**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

**PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK Prospectus Regulation**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

**PROHIBITION OF SALES TO SWISS RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor" means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 of the Swiss Federal Act on Financial Services of 15 June 2018, as amended ("**FinSA**"). Consequently, no key information document required by FinSA for offering or selling the Securities or otherwise making them available to retail investors in Switzerland has been prepared and therefore, offering or selling the Securities or making them available to retail investors in Switzerland may be unlawful under FinSA.

None of the Securities constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes ("**CISA**") and are neither subject to the authorisation nor the supervision by the Swiss Financial Market Supervisory Authority FINMA ("**FINMA**") and investors do not benefit from the specific investor protection provided under the CISA.

Neither the Base Prospectus nor these Final Terms or any other offering or marketing material relating to the Securities constitute a prospectus pursuant to the FinSA, and such documents may not be publicly distributed or otherwise made publicly available in Switzerland, unless the requirements of FinSA for such public distribution are complied with.

The Securities documented in these Final Terms are not being offered, sold or advertised, directly or indirectly, in Switzerland to retail clients (*Privatkundinnen und -kunden*) within the meaning of FinSA ("**Retail Clients**"). Neither these Final Terms nor any offering materials relating to the Securities may be available to Retail Clients in or from Switzerland. The offering of the Securities directly or indirectly, in Switzerland is only made by way of private placement by addressing the Securities (a) solely at investors classified as professional clients (*professionelle Kunden*) or institutional clients (*institutionelle Kunden*) within the meaning of FinSA ("**Professional or Institutional Clients**"), (b) at fewer than 500 Retail Clients, and/or (c) at investors acquiring securities to the value of at least CHF 100,000.

The Securities and, as applicable, the Entitlements have not been and will not be, at any time, registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States. The Securities may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**")) ("**U.S. persons**"), except in certain transactions exempt from the registration requirements of

---

the Securities Act and applicable state securities laws. The Securities are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. Trading in the Securities and, as applicable, the Entitlements has not been approved by the U.S. Commodity Futures Trading Commission under the U.S. Commodity Exchange Act of 1936, as amended (the "**Commodity Exchange Act**") and the rules and regulations promulgated thereunder.

### What are the key risks that are specific to the Issuer?

The Barclays Bank Group has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Barclays Bank Group's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. In addition, certain other factors beyond the Barclays Bank Group's control, including escalation of global conflicts, acts of terrorism, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Barclays Bank Group.

