Bank of Ireland, the Single Resolution Board established pursuant to the SRM Regulation and/or any other authority entitled to exercise or participate in the exercise of the Irish Bail-in Power from time to time.

"**Securities**" means any securities issued by the Issuer described in any securities note and, if applicable, summary, which, when read together with this Registration Document, comprise a prospectus for the purposes of Article 6(3) of the Prospectus Regulation or in any base prospectus for the purposes of Article 8 of the Prospectus Regulation or other offering document into which this Registration Document may be incorporated by reference.

"**SRM Regulation**" means Regulation (EU) No 806/2014 of the European Parliament and Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010, as amended or replaced from time to time.

KEY INFORMATION ON THE SECURITIES

What are the main features of the Securities?

Type and class of Securities being issued and admitted to trading, including security identification numbers

The Securities will be in the form of notes and will be uniquely identified by: NX00406629; Tranche number:1; ISIN: XS2638140702; Common Code: 263814070. The Securities will be cleared and settled through Euroclear Bank S.A./N.V. or Clearstream Banking *société anonyme*.

Currency, specified denomination, issue size and term of the Securities

The Securities will be issued in Euro (**EUR**) (the "**Issue Currency**") and settled in the same currency (the "**Settlement Currency**"). The Securities are tradable in nominal and the specified denomination per Security is EUR 1,000. The issue size is EUR 20,000,000¹³. The issue price is 100.00% of the Specified Denomination. The issue date is 15 August 2024 (the "**Issue Date**"). Subject to early termination, the Securities are scheduled to redeem on 16 August 2029 (the "**Scheduled Settlement Date**").

Rights attached to the Securities

Potential return: The Securities will give each holder of Securities the right to receive potential return on the Securities, together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on some (but not all) amendments to the terms and conditions of the Securities. The potential return will be in the forms of: (i) one or more Interest Amounts and/or (ii) a Final Cash Settlement Amount, provided that if the Securities are early terminated, the potential return may be in the form of an Early Cash Settlement Amount instead.

Taxation: All payments in respect of the Securities shall be made without withholding or deduction for or on account of any Irish taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.

Events of default: If the Issuer fails to make any payment due under the Securities or breaches any other term and condition of the Securities in a way that is materially prejudicial to the interests of the holders (and such failure is not remedied within 30 calendar days, or, in the case of interest, has not been paid within 14 calendar days of the due date), or the Issuer is subject to a winding-up order, then (subject, in the case of interest, to the Issuer being prevented from payment for a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the holder.

Limitations on rights

Early redemption following certain disruption events or due to unlawfulness or impracticability: The Issuer may redeem the Securities prior to their Scheduled Settlement Date following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, or if it determines that an unlawfulness or impracticability event has occurred. In such case, investors will receive an "**Early Cash Settlement Amount**" equal to 100% of the Calculation Amount [(provided that if the nominal amount of the Security has been reduced since the Issue Date, then the amount will be reduced by the same proportion in respect of which the nominal amount has been reduced)].

Certain additional limitations:

- Notwithstanding that the Securities are linked to the performance of the Underlying Asset(s), holders do not have any rights in respect of the Underlying Asset(s).
- The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities prior to maturity, to monetise the Securities, to postpone or obtain alternative valuation of the Underlying Asset(s) or to postpone scheduled payments under the

¹³ Amended by the Amended and Restated Final Terms dated 16 August 2024

Securities, to change the currency in which the Securities are denominated, to substitute the Underlying Asset(s), to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the Securities and the Underlying Asset(s).

- The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Governing law

The Securities will be governed by Irish law and the rights thereunder will be construed accordingly.

Description of the calculation of potential return on the Securities

Underlying Asset: The return on and value of the Securities is dependent on the performance of the following Underlying Asset:

Underlying Asset _{(Interest)(Final Settlement)}	Type	Initial Price _{(Interest)/} Initial Price _{(Settlement)/}	Initial Valuation Date
EURO STOXX 50® Index	Index	The closing level of such Underlying Asset on the Initial Valuation Date	12 August 2024

For the purposes of determining an Interest Amount, Underlying Asset shall mean the Underlying Asset_(Interest) and, for the purposes of determining the Final Cash Settlement Amount, Underlying Asset shall mean the Underlying Asset_(Final Settlement).

Calculation Amount: Calculations in respect of amounts payable under the Securities are made by reference to the "Calculation Amount", being EUR 1,000 per Security.

Determination Agent: Barclays Bank Ireland PLC will be appointed to make calculations and determinations with respect to the Securities.

