**Monday, 26 March**

Barclays has signed a Statement of Commitment to the principles of good practice outlined in the FX Global Code. This formally demonstrates our commitment to promoting integrity, fairness, transparency and the effective functioning of the global foreign exchange market.

Barclays has been actively involved in the development of the Global Code via its membership of various industry working groups led by the Bank for International Settlements (BIS) and a number of Foreign Exchange Committees (FXCs).

In addition, Barclays has updated its wholesale client Foreign Exchange Disclosure which outlines the standard terms for our clients in principal to principal transactions (whether by voice or electronic means) in the wholesale FX markets. View the disclosure [here](#).