- **Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting the principal risks set out below, there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (ii) the impact of interest rate changes on the Barclays Bank Group's profitability; (iii) the competitive environments of the banking and financial services industry; (iv) the regulatory change agenda and impact on business model; (v) the impact of benchmark interest rate reforms on the Barclays Bank Group; and (vi) change delivery and execution risks.
- **Climate risk:** Climate risk is the impact on financial (credit, market, treasury and capital) and operational risks arising from climate change through physical risks and risks associated with transitioning to a lower carbon economy.
- **Credit and Market risks:** Credit risk is the risk of loss to the Barclays Bank Group from the failure of clients, customers or counterparties, to fully honour their obligations to members of the Barclays Bank Group. The Barclays Bank Group is subject to risks arising from changes in credit quality and recovery rates for loans and advances due from borrowers and counterparties. Market risk is the risk of loss arising from potential adverse changes in the value of the Barclays Bank Group's assets and liabilities from fluctuation in market variables.
- **Treasury and capital risk and the risk that the Issuer and the Barclays Bank Group are subject to substantial resolution powers:** There are three primary types of treasury and capital risk faced by the Barclays Bank Group which are (1) capital risk – the risk that the Barclays Bank Group has an insufficient level or composition of capital to support its normal business activities and to meet its regulatory capital requirements under normal operating environments and stressed conditions; (2) liquidity risk – the risk that the Barclays Bank Group is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; and (3) interest rate risk in the banking book – the risk that the Barclays Bank Group is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under the Banking Act 2009, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the United Kingdom Prudential Regulation Authority, the UK Financial Conduct Authority and HM Treasury, as appropriate as part of a special resolution regime. These powers enable the Bank of England (or any successor or replacement thereto and/or such other authority in the United Kingdom with the ability to exercise the UK Bail-in Power) (the "Resolution Authority") to implement various resolution measures and stabilisation options (including, but not limited to, the bail-in tool) with respect to a UK bank or investment firm and certain of its affiliates (as at the date of the Registration Document, including the Issuer) in circumstances in which the Resolution Authority is satisfied that the relevant resolution conditions are met.
- **Operational and model risks:** Operational risk is the risk of loss to the Barclays Bank Group from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the potential for adverse consequences from decisions based on incorrect or misused model outputs and reports.
- **Compliance, reputation and legal risks and legal, competition and regulatory matters:** Compliance risk is the risk of poor outcomes for, or harm to, customers, clients and markets, arising from the delivery of the Barclays Bank Group's products and services (conduct risk) and the risk to Barclays, its clients, customers or markets from a failure to comply with the Laws, Rules and Regulations applicable to the firm. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Barclays Bank Group's integrity and/or competence. The Barclays Bank Group conducts activities in a highly regulated global market which exposes it and its employees to legal risk arising from (i) the multitude of laws, rules and regulations that apply to the businesses it operates, which are highly dynamic, may vary between jurisdictions and/or conflict, and may be unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Barclays Bank Group's businesses and business practices. In each case, this exposes the Barclays Bank Group and its employees to the risk of loss or the imposition of penalties, damages or fines from the failure of members of the Barclays Bank Group to meet applicable laws, rules, regulations or contractual requirements or to assert or defend their intellectual property rights. Legal risk may arise in relation to any number of the material existing and emerging risks summarised above.

The Securities will be cleared and settled through Euroclear Bank S.A./N.V. and/or Clearstream Banking *société anonyme*.

#### Currency, number of securities in a unit, issue size and term of the Securities

The Securities will be issued in Euro ("EUR") (the "Issue Currency") and settled in the same currency (the "Settlement Currency"). The Securities are tradable in nominal and the specified denomination per Security is EUR 100,000. The issue size is EUR 20,000,000. The issue price is 100.00% of the Specified Denomination.

The issue date is 16 October 2024 (the "Issue Date"). Subject to early termination, the Securities are scheduled to redeem on 16 October 2034 (the "Scheduled Settlement Date").

#### Rights attached to the Securities

**Potential return:** The Securities will give each holder of Securities the right to receive potential return on the Securities, together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on some (but not all) amendments to the terms and conditions of the Securities. The potential return will be in the forms of (i) one or more Interest Amounts, and/or (ii) a Final Cash Settlement Amount, provided that if the Securities are early terminated, the potential return may be in the form of an (i) Early Cash Settlement Amount and/or (ii) Optional Cash Settlement Amount instead.

**Taxation:** All payments in respect of the Securities shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.

**Events of default:** If the Issuer fails to make any payment due under the Securities or breaches any other term and condition of the Securities in a way that is materially prejudicial to the interests of the holders (and such failure is not remedied within 30 calendar days, or, in the case of interest has not been paid within 14 calendar days of the due date), or the Issuer is subject to a winding-up order, then (subject, in the case of interest, to the Issuer being prevented from payment for a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the holder.

**Limitations on rights:**

**Early redemption following certain disruption events or due to unlawfulness or impracticability:** The Issuer may redeem the Securities prior to their Scheduled Settlement Date following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, taxation or the relevant currency of the Securities, or if it determines that an unlawfulness or impracticability event has occurred. In such case, investors will receive an "Early Cash Settlement Amount" equal to the greater of (i) the fair market value of the Securities prior to their redemption and (ii) the Calculation Amount.