A – Interest

The Interest Amount payable on each Security on each Interest Payment Date for which the Interest Type in respect of the corresponding Interest Determination Date is specified as Fixed is calculated by multiplying the Fixed Interest Rate (being the amount specified in the table below in the column entitled "Fixed Interest Rate") by the Calculation Amount.

Each Security will only pay interest in respect of an Interest Valuation Date for which the Interest Type is specified as Phoenix without memory if the closing level of the Underlying Asset on such Interest Valuation Date is greater than or equal to its corresponding Interest Barrier Percentage. If this occurs, the amount of interest payable with respect to that Interest Valuation Date is calculated by multiplying the Fixed Interest Rate by the Calculation Amount.

Interest will be payable on the corresponding Interest Payment Date set out in the table below. Each Interest Valuation Date and Interest Barrier Percentage is as follows:

Interest Type	Interest Determination Date	Interest Valuation Date	Interest Barrier Percentage	Interest Payment Date	Fixed Interest Rate
Fixed	12 August 2025	N/A	N/A	15 August 2025	3.30%
Fixed	12 August 2026	N/A	N/A	17 August 2026	3.30%
Fixed	12 August 2027	N/A	N/A	17 August 2027	3.30%
Fixed	14 August 2028	N/A	N/A	17 August 2028	3.30%
Fixed	13 August 2029	N/A	N/A	16 August 2029	3.30%
Phoenix without Memory	N/A	13 August 2029	100.00%	16 August 2029	0.05%

"**Aggregation of Interest**": Fixed Rate and Phoenix without memory interest will apply to the Securities in respect of the Interest Payment Date falling 16 August 2029. The Interest Amount payable on such Interest Payment Date shall be the aggregate of each Interest calculated in respect of such Interest Payment Date as specified above.

The relevant Interest Payment Date may be postponed following the postponement of an Interest Valuation Date due to a disruption event.

B – Final Settlement

If the Securities have not otherwise redeemed, each Security will be redeemed on the Scheduled Settlement Date by payment of the Final Cash Settlement Amount.

The Scheduled Settlement Date may be postponed following the postponement of the Final Valuation Date due to a disruption event.

The Final Cash Settlement Amount is calculated by multiplying the Protection Level (being 100.00%) by the Calculation Amount.

"**Final Valuation Date**" means 13 August 2029.

