

THE LOGIC GROUP HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

Statement of Section 172(1) of the Companies Act 2006

The Directors have acted in the way that they considered, in good faith, would be most likely to promote the success of the Company for the benefit of its member as a whole and this section forms our Section 172 disclosure, describing how, in doing so, the Directors considered the matters set out in section 172(1)(a) to (f) of the Companies Act 2006. The Directors also took into account the views and interests of a wider set of stakeholders:

The Directors considered, amongst other matters, the following:

- the likely consequences of any decision in the long term;
- the interests of the Company's employees;
- the need to foster the Company's business relationships with suppliers, customers and others;
- the impact of the Company's operations on the community and the environment;
- the desirability of the Company's maintaining a reputation for high standards of business conduct; and
- to act fairly between members of the Company.

You can find out more about who the Barclays Group's key stakeholders are, how management and/or the Directors engaged with them, the key issues raised and actions taken on pages 16 to 19 of the Barclays PLC Annual Report 2021 which is incorporated by reference into this statement.

Considering this broad range of interests is an important part of the way the Board makes decisions; however, in balancing those different perspectives it won't always be possible to deliver everyone's desired outcome.

How does the board engage with stakeholders?

Depending on the decision in question, the relevance of each particular stakeholder group may differ, and equally the Board adopts a variety of methods of engagement with different stakeholder groups. The Board will sometimes engage directly with certain stakeholders on certain issues, but the size and distribution of our stakeholders and of Barclays means that stakeholder engagement often takes place at an operational level.

In addition, to ensure a more efficient and effective approach, certain stakeholder engagement is led at Barclays group level, in particular where matters are of group-wide significance or have the potential to impact the reputation of the Barclays group.

The Board considers and discusses information from across the organisation to help it understand the impact of Barclays' operations, and the interests and views of our key stakeholders. It also reviews strategy, financial and operational performance, as well as information covering areas such as key risks, and legal and regulatory compliance. This information is provided to the board through reports sent in advance of each board meeting, and through in-person presentations.

As a result of these activities, the board has an overview of engagement with stakeholders, and other relevant factors, which enables the directors to comply with their legal duty under section 172 of the Companies Act 2006.