**Optional early redemption:** The Issuer may elect to redeem the Securities by exercising its call option on any business day (such day the "Issuer Option Exercise Date") falling within the Issuer Option Exercise Period. To exercise the call option the Issuer shall give an irrevocable notice to holders on any date falling not less than the Issuer Notice Period Number of business days (being 5) preceding the Optional Cash Settlement Date, which will specify the Issuer Option Exercise Date. If this occurs, holders will receive an "Optional Cash Settlement Amount" equal to "Issuer Call Early Settlement Percentage" of the Calculation Amount payable on the corresponding "Optional Cash Settlement Date" for each "Issuer Option Exercise Period" as set out in the table below.

Issuer Option Exercise Period(s)	Optional Cash Settlement Date(s) subject to adjustment in accordance with the Business Day Convention	Issuer Call Early Settlement Percentage
From (and including) 4 October 2027, to (and including) 11 October 2027	18 October 2027	100.00%

**Certain additional limitations:**

- The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities prior to maturity, to postpone scheduled payments under the Securities, to change the currency in which the Securities are denominated and to take certain other actions with regard to the Securities.
- The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

**Governing law**

The Securities will be governed by English law and the rights thereunder will be construed accordingly.

**Description of the calculation of potential return on the Securities**

**Calculation Amount:** Calculations in respect of amounts payable under the Securities are made by reference to the "Calculation Amount", being EUR 100,000 per Security.

**Determination Agent:** Barclays Bank PLC will be appointed to make calculations and determinations with respect to the Securities.

**A – Interest**

During the term of the Securities, the Securities pay Fixed interest.

Interest will be calculated in respect of the period from (and including) 16 October 2024 to (but excluding) the next succeeding Interest Period End Date and each successive period from (and including) an Interest Period End Date to (but excluding) the next succeeding Interest Period End Date, provided that if the Securities are to be redeemed prior to the Scheduled Settlement Date and prior to an Interest Period End Date then the final Interest Calculation Period shall end on (but exclude) the early redemption date (each such period, an "Interest Calculation Period"). The amount of interest (each an "Interest Amount") accrued over each Interest Calculation Period shall be payable on the Interest Payment Date immediately following the Interest Period End Date of such Interest Calculation Period. The table below sets out the respective dates:

Interest Period End Date	Interest Payment Date, adjusted in accordance with the Modified following business day convention
Each Interest Payment Date, subject to adjustment in accordance with the Business Day Convention	16 October 2025, 16 October 2026, 18 October 2027, 16 October 2028, 16 October 2029, 16 October 2030, 16 October 2031, 18 October 2032, 17 October 2033 and 16 October 2034

The Interest Amount payable on each Security on each Interest Payment Date for which the Interest Type in respect of the corresponding Interest Determination Date is specified as Fixed is calculated by multiplying the Fixed Interest Rate (being 3.65%) by the Calculation Amount and further multiplying by a Day Count Fraction (being 30/360) representing the number of days in the relevant interest calculation period over which interest has accrued.

**B – Final Settlement**

If the Securities have not otherwise redeemed, each Security will be redeemed on the Scheduled Settlement Date by payment of the Final Cash Settlement Amount.

The "Final Cash Settlement Amount" is calculated by multiplying the Protection Level (being 100.00%) by the Calculation Amount.

**Status of the Securities**

The Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.

**Description of restrictions on free transferability of the Securities**

The Securities are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and must comply with transfer restrictions with respect to the United States. Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system. Subject to the foregoing, the Securities will be freely transferable.

**Where will the Securities be traded?**

Application is expected to be made by the Issuer (or on its behalf) for the securities to be admitted to trading on the regulated market of the Luxembourg Stock Exchange.