Status of the Securities

The Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.
Description of restrictions on free transferability of the Securities
The Securities are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and must comply with transfer restrictions with respect to the United States. Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system. Subject to the foregoing, the Securities will be freely transferable.
Where will the Securities be traded?
Application is expected to be made by the Issuer (or on its behalf) for the Securities to be admitted to trading on the regulated market of the Irish Stock Exchange Trading plc as Euronext Dublin.
What are the key risks that are specific to the Securities?
<p>The Securities are subject to the following key risks:</p> <ul style="list-style-type: none"> <p>You may lose some or all of your investment in the Securities: Investors are exposed to the credit risk of Barclays Bank Ireland PLC. As the Securities do not constitute a deposit and they are not protected under the deposit guarantee scheme operated by the Central Bank of Ireland or any other deposit protection insurance scheme, all payments and deliveries to be made by Barclays Bank Ireland PLC as Issuer under the Securities are subject to its financial position and its ability to meet its obligations. The Securities constitute unsubordinated and unsecured obligations of the Issuer and rank pari passu with each and all other current and future unsubordinated and unsecured obligations of the Issuer. Even though your Securities are repayable at par, you may lose up to the entire value of your investment if the Issuer fails or is otherwise unable to meet its payment or delivery obligations. You may also lose some or all of your investment if: (a) you sell your Securities before their scheduled maturity or expiry; (b) your Securities are early redeemed in certain extraordinary circumstances; or (c) the terms and conditions of your Securities are adjusted such that the amount payable or property deliverable to you is less than your initial investment.</p> <p>There are risks associated with the valuation, liquidity and offering of the Securities: The market value of your Securities may be lower than the issue price since the issue price may take into account the Issuer's and/or distributor's profit margin and costs in addition to the fair market value of the Securities. The market value of your Securities may be affected by the volatility, level, value or price of the Underlying Asset(s) at the relevant time, changes in interest rates, the Issuer's financial condition and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity or expiry of the Securities and other factors. The price, if any, at which you will be able to sell your Securities prior to maturity may be substantially less than the amount you originally invested. Your Securities may not have an active trading market and the Issuer may not be under any obligation to make a market or repurchase the Securities prior to redemption.</p> <p>You are subject to risks associated with the determination of amount payable under the Securities: In order to receive the scheduled minimum amount at maturity, you must hold them until maturity. If the Securities are early redeemed, they may return less than the scheduled minimum amount, or even zero. The Securities bear interest at a rate that is contingent upon the performance of the Underlying Asset(s) and may vary from one Interest Payment Date to the next. You may not receive any interest payments if the Underlying Asset(s) do not perform as anticipated. The Final Cash Settlement Amount is based on the performance of the Underlying Asset(s) as at the final valuation date only (rather than in respect of multiple periods throughout the term of the Securities). This means you may not benefit from any movement in level of the Underlying Asset(s) during the term of the Securities that is not maintained in the final performance as at the final valuation date. The calculation of amount payable depends on the level, value or price of the Underlying Asset(s) reaching or crossing a 'barrier' during a specified period or specified dates during the term of the Securities. This means you may receive less (or, in certain cases, more) if the level, value or price of the Underlying Asset(s) crosses or reaches (as applicable) a barrier, than if it comes close to the barrier but does not reach or cross it (as applicable), and in certain cases you might receive no interest or coupon payments and/or could lose some or all of your investment.</p> <p>Your Securities are subject to adjustments and early redemption: Pursuant to the terms and conditions of the Securities, following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, the Determination Agent or the Issuer may take a number of remedial actions, including estimating the level of the Underlying Asset, substituting the Underlying Asset, and making adjustments to the terms and conditions of the Securities. Any of such remedial action may change the economic characteristics of the Securities and have a material adverse effect on the value of and return on the Securities. If no remedial action can be taken, or it is determined that an unlawfulness or impracticability event has occurred, the Issuer may early redeem the Securities by payment of an Early Cash Settlement Amount. If early redemption occurs, you will lose the opportunity to participate in any subsequent positive performance of the Underlying Asset(s) and be unable to realise any potential gains in the value of the Securities. You may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest or coupon rate for a similar level of risk.</p> <p>Settlement is subject to conditions and may be impossible in certain circumstances: Payment of the amount payable to you will not take place until all conditions to settlement have been satisfied in full. No additional amounts will be payable to you by the Issuer because of any resulting delay or postponement. Certain settlement disruption events may occur which could restrict the Issuer's ability to make payments, and the date of settlement could be delayed accordingly.</p> <p>Risks relating to Underlying Asset(s) that are equity indices: Equity indices are composed of a synthetic portfolio of shares and provide investment diversification opportunities but will be subject to the risk of fluctuations in both equity prices and the value and volatility of the relevant equity index. The Securities are linked to equity indices, and as such may not participate in dividends, or any other distributions paid on the shares which make up such indices. Accordingly, you may receive a lower return on the Securities than you would have received if you had invested directly in those shares. The index sponsor can add, delete or substitute the components of an equity index at its discretion, and may also alter the methodology used to calculate the level of such index. These events may have a detrimental impact on the level of that index, which in turn could have a negative impact on the value of and return on the Securities.</p> <p>The Underlying Asset(s) are 'benchmarks' for the purposes of the EU Benchmarks Regulation (Regulation (EU) 2016/1011, as amended): Pursuant to the Benchmarks Regulation, an Underlying Asset may not be used in certain ways by an EU supervised entity after 31 December 2023 if its administrator does not obtain authorisation or registration (or, if a non-EU entity, does not satisfy the "equivalence" conditions and is not "recognised" pending an equivalence decision or is not "endorsed" by an EU supervised entity). If this happens a disruption event will occur and the Securities may be early redeemed. Further, the methodology or other terms of an Underlying Asset could be changed in order to comply with the requirements of the EU Benchmarks Regulation, and such changes could reduce or increase the level or affect the volatility of the published level of such Underlying Asset, which may in turn lead to adjustments to the terms of the Securities or early redemption.</p>

- **Taxation risks:** The levels and basis of taxation on the Securities and any reliefs for such taxation will depend on your individual circumstances and could change at any time over the life of the Securities. This could have adverse consequences for you, and you should therefore consult your own tax advisers as to the tax consequences to you of transactions involving the Securities.
- **Potential conflicts of interest:** Conflicts of interest may exist where Barclays Bank Ireland PLC or its affiliate: (i) acts in multiple capacities with respect to the Securities (e.g. acting as issuer, manager and determination agent); (ii) enters into hedging transactions to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due; and (iii) uses price contributions from its trading desks as a pricing source for an Underlying Asset. In light of such conflicts, the actions taken, or determinations made by Barclays Bank Ireland PLC or its affiliates in relation to the Securities may not always be in the best interest of the holders. In addition to hedging transactions, Barclays Bank PLC may trade on the Underlying Asset(s) in the ordinary course of its business. Such trading could affect the market price of the Underlying Asset(s), which may in turn materially adversely affect the value and return on your Securities.