**What are the key risks that are specific to the Securities?**

The Securities are subject to the following key risks:

- You may lose some or all of your investment in the Securities:** Investors are exposed to the credit risk of Barclays Bank PLC. As the Securities do not constitute a deposit and are not insured or guaranteed by any government or agency or under the UK Government credit guarantee scheme, all payments or deliveries to be made by Barclays Bank PLC as

Issuer under the Securities are subject to its financial position and its ability to meet its obligations. The Securities constitute unsubordinated and unsecured obligations of the Issuer and rank *pari passu* with each and all other current and future unsubordinated and unsecured obligations of the Issuer. The terms of the Securities do not provide for a scheduled minimum payment at maturity and as such you may lose some or all of your investment. Even though your Securities are repayable at par, you may lose up to the entire value of your investment if the Issuer fails or is otherwise unable to meet its payment or delivery obligations. You may also lose some or all of your investment if: (a) you sell your Securities before their scheduled maturity or expiry; (b) your Securities are early redeemed in certain extraordinary circumstances; or (c) the terms and conditions of your Securities are adjusted such that the amount payable or property deliverable to you is less than your initial investment.

- **There are risks associated with the valuation, liquidity and offering of the Securities:** The market value of your Securities may be lower than the issue price since the issue price may take into account the Issuer's and/or distributor's profit margin and costs in addition to the fair market value of the Securities. The market value of your Securities may be affected by changes in interest rates, the Issuer's financial condition and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity or expiry of the Securities and other factors. The price, if any, at which you will be able to sell your Securities prior to maturity may be substantially less than the amount you originally invested. Your Securities may not have an active trading market and the Issuer may not be under any obligation to make a market or repurchase the Securities prior to redemption. The Issuer may withdraw the public offer at any time. In such case, where you have already paid or delivered subscription monies for the relevant Securities, you will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Securities.
- **You are subject to risks associated with the determination of amount payable under the Securities:**  
In order to receive the scheduled minimum amount at maturity, you must hold them until maturity. If the Securities are early redeemed, they may return less than the scheduled minimum amount, or even zero.
- **Your Securities are subject to adjustments and early redemption:** Pursuant to the terms and conditions of the Securities, following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, taxation or the relevant currency of the Securities, the Determination Agent or the Issuer may take a number of remedial actions, including making adjustments to the terms and conditions of the Securities. Any of such remedial action may change the economic characteristics of the Securities and have a material adverse effect on the value of and return on the Securities. If no remedial action can be taken, or it is determined that an unlawfulness or impracticability event has occurred, the Issuer may early redeem the Securities by payment of an Early Cash Settlement Amount. If early redemption occurs, you may lose some or all of your investment because the Early Cash Settlement Amount may be lower than the price at which you purchase the Securities, or may even be zero. You will also be unable to realise any potential gains in the value of the Securities. You may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest or coupon rate for a similar level of risk. Further, the Issuer may early redeem the Securities by exercising its call option. This feature may limit the market value of the Securities.
- **Settlement is subject to conditions and may be impossible in certain circumstances:** Payment of the amount payable to you will not take place until all conditions to settlement have been satisfied in full. No additional amounts will be payable to you by the Issuer because of any resulting delay or postponement. Certain settlement disruption events may occur which could restrict the Issuer's ability to make payments, and the date of settlement could be delayed accordingly.
- **Taxation risks:** The levels and basis of taxation on the Securities and any reliefs for such taxation will depend on your individual circumstances and could change at any time over the life of the Securities. This could have adverse consequences for you and you should therefore consult your own tax advisers as to the tax consequences to you of transactions involving the Securities.
- **Potential conflicts of interest:** Conflicts of interest may exist where Barclays Bank PLC or its affiliate: (i) acts in multiple capacities with respect to the Securities (e.g. acting as issuer, manager and determination agent) (ii) enters into hedging transactions to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due; and (iii) uses price contributions from its trading desks as a pricing source for an Underlying Asset. In light of such conflicts, the actions taken or determinations made by Barclays Bank PLC in relation to the Securities may not always be in the best interest of the holders. In addition to hedging transactions, Barclays Bank PLC may trade on the Underlying Asset(s) in the ordinary course of its business. Such trading could affect the market price of the Underlying Asset(s), which may in turn materially adversely affect the value and return on your Securities.
